CONSUMPTION, ASTHMA, BRONCHITIS, CATARRH, and other affections of the LUNGS and CHEST, cured by INHALATION. Local and general treatment. Inhalation alone will fail to cure most of these diseases, but in connection with proper general remedies, under Dr. HEATH'S direction, it is highly curative in these formerly incurable affections. Dr. Heath is frequently applied to by persons who have neither been relieved by Inhalation, nor by emptied by the other means, for inhaling tubes. The fact is that Inhalation is only an auxiliary, and that those "Traps" are absolutely ignorant.

As a proof of the success attending Dr. Heath's combined treatment, we refer to the subjoined—cases only of a large number of letters.

228 Broadway New York, Sept. 8, 1855.

Dear Doctor,—Although not indebted to you pecuniarily, I am under obligations of gratitude which I do not expect to be able to pay for your skill in curing me of a Bronchial affection, some three years ago which had troubled me for a number of years, and which would not yield to caustic applications, gargles or washes. Notwithstanding my profession requires the almost constant use of my vocal organs, the cure is permanent.

If you think this will be of any service to yourself or the public, you will please use it in any manner to attain it. You will, no doubt, remember two or three of my friends were also cured by you.

MARCUS COLBURN.

Nervous, Chronic, Scrofulous, and affection of the Generative system, tax the constitution to such an extent to render it liable to take on Tuberculous and other Chronic forms of disease in both sexes. Those affected with any of these diseases can apply with a certainty of relief to Dr. Heath, No. 8 Broadway, New York, from 9 A. M. to 4 P. M.; Sundays excepted. Patients at a distance may be treated or advised by letter, on stating their cases fully.

Who is Dr. Heath? For the information and satisfaction of those who perchance do not know, we refer them to an interesting editorial which appeared in the Day New York Book two weeks since, and which has been extensively copied in the leading papers of that city. We will let others answer this question for our readers who have not read the above named article, entitled 'The Character and Men to New York—The Metropolis of North America,' should complain of our neglect to publish it also.

I have known Dr. Heath for ten or twelve years, during which time he has assiduously devoted himself to the study and treatment of Chronic Diseases, Genito-urinary, Nervous and Constitutional Affections, Diseases of the Ear and Eye, but especially in treating Consumption and affections of the Chest with flattering success.

J. K. SNEEL, M. D., Green Point, Brooklyn.

Have seen numerous affidavits of cures performed by Dr. Heath, of No. 860 Broadway, we take pleasure in recommending him to the afflicted.—Advocate and Register, Rahway, N. J.

We most cheerfully recommend Dr. Heath to an enlightened public, as a professional friend of surpassing attainments and of eminent success in his department of practice.

LESTER GREEN, M. D., N. Y.
J. A. SMITH, M. D., N. Y.

Dr. Heath is a gentleman of high moral character and most estimable professional abilities.

GEO. PETRIE, M. D., N. Y.

The two chief characteristics in a good doctor are moral excellence and professional ability, both of which Dr. Heath possesses in an eminent degree.

Hon. A. LOOMIS, N. Y.

New York, Sept. 27, 1855.

Dr. HEATH.—Dear Sir: I have taken my pen in hand to inform you that I am entirely free from every symptom of that alarming Consumptive Throat Disease, which I came under your medical care with, and which was so rapidly undermining my constitution. I was almost despairing of getting cured at all, until I was advised by Mr. Shaw to try you, and see if you could not relieve me.

You have not only cured me physically, but you have relieved me of excessive suspense and anxiety of mind.

Yours in gratitude.

The only Original and Genuine in the World!

Cilrehugh's TRICOPHEROUS,

To Prevent and Cure Baldness and Grey Hair, restore it to its Original Color, Entirely Remove Scurf and Dandruff, and Cure all Eruptions or Roughness of the Skin.

THIS justly-celebrated and widely known Compound, which for sixteen years has met with distinguished success wherever it has been introduced, is now reduced to such a low price as will enable it to be in reach of all, as it is the cheapest and the best article now in use. Its curative properties are almost miraculous. No matter how thin or weak, coarse, dry or harsh, the hair will be restored to a soft, glossy, healthy, luxurious crop, if the Tricopherous be regularly applied. Those who have been threatened with premature grey hair, have, by the Tricopherous, not only stopped its progress, but had their hair changed to its original color.

Its strengthening and stimulating qualities are unrivalled, rousing into action the nerves and blood vessels which carry nutriment, imparting health to this greatest of nature's ornaments (a beautiful head of hair) to the latest period of life.

For eradicating Dandruff it is unsurpassed.—Cleansing the skin completely of every impurity, leaving the hair neither gummy nor dry, but moist, soft and silky. It is superior to oil to dress the hair, as it keeps longer moist, and does not soil the hat, or head dress.

The Tricopherous has gradually risen in favor with the public, by its own merits and not like the puffed and ephemeral compositions existing to-day, and swallowed in oblivion to-morrow; until it has become one of the staples of life, and looked for by all as one of the necessaries of the toilet and medicine chest.

Caution. The known popularity of the Tricopherous has occasioned many spurious article, bearing outwardly the same name and character. Ladies and gentlemen purchasing must therefore be careful to ask for Cilrehugh's Tricopherous.

Price 25 cts. 50 cts. and $1 00 per Bottle.—Family Bottles $2 00.

CLIREHUGHS INSTANTANEOUS

LIQUID HAIR DYE.

NOTWITHSTANDING all the various Hair Dyes now in use, scarcely one can be depended on for giving the required shade of color, a desideratum which Mr. Clirehugh has, with the assistance of one of the first chemists of the age, now fully overcome and established. The discovery and production of this now celebrated Hair Dye must supersede the use of every similar article. Its effects are to give to red, light brown or grey hair, any of the intermediate shades of color, down to the deepest jet, with a certainty hitherto unknown, and without doubt or disappointment, where the directions are adhered to. It leaves no stain on the skin, no soil, leaden or greenish hue, gives no dry or crisp appearance, but keeps the hair pliable, soft and glossy, retaining all its natural appearance till a re-application is necessary.

Private rooms, where Ladies and Gentlemen can have the Dye applied, or at their own residence. Price One Dollar. For sale by the Inventor and Manufacturer, W. A. Clirehugh, Principal Office, 142 Fulton Street, corner Broadway, up stairs, New York.

Sold by all Chemists, Druggists, Hair Dressers in the United States, Canada, and by appointed Agents in England, France, Russia, Brazil, West Indies and San Francisco.

GOOD NEWS! GOOD NEWS!!

Those of our readers who have not tried that valuable preparation known as DR. JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA, for the cure of the very many diseases with which mankind are afflicted, are requested to read the annexed testimonial forwarded DR. BULL a few days since, by JACOB G. FRENCH, Esq., a gentleman long connected with French's Hotel of this city, and extensively known as a man of unblemished integrity, who would not endorse any medical preparation whatever, unless thoroughly convinced of its efficacy.

French's Hotel, New York, December 6, 1854.

JOHN BULL, M.D.—Dear Sir: The immense practical benefit I have derived from the use of your *Fluid Extract of Sarsaparilla* induces me to recommend it generally to all who, like myself, have been subject to that distressing malady, *Complaint of the Kidneys*. I have found your preparation all I could desire, and regard it as one of the best remedies within my own personal knowledge. Sincerely grateful for the health I have secured through your immediate agency, I beg leave to subscribe myself,

Very respectfully, yours,
JACOB G. FRENCH.

Free American Office, New York, December 8, 1854.

DR. BULL, No. 2 Ontario Buildings, New York:—

Dear Sir: Being personally acquainted with Mr. French, I take pleasure in subscribing my corroboration in testimony of the cure effected in his case through the instrumentality of your invaluable compound. Having personally availed myself of the curative properties of your *Fluid Extract of Sarsaparilla*, particularly in the purification of the blood and the consequent anticipation of those universal disorders attendant upon the change of the season, I would cordially recommend it as a family medicine which should be instituted in every household. A remarkable instance of the influence of your remedy upon the restoration of the frame, and the all-but miraculous resuscitation of a body weakened to the last degree by the excesses of animal indulgence, occurred in the case of an eminent manufacturer in this vicinity, whose modesty, and not want of indomitable, precludes him from a publication of the detailed circumstances of his afflicting disease, which threatened to determine into a settled case of premonitory leprosy. I am assured by him, that by the use of your *Fluid Extract*, he has been completely restored to his former and correct enjoyment of unimpaired health.

Yours, sincerely,
THOMAS FICTON,
Editor of the True American, New York.

ASTONISHING AND RAPID CURE OF

SCROFULA.

We urgently request our readers to read attentively the following statement, presented to Dr. JOHN BULL, last St. John's Day, by WILLIAM A. GOLDSMITH, Esq., of this city, and solemnly sworn to before a Public Notary. It exhibits the case of a gentleman who has been afflicted by Scrofula *from his earliest infancy*. He had completely exhausted the skill of the medical faculty of New York, and was apparently a doomed man. A trial of *Dr. John Bull's Fluid Extract of Sarsaparilla* has given him health, and he now recommends to *others* that valuable and potent remedy which has saved him from a premature grave. The original affidavit, to which is affixed the Notarial Seal of Henry C. Banks, Esq., before whom the deposition was taken, can be seen at Dr. BULL'S principal office, No. 2 Courtlandt-street (Gilsey Building), Near Broadway, New York.

STATE OF NEW YORK, CITY AND COUNTY OF NEW YORK, } ss.

WILLIAM A. GOLDSMITH, being duly sworn, pursuant to law, deposes and says, that he resides in the City of New York; that he is engaged in the business of steel and copper-plate engraving;

That *Scrofulous Affections* have been hereditary in his family and peculiar; that all of the immediate relations have been more or less afflicted with it, and that he has not been free from the disease at any time since his earliest recollection; that being much bodily pain, and prevented from attendance to business, he tried many of the physicians, but found no substantial relief.

That about three months since, *Dr. John Bull's Sarsaparilla* was recommended to him as possessing some qualities which would relieve his difficulties and purify his blood;

That after using this medicine for a short time, a feeling of improvement was manifest, and from that moment to this, a gradual but steady advance has been realized, and he is now, not only entirely free from all pain, but is enabled to give his business all attention, and is enjoying better health than he ever believed was in store for him;

That he has also used the *Sarsaparilla of Dr. Bull* in his family with similar results, and believes it to be the *best* purifier of the blood that can be used, and as a general tonic medicine *without an equal*;

That he can and does, with *the most positive confidence*, recommend the use of this medicine to *all* who may be similarly afflicted.

And further this deponent saith not.

(Signed) W. A. GOLDSMITH.

HOLLOWAY'S OINTMENT

A most Astonishing Cure of Scrofulous Ulcers.—A case certified by the Mayor of Boston.

Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

To Professor Holloway.

Dear Sir,—Mrs. SARAH DIXON of Liquorpond Street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body: and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer, according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health. I remain, Dear Sir, yours truly,

An Extraordinary and Rapid Cure of Erysipelas in the Leg, after Medical Aid had Failed.

Copy of a Letter from Mrs. Elizabeth Yeates, of the Post Office, Ardwick Road, near Bognor, Sussex, dated Jan. 12th, 1853.

To Professor Holloway,

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great and I quite despaired of any permanent amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg, and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighbourhood similarly afflicted, who derived equal benefit.

I am Sir, your obliged and faithful Serv't,

A Dreadful Diseased Ancle Cured after being given up by the Faculty, at Malta, and Portsmouth Hospitals.

The following important communication has been forwarded to Professor Holloway for publication, by Mr. B. Dixon, Chemist, King-st., Norwich.

Copy of a Letter from Captain Smith, of Great Yarmouth, dated January 19th, 1853.

To Mr. Dixon,

Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's invaluable medicines:—Mr. John Walton, late in Her Majesty's Service, in the British Fleet at Malta, had a very bad ulcerated ancle, and after having been in the Malta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate for four months, there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth and was under a medical gentleman for about three months, but his ancle became so much worse that all hope was lost. At this period, by my advice, he tried Holloway's Ointment and Pills, which by unremitted application, healed all the ulcers, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly,

Surprising Cure of a Bad Breast, Nervous Debility, and general Ill Health.

Copy of a Letter from Mr. T. F. Ker, Chemist, &c., Lower Moss-lane, Manchester, dated Feb. 12th 1853.

To Professor Holloway,

Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Ointment and Pills. Mrs. Martha Bell, of Pitt-street, in this Town, had been for a considerable time labouring under nervous debility, loss of appetite, and general ill health, occasioned by a ulcerated wound in the breast. She had had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result, in fact she had nearly lost all faith and hope of a cure being effected. In this distressing and painful condition of body and mind, she was persuaded to have recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her appetite was speedily improved the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was wholly removed.

I remain, Dear Sir, yours faithfully,

(Signed) T. FORSTER KER.

The Pills should be used conjointly with the Ointment in most of the following cases:—

AYER'S

PILLS

Are curing the Sick to an extent never before known of any Medicine.

INVALIDS, READ AND JUDGE FOR YOURSELVES.

JULES HAUEL, Esq., the well known perfumer, of Chestnut Street, Philadelphia, whose choice products are found at almost every toilet, says:

"I am happy to say of your CATHARTIC PILLS, that I have found them a better family medicine, for common use, than any other within my knowledge. Many of my friends have realized marked benefits from them, and coincide with me in believing that they possess extraordinary virtues for driving out diseases and curing the sick. They are not only effectual, but safe and pleasant to be taken—qualities which must make them valued by the public, when they are known."

The venerable Chancellor WARDLAW writes from Baltimore, 15th April, 1854:

"Dr. J. C. AYER—Sir: I have taken your Pills with great benefit, for the listlessness, languor, loss of appetite, and Bilious headache, which has of late years overtaken me in the spring. A few doses of your Pills cured me. I have used your Cherry Pectoral many years in my family for coughs and colds with unfailing success. You make medicines which cure; and I feel it a pleasure to commend you for the good you have done and are doing."

JOHN F. BEATTY, Esq., Sec. of the Penn. Railroad Co., says:

"*Pa. R. R. Office, Philadelphia, Dec. 13, 1853.*

"Sir: I take pleasure in adding my testimony to the efficacy of your medicines, having derived very material benefit from the use of both your Pectoral and Cathartic Pills. I am never without them in my family, nor shall I ever consent to be, while my means will procure them."

The widely renowned S. S. STEVENS, M. D., of Wentworth, N. H., writes:

"Having used your CATHARTIC PILLS in my practice, I certify from experience that they are an invaluable purgative. In cases of disordered functions of the liver, causing headache, indigestion, costiveness, and the great variety of diseases that follow, they are a surer remedy than any other. In all cases where a purgative remedy is required, I confidently recommend these Pills to the public, as superior to any other I have ever found. They are sure in their operation, and perfectly safe—qualities which make them an invaluable article for public use. I have for many years known your *Cherry Pectoral* as the best Cough medicine in the world; and these Pills are in no wise inferior to that admirable preparation for the treatment of diseases."

"*Acton, Me., Nov. 25, 1853.*

"Dr. J. C. AYER—Dear Sir: I have been afflicted from my birth with scrofula in its worst form, and now, after twenty years' trial, and an untold of amount of suffering, have been completely cured in a few weeks by your Pills. With what feelings of rejoicing I write can only be imagined when you realize what I have suffered, and how long.

"Never until now have I been free from this loathsome disease in some shape. At times it attacked my eyes, and made me almost blind, besides the unendurable pain; at others it settled in the scalp of my head, and destroyed my hair, and has kept me partly bald all my days; sometimes it came out in my face, and kept it for months a raw sore.

"About nine weeks ago I commenced taking your Cathartic Pills, and now am entirely free from the complaint. My eyes are well, my skin is fair, and my hair has commenced a healthy growth; all of which makes me feel already a new person.

"Hoping this statement may be the means of conveying information that shall do good to others, I am, with every sentiment of gratitude, Yours, &c.,

MARIA RICKER."

"I have known the above named Maria Ricker from her childhood, and her statement is strictly true.

ANDREW J. RESERVE,
Overseer of the Portsmouth Manufacturing Co."

CAPT. JOEL PRATT, of the ship Marion, writes from Boston, 29th April, 1854:

"Your Pills have cured me from a bilious attack which arose from derangement of the Liver, which had become very serious. I had failed of any relief by my Physician, and from every remedy I could try; but a few doses of your Pills have completely restored me to health. I have given them to my children for worms, with the best effects. They were promptly cured. I recommended them to a friend for costiveness, which had troubled him for months; he told me in a few days they had cured him. You make the best medicine in the world; and I am free to say so."

Read this from the distinguished Solicitor of the Supreme Court, whose brilliant abilities have made him well known, not only in this but the neighboring States.

"*New Orleans, 5th April, 1854.*

"Sir: I have great satisfaction in assuring you that myself and family have been very much benefited by your medicines. My wife was cured, two years since, of a severe and dangerous cough, by your CHERRY PECTORAL, and since then has enjoyed perfect health. My children have several times been cured from attacks of the laryngeal Croup by it, it is an invaluable remedy for these complaints. Your CATHARTIC PILLS have entirely cured me from a dyspepsia and costiveness, which has grown upon me for some years,—indeed, this cure is much more important, from the fact that I had failed to get relief from the best Physicians which this section of the country affords, and from any of the numerous remedies I had taken.

"You seem to us, Doctor, like a providential blessing to our family, and you may well suppose we are not unmindful of it. Yours respectfully,

LEAVITT THAXTER."

"*Scioto Chamber, Ohio, April 5th, 1854.*

"Dr. J. C. AYER—Honored Sir: I have made a thorough trial of the CATHARTIC PILLS, left me by your agent, and have been cured by them of the dreadful Rheumatism under which he found me suffering. The first dose relieved me, and a few subsequent doses have entirely removed the disease. I feel in better health now than for some years before, which I attribute entirely to the effects of your CATHARTIC PILLS. Yours with great respect,

LUCIUS B. METCALFE."

Life and Death.

THE

Mysteries of Disease laid open to the People.

Health is the Principle of Life: Disease is the Principle of Death.

THE R. R. R. Remedies possess the great power to secure to the Human System Health and Long Life, and to free the Human Family from Pains, Aches, and all Bodily Infirmities.

The art of preserving Health and the method of curing disease by the R. R. R's.

Radway's Ready Relief is to be used in all cases where there is pain. The moment it is applied externally, or taken internally, it will allay the most torturing aches, pains, cramps, spasms, burns, scalds, &c., quicker than Morphine, Chloroform, Veratrine, or any other anodyne or remedy that has ever been used by medical men.

It is far than these dangerous remedies.—The public will bear in mind that Chloroform, Morphine, Opium, &c., only stills the pain by stupifying the senses, so that the perceptive faculties lose the power of feeling, and that after the influence of these narcotics have passed from the system—the pain again breaks forth with its terrible pangs, with renewed violence.

Radway's Ready Relief stops the pain and removes the cause of the disease that occasions it; it infuses new life into the weak and diseased parts. It braces up the nerves, and establishes in the system a reaction of health and strength in place of pain, weakness and disease.

As a counter irritant, Radway's Ready Relief applied to the surface of the body, where there is inflammation or congestion, it will instantly scatter the congested blood, equalizes the circulation, and in a few minutes the most excruciating pains are removed. This may be seen in cases of Lumbago, Gout, and Rheumatism, in their most terrible forms, where an application of Radway's Ready Relief will restore the patient to ease and comfort.

Crippled with Rheumatism, Arm and Leg perished—No hopes of his recovery—Timely use of R. R. R.—A wonderful Cure.

LETTER FROM ISAAC HUDDLESTONE,
Rapids Parish, La., June 10th, 1855.

Messrs Radway and Co.—Radway's Ready Relief has cured Peter May of Rheumatism when there was no hope of his ever recovering. I heard of his situation and I sent for him.—His right arm and leg were all perished. He had no use of them at all; but to the use of your medicine, in two months he was carrying the mail from Cheryville to Burr's Ferry. I offected. He said he must do something for a living. It has been fourteen months since he was cured. He is now well, and is working on his farm, and the whole cost of his cure for your medicine was five dollars.

ISAAC HUDDLESTONE.

RADWAY'S REGULATORS.

We here direct the attention of the public to our newly discovered remedy—Radway's Regulators; they possess the great curative properties of a Purgative, cathartic, aperient, sudorific, anti-dyspeptic, corrector and Regulator of the system. They are in fact the only perfect purgative or cathartic remedy that has ever been discovered or given to the world.

Radway's Regulators will answer a better purpose than Calomel or Mercury, without entailing on the system the terrible injuries of these baneful drugs.

They are in the form of Pills, elegantly coated with gum, perfectly tasteless, and can be taken without sickening or nauseating the patient. They are to be used in all cases when the system is out of order, or under the influence of disease. One or two doses of Radway's Regulators has frequently checked the progress of the most terrible diseases, and restored the system to health and regularity.

They establish new and improved principles in medicine, and secure the great and important power of regulating to a healthy, natural and harmonious action, each and every organ in the body. This great controlling power has never formed any part of the popular Cathartic, Vegetable or Indian Purgative Pills, that have ever been in use.

Radway's Regulators rid the system from disease and restore the human body to health, on an entirely different principle to the weakening, sickening and griping method of the common cathartic and purgative pills.

One or two of Radway's Regulators will remove the cause that occasions pain or sickness, or any irregular or unnatural action or condition of the organs of the body, quicker, more effectual, and with less trouble to the patient than six or ten of the common cathartic or purgative pills. The moment Radway's Regulators are taken into the system afflicted with disease, their equalizing efficacy begins; they search out the element of disease wherever it may be seated, they act upon the whole surface of the intestines and bowels, attracting the foul and morbid humors from the blood, glands, secreting vessels, and expelling these seeds of disease from the body, restoring a healthy and regular action to the Liver, Bowels, Pancreas, Heart, Kidneys, Bladder, Skin, and all other Viscera.

THE BOWELS.

All of the common pills of the day, called Vegetable, Indian, Cathartic, &c., claim Also they cure disease by purging from the bowels. This is as far as they go—they act upon the bowels by irritating the mucous membrane, and thus obtain an evacuation in the same manner as the bowels are moved by eating something that disagrees with the system. This is truly an unnatural method of restoring the system to health by swallowing pills that disagrees with and irritates it. Those who have taken these common pills are well aware of the weak and debilitated condition their systems are left in. After the scouring operation of these drastic purgatives is over, the bowels are sore and feeble, and again become costive and bound up. Hence arise dyspepsia and ta ns of diseases—Radway's Regulators never leave the bowels in a costive condition, or occasion pain or weariness in their operation.

NO. I.

Diseases and complaints caused by Exposure and Atmospherical Changes, over which Radway's Ready Relief and Radway's Regulators possess the most remarkable curative powers, and which will readily yield to the R. R. treatment.

COLDS AND FEVERS.

When the system is first seized with a sudden cold, or a fever sets in. A dose of from three to six of Radway's Regulators should be taken—this is all the medicine, at this stage of the disease, that is required, in a few hours the system will be restored to sound health. But if the cold and fever is neglected and coughs, headaches, colds, chills, pains and aches in the limbs, joints, muscles, bones, side and back, sore throat hoarseness, difficult breathing, followed by cold and fever—then Radway's Ready Relief should be applied externally, and a good dose of the Regulators taken. As soon as the Relief is applied a reaction will take place, and in a few hours the patient will be free from all pain or annoyance.

If these signs of the presence of disease in the system are unnoticed, and violent fevers break out in the form of Bilious, Typhoid, Scarlet, Ship Fever and other malignant fevers, such as Pneumonia, Lung Fever and Brain Fever, a more rigid treatment becomes necessary. The Regulators should be given every four hours, in large doses of from four to six, until free and copious discharges from the bowels are obtained. The relief applied will produce a salutary effect upon the skin, and, taken in water, will abate the fever.

If inflammations or congestions take place, Radway's Regulators and Ready Relief should be taken in large doses. A cure will quickly follow their use. In cases of Bilious or Malignant Bilious Fever, or Bilious Pneumonia, Radway's Regulators, given in full doses, and the whole surface of the body bathed with Radway's Ready Relief, will effectually and speedily cure the patient.

IF RHEUMATISM

Attacking the joints and limbs, inflicting its terrible piercing pangs of pain with merciless rapidity—changing about from joint to joint and from limb to limb, Lumbago, Neuralgia, or Gout afflicts you, Radway's Ready Relief applied to the parts where the pain is felt, will quickly relieve you from its excruciating pangs. Radway's Regulators will effectually and speedily cure the patient.
