Referendum in Manitoba.

The hotel-keepers and liquor dealers of Guelph have been asked to make contributions towards a fund for use in the campaign preceding the referendum vote, which will be taken in Manitoba early in May. It is believed that the plan of the campaign will have considerable influence on the vote, and that it may be adopted throughout the Provinces as the best way of conducting the fight against Prohibition in the future.—Guelph Herald.

The Weekly Market.

There was not much in display of produce on market at the weekly market. All farmers, of course, like to get the highest price, and from little given by those who were there, little pleasing for sale, it is supposed, they were waiting for the falling off in the supply that always goes with turning out for hay. What is called Connaught Citizen, who has taken a patriotically active part in the development of the weekly market, would suggest that citizens continue to stand by it, that it may be made a permanent success. The chief offerings on Friday were: Eggs at 19 cents, butter at 18, chickens at 75 and some genuine home-made maple syrup from Mr. W. Shortill of Ballinafad, which sold readily at $1.00 per half gallon.

Lacrosse Club Organized.

There was a large attendance at the meeting in the Council Chamber on Friday when the Ætna Lacrosse Club was reorganized, with the following officers:

Hon.-Pres. ..... A. D. Thomson
President ..... Reeve Nixon
1st Vice-Pres ..... Dr. Elliott
2nd Vice-Pres ..... Rev. R. J. Drysdale
Secretary ..... Jos. M. Moore
Treasurer ..... G. A. Ramsden
Committee—S. H. McGibbon, T. R. Earnsey, Dr. F. R. Watson, B. Forsyth, the President and Secretary.
Representatives—S. H. McGibbon, A. B. Bradley.

The next meeting will be held on Friday, April 4th, when a captain will be appointed and other arrangements made for the season's campaign. The proposal is made that the various sporting clubs in town unite and build a club house at the Park.

Mr. W. A. Peaker's Death.

Wm. J. Peaker, Jun., of the firm of Peaker & Son, Brampton, died at 11 o'clock Saturday morning, the result of the terrible explosion of gun powder on their premises on the previous Monday. For five or six hours after the accident, Mr. Peaker was unconscious, but he rallied for some days and was able to make a statement about the explosion. Mr. Peaker's statement is that he took the wooden screw plug out of the powder keg to examine the contents, and that when he screwed the plug in again there was a flash of fire and a report—this is all he remembers.

The explosion must have been a terrible one for as the Banner states, it blew out every pane of glass in the street front on the second and third stories, and bent the iron bolts. The iron roof was raised and rained, the fire walls on either side were shattered along their entire length for a depth of 18 inches. Heavy joists and rafters were broken in two like matches.

Much sympathy is felt for the bereaved wife and children and also for Mr. Peaker Sr., whole son carried a large share of the business responsibility of the firm, which by the way, is regarded as one of the most honorable in the Province. The funeral on Monday was conducted with Masonic honors. Among those present from Georgetown lodge were: Wm. MacLeod, R. C. McCullough, D. Reid, T. R. Earnsey, J. N. O'Neil, Major Grant.

Bennett gave an interesting address at the meeting of the Baptist Y. P. U. on the "Mission to Lepers." She told of the good work being done by the missions workers and of the great need that existed for sympathy and help on behalf of these poor sufferers. At the close a hearty vote of thanks, moved by Dr. Watson and seconded by Mr. A. H. Goodenow, was tendered Mrs. Bennett * * Rev. Mr. Farquherson of Pilot Mound, Man., preached in the Presbyterian church, Sunday morning on the subject of Home Missions. He also delivered an inspiring sermon in the evening * * Rev. A. Potter who was indisposed for some days last week was able to take his services on Sunday. At the Epworth League, on Monday evening Mr. R. D. Coutts gave an excellent address on "Tennyson." Solos were sung by Miss Tyndall and Mr. L. Whitby and a selection from Tennyson given by Miss Hattie Cook * * Rev. A. Potter conducted the funeral service of the late Mrs. Kickley of Stewartown, yesterday.

A Successful Concert.

Various favorable expressions heard at the close of the concert last evening indicate that the programme presented gave very general satisfaction. The enthusiastic way in which the several numbers were received also indicated that the audience was pleased. It may be safely understood that when generous applause comes from concert audiences in Georgetown, it may be taken at least at par for they are not usually over-responsive, except to something that is real good. The programme last evening was a well-balanced one of music and elocution. Of Miss Marion Wallace, a good deal was expected, and expectations were quite fulfilled, her most popular numbers being, "A Health to the Native Born," by Kipling, and "Thomas the Pretender," by Riley. Miss Lexie Clark made her first appearance at a Georgetown concert, and with her voice of unusual strength and melody, sang with great acceptance. Her presentation of the "Cradle Song," was especially good. Miss MacLeod, although many times before Georgetown audiences, is always warmly received and her rendering of "Life's Lullaby," last evening was particularly pleasing. The opening number was a solo by Rev. W. S. McAlpine, "The Promise of Life," and no number of the evening was more appreciated, while the duettes sung by Mr. McAlpine Miss MacLeod and Miss Clark were leading features of concert. The accompaniments were very satisfactorily played by Miss Clara E. Bessey. The Baptist choir under whose direction the concert was conducted, are pleased that both artistically and financially the evening was a success.

G. T. R. Enterprise.

The series of photographic views that the G. T. R. exhibited at the Pan-American Exposition at Buffalo will be shown to the people of Ohio, Michigan, Indiana, Kentucky and Pennsylvania. Believing that the same will prove a great incentive to them to visit the Highlands of Ontario which are artistically pictured in the collection. In the collection are over 100 pictures, each measuring 3 ft. 6 in., by 4 ft. 3 in., and a beautiful collection of mounted fish, including specimens of black bass, maskinonge and land locked salmon. A representative of the company will accompany the exhibit, which opened in Saginaw, Mich., on Monday. The tour will occupy about 10 weeks.

—C. C. Ree has made arrangements with Mr. H. H. Love, agent for Spalding Bros., to have sent out here 75 to 100 Golf clubs. Persons wishing to purchase will do well to wait and make their selections here, thereby saving expense. These clubs are GUARANTEED. They will be here next week.

—The silver hockey cup has been awarded to the Acton team, and we understand that Mr. F. J. Barber, who contributed it, will have the club's name engraved on it. The Acton team has some excellent players, but has also several grafters who bring discredit to the club by their disorderly conduct. The team should shake itself clear of these before another season.

—The blizzard which raged in Manitoba from Friday afternoon to Sunday night is said to be the worst storm experienced in Winnipeg in fifteen years.

—A meeting of the Halton Fruit Growers' and Farmers' Institute will be held in the town hall Georgetown, on Friday Mar. 21st. The programme will be as follows: 1.30 p. m.,—Address by Murray Pettit, Winona; 2.30, Address by A. McNeill, Wakerville; 3.30, Practical demonstration in Pruning and Grafting in Mr. Jas. Moore's orchard, just above the White Bridge; 7.30, General meeting for discussion and organization of a local Fruit Growers' Association. The meetings are free to all.

—Bugickie—destroys bed-bugs. Large bottle 25c. at Ramsden's Drug Store.

—Several of the boys who applied their hockey skates from their boots thinking that the season was over, have replaced them. There was skating on Monday.

—CHANGEABLE WEATHER—You, but it does not mean a cold after a haircut at E. D. Doolittle's; 25 cts. application free.

—With pleasure we claim once that the Ætna Lacrosse Club intend bringing to Georgetown next Saturday evening, an entertainer known well and favorably throughout Canada. We refer to Miss Pauline Johnson, the Mohawk Indian Authoress. Miss Johnson is accompanied by Mr. Walter McKaye, a young gentleman who is making an enviable reputation every where he has appeared. Everybody should patronize this worthy effort of our Lacrosse Club in bringing such popular entertainers to Georgetown, and we hope there will be a large turnout on Saturday evening. Admission has been placed at a figure within the reach of all, 15 and 20 cents.

Dyspepsia

From foreign words meaning bad digestion, has come rather to signify dyspepsia, the most common cause of which is a prolonging pain in the stomach after eating. Dyspepsia is a disease that organ.

No disease makes life more miserable. Its sufferers certainly do not live to quote *sal is life.*

W. A. Nugent, Belleville, Ont., was greatly troubled with it for years; and Peter Gaare, Eau Claire, Wis., who was so afflicted with it that he was nervous, sick, weak, and actually sick most of the time, obtained no relief from medicines prescribed.

They were completely cured, as others have been, by

Hood's Sarsaparilla

according to their own statement, voluntarily made. This great medicine strengthens the stomach and the whole digestive system. Be sure to get Hood's.
