# Santa Claus Coming to Acton Will Arrive by Helicopter

Santa Claus will arrive in Acton, on Wednesday, December 4th, by helicopter, reports Jim Ledger.

Mr. Ledger announced this week arrangements have been completed to have jolly old St. Nick flown in from the North Pole by helicopter and have him land at the Acton Park.

Touchdown time at the Park will be 4 p.m. in the afternoon, with a parade through town following.

The parade forming up at the park will parade up Knox Avenue to Main and south on Main to Mill. Turning east on Mill the Santa-cade will proceed to the Acton High School where through the graciousness of the School officials he will greet the children and distribute goodies from his bag of tricks.

Mr. Ledger announced that balloons, candies and popcorn will be handed out to the children by the jolly old fellow and his numerous helpers.

A Santagram was received by Mr. Ledger, from St. Nick, requesting the children to remain at the High School for his arrival in order to prevent any mishaps when he lands.

The Santagram said "My dear friend Jim, could you arrange to have all the wonderful children in Acton remain at the School until my arrival, as we have our Christmas list made up for their toys and it would be too bad to have one of these children injured when my pilot sets my helicopter down with the huge rotar propellor whirling around. I know, Jim, the children of Acton are understanding, and will co-operate with me so will endeavour to have my pilot circle the town to enable me to wave to all the fine children and their mummies and daddies". Signed, your friend, Santa Claus.

It was also announced that in the event of poor flying weather, Santa would arrive by motor vehicle.
