PRIVATE MEDICAL ADVICE

AT the Buffalo Private Hospital, established for the cure of Syphilis, Seminal Weakness and the Secret Infirmities of Youth and Maturity, by Dr. AMOS & SON, Buffalo, N. Y. Office, corner of Main and Quay-sts. (Up stairs.)

A MOST SCIENTIFIC INVENTION.

This instrument has been used with the most happy effect in the practice of the most emi[nent] physicians and surgeons in the British [illegible], France and Germany. Indeed, so remarkable were the cures, that the late "Sir Astley" hailed it as the "Harbinger of Life." The use of this will fully sustain the high encomium.

YOUNG MEN TAKE PARTICULAR NOTICE.

Dr. Amos & Son are the only physicians in Buffalo who are members of the Royal College of Surgeons, London, graduates of one of the most eminent colleges of the U. States take pleasure in announcing that they have invented a most important instrument for the cure [illegible] of the above disease. It has been subjected to the examination of the most eminent physicians in London, Paris, Philadelphia, and New York. It has been declared to be the only useful instrument ever yet discovered for the cure of seminal weakness or any disease of the genital organs arising from that solitary habit of self-pollution, which destroys both body and mind, unfitting man either for marriage or society.

Dr. Amos & Son, in order to satisfy the most skeptical as to the merits of their instruments, pledge themselves that in any instance where they may prove unsatisfactory, after a fair trial, the money will be refunded by returning the instrument in good order.

Persons wishing the above useful instrument will observe that the price with accompanying directions, securely packed, and sent by express, is ten dollars.

NEW REMEDIES AND QUICK CURES.

For all private complaints, gleets, strictures, pains in the loins, affections of the kidneys, diseases of the head, throat, nose and skin, and all those dreadful affections arising from a secret habit of youth, which produce constitutional debility, render marriage impossible, and bring on premature decay, destroy both body and mind.

GENERATIVE DEBILITY,

Seminal Weakness, Impotency, &c., unhappily so frequent and prevalent, arising either from early abuse, incompetence, excess of pleasure, mental sympathy, or other injurious causes, have yielded in a short time to their mode of treatment, and they have in many cases apparently hopeless, effected a complete restoration.

The above diseases are generally seated in the most important organs of the human frame. So manifold are the dangers to which they expose their victim, and the consequence which they may entail, not only on his health, but that of his offspring also, are so serious, that we are struck with surprise when we consider that the study has formed the exclusive object of so few Medical Men. It is doubtless to the very limited number of the latter, that we look for a reason why the treatment of those complaints is so inferior to that of all others, and that no sensible improvement has been made in it for a period of more than three centuries, during which the same means have been employed as continues to be prescribed at the present day. Hence it is by no means wonderful if the treatment of these disorders has become the domain as it were, of quacks and empirics, who, devoid of all medical science and legal right whatever, arrogate to themselves the power of dealing upon the health, and upon the life even, of their fellow-creatures. The purpose we have in view is, to snatch the victims of those pretenders from the snare which ignorance and cupidity are constantly laying for them. If we succeed, our task will receive the happiest accomplishment, and our long and laborious researches their noblest reward.

BEWARE OF IMPOSITION.

Dr. Amos & Son have for a long series of years been engaged in an extensive practice in the treatment of these delicate complaints, and are the only legally qualified physicians who, regardless of the taunts and envy of the hypocritical and mock-medical, have had the confidence through the medium of the public press to direct attention to those enormous evils from which no grade of society is free. In selecting this department of practice they have been amply rewarded by the great success that has attended their efforts in the treatment of these cases, which are too generally confined to the care of unqualified and ignorant empirics, who, with their pirated publications, assume foreign names and titles, and pretended vigour of their patent nostrums, have inflicted serious injury on those who have been induced to place faith in their pretentions.—[Medical Review.

The only Original and Genuine in the World!

Clirehugh's TRICOPHEROUS,

To Prevent and Cure Baldness and Grey Hair, restore it to its Original Color, Entirely Remove Scurf and Dandruff, and Cure all Eruptions or Roughness of the Skin.

THIS justly celebrated and widely known Compound, which for sixteen years has met with distinguished success wherever it has been introduced, is now reduced to such a low price as will enable it to be in reach of all, as it is the cheapest and the best article now in use. Its curative properties are almost miraculous. No matter how thin or weak, coarse, dry or harsh, the hair will be restored to a soft, glossy, healthy, luxurious crop, if the Tricopherous be regularly applied. Those who have been threatened with premature grey hair, have, by the Tricopherous, not only stopped its progress, but had their hair changed to its original color.

Its strengthening and stimulating qualities are unrivalled, rousing into action the nerves and blood vessels which carry nutriment, imparting health to the greatest of nature's adornments (a beautiful head of hair) to the latest period of life.

For eradicating Dandruff it is unsurpassed.—Cleansing the skin completely of every impurity, leaving the hair neither gummy nor dry, but moist, soft and silky. It is superior to oil to dress the hair, as it keeps longer moist, and does not soil the hat, or head dress.

The Tricopherous has gradually risen in favor with the public, by its own merits and not like the puffed and ephemeral compositions existing to-day, and wallowed in oblivion to-morrow; until it has become one of the staples of life and looked for by all as one of the necessaries of the toilet and medicine chest.

Caution. The known popularity of the Tricopherous has occasioned many spurious articles, bearing outwardly the same name and character. Ladies and gentlemen purchasing must therefore be careful to ask for Clirehugh's Tricopherous.

Price 25 cts. 50 cts. and $1 00 per Bottle—Family Bottles $2 00.

CLIREHUGH'S INSTANTANEOUS

LIQUID HAIR DYE.

NOTWITHSTANDING all the various Hair Dyes now in use, scarcely one can be depended on for giving the required shade of color, a desideratum which Mr. Clirehugh has, with the assistance of one of the first chemists of the age, now fully overcome and established. This discovery and production of this now celebrated Hair Dye must supersede the use of every similar article. Its effects are to give to red, light brown or grey hair, any of the intermediate shades of color, down to the deepest jet, with a certainty hitherto unknown, and without doubt or disappointment, where the directions are adhered to. It leaves no stain on the skin, no dull, leaden or greenish hue, gives no dry or crisp appearance, but keeps the hair pliable, soft and glossy, retaining all its natural appearance till a re-application is necessary.

Private rooms, where Ladies and Gentlemen can have the Dye applied, or at their own residence. Price One Dollar. For sale by the Inventor and Manufacturer, W. S. CLIREHUGH, Principal Office, 162 Fulton Street, corner Broadway, up stairs, New-York.

GOOD NEWS! GOOD NEWS!!

Those of our readers who have not tried that valuable preparation known as DR. JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA, for the cure of the very many diseases with which mankind are afflicted, are requested to read the annexed testimonial forwarded "Dr. BULL a few days since, by JACOB G. FRENCH, Esq., a gentleman long connected with French's Hotel of this city, and extensively known as a man of unblemished integrity, who would not endorse any medical preparation whatever, unless thoroughly convinced of its efficacy.

French's Hotel, New York, December 6, 1854.

DR. BULL, M.D.—Dear Sir: The immense practical benefit I have derived from the use of your *Fluid Extract of Sarsaparilla* induces me to recommend it urgently to all who like myself, have been subject to that distressing malady, *Complaint of the Kidneys*. I have found your preparation all I could desire, and regard it as one of the best remedies within my own personal knowledge. Sincerely grateful for the health I have secured through your immediate agency, I beg leave to subscribe myself,

Very respectfully, yours,

JACOB G. FRENCH.

True American Office, New York, December 8, 1854.

DR. BULL, No. 2 GILSEY BUILDING, NEW YORK—

Dear Sir: Being personally acquainted with Mr. French, I take pleasure in superadding my corroboration in testimony of the cure effected in his case through the instrumentality of your invaluable compound. Having personally availed myself of the curative properties of your *Fluid Extract of Sarsaparilla*, particularly in the purification of the blood and the consequent anticipation of those universal disorders attendant upon the changes of the season, I would cordially recommend it as a family medicine which should be maintained in every household. A remarkable instance of the influence of your remedy upon the restoration of the frame, and the almost miraculous resuscitation of a body weakened to the last degree by the excesses of animal indulgence, occurred in the case of an eminent manufacturer in this vicinity, whose modesty, and not want of inclination, precludes him from a publication of the detailed circumstances of his afflicting disease, which threatened to determine into a settled case of premonitory leprosy. I am assured by him, that by the use of your *Fluid Extract*, he has been completely restored to his former and correct enjoyment of unimpaired health.

Yours, sincerely,

THOMAS PICTON,

Editor of the True American, New York.

ASTONISHING AND RAPID CURE

OF

SCROFULA.

WE urgently request our readers to read attentively the following statement presented to DR. JOHN BULL last St. John's Day, by WILLARD A. GOLDSMITH, Esq., of this city, and solemnly sworn to before a Public Notary. It exhibits the case of a gentleman who has been afflicted by Scrofula *from his earliest infancy*. He had completely *exhausted* the skill of the medical faculty of New York, and was apparently a doomed man. A trial of *Dr. John Bull's Fluid Extract of Sarsaparilla* has given him health, and he now recommends to *others* that valuable and potent remedy which has saved *him* from a premature grave. The original affidavit, to which is affixed the Notarial Seal of Henry C. Banks, Esq., before whom the deposition was taken, can be seen at Dr. BULL's principal office, No. 2 Courtlandt-street (Gilsey Building), Near Broadway, New York.

STATE OF NEW YORK, } ss.
CITY AND COUNTY OF NEW YORK, }

WILLARD A. GOLDSMITH, being duly sworn, pursuant to law, deposes and says, that he resides in the City of New York; that he is engaged in the business of steel and copper-plate engraving;

That *Scrofulous Affections* have been heir-looms in his family and hereditary; that all of his immediate relations have been more or less afflicted with it, and that he has not been free from the disease at any time since his earliest recollections; that being much bodily pain, and prevented from attendance to business, he tried many of the physicians, but found no substantial relief;

That about three months since, *Dr. John Bull's Sarsaparilla* was recommended to him as possessing some qualities which would relieve his difficulties and purify the blood;

That after using this medicine for a short time, a feeling of improvement was manifest, and from that moment to this, a gradual but steady advance has been realized, and he is now, not only entirely free from all pain, but is enabled to give his business all attention, and is enjoying better health than he ever believed was in store for him;

That he has also used the *Sarsaparilla of Dr. Bull* in his family with similar results, and believes it to be the best purifier of the blood that can be used, and as a general tonic medicine *without an equal*;

That he can and does, with *the most positive confidence*, recommend the use of this medicine to *all* who may be similarly afflicted.

And further this deponent saith not.

HOLLOWAY'S OINTMENT

A most Astonishing Cure of Scrofulous Ulcers.—A case certified by the Mayor of Boston.

Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

To PROFESSOR HOLLOWAY,

Dear Sir.—MRS. SARAH DIXON of Liquorpond Street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body; and a though the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer, according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health. I remain, Dear Sir, yours truly.

An Extraordinary and Rapid Cure of Erysipelas in the Leg, after Medical Aid had Failed.

Copy of a Letter from Mrs. Elizabeth Yeates of the Post Office, Aldwick Road, near Bognor, Sussex, dated Jan. 12th, 1853.

To PROFESSOR HOLLOWAY,

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great and I quite despaired of any permamnt amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg, and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighbourhood similarly afflicted, who derived equal benefit.

I am Sir, your obliged and faithful Serv't,

A Dreadful Diseased Uncle Cured after being given up by the Faculty, at Malta, and Portsmouth Hospitals.

The following important communication has been forwarded to Professor Holloway for publication, by Mr. B. Dixon, Chemist, King-st, Norwich.

Copy of a Letter from Captain Smith, of Great Yarmouth, dated January 19th, 1853.

To Mr. DIXON,

Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's invaluable medicines:—Mr. John Walton, late in Her Majesty's Service, in the British Fleet at Malta, had a very bad ulcerated uncle, and after having been in the Malta Hospital for six months was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate for four months, there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth and was under a medical gentleman for about three months, but his uncle became so much worse that all hope was lost. At this period, by my advice, he tried Holloway's Ointment and Pills, which by unremitted application, healed all the ulcers, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly,

Surprising Cure of a Bad Breast, Nervous Debility, and general Ill Health.

Copy of a Letter from Mr. T. F. Ker, Chemist &c., Lower Moss-lane, Manchester, dated Feb. 12th 1853.

To PROFESSOR HOLLOWAY,

Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Ointment and Pills. Mrs. Martha Bell, of Pitt-street, in this Town, had been for a considerable time labouring under nervous debility, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result, in fact she had nearly lost all faith and hope of a cure being effected. In this distressing and painful condition of body and mind, she was pursuaded to have recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her appetite was speedily improved the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was wholly removed.

I remain, Dear Sir, yours faithfully,

(Signed) T. FORSTER KER.

CATHARTIC PILLS

OPERATE by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, and, by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dangerous diseases almost beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all inquiring.

Annexed we give *Directions* for their use in the complaints which they have been found to cure.

FOR COSTIVENESS.—Take one or two Pills, or such quantity as to gently move the bowels. Costiveness is frequently the aggravating cause of PILES, and the cure of one complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it should be, as it can be, promptly relieved.

FOR DYSPEPSIA, which is sometimes the cause of *Costiveness*, and always uncomfortable, take mild doses—from one to four—to stimulate the stomach and liver into healthy action. They will do it, and the *heartburn*, *bodyburn*, and *southern* of dyspepsia will rapidly disappear. When it has gone, don't forget what cured you.

FOR A FOUL STOMACH, or *Morbid Inaction of the Bowels*, which produces general depression of the spirits and bad health, take from four to eight Pills at first, and smaller doses afterwards, until activity and strength is restored to the system.

FOR NERVOUSNESS, SICK HEADACHE, NAUSEA, *Pain in the Stomach, Back, or Side*, take from four to eight pills on going to bed. If they do not operate sufficiently, take more the next day until they do. These complaints will be swept out from the system. Don't wear these and their kindred disorders because your stomach is foul.

FOR SCROFULA, ERYSIPELAS, *and all Diseases of the Skin*, take the Pills freely and frequently, to keep the bowels open. The eruptions will generally soon begin to diminish and disappear. Many dreadful ulcers and sores have been healed up by the purging and purifying effect of these Pills, and some disgusting diseases which seemed to saturate the whole system have completely yielded to their influence, leaving the sufferer in perfect health. Patients! your duty to society forbids that you should parade yourself around the world covered with pimples, blotches, ulcers, sores, and all or any of the unclean diseases of the skin, because your system wants cleansing.

TO PURIFY THE BLOOD, they are the best medicine ever discovered. They should be taken freely and frequently, and the impurities which sow the seeds of incurable diseases will be swept out of the system like chaff before the wind. By this property they do as much good in preventing sickness as by the remarkable cures which they are making every where.

LIVER COMPLAINT, JAUNDICE, *and all Bilious Affections* arise from some derangement—either torpidity, congestion, or obstructions of the Liver. Torpidity and congestion vitiate the bile and render it unfit for digestion. This is disastrous to the health, and the constitution is frequently undermined by no other cause. Indigestion is the symptom. Obstruction of the duct which empties the bile into the stomach causes the bile to overflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Costiveness, or alternately costiveness and diarrhœa, prevails. Feverish symptoms, languor, low spirits, weariness, restlessness, and melancholy, with sometimes inability to sleep, and sometimes great drowsiness; sometimes there is severe pain in the side; the skin and the white of the eyes become a greenish yellow; the stomach acid; the bowels sore to the touch; the whole system irritable, with a tendency to fever, which may turn to bilious fever, bilious colic, bilious diarrhœa, dysentery, &c. A medium dose of three or four Pills taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles. It is wicked to suffer such pains when you can cure them for 25 cents.

RHEUMATISM, GOUT, *and all Inflammatory Fevers* are rapidly cured by the purifying effects of these Pills upon the blood and the stimulus which they afford to the vital principle of Life. For these and all kindred complaints they should be taken in mild doses, to move the bowels gently, but freely.

AS A DINNER PILL, this is both agreeable and useful. No Pill can be made more pleasant to take, and certainly none has been made more effectual to the purpose for which a dinner pill is employed.

Radway's Ready Relief is to be used in all cases where there is pain. The moment it is applied externally, or taken internally, it will allay the most torturing aches, pains, cramps, spasms, burns, scalds, &c., quicker than Morphine, Opium, Laudanum, or any other anodyne or remedy that has ever been used by medical men.

It is far than these dangerous remedies.—The public will bear in mind that Laudanum, Morphine, Opium, &c, only stupify the pain by stupifying the senses, so that the perceptive faculties lose the power of feeling, and that after the influence of these narcotics have passed from the system—the pain again breaks forth with its terrible pangs, with renewed violence.

Radway's Ready Relief stops the pain and removes the cause of the disease that occasions it; it infuses new life into the weak and diseased parts. It braces up the nerves, and establishes in the system a reaction of health and strength in place of pain, weakness and disease.

As a counter irritant, Radway's Ready Relief applied to the surface of the body, where there is inflammation or congestion, it will instantly scatter the congested blood, equalize the circulation, and in a few minutes the most excruciating pains are removed. This may be seen in cases of Lumbago, Gout, and Rheumatism, in their most terrible forms, where an application of Radway's Ready Relief will restore the patient to ease and comfort.

Crippled with Rheumatism, Arm and Leg perished—No hopes of his recovery—Timely use of R. R. R.—A wonderful Cure.

LETTER FROM ISAAC HUDDLESTONE.

Rapides Parish, La., June 10th, 1855.

Messrs Radway and Co.—Radway's Ready Relief has cured Peter May of Rheumatism when there was no hope of his ever recovering. I heard of his situation and I sent for him.—His right arm and leg were all perished. He had no use of them at all; but to the use of your medicine, in two months he was carrying the mail from Cherryville to Burr's Ferry. I objected. He said he must do something for a living. It has been fourteen months since he was cured. He is now well, and is working on his farm, and the whole cost of his cure for your medicine was five dollars.

ISAAC HUDDLESTONE.

RADWAY'S REGULATORS.

We here direct the attention of the public to our newly discovered remedy—Radway's Regulators; they possess the great curative properties of a Purgative, cathartic, aperient, and orthodox, anti-dyspeptic, corrector and Regulator of the system. They are in fact the only perfect purgative or cathartic remedy that has ever been discovered or given to the world.

Radway's Regulators will answer a better purpose than Calomel or Mercury, without entailing on the system the terrible injuries of these baneful drugs.

They are in the form of Pills, elegantly coated with gum, perfectly tasteless, and can be taken without sickening or nauseating the patient. They are to be used in all cases when the system is out of order, or under the influence of disease. One or two doses of Radway's Regulators has frequently checked the progress of the most terrible diseases, and restored the system to health and regularity.

They establish new and improved principles in medicine, and secure the great and important power of regulating to a healthy, natural and harmonious action, each and every organ in the body. This great controlling power has never formed any part of the popular Cathartic, Vegetable or Indian Purgative Pills, that have ever been in use.

Radway's Regulators rid the system from disease and restore the human body to health, on an entirely different principle to the weakening, sickening and griping method of the common cathartic and purgative pills.

One or two of Radway's Regulators will remove the cause that occasions pain or sickness, or any irregular or unnatural action or condition of the organs of the body, quicker, more effectual, and with less trouble to the patient than six or ten of the common cathartic or purgative pills. The moment Radway's Regulators are taken into the system affected with disease, their equalizing efficacy begins; they search out the element of disease wherever it may be seated, they act upon the whole surface of the intestines and bowels, attracting the foul and morbid humors from the blood, glands, secreting vessels, and expelling these seeds of disease from the body, restoring a healthy and regular action to the Liver, Bowels, Pancreas, Heart, Kidneys, Bladder, Skin, and all other Viscera.

THE BOWELS.

All of the common pills of the day, called Vegetable Indian, Cathartic, &c., claim that they cure disease by purging from the bowels. This is as far as they go—they act upon the bowels by irritating the mucous membrane, and thus obtain an evacuation in the same manner as the bowels are moved by eating something that disagrees with the system. This is truly an unnatural method of restoring the system to health by swallowing pills that disagrees with and irritates it. Those who have taken these common pills are well aware of the weak and debilitated condition their systems are left in. After the scouring operation of these drastic purgatives is over, the bowels are sore and feeble, and again become costive and bound up. Hence arise dyspepsia and a host of diseases.—Radway's Regulators never leave the bowels in a costive condition, or occasion pain or weariness in their operation.

NO. I.

Diseases and complaints caused by Exposure and Atmospherical Changes, over which Radway's Ready Relief and Radway's Regulators possess the most remarkable curative powers, and which will readily yield to the R. R. treatment.

COLDS AND FEVERS.

When the system is first seized with a sudden cold, or a fever sets in. A dose of from three to six of Radway's Regulators should be taken—this is all the medicine, at this stage of the disease, that is required, in a few hours the system will be restored to sound health. But if the cold and fever is neglected and coughs, headaches, colds, chills, pains and aches in the limbs, joints, muscles, bones, side and back, sore throat, hoarseness, difficult breathing, follow the cold and ever—then Radway's Ready Relief should be applied externally, and a good dose of the Regulators taken. As soon as the Relief is applied a reaction will take place, and in a few hours the patient will be free from all pain or annoyance.

If these signs of the presence of disease in the system are unnoticed, and violent fevers break out in the form of Bilious, Typhoid, Scarlet, Ship Fever and other malignant fevers, such as Pneumonia, Lung Fever and Brain Fever, a more rigid treatment becomes necessary. The Regulators should be given every four hours, in large doses of from four to six, until free and copious discharges from the bowels are obtained. The relief applied will produce a salutary effect upon the skin, and, taken in water, will abate the fever.

In inflammations or congestions take place, Radway's Regulators and Ready Relief should be taken in large doses. A cure will quickly follow the pause. In cases of Bilious-fever, Malignant Bilious Fever, or Bilious Pneumonia, Radway's Regulators, given in full doses, and the whole surface of the body bathed with Radway's Ready Relief, will effectually and speedily cure the patient.

IF RHEUMATISM

Attacking the joints and limbs, inflicting its terrible piercing pangs of pain with merciless rapidity—changing about from joint to joint and from limb to limb, Lumbago, Neuralgia, or Gout, afflicts you, Radway's Ready Relief applied to the parts where the pain is felt, will quickly relieve you from its excruciating pangs. Radway's Regulators will effectually and speedily cure the patient.

SMALL-POX—SCARLET FEVER—MEASLES.

Radway's Ready Relief is not only a cure for these infectious maladies, but will prove to those who use the Relief and Regulators a guard against infection.

We have known the R. R. R. rid whole neighborhoods of the infection of Small Pox and Scarlet Fever. We have likewise known ship masters who have saved the lives of their crew and passengers, and entirely driven away the Small Pox and Ship Fever from their vessels by sprinkling the Ready Relief through their infected ships. It is astonishing what happy effects the Ready Relief will have if freely sprinkled in places where these contagious and infectious poisons prevail.

We will guarantee that if those who are now suffering with fever and ague, or its effects will place their systems under the influence of Radway's Ready Relief and Regulators to cure them entirely of this distressing malady, and to free them from the fever of ague that is now lingering in their systems, and to render their bodies ague proof against renewed attacks.

Those now suffering from Enlargements of the Spleen, Engorgements of the Liver, and other organic enlargements are promised speedy deliverance from their miseries by the R. Relief and Regulators.

We now direct the attention of the public to our second great discovery for the cure of chronic disease.
