

Dr. Robert Hirst and Dr. Kevin Street

## GEORGETOWN DENTAL CLINIC

Georgetown Dental Clinic has been providing quality dental care since 1968. Drs. Robert Hirst and Brian Markham founded the clinic and where partner together until Brian retired in 2007.

Dr. Hirst moved to Georgetown shortly after the clinic opened and continues to live here with his wife and three boys. He is very active in the community and will continue for years to come.

Dr. Hirst has been committed to our community for many years. You will see his name along with the GDC logo on many local sports teams. He also contributes to various charity events.

The goal of our Clinic is to provide the highest technical dental procedures to our clients. We strive to treat even the most apprehensive of patients with high levels of "asleep dentistry".

Dr. Kevin Street was raised in the area and joined Dr. Hirst in 2011 after graduating from U of T Dental School. Kevin attended Lynn University in the United States on a soccer scholarship and won an NCAA championship. He continues to be very active in sports and hopes to bring his experience to the local level.

You will recognize many of our staff as local members of our community. Several members of our team have been with us for over 20 years and we continue to grow with new staff.

We continue to welcome new patients and very much appreciate the support of all of our clients. We pride ourselves on referrals from existing patients and continue to believe that "Word of Mouth" is the highest compliment.

PAULETTE CORMIER

## LEARNING DISABILITIES & AUTISM

Specializing in Developmental Tutoring/Therapy

Paulette Cormier, B.A., B.Ed. combines a teaching background with training and experience in numerous developmental therapies, to support children with learning disabilities, autism, and other neurodevelopmental disorders.

Children struggle because they are missing the underlying foundations needed to be successful in social, emotional, cognitive, and academic areas. Focusing on foundational abilities allows children the chance to 'redo' these developmental steps and overcome the challenges that make life difficult.

"Every child has the ability to learn and do well," Paulette says. "The key is to find and target the missing developmental pieces that are holding them back."

Do you have a child entering school in the fall? Are you wondering if your child has the necessary foundations to be successful? Rainbow Connections Developmental Therapies offers a one-hour school readiness assessment that checks the underlying foundational abilities that allow a child to do well in a school environment. If needed, we can provide you with activities to build strength in area(s) of deficit. (We also test older children too!). Visit our website for more info.

## Kick Nation Taekwondo

Master Robert Khamsouk is the Founder/Head Instructor at Kick Nation Taekwondo Inc.

The business has been opened Since October 2016 but Master Khamsouk has been teaching Taekwondo for over 20 years. Offering several energetic evening classes for all ages. In addition, we offer a Before and After School Martial Arts Program and Summer/Winter/March Break Camps. We have a High Performance team that competes at local tournaments. We also have a leadership team that has seen even the shyest of children become confident enough to speak in public, and mentor new students. Leadership students learn the importance of leading by example and supporting their communities.

Master Khamsouk is a versatile Instructor who is able to teach both children and adults and focuses on the needs of each student individually. He consistently strives to ensure that the students he teaches have an understanding of the values of Taekwondo; respect, discipline, and attitude, and that they practice these values outside of class time as well.

He firmly believes in the physical, mental and emotional benefits of Taekwondo. He has seen his students develop their muscular strength, muscular endurance and speed through the practice of Taekwondo. He also teaches his students with a strong sense of justice and fairness.

Georgetown is a friendly community who invests in their children and their future. We want to help be apart of their journey as they grow.

## White Pineapple Baby Accessories

Lauren Palaniappan is the owner of White Pineapple, creating teething accessories for babies made from locally sourced silicone and wood. A lot of research went into products when she was pregnant with her youngest son, Aidan. Lauren wanted to find an alternative to plastic teethers and soother clips. After not being able to find anything that suited her tastes she decided to create her own. This led to the start of her own business, which allowed her to be a stay at home Mom and entrepreneur.

"We, as a family, very much enjoy the small town feel of Acton and we're very glad to be able to raise our children here. I love having a creative outlet and to be able to stay home with my children! I get such pleasure from seeing my products enjoyed by parents and their children locally. Since starting, in April of 2017, I have had adults and teachers reach out to me for items that would be suited for older children, adults and children with disabilities as calming tools. The beads and rings have different textures and are very therapeutic. The name White Pineapple actually comes from a mix of my name and a nickname of my husband's." says Lauren.

## The Brooks Family

In late 2009, Chris & Nathalie Brooks decided it was time to take charge of their family's future. With Chris's technical know-how and Nathalie's entrepreneurial spirit they set out to buy a truck and set up an office in the basement of their home.

With strong branding and Chris's excellent local reputation their business took off and in no time they were able to hire additional staff. Currently Brooks Heating & Air has 4 service trucks and in 2013 moved their operation into a commercial business space on Sinclair Ave.

Brooks Heating & Air prides itself in supporting youth by hiring co-op students at both high school and college levels.

Growing every year, they have consistently maintained their value of 'Family First', whether it's building a future for their 2 sons, supporting their staff or providing their customers comfort in their homes, family is why they do what they do!
