[illegible] ERUPTIONS, STAR-BRONCHITIS, [illegible] CATARRH, and other affections of the LUNGS and CHEST, cured by INHALATION. Most and general testimony to inhalation alone will fail to cure most of these diseases, but in combination with proper general remedies, under Dr HEATH'S direction, it is highly curative in these harrowing, incurable affections. Dr. Heath is frequently applied to by persons who have felt no benefit, or been relieved by Inhalation, for to enlist by shoulder braces, nor inhaling pieces: The fact is that inhalation is only an auxiliary, and that those "Traps" are absolutely by injurious.

As a proof of the success attending Dr. Heath's combined treatment, we refer to the subjoined—also only of a large number of letters.

443 Broadway New York, Sept. 8, 1855.

Dear Doctor,—Although not indebted to you pecuniarily, I am under obligations of gratitude, which I do not expect to be able to pay for your aid in curing me of a Bronchial affection, some three years ago which had troubled me for a number of years, and which would not yield to cautic applications, surgical or washes. Notwithstanding my profession requires the almost constant use of my vocal organs, the cure is permanent.

If you think this will be of any service to yourself or the public, you will please use it in any manner to attain it. You will, no doubt, remember two or three of my friends were also cured by you.

MARCUS COLBURN.

Nervous, Chronic, Scrofulous, and affections of the Generative system, tax the constitution to such an extent to render it liable to take on Tuberculous and other Cutaneous forms of disease. Both sexes. These affected with any of these diseases can apply with a certainty of relief to Dr. Heath, No. 840 Broadway, New York, from 9 A. M. to 4 P. M., Sundays excepted. Patients at a distance may be treated or advised by letter, on stating their cases fully.

Who is Dr. Heath? For the information and satisfaction of those who purchasers do not know, we refer them to an interesting editorial which appeared in the Day New York Book two weeks since, and which has been extensively copied in the leading papers of that city. We will let others answer this question lest our readers who have not read the above named article, entitled "The Character and Men of New York—The Metropolis of North America" should complain of our neglect to publish it here.

I have known Dr. Heath for ten or twelve years, during which time he has assiduously devoted himself to the study and treatment of Chronic Diseases, Genito-urinary, Nervous and Constitutional Affections, Diseases of the Ear and Eye, but especially the growing Consumption and affections of the Chest, with flattering success.

J. K. SNELL, M. D., Green Point, Brooklyn.

Having seen numerous affidavits of cures performed by Dr. Heath, of No. 840 Broadway, we take pleasure in recommending him to the afflicted.—Advocate and Register, Rahway, N. J.

We most cheerfully recommend Dr. Heath to an enlightened public, as a professional gentleman of surpassing attainments and of eminent success in his department of practice.

LESTER GREEN, M. D., N. Y.
J. A. SMITH, M. D., N. Y.

Dr. Heath is a gentleman of high moral character and most estimable professional abilities.

GEO. PETRIE, M. D., N. Y.

The two chief characteristics in a good doctor are moral excellence and professional ability, both of which Dr. Heath possesses in an eminent degree.

Hon. A. LOOMIS, N. Y.

New York, Sept. 24, 1855.

Dr. HEATH.—Dear Sir: I have taken my pen (if hand to inform you that I am entirely free from every symptom of that alarming Consumptive Throat Disease, which I came under your medical care with, and which was so rapidly undermining my constitution. I was almost despairing of getting cured at all, until I was advised by Mr. Shaw to try you, and see if you could not relieve me.

You have not only cured me physically, but you have relieved me of excessive suspense and anxiety of mind.

Yours in gratitude.

The only Original and Genuine in the World!

Clirehugh's TRICOPHEROUS,

To Prevent and Cure Baldness and Grey Hair, restore it to its Original Color, Entirely Remove Scurf and Dandruff, and Cure all Eruptions or Roughness of the Skin.

THIS justly celebrated and widely known Compound, which for sixteen years has met with distinguished success wherever it has been introduced, is now reduced to such a low price as will enable it to be in reach of all, as it is the cheapest and the best article now in use. Its curative properties are almost miraculous. No matter how thin or weak, coarse, dry or harsh, the hair will be restored to a soft, glossy, healthy, luxurious crop, if the Tricopherous be regularly applied. Those who have been threatened with premature grey hair, have, by the Tricopherous, not only stopped its progress, but had their hair changed to its original color.

Its strengthening and stimulative qualities are unrivalled, rousing into action the nerves and blood vessels which carry nourishment, imparting health to the greatest of nature's adornments (a beautiful head of hair) to the latest period of life.

For eradicating Dandruff it is unsurpassed.—Cleansing the skin completely of every impurity, leaving the hair neither gummy nor dry, but moist, soft and silky. It is superior to oil to dress the hair, as it keeps longer moist, and does not soil the hat, or head dress.

The Tricopherous has gradually risen in favor with the public, by its own merits and not like the puffed and ephemeral compositions existing to-day, and swallowed in oblivion to-morrow, until it has become one of the staples of life, and looked for by all as one of the necessaries of the toilet and medicine chest.

Caution. The known popularity of the Tricopherous has occasioned many spurious article, bearing outwardly the same name and character. Ladies and gentlemen purchasing, must therefore be careful to ask for Clirehugh's Tricopherous.

Price 25 cts. 50 cts, and $1 per package—Family Bottle $7 00.

CLIREHUGHS INSTANTANEOUS

LIQUID HAIR DYE.

NOTWITHSTANDING all the various Hair Dyes now in use, scarcely one can be depended on for giving the required shade of color, a consideration which Mr. Clirehugh has, with his assistance of one of the first chemists of the age, now fully overcome and established. The discovery and production of this now celebrated Hair Dye must supersede the use of every similar article. Its effects are to give a rich light brown or gray hair, any of the intermediate shades of color, down to the deepest jet, with a certainty hitherto unknown, and without stain or disappointment, where the directions are adhered to. It leaves no stain on the skin, no dirty residue, or greasy look, giving on the top step appearance, but keeps the hair pliable, soft and glossy, retaining all its natural appearance till a re-application is necessary.

Private rooms, where Ladies and Gentlemen can have the Dye applied at their own residence. Price One Dollar. For sale by the Inventor and Manufacturer, W. S. Clirehugh, Principal Office, 161 Fulton Street, corner Broadway, up stairs, New-York.

Sold by all Chemists, Druggists, Hair Dressers in the [illegible] of Canada, and by appointed Agents in England, France, Russia, Brazil, West Indies and San Francisco.

GOOD NEWS! GOOD NEWS!!

Those of our readers who have not tried that valuable preparation known as DR. JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA, for the cure of the very many diseases with which mankind are afflicted, are advised to read the annexed testimonial. Forwarded to DR. BULL a few days since, by Jacob G. Farrell, a gentleman long connected with French's Hotel, of this city, and extensively known as a man of unblemished veracity, whose word is sufficient for the statement.

French's Hotel, New York, December 6, 1854.

Dr. Bull, M. D.—Dear Sir: The extremely practical benefit I have derived from the use of your Fluid Extract of Sarsaparilla induces me to recommend it urgently to all who, like myself, have been subject to that extremely painful Complaint—the Fistulas. I have found your preparation all I could desire, and regard it as one of the best remedies within my own personal knowledge. Sincerely grateful for the health I have recovered through your immediate agency, I beg leave to subscribe myself,

Very respectfully, yours,
JACOB G. FRENCH.

Wm. Tell House Office, New York, December 6, 1854.

Dr. Bull, No. 2 Court's Buildings, New York:—Dear Sir: Having personally acquainted with Mr. French, I take pleasure in appending my corroboration in testimony of the cure effected in his case through the instrumentality of your invaluable compound. Having personally availed myself of the great virtues of your Fluid Extract of Sarsaparilla, particularly in the purification of the blood and the invigoration of the system, I would cordially recommend it as a family medicine which should be maintained in every household. A remarkable instance of the influence of your remedy upon the restoration of the pulse, and the almost miraculous resuscitation of a body weakened to the last degree by the excesses of animal indulgence, occurred in the case of an entirely intemperate in this vicinity, who, from the effects of long and wasting indulgence, precludes him from a publication of the detailed circumstances of his afflicting disease, which threatened to determine into a settled case of premature decay. I am assured by him, that by the use of your Fluid Extract, he has been completely restored to his former and earnest enjoyment of unimpaired health.

Yours, sincerely,
THOMAS PICHON,
Editor of the True American, New York.

ASTONISHING AND RAPID CURE OF SCROFULA.

We urgently request our readers to read attentively the following statement presented to Dr. John Bull, 130 St. John's Lane, by WILLARD A. GOLDSMITH, Esq., of this city, and solemnly sworn to before a Public Notary, in accordance with the laws of the Union, who has been afflicted by Scrofula from his earliest infancy. He had completely exhausted the skill of the medical faculty of New York, and was apparently a doomed man. A trial of Dr. John Bull's Fluid Extract of Sarsaparilla has given him health, and he now recommends to others that valuable and potent remedy which has saved him from a premature grave. The original affidavit, to which is affixed the official Seal of Henry C. Banks, Esq., before whom the deposition was taken, can be seen at Dr. BULL'S principal office, No. 2 Courtlandt-street (Gilsey Building), near Broadway, New York.

STATE OF NEW YORK, } ss.
CITY AND COUNTY OF NEW YORK, }

WILLARD A. GOLDSMITH, being duly sworn, pursuant to law, deposes and says that he resides in the City of New York; that he is engaged in the business of steel and copper plate engraving;

That Scrofulous affections have been his lot from his infancy and hereditary; that all of his immediate relatives have been victims of which it, and that he has not been free from the disease at any time since his earliest recollection; that being in much bodily pain, and in a state of extreme distress, he tried many of the physicians, but found no essential relief.

That about three months since, Dr. John Bull's Sarsaparilla was recommended to him as possessing some [illegible] to his difficulties and poverty [illegible]

That [illegible] using this medicine for a short time, a feeling of [illegible] movement was [illegible], and from that moment [illegible] general but steady advance [illegible] been realized, and he is now, not only entirely free [illegible] disease, but is enabled to give his business all attention, enjoying better health than he ever enjoyed [illegible] before in life.

That he has [illegible] the Sarsaparilla of Dr. Bull in his family with [illegible] results, and believes it to be the best purifier of the blood that can be used [illegible] general family medicine without any equal.

That he is [illegible] with the foregoing evidence, recommend the use of this medicine to [illegible] who may be suffering [illegible] disease.

And further this deponent saith not.

HOLLOWAY'S OINTMENT

A most Astonishing Cure of Scrofulous Ulcers,—A case corroborated by the Mayor of Boston.

Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

To Professor Holloway.

Dear Sir,—Mrs. Sarah Dixon of Liquorpond Street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body: and a though the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer, according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health. I remain, Dear Sir, yours truly,

(Signed) J. NOBLE.

An Extraordinary and Rapid Cure of Erysipelas in the Leg, after Medical Aid had Failed.

Copy of a Letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated Jan. 12th, 1853.

To Professor Holloway,

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great and I quite despaired of any permanent amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg, and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighbourhood similarly afflicted, who derive equal benefit.

I am Sir, your obliged and faithful Serv't,

A Dreadful Diseased Ancle Cured after being given up by the Faculty, at Malta, and Portsmouth Hospitals.

The following important communication has been forwarded to Professor Holloway, for publication, by Mr. B. Dixon, Chemist, King-st., Norwich.

Copy of a Letter from Captain Smith, of Great Yarmouth, dated January 19th, 1853.

To Mr. Dixon,

Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's invaluable medicines:—Mr. John Walton, late in Her Majesty's Service, in the British Fleet at Malta, had a very bad ulcerated ancle, and after having been in the Malta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate for four months; there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth, and was under a medical gentleman for about three months, but his ancle became so much worse that all hope was lost. At this period, by my advice, he tried Holloway's Ointment and Pills, which by unremitted application, healed all the ulcers, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly,

(Signed) JOHN SMITH.

Surprising Cure of a Bad Breast, Nervous Debility, and general Ill Health.

Copy of a Letter from Mr. T. F. Ker, Chemist, &c., Lower Moss-lane, Manchester, dated Feb. 12th 1853.

To Professor Holloway,

Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Ointment and Pills. Mrs. Martha Bell, of Pitt street, in this Town, had been for a considerable time labouring under nervous debility, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result, in fact she had nearly lost all faith and hope of a cure being effected. In this distressing and painful condition of body and mind, she was persuaded to have recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her appetite was speedily improved, the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was wholly removed.

I remain, Dear Sir, yours faithfully,

(signed) T. FORSTER KER.

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad legs	Chilblains	Gout
Bad Breasts	Chapped hands	Glandular Swell.
Burns	Corns (Soft)	Lumbago
Bunions	Cancers	Piles
Bite of Mosquitoes and Sand-Flies	Contracted and Stiff Joints	Rheumatism
Coco-bay	Elephantiasis	Scalds
Sore-throats	Skin-diseases	Sore Nipples
Sore-heads	Tumours	Scurvy
	Wounds	Ulcers
		Yaws.

AYER'S PILLS

Are curing the Sick to an extent never before known of any Medicine.

INVALIDS, READ AND JUDGE FOR YOURSELVES.

JULES HAUEL, Esq., the well known perfumer, of Chemist Street, Philadelphia, whose choice products are found at almost every toilet, says:

"I am happy to say of your CATHARTIC PILLS, that I have found them a better family medicine, for common use, than any other with which my knowledge. Many of my friends have realized marked benefits from them, and testify with me in believing that they possess extraordinary virtues for driving out disease and curing the sick. They are not only effective, but safe and pleasant to be taken—qualities which will make them valued by the public, when they are known."

The venerable Christian WARDLAW writes from Ballymena, 15th April, 1854:

"Dr. J. C. AYER—Sir: I have taken your Pills with great benefit, for the dizziness, languor, loss of appetite, and bilious headache, which has of late years overtaken me in the spring. A few doses of your Pills cured me. I have used your Cherry Pectoral many years in my family for coughs and colds with exhilling success. You make medicines which cure and I feel it a pleasure to commend you for the good you have done and are doing."

JOHN F. BEATTY, Esq., Sec. of the Penn. Railroad Co., says:

"Pa. R. R. Sec., Philadelphia, Dec. 13, 1853.

"Sir: I take pleasure in adding my testimony to the efficacy of your medicines, having derived very material benefit from the use of both your Pectoral and Cathartic Pills. I am never without them in my family, nor shall I ever consent to be, while my means will procure them."

The widely renowned DR. STEVENS, M. D., of Westworth, N. H., writes:

"Having tried your CATHARTIC PILLS in my practice, I cordially from experience that they are an invaluable purgative. In cases of disordered functions of the liver, causing headache, indigestion, costiveness, and the great variety of diseases that follow, they are a sure remedy than any other. In all cases where purgative remedy is required, I confidently recommend these Pills to the public, as superior to any other I have ever found. They are sure in their operation, and mildly safe—qualities which make them an invaluable article for public use. I have for many years known your Cherry Pectoral as the best Cough medicine in the world; and these Pills are in no wise inferior to that admirable preparation for the treatment of diseases."

Rose, Mr., Nov. 25, 1853.

"Dr. J. C. AYER—Dear Sir: I have been afflicted from my birth with scrofula in almost form, and now, after twenty years' trial, and an untold amount of suffering, have been completely cured in a few weeks by your Pills. With what feelings of rejoicing I write can only be imagined when you realize what I have suffered, and how long.

"Never until now have I been free from this pestiferous disease in some shape. At times it attacked my eyes, and kept me almost blind; at others the intolerable pain; at times it settled in the scalp of my head, and destroyed my hair, and has kept me partly bald all my days; sometimes it came out in my face, and kept it for months a raw sore.

"About nine weeks ago I commenced taking your Cathartic Pills, and now am entirely free from the complaint. My eyes are well, my skin is fair, and my hair has commenced a healthy growth, all of which makes me feel slightly a new person.

"Hoping this successful may be the means of conveying information that shall do good another, I am, with every sentiment of gratitude, Yours, &c.,

MARIA RICKER."

"I have known the above named Maria Ricker from her childhood, and her statement is strictly true.

ANDREW J. MESERVE,
President of the Somerset Manufacturing Co."

CAPT. EL. PEATT, of the ship Marion, writes from Boston, 20th April, 1854:

"Your Pills have cured me from a bilious attack which arose from derangement of the Liver, which had become very serious. I had failed of any relief by my Physician, and from every remedy I could try, but a few doses of your Pills have completely restored me to health. I have given them to my children with the best effect. They were promptly cured. I recommended them to a friend for rheumatism, which had troubled him for months; he said one in a few days they had cured him. You make the best medicine in the world; and I am free to say so."

Read this from the distinguished Soldier of the Supreme Court, whose brilliant abilities have made him well known, not only in this but the neighboring States.

"New Orleans, 5th April, 1854.

"Sir: I have great satisfaction in bearing testimony that myself and family have been very benefitted by your medicines. Myrtle was cured, two years since, of a severe and dangerous cough, by your CHERRY PECTORAL, and since then she enjoyed perfect health. My children have several times been cured from attacks of the Influenza and Croup by R. R. R. an invaluable remedy for these complaints. Your CATHARTIC PILLS have entirely cured me from a dyspeptic and costive complaint, which has grown upon me for some years—indeed, this cure is much more important, from the fact that I had failed to get relief from the best Physicians which this section of the country affords, and from any of the numerous remedies I had taken.

"You seem to be Doctor, like a providential blessing to our family, and you may well believe we are not unmindful of it. Yours respectfully,

LEAVITT THAXTER."

"Sand Creek, Ohio, April 5th, 1854.

"Dr. J. C. AYER—Honored Sir: I have made a thorough trial of the CATHARTIC PILLS, left me by your agent, and have been cured by them of the dreadful Rheumatism under which he found me suffering. The first dose relieved me, and a few subsequent doses have entirely removed the disease. I feel a better man than for some years before, which I attribute entirely to the effects of your Cathartic Pills. Yours with great respect,

LUCIUS S. METCALF."

Life and Death.

THE

Mysteries of Disease laid open to the People.

Health is the Principle of Life: Disease is the Principle of Death.

THE R. R. R. Remedies possess the great power to secure to the Human System Health and Long Life, and to free the Human Family from Pains, Aches, and all Bodily Infirmities.

The art of preserving Health and the method of curing disease by the R. R. R.'s.

Radway's Ready Relief is to be used in all cases where there is pain. The moment it is applied externally, or taken internally, it will allay the most torturing aches, pains, cramps, spasms, burns, scalds, &c., quicker than Morphine, Chloroform, Vetatrine, or any other anodyne or remedy that has ever been used by medical men.

It is far than these dangerous remedies.—The public will bear in mind that Chloroform, Morphine, Opium, &c., only stifle the pain by stupifying the senses, so that the perceptive faculties lose the power of feeling; and that after the influence of these narcotics have passed from the system—the pain again breaks forth with its terrible pangs, with renewed violence.

Radway's Ready Relief stops the pain and removes the cause of the disease that occasions it; it infuses new life into the weak and diseased parts. It braces up the nerves and establishes in the system a reaction of health and strength in place of pain, weakness and disease.

As a counter irritant, Radway's Ready Relief applied to the surface of the body, where there is inflammation or congestion, it will instantly scatter the congested blood, equalize the circulation, and in a few minutes the most excruciating pains are removed. This may be seen in cases of Lumbago, Gout, and Rheumatism, in their most terrible forms, where an application of Radway's Ready Relief will secure the patient in ease and comfort.

Crippled with Rheumatism, Arm and Leg paralyzed—No hopes of his recovery—Timely use of R. R. R.—A wonderful Cure.

LETTER FROM ISAIC RUTHLESSTONE.

Rapids Parish, La., June 10th, 1855.

Messrs Radway and Co.—Radway's Ready Relief has cured Peter May of Rheumatism, when there was no hope of his ever recovering. I heard of his situation and I sent for him. His right arm and leg were all perished. He had no use of them at all; but to the use of your medicine, in two months he was carrying the mail from Cheeryville to Burr's Ferry, objected. He said he must do something for a living. It has been fourteen months since he was cured. He is now well, and is working his farm, and the whole cost of his cure for your medicine was five dollars.

RADWAY'S REGULATORS.

We here direct the attention of the public to our newly discovered remedy—Radway's Regulators; they possess the great curative properties of a Purgative, cathartic, aperient, aubortic, anti-dyspeptic, corrector and Regulator of the system. They are in fact the only perfect purgative or cathartic remedy that has ever been discovered or given to the world.

Radway's Regulators will answer a better purpose than Calomel or Mercury, without entailing on the system the terrible injuries of those baneful drugs.

They are in the form of Pills, elegantly coated with gum, perfectly tasteless, and can be taken without sickening or nauseating the patient. They are to be used in all cases when the system is out of order, or under the influence of disease. One or two doses of Radway's Regulators has frequently checked the progress of the most terrible diseases, and restored the system to health and regularity.

They establish new and improved principles in medicine, and secure the great and important power of regulating to a healthy, natural and harmonious action, each and every organ in the body. This great controlling power has never formed any part of the popular Cathartic, Vegetable or Indian Purgative Pills, that have ever been in use.

Radway's Regulators rid the system from disease and restore the human body to health, on an entirely different principle to the weakening, sickening and griping method of the common cathartic and purgative pills.

One or two of Radway's Regulators will remove the cause that occasions pain or sickness, or any irregular or unnatural action or condition of the organs of the body, quicker, more effectual, and with less trouble to the patient than six or ten of the common cathartic or purgative pills. The moment Radway's Regulators are taken into the system officit with disease, their equalizing efficacy begins; they search out the element of disease wherever it may be seated, they act upon the whole surface of the intestines and bowels, attracting the foul and morbid humors from the blood, glands, secreting vessels, and expelling these seeds of disease from the body, restoring a healthy and regular action to the Liver, Bowels, Pancreas, Heart, Kidneys, Bladder, Skin, and all other Viscera.

THE BOWELS.

All of the common pills of the day, called Vegetable, Indian, Cathartic, &c., claim that they cure disease by purging from the bowels. This is as far as they go—they act upon the bowels by irritating the mucous membrane, and thus obtain an evacuation in the same manner as the bowels are moved by eating something that disagrees with the system. This is truly an unnatural method of restoring the system to health by swallowing pills that disagrees with and irritates it. Those who have taken these common pills are well aware of the weak and debilitated condition their systems are left in. After the scouring operation of these drastic purgatives is over, the bowels are sore and feeble, and again become costive and bound up, thence arise dyspepsia and a host of diseases.—Radway's Regulators never leave the bowels in a costive condition, or occasion pain or weariness in their operation.

NO. I.

Diseases and complaints caused by Exposure and Atmospherical Changes, over which Radway's Ready Relief and Radway's Regulators possess the most remarkable curative powers, and which will readily yield to the R. R. treatment.

COLDS AND FEVERS.

When the system is first seized with a sudden cold, or a fever sets in. A dose of from three to six of Radway's Regulators should be taken—this is all the medicine, at this stage of the disease, that is required, in a few hours the system will be restored to sound health. But if the cold and fever is neglected and coughs, headaches, colds, chills, pains and aches in the limbs, joints, muscles, bones, side and back, sore throat, hoarseness, difficult breathing, follows the cold and fever—then Radway's Ready Relief should be applied externally, and a good dose of the Regulators taken. As soon as the Relief is applied a reaction will take place, and in a few hours the patient will be free from all pain or annoyance.

If these signs of the presence of disease in the system are unnoticed, and violent fevers break out in the form of Bilious, Typhoid, Scarlet, Ship Fever and other malignant fevers, such as Pneumonia, Lung Fever and Brain Fever, a more rigid treatment becomes necessary. The Regulators should be given every four hours, in large doses of from four to six, until free and copious discharges from the bowels are obtained. The relief applied will produce a salutary effect upon the skin, and, taken in water, will abate the fever.

If inflammations or congestions take place, Radway's Regulators and Ready Relief should be taken in large doses. A cure will quickly follow their use. In cases of Bilious or Malignant Bilious Fever, or Bilious Pneumonia, Radway's Regulators, given in full doses, and the whole surface of the body bathed with Radway's Ready Relief, will effectually and speedily cure the patient.

RHEUMATISM.

Attacking the joints and limbs, inflicting its terrible piercing pangs of pain with merciless rapidity—changing about from joint to joint and from limb to limb to limb, Lumbago, Neuralgia, or Gout afflicts you, Radway's Ready Relief applied to the parts where the pain is felt, will quickly relieve you from its excruciating pangs. Radway's Regulators will
