ADDRESS AND PRESENTATION.

A very agreeable surprise was tendered the Rev. Father Haley, of Acton, by the members of the Georgetown choir on the eve of his departure to his new parish of Macton. The members of the choir assembled at the residence of Mr. John Ryan, where they presented their beloved pastor with a magnificent gold headed cane, and the following address, read by Miss Katie Ryan, the presentation being made by Miss Celia Lanigan:

TO THE REV. P. HALEY, ACTON.

REV. AND DEAR FATHER HALEY:—Having learned with deep regret that you are about to sever your connection with the people of Georgetown, to continue your work as a shepherd of souls, we, the choir, cannot but take advantage of this occasion to express to you our sincere appreciation of your labors among us, and to bid you God speed in the work to which you are now called, and to assure you of our best wishes and kindly thoughts during your absence.

During the first and last years you have spent among us you have endeared yourself to us by your kind, patient, and untiring efforts, and we are glad to take this opportunity of expressing our appreciation of your services.

As we meet here this evening and recall the many happy evenings we have spent in the enjoyment of your kind hospitality, fellowship, that great instrument of expression by means of which we give utterance to our inmost thoughts, seems, in this instance, weak and powerless to express what we feel. But could our feelings and wishes prevail, you would still remain our pastor, and even now, in this sad moment of parting, hope springs exulting on triumphant wings, that circling time may in its eternal change restore you to your place in our midst once more.

Meanwhile, dear Father, we ask you to accept as a memento of the Georgetown choir this gift, which is of no intrinsic value, but is rich in love, gratitude and respect.

In conclusion, we again express our deep regret at your departure and our sincere gratitude for your kindness and [illegible] work in the past, and earnestly hope [illegible] may bless you with health and [illegible] and faithfully in [illegible] in your new field [illegible] by [illegible] as true as the [illegible] enabled here to bid you [illegible]

Signed on behalf of the choir.

BERTHA SCOTT,
CELIA LANIGAN.

Georgetown, Jan. 20th, 1898.

Rev. Father Haley, in his usual eloquent manner, very feelingly responded. He briefly reviewed the pleasant associations of the past four years spent with them, complimenting them upon that spirit of unity and harmony which he had been pleased to see ever prevail among st them, and expressed his most heartfelt thanks for the honor conferred upon him by this manifestation of their kindly sentiments towards him.

A FATAL MISTAKE.

Mrs. P. Downey, of Guelph, Dies Under Distressing Circumstances.

GUELPH, Jan. 31.—Mrs. P. Downey, mother of Mr. J. P. Downey, editor of the Herald, died suddenly in Renfrew on Sunday. She had gone there to visit her daughter, Mrs. C. C. Collins, who was taken seriously ill some time ago. Mrs. Downey, who was not very strong at the best, then took sick. Last Monday she took by mistake a dose from a bottle of liniment, instead of the tonic which she was using, and her system, in her weakened condition, could not throw off the poison. The deceased was well known in the city and Puslinch Township, and was much respected. The remains arrived home this evening.

Diamond Dyes are the Only Safe and Pure Dye-stuffs.

Our legislators have enacted stringent laws for the prevention of food adulteration, and as a result our people have been benefitted, and all classes of our population get value for their money.

It would be a boon to the women of Canada if the adulteration act applied to package dyes sold for home dyeing. Dye-stuffs are used in tons of thousands of homes, and too frequently valuable goods and materials are spoiled by use of adulterated dyes that should be prohibited by law.

The Diamond Dyes for long years have given the most complete satisfaction. They are the only reliable, pure and fast dyes now before the public—the only package dyes that can stand the most crucial chemical tests.

Diamond Dyes are sold by all up-to-date druggists and dealers. If you meet a dealer who recommends some other make of dye, pause before you buy from him. Such a dealer is working only for big profits; he has no regard for your success and comfort.

"Just as Good

as Scott's and we tell it much cheaper," is a statement sometimes made by the druggist when Scott's Emulsion is called for. This shows that the druggists [illegible]

of Cod-Liver Oil with Hypophosphites of Lime and Soda as the standard, and the purchaser who desires to procure the "standard" because he knows it has been of untold benefit, should not for an instant think of taking the risk of using some untried preparation. The substitution of something said to be "just as good" for a standard preparation twenty-five years on the market should not be permitted by the intelligent purchaser.

MAPLE CITY CORDAGE,
R. T. PHILLIPS, Prop.
CHATHAM, Oct. 18, 1897.

DEAR SIRS:—

Some time ago I was treated by one of our best city doctors for continued bleeding at the nose, and the treatment I was subjected to weakened my stomach so that nothing I could eat would agree with me and I could retain nothing but broad and milk, which was my chief diet.

I tried a bottle of your Sloan's Indian Tonic and at once began to improve, and it has made a permanent cure in my case. I can now partake of any food no matter how strong, and experience no distress after eating.

I have recommended it to several people and in every case it has given grand results, and a bottle of it should be in every household.

Yours very truly,
R. T. PHILLIPS.

GRAND TRUNK RAILWAY SYSTEM

Are You Going To the Klondyke?

The Grand Trunk Railway is the popular route to the Yukon and gold fields of the Klondyke. The route is via Chicago, St. Paul, Seattle, and Victoria, the leading ports of Alaska.

William Ogilvie, F. R. G. S., Surveyor to the Dominion Government, says, in referring to the various routes to the Yukon:

"We now go to the Dyea route, which has been used by the Indians for generations—and they evidently knew their business. It is estimated that 95 per cent. of the traffic that has already gone into the Yukon has gone via Dyea, which is the clearest possible evidence of its superiority over all other routes."

WHAT?

Quiet times and dull trade, not at all, we will start a trade invigorator on SATURDAY THE 8th INST.

A Great Winter Clearing Sale.

And all our sales have been successful. Why? Because, first, goods are as represented; second, at the close of the season we mark down surplus stock to prices that effectively empty the shelves; third, no rubbishy stuff is ever imported by which a cheap show can be made, but our regular stock is reduced so as to repeal the store with buyers while the sale lasts. When the season is at an end we consider it legitimate business to fine dispose of surplus stock and it confirms the esteem and good will of our customers, which we hope to maintain as heretofore. Our present sale we expect will be a record breaker. We are not sending out any pats to dodgers and as it is manifestly impossible to enumerate every article in a newspaper advertisement, we request your presence as early as possible. A few lines of special value are to remember quoted, but remember all goods can be had at a big reduction from regular prices.
