—In style of finish, blending of colors, range of designs, quality of paper, and cheapness, those at Jackson's Book Store are unequaled.

—The Disciples' meetings, conducted by Mr. Baker of Everton, continue this week. The attendance continues up to expectation, the room being well filled each evening.

—The following are the officers of Halton Farmers' Institute:—President, Alex. Waldie; Vice-Presidents, John Dickin, and J. S. Freeman; Sec'y, William Clements.

—The Bruce was read at the Epworth League meeting on Monday evening. The paper was among the best yet issued by the society. The editors were H. W. Kennedy and Miss Culp.

—GYMNASTIC CLUB.—The last meeting of the season will be held in the club rooms on Monday evening, March 28th, at 8 o'clock. Arrangements for winding up the affairs of the club for the season and other important business will be considered. All paid-up members are requested to attend.

—A son of Mr. Geo. Yemen of Ballinafad had a foot badly crushed the other day. He was mounting the horse-power when it was in motion and, slipping, got caught in the cogs. The sole of his boot was torn off and the foot so badly crushed that it will be some time before it can be of use to the unfortunate boy.

—In another column will be found "card of thanks" from Mr John L. Moulton for the prompt payment of his disability claim in the I. O. Foresters. Mr. Moulton has been so unfortunate as to have contracted a disease that has rendered him wholly unable to do anything for his subsistence, but was fortunate enough to be a member of an organization that thus provides for members whose ill-fortune places them in like circumstances. This is certainly a feature of the Independent Foresters that should command the organization to those who desire to protect themselves or families against similar misfortune.

NORVAL.

HERALD Correspondence.

The death of Mrs. J. Bale took place on 16th inst., and the funeral on Friday last. Mrs. Bale was a much respected member of the Presbyterian church. She had been a sufferer for some length of time. Her husband who lodged at the time of her death died a few days before.

ACTON.

HERALD Correspondence.

Rev. Jos. Edge exchanged pulpits last Sunday with Rev. E. Caldwell of Pomonby who preached two good sermons.

There was a good sized congregation in the Baptist church on Sunday afternoon, when Rev. B. D. Brittle of Hamilton preached. A quartette from the Georgetown choir assisted in the singing and each two selections that the audience fully appreciated.

Mrs. Alex. Graul is still living, but at the point of death.

TERRA COTTA.

HERALD Correspondence.

The lecture we expected didn't take place. Why, we don't tell.

Mr. and Mrs. B. Smithson spent a week recently with relatives in Victoria.

Mr. and Mrs. Donaldson of Badaxe, Mich., are visiting with Mr. Wm. Hunter.

We understand that one of Union's young men is going into the drug business at Cheltenham. Success to you B.

Miss N. McLeod is visiting relatives at Orillia.

Mr. S. Stringer, Misses Townsend, Miss Stirat and Mrs. P. Bristow have been some of our visitors since last writing.

Mrs. Carroll is visiting Burlington friends.

BURLINGTON.

Messrs Carpenter, Henderson, McKay and Ryckman waited upon the Minister of Public Works at Ottawa Friday and presented a petition signed by about 500 of the residents in their respective constituencies, pointing out the very unsatisfactory condition of the present ferry across Burlington canal. It is an old-fashioned chain ferry, worked by hand, 100 years behind the age, and in no way adequate to meet the wants of the large amount of travel across the canal at the present time. The deputation strongly urged upon the Minister the necessity of erecting a substantial swing bridge. The Minister stated that he would lay the matter before his colleagues, and also promised that he would send an engineer to make an estimate of the cost of improving this service.

MILTON.

HERALD Correspondence.

The Halton Farmers' Institute and the Toronto Milk Produce Association held a meeting in the town hall on Tuesday the 15th, at which interesting addresses were given by the following gentlemen, Prof. Shaw, Mr. John McPherson, Mr. James Condon and Mr. W. F. Fisher.

The Knox church Y. P. A. held a devotional meeting Tuesday evening on Elijah, made especially attractive by selections sung from Mendelssohn's beautiful Oratorio "Elijah."

Mr. Harry Hollibrake of Milton, has purchased the $32,000 stock belonging to Mr. Woodhouse on King St., Toronto.

A number of our young men purpose leaving town shortly for the North West.

Mr. Peter MacLean of Milton, who has been attending the Baltimore dental college graduated with honors last week taking out the degree Doctor of Dental Surgery.

Miss Ada Hagan of Burlington sang a very pleasing solo on Sunday evening in the Methodist church, Milton.

Mrs. McKindsay, daughter of Senator McKindsay, is in town.

Miss White is visiting Hamilton friends.

Mr. James Campbell of Toronto spent Sunday at his home.

GLENWILLIAMS.

HERALD Correspondence.

We think it can be said that the Sabbath School and church services of Sabbath last were interesting and profitable to all. At 2 o'clock the S. S. convened and, it being review Sabbath, the school was closely examined on the lessons of the past three months, and we are glad to say that the scholars acquitted themselves in an admirable manner. The supt., Mr. Williams, also conducted the review in a very satisfactory manner. At 7 in the evening Rev. Mr. Cozens preached. The sermon was eloquent and listened to with interest. The discourse was based on the words in I. Kings ii., 2. "And show thyself a man." The speaker gave every evidence of being a workman that needeth not to be ashamed.

We are sorry to report the serious illness of Miss Lizzie Martin and hope for her speedy recovery.

Mrs. Grealyn of this place has also been quite poorly for some days.

Mr. H. Foster of Toronto and Mr. Creston of Rockwood spent Sabbath with friends here.

It might be just possible that some of these young men are prospecting for suitable company and pleasant location for the near future.

Mr. J. Norton and son, we understand, have recently purchased a lever stumping machine of a superior order and purpose engaging somewhat extensively in that business this season.

Messrs. Marshman and Laurance continue to act as managers of supplies. They have done the Glen in ice business and have now fully entered upon the wood line, which they are pushing with rapidity.

To some of our young folk who imagine they are just emerging into manhood, just a word, as it has been said such is sufficient for the wise. Never lower yourself by speaking disrespectfully of your comrades and at all times and under all circumstances allow the fair sex to escape your unwarrantable expressions.

—If you want a wall paper at five cents, or a beautiful parlor paper with ceiling, centre, corners and borders to blend and harmonize, inspect the stock at Jackson's Book Store.

THE C.P.R. STRIKE.

Serious Trouble is Anticipated—Extending East.

MONTREAL, March 22.—The strike on the Canadian Pacific railway is spreading eastward and trouble is feared. The assistance of the mounted police was sought to enable the railway to keep trains running and protect the property. At Farnham last night Chief Labey received a message from Chief Hughes asking him to appoint 50 constables for special duty outside the city. This was done and they were drawn up in the quadrangle, and the chief explained that another gang of men who had been employed on the Vermont railway, which connects here with the Canadian Pacific, had left their work in sympathy with the men who had struck on the main line. They were then placed on board a special car on the Boston train, which left shortly after noon. It is understood that their first halting place will be North Bay, from which they will proceed to Port Arthur and other points.

A message received at head offices this afternoon states that the strike is extending east and has now reached Chalk River, 22 miles west of Pembroke and 246 miles west of Montreal.

It is rumored that the Grand Trunk trainmen are also waiting an order from their chief to quit.

ROYAL TEMPLAR MEETINGS.

The meetings continued on Wednesday and Thursday last in the Methodist church and closed with a concert in the town hall on Friday evening. The attendance was poor and the programme, which was a good one, was as follows:—

"THE EFFECT OF DOING, UPON THE LIFE."

The above was the title of a paper read by Rev. Jos. Fennell at the last meeting of the Ministerial Association held at the Congregational parsonage. The object was to show the relation between *Faith* and *Works* and the importance of the latter also in the development of the individual christian life. Faith is the one sole cause of justification and yet in christian life the legitimate result must be manifest in the good works which are the necessary effect of true faith as a cause.—Works must not be overlooked for if the truth be in us it will show itself forth and cannot be hid. The christian must shine forth as he reflects himself in this healthful activity. It is not good to live the life of a recluse as did some of the mediaeval saints but the christian is called upon to take an active part in life's duties and to show his christian manhood. There are too many spiritual dyspeptics among us who do not live a thriving christian life because they do not make their faith active. It cannot be healthful to be always taking in and never giving out. This activity is itself a spiritual education and leads the developing soul to a fuller insight into the mysteries of divine grace. The pastor must seek as far as possible to keep his people interested in christian work.

Rev. J. Argo will prepare the next paper.

CARD OF THANKS.

To the officers of the Supreme Court, Independent Order of Foresters:—

Dear Sirs:—Permit me to express my most sincere thanks to the Executive Board of the Supreme Court I. O. F. for the prompt payment of my disability claim of $500. I also thank sincerely the officers and members of my own Court No. 183, Georgetown. I further desire to testify to the kindness and brotherly attention I have received from the officers and members of Court Robin Hood, Barrie, since I have been here.

JOHN L. MOULTON.

Barrie Mar. 14th, 1892.

Literary Note.

Lieut. Frederick Schwatka, the noted explorer of frozen Siberia, is writing a series of very interesting letters for the New York LEDGER, the first of which appears March 19th. The letters describe his strange experiences and remarkable discoveries in the remote and wild depths of Alaska, while conducting the New York LEDGER Alaskan Expedition. The fascination which clothes every Arctic exploration invests the many-voyaged young lieutenant's narrative with breathless romantic interest. The letters are illustrated from photographs taken by Lieut. Schwatka.

POLITICAL NOTES.

They are discussing the estimates at Ottawa this week.

Election in Prescott and Carleton N. B. on 30th March and 6th April respectively.

Thirty-nine constituencies which were opened by the courts have now returned members to the Dominion Parliament. Of these thirty-three are Government supporters and six are Liberals. The Government have won fifteen seats and the latter one. There are nine constituencies now vacant, eight of which formerly returned Liberals and one a Conservative. Most of the vacancies are in Quebec.

A Regretted Failure.

We regret to announce the failure of Aldous & Co., one of our best manufacturing firms. What the extent of the failure is is yet unknown, but it is believed that the liabilities will amount to a good many thousand. Whether the assets will be equal to the liabilities or not is yet in doubt. The book-keeper, who managed the business affairs of the firm, being out of town, it is difficult to ascertain what the condition of affairs is. The creditors meet at Hamilton to-day. It is hoped that arrangements can be made by which Mr. Aldous will continue to operate the factory.
