We have him in our hearts.

Free Press in New Home "Open House" in February

was run off on the big press still in the old building. The press is earmarked for a move to the new building in approximately two weeks' time, when a specialist from Chicago undertakes the job.

Type is set, corrected and pages made up in the new plant and transported back to Mill St. where the paper is printed. This will continue until such time as the press is installed at the new plant.

Not All Sunshine

We have far more windows — but all is not sunshine. Employees are still at a loss to locate a few vital articles used in the production of a newspaper. In due time everyone will be acquainted with the new set-up and everything is hoped to be running smoothly shortly.

For the benefit of advertisers in the classified column and anyone wishing to place a news item in the paper, an office is already open at the new Dills Stationery office in the old building on Mill St.

At the new plant on Willow St., the main business office is situated on the second floor of the building and access can be gained immediately off Willow St.

The news office is made available for correspondents, immediately below the main office with access from the front of the building. All items of news may be dropped into this office or can still be left at the stationery office at 58 Mill St.

Call Us Up

The telephone number of the paper has not been changed and two lines are open to the main plant on Willow St. by calling 600 or 601. Anyone desiring to call the stationery office can phone 603 and R. H. Elliott, who is in charge, will be glad to oblige.

The move has not been an easy one since the paper has been established in the same location for a great number of years but lack of space at the old location prohibited further expansion and the new plant allows unlimited space for this purpose.

An open house will be held in February at which time citizens will be invited to attend and tour the new building and become better acquainted with the publishing of a paper and the art of printing.

Plant Staff

Mrs. C. Ryan is still in charge of the business office, with Henry Deveau in charge of advertising.

G. A. Dills is editor-in-chief.

Don Ryder presides in the news office with Mrs. Dave Dills and Mrs. Clarence Rognvaldson assisting.

Linotype operators in the daytime are Mrs. Don Ryder and Jim Greer, with Bill Wallbread working nights.

On the printing staff are Dave Dills, foreman, Murray Scoyne, Hartley Coles, Wilfred Duval, Albert Schupp, John Cunningham, George Ware and Lorne Wieck.

Part time help includes Mrs. Bill Waterhouse and Derek Milnes.

Plant maintenance man is Wilf McEachern. Jimmy Robertson is night watchman.

Burlington Citizens Ask Cleanup of Dept.

Charges that the Burlington building department is lax in its work were levelled Thursday night by G. F. Harshman, president of the Upper Burlington Citizens' Forum at their monthly meeting. He declared buildings in northern Burlington were being erected without permits and some construction work did not meet with standards of the Building Code.

Ask Enforcement

The forum passed a resolution asking town council to have the by-laws and regulations enforced in the area through more inspections by town employees.
