PRIVATE MEDICAL ADVICE

All the Staff of the Private Hospital, established for the cure of Syphilis, Seminal Weakness and the Secret Infirmities of Youth and Maturity, by Dr. AMOS & SON, Buffalo, N. Y. Office, corner of Main and Quay-sts., (Up-stairs.)

A MOST SCIENTIFIC INVENTION.

An Instrument for the cure of general Debility, Impotency, Incontinence, or Nocturnal Emissions.

This Instrument has been used with the most happy effect in the practice of the most eminent physicians and surgeons in the British Empire, France and Germany. Indeed, so remarkable were the cures, that the late "Sir Astley," hailed it as the "Harbinger of Life." The use of this will fully sustain the high encomium.

YOUNG MEN TAKE PARTICULAR NOTICE.

Dr. Amos & Son are the only physicians in the State who are members of the Royal College of Surgeons, London, graduates of one of the most eminent colleges of the U. States take pleasure in announcing that they have invented a most important instrument for the cure of the above diseases. It has been subjected to and tested by the most eminent physicians in London, Paris, Philadelphia, and New York it has been declared to be the only useful instrument ever yet discovered for the cure of seminal weakness or any disease of the genital organs arising from that solitary habit of self indulgence, which destroys both body and mind, unfitting man either for marriage or society.

Dr. Amos & Son, in order to satisfy the most skeptical as to the merits of their instruments, pledge themselves that in any instance where they may prove unsatisfactory, after a fair trial, the money will be refunded by returning the instrument in good order.

Persons wishing the above useful instrument will observe that the price with accompanying directions, securely packed, and sent by express is ten dollars.

NEW REMEDIES AND QUICK CURES

For all private complaints, gleets, strictures, pains in the loins, affections of the kidneys, diseases of the head, throat, nose and skin, and all those dreadful affections arising from a secret habit of youth, which produce constitutional debility, render marriage impossible, and in the end, destroy both body and mind.

GENERATIVE DEBILITY,

Seminal Weakness, Impotency, &c., unhappily so frequent and prevalent, arising either from early abuse, inexperience, excess of pleasure, mental sympathy, or other injurious causes, have yielded in a short time to their mode of treatment, and they have in many cases apparently impossible, effected a complete restoration.

The above diseases are generally seated in the most important organs of the human frame. So manifold are the dangers to which they expose their victim, and the consequence which they may entail, not only on his health, but that of his offspring also, are so serious, that we are struck with surprise when we consider that the study has formed the exclusive object of so few Medical Men. It is doubtless in the very limited number of the latter, that we look for a reason why the treatment of those complaints is so inferior to that of all others, and that no sensible improvement has been made in it for a period of more than three centuries, during which the usual means have been employed as continues to be prescribed at the present day. Thence it is by no means wonderful if the treatment of these disorders has become the domain as it were, of quacks and empirics, who, devoid of all medical science and legal right whatever, arrogate to themselves the power of deciding upon the health, and upon the life even, of their fellow-creatures. The purpose we have in view is to snatch the victims of those pretenders from the snare which ignorance and cupidity are constantly laying for them. If we succeed, our task will receive the happiest accomplishment, and our long and arborious researches their noblest reward.

BEWARE OF IMPOSITION

Dr. Amos & Son have for a long series of years been engaged in an extensive practice in the treatment of these delicate complaints, and are the only legally qualified physicians who, regardless of the taunts and envy of the hypocritical and mock-modest, have had the confidence through the medium of the public press, to direct attention to these enormous evils, from which no grade of society is free. In selecting this department of practice they have been amply rewarded by the great success that has attended their efforts in the treatment of these cases, which are too generally confided to the care of unqualified and ignorant empirics, who, with their pirated publications assumed foreign names and titles, and pretended virtues of their patent nostrums, have inflicted serious injury on those who have been induced to place faith in their pretensions.—[Medical Review.

HOLLOWAY'S PILLS.

A SURPRISING CURE OF A CONFIRMED ASTHMA AFTER FIVE YEARS SUFFERING.

The following Testimonial has been sent to Professor Holloway, by a Gentleman name Middleton, of Scotland Road, Liverpool

Sir,—Your Pills have been the means, under providence of restoring me to sound health after five years of severe affliction. During the whole of that period, I suffered the most dreadful attacks of Asthma, frequently of several weeks' duration, attended with a violent cough, and continual spitting of phlegm interfused with blood. This so shook my constitution that I was unfitted for any of the active duties of life. I was attended by some of the most eminent medical men of this town, but they failed to give me the slightest relief. As a last remedy I tried your Pills, and in about three months they effected a perfect cure of the disease, totally eradicated the cough, and restored tone and vigor to the chest and digestive organs.

I am, Sir, your obedient servant,

(Signed) H. MIDDLETON.

Dated Jan. 1st, 1853.

A PERMANENT CURE OF A DISEASED LIVER OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

Dear Sir,—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Billious Complaints I may mention the following case. A lady of this town with whom I am personally acquainted for years was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means of saving her life.

An Astonishing Cure of Chronic Rheumatism, after being discharged from the Hospital Incurable.

Copy of a Letter from Mr. W. Moon of the Square, Winchester.

To Professor Holloway,

Sir,—I beg to inform you that for years I was a sufferer from Chronic Rheumatism, and was often laid up for weeks together by its severe and painful attacks. I tried every thing that was recommended, and was attended by one of the most eminent Surgeons in this town; but obtained no relief whatever, and fearing that my health would either be broken up, I established myself in Southampton Hospital, where I had the best medical assistance the Institution affords, all of which proved of no avail, and I came out no better than I went in. I was then advised to try your Pills, and by persevering with them was perfectly cured, and enabled to resume my occupation, and enjoy a considerable period has elapsed I have no return of the complaint.

An Extraordinary Cure of Dropsy after Suffering for Eighteen Months.

Copy of a Letter from Mr. G. Briggs, Chemist, Coole, dated February 15th, 1853.

Professor Holloway,

Sir,—I have much pleasure of informing you of a most surprising cure of Dropsy, recently effected by your valuable medicines. Captain Jackson of this place, was afflicted with Dropsy for upwards of eighteen months, to such an extent that it caused his body and limbs to be much swollen, and water oozed as it were from his skin so that a daily change of apparel became necessary, notwithstanding the various remedies tried and the different medical men consulted, all was of no avail, until he commenced using your Pills, by which, and a strict attention to the printed directions, he was effectually cured, and his health perfectly re-established. If you deem this worthy of publicity, you are at liberty to use it.

(Signed) G. BRIGGS.

GOOD NEWS! GOOD NEWS!!

Those of our readers who have not tried that valuable preparation known as DR. JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA, for the cure of the very many diseases with which mankind are afflicted, are requested to read the annexed testimonial forwarded to DR. BULL a few days since, by Jacob G. French, Esq., a gentleman long connected with French's Hotel of this city, and extensively known as a man of unblemished integrity, who would not endorse any medical preparation whatever, unless thoroughly convinced of its efficacy.

French's Hotel, New York, December 6, 1854.

John Bull, M. D.—Dear Sir: The immense practical benefit I have derived from the use of your *Fluid Extract of Sarsaparilla* induces me to recommend it urgently to all who, like myself, have been subject to that dreadful malady, *Confirmed Scrofula*. I have found your preparation all I could desire, and regard it as one of the best remedies within my own personal knowledge. Sincerely grateful for the health I have secured through your immediate agency, I beg leave to subscribe myself,

Very respectfully, yours,

JACOB G. FRENCH.

True American Office, New York, December 8, 1854.

Dr. Bull, No. 2 Gilsey's Building, New York—

Dear Sir: Being personally acquainted with Mr. French, I take pleasure in superadding my corroboration in testimony of the cure effected in his case through the instrumentality of your invaluable compound. Having personally availed myself of the curative properties of your *Fluid Extract of Sarsaparilla*, particularly in the purification of the blood and the consequent satisfaction of those universal disorders attendant upon the changes of the season, I would cordially recommend it as a family medicine which should be maintained in every household. A remarkable instance of the influence of your remedy upon the restoration of the frame, and the all-but miraculous resuscitation of a body weakened to the last degree by the excesses of animal indulgence, occurred in the case of an eminent manufacturer in this vicinity, whose modesty, and not want of inclination, precludes him from a publication of the detailed circumstances of his afflicting disease, which threatened to determine into a settled case of premonitory leprosy. I am assured by him, that by the use of your *Fluid Extract*, he has been completely restored to his former and correct enjoyment of unimpaired health.

Yours, sincerely,

THOMAS PICTON,

Editor of the True American, New York.

ASTONISHING AND RAPID CURE OF SCROFULA.

We urgently request our readers to read attentively the following statement presented to Dr. John Bull, last St. John's Day, by William A. Goldsmith, Esq., of this city, and solemnly sworn to before a Public Notary. It exhibits the case of a gentleman who has been afflicted by Scrofula from *Childhood to Manhood*, and who has *long considered* the skill of the most eminent Physicians of New York, and was apparently a doomed man. A trial of *Dr. John Bull's Fluid Extract of Sarsaparilla*, has given him health, and he now recommends to *others* that valuable and potent remedy which has *saved him* from a premature grave. The original affidavit to which is affixed the Notarial Seal of Henry C. Banks, Esq., before whom the deposition was taken, can be seen at Dr. BULL'S principal office, No. 2 Courtlandt-street (Gilsey Building), Near Broadway, New York.

STATE OF NEW YORK, } ss.
CITY AND COUNTY OF NEW YORK, }

William A. Goldsmith, being duly sworn, pursuant to law, deposes and says, that he resides in the City of New York; that he is engaged in the business of steel and copper-plate engraving;

That *Scrofulous Affections* have been heirlooms in his family and hereditary; that all of his immediate relatives have been more or less afflicted with it, and that he himself had been free from the disease at any time since his earliest recollection; that being much bodily pain, and prevented from attendance to business, he tried many of the physicians, but found no substantial relief;

That about three months since, *Dr. John Bull's Sarsaparilla* was recommended to him as possessing some qualities which would relieve his difficulties and purify his blood;

That after using this medicine for a short time, a feeling of improvement was manifest, and from that moment to this a gradual but steady advance has been realized and he is now, not only entirely free from all pain, but is enabled to give his business all attention, and is enjoying better health than he ever believed was in store for him;

That he has also used the *Strengthening Balm of Dr. Bull* in his family with similar results, and believes it to be the best purifier of the blood that can be used, and as a general family medicine *without a rival*;

That he can and does, with *the most positive confidence*, recommend the use of this medicine to all who may be similarly afflicted.

And further this deponent saith not.

(Signed) W. A. GOLDSMITH.

AYER'S PILLS

Are curing the Sick to an extent never before known of any Medicine.

INVALIDS, READ AND JUDGE FOR YOURSELVES.

Jules Hauel, Esq., the well known perfumer, of Chestnut Street, Philadelphia, whose choice products are found at almost every toilet, says:

"I am happy to say of your Cathartic Pills, that I have found them a better family medicine, for common use, than any other within my knowledge. Many of my friends have realized marked benefits from them, and cures have been extraordinary in cases which came under my own observation. The prejudice which will always exist against the use of pills, will be soon done away by their extraordinary virtues for driving out diseases and curing the sick. They are not only effectual, but safe and pleasant to be taken—qualities which must make them valued by the public, when they are known."

The venerable Chancellor WARDLAW writes from Baltimore, 15th April, 1854:

"Dr. J. C. Ayer—Sir: I have taken your Pills with great benefit, for the listlessness, languor, loss of appetite, and bilious headache, which has of late years overtaken me in the spring. A few doses of your Pills cured me. I have used your Cherry Pectoral many years in my family for coughs and colds with unfailing success. You make medicines which cure; and I feel it a pleasure to commend you for the good you have done and are doing."

John F. Beatty, Esq., Sec. of the Penn. Railroad Co., says:

"*Pa. R. R. Office, Philadelphia, Dec. 13, 1853.*

"Sir: I take pleasure in adding my testimony to the efficacy of your medicine, having derived very material benefit from the use of both your Pectoral and Cathartic Pills. I am never without them in my family, nor shall I ever consent to be, while my means will procure them."

The widely renowned S. S. Stevens, M. D., of Wentworth, N. H., writes:

"Having used your Cathartic Pills in my practice, I certify from experience that they are an invaluable purgative. In cases of disordered functions of the liver, causing headache, indigestion, costiveness, and the great variety of diseases that follow, they are a surer remedy than any other. In all cases where a purgative remedy is required, I confidently recommend these Pills to the public, as superior to any other I have ever found. They are sure in their operation, and perfectly safe—qualities which make them an invaluable article for public use. I have for many years known your *Cherry Pectoral* as the best Cough medicine in the world; and these Pills are in no wise inferior to that admirable preparation for the treatment of diseases."

"*Acton, Me., Nov 25, 1853.*

"Dr. J. C. Ayer—Dear Sir: I have been afflicted from my birth with scrofula in its worst form, and spent twenty years' trial, and an untold amount of suffering, have been completely cured in a few weeks by your Pills. With what feelings of rejoicing I write can only be imagined when you realize what I have suffered, and how long

"Never until now have I been free from this loathsome disease in some shape. At times it attacked my eyes, and made me almost blind, besides the unbearable pain; at others it settled in the scalp of my head, and destroyed my hair, and has kept me partly bald all my days; sometimes it came out in my face, and kept it for months a raw sore.

"About nine weeks ago I commenced taking your Cathartic Pills, and now am entirely free from the complaint. My eyes are well, my skin is fair, and my hair has commenced a healthy growth; all of which makes me feel already a new person.

"Hoping this statement may be the means of conveying information that shall do good to others, I am, with every sentiment of gratitude, Yours, &c.,

MARIA RICKER."

"I have known the above named Maria Ricker from her childhood, and her statement is strictly true.

ANDREW J. MESERVE,
Overseer of the Portsmouth Manufacturing Co."

Capt. Joel Pratt, of the ship Marion, writes from Boston, 26th April, 1854:

"Your Pills have cured me from a bilious attack which arose from derangement of the Liver, which had become very serious. I had tailed of any relief by my Physicians, and from every remedy I could try; but a few doses of your Pills have completely restored me to health. I have given them to my children for worms, with the best effects. They were promptly cured. I recommended them to a friend for costiveness, which had troubled him for months; he told me in a few days they had cured him. You make the best medicine in the world; and I am free to say so."

Read this from the distinguished Solicitor of the Supreme Court, whose brilliant abilities have made him well known, not only in this but the neighboring States.

"*New Orleans, 5th April, 1854.*

"Sir: I have great satisfaction in assuring you that myself and family have been very much benefited by your medicines. My wife was cured, two years since, of a severe and dangerous cough, by your Cherry Pectoral, and since then has enjoyed perfect health. My children have several times been cured from attacks of the Influenza and Croup by it. It is an invaluable remedy for these complaints. Your Cathartic Pills have entirely cured me from a dyspepsia and costiveness, which has grown upon me for some years,—indeed, this cure is much more important, from the fact that I had failed to get relief from the best Physicians which this section of the country affords, and from any of the numerous remedies I had taken.

"You seem to me, Doctor, like a providential blessing to our family, and you may well suppose we are not unmindful of it. Yours respectfully,

LEAVITT THAXTER."

"*Senate Chamber, Ohio, April 5th, 1854.*

"Dr. J. C. Ayer—Your Cathartic Pills, left me by your agent, and have been cured by them of the dreadful Rheumatism under which he found me suffering. The first dose relieved me, and a few subsequent doses have entirely removed the disease. I feel in better health now than for some years before, which I attribute entirely to the effects of your Cathartic Pills. Yours with great respect,

LUCIUS B. METCALF."

The above are all from persons who are publicly known where they reside, and who would not make these statements without a thorough conviction that they were true.

THE RENOWNED REMEDY,

HOLLOWAY'S OINTMENT

Most Astonishing Cure of Scrofulous Ulcers,—A case certified by the Mayor of Boston.

Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire,

To Professor Holloway,

Dear Sir,—Mrs. Sarah Dixon of Liquorpond Street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body; and a though the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer, according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health. I remain Dear Sir yours truly.

(Signed) J. NOBLE.

An Extraordinary and Rapid Cure of Erysipelas in the Leg, after Medical Aid had Failed.

Copy of a Letter from Mrs Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated Jan 12th, 1853.

To Professor Holloway,

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great and I quite despaired of any permanent amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg, and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighbourhood similarly afflicted, who derived equal benefit.

I am Sir, your obliged and faithful Serv't,

(Signed) ELIZABETH YEATES.

A Dreadful Diseased Ancle Cured after being given up by the Faculty, at Malta, and Portsmouth Hospitals.

The following important communication has been forwarded to Professor Holloway for publication, by Mr. B. Dixon, Chemist, Kingst, Norwich.

Copy of a Letter from Captain Smith, of Great Yarmouth, dated January 19th, 1853

To Mr. Dixon,

Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's invaluable medicines:—Mr. John Walton, late in her Majesty's Service, in the British Fleet at Malta, had a very bad ulcerated ancle, and after having been in the Malta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate for four months, there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth, and was under a medical gentleman for about three months, but his ancle became so much worse that all hope was lost. At this period, by my advice, he tried Holloway's Ointment and Pills, which by unremitted application, healed all the ulcers, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly,

(Signed) JOHN SMITH.

Surprising Cure of a Bad Breast, Nervous Debility, and general Ill Health.

Copy of a Letter from Mr. T. F. Ker, Chemist, &c., Lower Moss-lane, Manchester, dated Feb. 12th 1853

To Professor Holloway,

Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Ointment and Pills. Mrs. Martha Bell, of Pitt-street, in this Town, had been for a considerable time labouring under nervous debility, loss of appetite, and general ill health, occasioned by a rerated wound in the breast. She had had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result, in fact she had nearly lost all faith and hope of a cure being effected. In this distressing and painful condition of body and mind, she was persuaded to have recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her appetite was speedily improved the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was wholly removed.

I remain, Dear Sir, yours faithfully,

(signed) T. FORSTER KER

CONSUMPTION, ASTHMA, BRONCHITIS, CATARRH, and other affections of the LUNGS and CHEST, cured by INHALATION. Local and general treatment. Inhalation alone will fail to cure most of these diseases, but in connection with proper general remedies under Dr HEATH'S direction, it is highly curative in these fatal diseases. Incurable affections Dr Heath is frequently applied to by persons who have been relieved by Inhalation, not to exhibit by shoulder braces, or inhaling tubes. The fact is that inhalation is only an auxiliary, and that those "Traps" are absolutely injurious.

As a proof of the success attending Dr Heath's combined treatment, we refer to the subjoined—a few only, of a large number of letters.

423 Broadway New York, Sept. 8, 1855.

Dear Doctor—Although not indebted to you pecuniarily, I am under obligations of gratitude, which I do not expect to be able to pay for your skill in curing me of a Bronchial affection, some three years ago which had troubled me for a number of years, and which would not yield to caustic applications, gargles or washes. Notwithstanding my profession requires the almost constant use of my vocal organs, the cure is permanent.

If you think this will be of any service to yourself or the public, you will please use it in any manner to attain it. You will no doubt remember two or three of my friends were also cured by you.

MARCUS COLBURN.

Nervous, Chronic, Scrofulous, and affections of the Generative system, tax the constitution to such an extent to render it liable to take on Tuberculous and other Chronic forms of disease in both sexes. Those afflicted with any of these diseases can apply with a certainty of relief to Dr. Heath, No. 880 Broadway, New York, from 9 A. M. to 4 P. M., Sundays excepted. Patients at a distance may be treated or advised by letter, on stating their cases fully.

Who is Dr Heath? For the information and satisfaction of those who purchance do not know, we refer them to an interesting editorial which appeared in the Day New York Book two weeks since, and which has been extensively copied in the leading papers of that city. We will let others answer this question lest our readers who have not read the above named article, entitled 'The Character and Men to New York—The Metropolis of North America,' should complain of our neglect to publish it also.

I have known Dr. Heath for ten or twelve years, during which time he has assiduously devoted himself to the study and treatment of Chronic Diseases, Genito-urinary, Nervous and Constitutional Affections, Diseases of the Ear and Eye, but especially in treating Consumption and affections of the Chest with flattering success.
