1906

W. H. WILLSON
LEADING FUNERAL DIRECTOR AND EMBALMER
GEORGETOWN, - ONTARIO.

BORN

McCullough—In Georgetown on Sunday, Oct. 21st 1906, to Mr. and Mrs. Wm. McCullough, a son.

Hunsley—At Georgetown on Thursday, Oct. 18, 1906, to Mr. and Mrs. Oscar Hunsley, a daughter.

MARRIED.

Barton—McCullough—At the residence of the bride's parents, Georgetown, on Wednesday, Oct. 17th, 1906, by Dr. [illegible] ... to Miss Lillie McCullough, eldest daughter of Hon. McCullough.

The Georgetown Herald

WEDNESDAY EVE'G, OCT. 31, 1906

A case of peculiar interest to all municipalities operating electric plants was settled at the assizes at Stratford on Friday. T. G. Burns, of Palmerston, was killed last December from an electric shock received from alleged defective wiring in his street [illegible] ... and family sued the town of Palmerston for $10,000 damages. The plaintiffs allege negligence on the part of the town in having the wires in such a condition as to cause the accident. The wires were at the time weighted down with ice from a sleet and rain storm shortly before. After being out [illegible] about three hours, the jury came in answering nearly every question which the judge had put to them in favor of the plaintiff and favoring the granting of $5,000 to Mrs. Burns and her children. This was allowed.

Think of It.

Did you ever realize how thankful you should be that you are living? When you pick up a daily paper and read the glaring headlines about the number of people killed in railway wrecks, cyclones, mine disasters and earthquakes, it makes you feel like looking in the looking glass to see if you are still here yourself. You look at the picture of a man in the paper. Once that man was esteemed and respected by all who knew him. Now you read underneath his photo, "Mr. —— arrested for stealing a million dollars from a bank." Did you ever think of it and thank God that that picture did not resemble you and that you were still out of the clutches of the law and making an honest living, although possibly your income may not be great. Think of the poor fellow who has still much less than you have and yet he is happy. If you would only appreciate what you have and not be lamenting about things you have not, you would feel better, the other fellow would feel better, and altogether everything would run along much more smoothly; the smile would take the place of the frown and it would be a great deal more pleasant for us all. Just look up the map and you can find a place where there are no earthquakes, no cyclones, no mine disasters, and only an occasional railway smash. That place is home; the dearest spot on earth to us all, where we get three meals a day, a bed to sleep on at night and plenty of pure air. It is called Georgetown, and we should all try and make it a better, brighter and happier place by our presence.

Rev. Mr. Willoughby, of Ringwood occupied the Congregational pulpit again last Sunday. He preached two eloquent sermons which were thoroughly enjoyed by all who had the pleasure of hearing them. Mr. Willoughby will preach again next Sunday morning, his subject being "The Triumph of Love." There will be no service in the evening owing to the Presbyterian anniversary.

The Methodists and Baptists held union services last Sunday. Rev. H. A. Cook was the preacher.

Thanksgiving service was held in the Methodist church last Thursday morning. There was a fairly good audience representing all the churches in town. Rev. R. F. Cameron preached a practical sermon on the subject of "Tithing." An offering was taken to be devoted to charity.

Quarterly meeting will be held in the Methodist church next Sunday, beginning at 10 o'clock, and will be led by Messrs. Williams and Brownridge, after which sermon and sacrament of the Lord's Supper. There will be no service in the evening on account of the Presbyterian anniversary.

There will be no service in the Baptist church next Sunday morning on account of the anniversary in the Presbyterian church. Service in the evening as usual.

THANKSGIVING DAY AT GUELPH.

The Guelph annual long distance running races were held on Thanksgiving day this year as usual, under the auspices of the Guelph Cross County Road Race Association. Six fast events were run off which were among the most successful that the association has ever held. The interest shown by the general public was as great as usual, and the number of runners entered in each event was superabundantly large. Competition was keen and had the weather been a little brisker, records would have been smashed in the most wholesale style. As it was the time in each event came very close to last year, while in the five mile open, a new record of 25 minutes 12 seconds was made by a Guelph boy, Mr. F. Meadows.

Hamilton and Toronto each sent many competitors but the husky Torontonians probably carried off most of the prizes.

The official records of this year and last year are as follows:

	Last year	This year
15 mile run	1.27.44	1.29.00
10 mile walk	1.22.37	1.22.50
10 mile country run	1.19.10	1.19.30
5 mile factory run	27.40	27.53
5 mile open run ..	26.21	25.12
2 mile boys run ..	12.41	11.44

Steel Knife in the Flesh.

That's the sensation experienced by Robert Price of Hecton, Ont. He knew it was sciatica and of course used "Nerviline." As usual it cured and he says: "No liniment can excel Polson's Nerviline. Severe pains made my side lame. It was like a steel knife running through the flesh. I rubbed in lots of Nerviline and was completely cured." A regular snap for Nerviline to ease Sciatica and rheumatism. It sinks into the core of the pain, cures it in short order. Large 25c bottles at all dealers.

The Wheat Movement.

Thirty Million Bushels Already Marketed.

Winnipeg, Oct. 23.—Up to the time of the close of business at the end of last week there had been delivered at the railway tracks of the Canadian Pacific and Canadian Northern Railways the large total of 30,000,000 bushels of wheat. The total amount received during the same period last year was about 22,000,000 bushels, the excess of the present season over that of 1905 being 8,000,000 [illegible] million bushels.

Of the wheat received 22,972,000 bushels were delivered at points on the Canadian Pacific and 7,168,000 at points on the Canadian Northern Railways.

Receipts of Saturday at points along the lines of the Canadian Pacific Railway were 412,000 bushels. Of this amount 371,000 bushels were wheat and 41,000 bushels other grains. On the corresponding day last year the receipts of wheat were 508,000 bushels and of other grains 50,000 bushels. Total wheat receipts for the season along the lines of the Canadian Pacific Railway amount to 22,972,000 bushels of wheat and 1,800,000 bushels of other grains, as compared with 16,000,000 bushels of wheat and 630,000 bushels of other grains in the corresponding period of last season. Receipts at points along the lines of the Canadian Northern Railway amount to 7,168,483 bushels, as compared with 4,587,000 bushels in the corresponding period of last year. In the statistics furnished by the Canadian Northern Railway wheat and other grains are not estimated separately, the receipts being almost altogether wheat.

BETTER PRICES FOR APPLES.

Prof. Hutt Suggests How They May be Obtained.

The following is from Prof. Hutt of the Ontario Agricultural College.

In commercial orcharding, the business end of the enterprise, that of marketing the crop to the best advantage, is second only in importance to that of producing fruit of the best quality.

It is in this particular that there is the greatest need for improvement at the present time. There are hundreds of apple growers who can grow first class fruit to every one who can place it on the market when and where it will bring the price. The growers who make the most out of their apples are those who keep in touch with the best markets at home and abroad. During the shipping season these men watch the market reports daily and unless prices are satisfactory they hold their fruit until good prices prevail. The great majority, however, of those who have apples to sell wait for some buyer to come along and sell for whatever he chooses to offer, usually from fifty cents to a dollar a barrel, or a lump sum for the crop on the trees. The latter plan is nothing less than gambling in apples, and in either case the grower seldom gets one-half what his fruit is really worth, if it were properly handled.

The remedy for this state of affairs, and what is going to put the apple trade on a better business basis, is for the growers in each apple growing section to unite and form a co-operative association through which the grading, packing and marketing of the fruit may be accomplished. [illegible] associations have been formed in various parts of the Province and the prices obtained by some of them for last year's apples have made the growers enthusiastic over this method of handling the crop.

An effective co-operative association for this purpose involves the selection of an honest, wide-awake business manager, and the erection of a central packing and storage house at the most convenient point for shipment. Through such an organization, boxes and barrels can be purchased wholesale to better advantage than they can be obtained by single individuals; the grower can devote his whole attention to gathering the crop at the proper season and delivering it in good condition at the central packing house; the association relieves him of all care and responsibility in grading, packing, and marketing; and with this work in the hands of expert packers, the grade of fruit can be made uniform, and the packing can be done properly, which, in time, inspires confidence in the purchasing public. In short, the co-operative system of handling the apple crop, under proper management, assures the consumer of a better product, and realizes to the grower a greater profit.

A SAD ACCIDENT.

Harry Raybone Accidently Shoots Himself at Paris.

Last Thursday afternoon while Harry Raybone of Paris, formerly of Glenwilliams, was cleaning a revolver, the weapon was accidently discharged and the bullet pierced his heart, killing him instantly. Harry Raybone was a native of Birmingham, England, and had worked in Glenwilliams for the past year and a half, where he was highly respected by all who knew him. He was 24 years of age and was married on Sept. 4th last to Miss Mary Christie of the Glen. About three weeks ago he left for Paris where he had secured a good situation. Mrs. Raybone had been in Paris only a week when the sad accident occurred. The funeral took place on Saturday last to Paris cemetery. Deceased was a member of Glen Lodge Canadian Foresters and Mr. Fred Beaumont, as representative of the lodge, attended the funeral. The sympathy of the entire community is extended to Mrs. Raybone in her sad bereavement.

BALLINAFAD.

Anniversary services will be held in the Presbyterian church next Sunday.

Our merchant Mr. Betts is doing a big business in his general store these days.

Mr. Joseph Shortill, who has been in Brandon for the past three years, was married last Wednesday, Oct. 17th, to a western lady.

The farmers in this locality are busy harvesting their apples.

Quite a number of our citizens took in Erin fair last Friday. Mostly all remained for the concert in the evening and report a good entertainment.

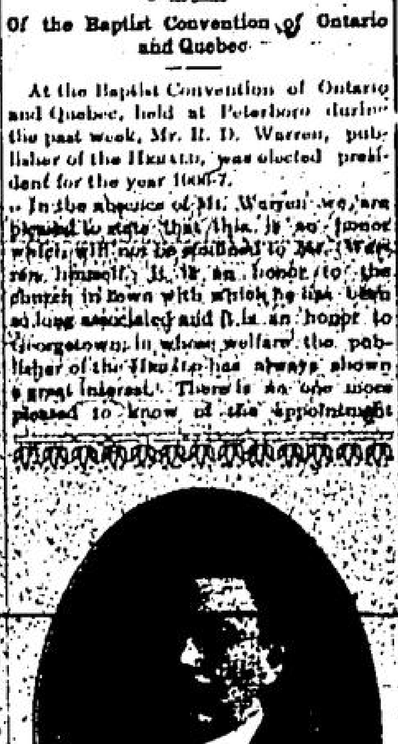
Mr. Angus Campbell has returned after spending a couple of months in the North West. He liked the county fine and intends returning in the spring.

Publisher Herald Elected President.

Of the Baptist Convention of Ontario and Quebec

At the Baptist Convention of Ontario and Quebec, held at Peterboro during the past week, Mr. R. D. Warren, publisher of the HERALD, was elected president for the year 1906-7.

In the absence of Mr. Warren we are pleased to state that this is an honor which will not be confined to Mr. Warren himself. It is an honor to the church in town with which he has been so long associated and it is an honor to Georgetown in whose welfare the publisher of the HERALD has always shown a great interest. There is no one more pleased to know of the appointment than the HERALD staff who join in extending congratulations, and as a token of esteem have had the engraver make the above picture of Mr. Warren for insertion in the HERALD.



R. D. WARREN.
President of the Baptist Convention of Ontario and Quebec.

The other officers are Rev. W. H. Walker, London, 1st Vice-President; Rev. Dr. Therrien of Montreal, 2nd Vice-President; Rev. P. K. Dayfoot of Simcoe, an old Georgetown boy, elected Secretary.

"A Tug of War."

One of those delightful and interesting pictures that brings sunshine to one's home is entitled "A Tug of War," and has been selected by the Family Herald and Weekly Star of Montreal as their annual gift to subscribers this season. It is a beautiful gravure, 22x29 inches, on the best plate paper. It certainly is a gem worthy of the best place on the walls of any home. When one sees the picture and learns that it is given absolutely free to all who subscribe to that great family weekly there is no longer cause to wonder why the Family Herald and Weekly Star has five times the number of readers of any other weekly in the country. Any person remitting one dollar for a year's subscription to the Family Herald and Weekly Star of Montreal will get the picture free, and from [illegible] you can see "A Tug of War" is a high class production and would command a high price if sold in the stores, but it is reserved for Family Herald subscribers.

STEWARTTOWN.

Splendid fall weather.

Erin must have her show on a wet or rough day otherwise the crowd would not be accommodated.

The Misses Uren returned to Ingersoll after spending holidays with their sister Mrs. J. A. Tracy.

Miss Bessie Steele of Fergus and Miss French of Brampton spent Saturday with Mrs. D. Lawson.

Mrs. B. Hill of Clinton spent Thanksgiving holidays in our village.

Mrs. Jno. McCloskery spent a holiday at Mono Road and Durham.

Mr. M. Stonehouse paid a visit to his sister-in-law, Mrs. McCloskery.

Mr. Mitchell is reported as improving in health. We are glad to report same as Mr. Mitchell has his hands full always.

Mr. and Mrs. Jas. Thompson of Toronto spent the holiday at Geo. B's.

Mrs. Duff of Buffalo spent a few days with Mrs. H. Graham.

Confirmation classes are being held in St. John's church. Special service last Sunday evening, after church.

As previously announced the Woman's Auxiliary will give a social in the hall on Friday night. Don't all come, as the building is only four storey, but some come and "help to help" some of your friends in far-off lands who perhaps are in need of the warm clothing the W. A. are kind enough to make for them.

Monday evening last a little girl arrival at the home of Mr. and Mrs. Alex. Hume. Congratulations to all, not forgetting Grandpa Hood.

SAVED THE LIFE OF COLUMBUS.

When Christopher Columbus was in Jamaica he would have died but for the herbal medicines the natives brought him. There is no doubt that aboriginal tribes know more of the medicinal virtues of herbs and roots than is sometimes conceded. When Captain Cook discovered Australia he was amazed by the freedom from disease which the natives enjoyed, in consequence of using certain roots and herbs as medicines. It was in this country that the herbal remedy Bileans was first produced. Their use spread as their value was made more known, till to-day all over the globe Bileans are a household remedy.

Miss E. Reed, of Kingston (Ont.) says: "I suffered terribly with acute indigestion all last winter. Pain followed all food, with wind spasms, rifting, etc. My sleep at night was fitful and broken and my strength failed. Bileans were introduced to me, and I found relief from their use within a very short time. They have now cured me." Bileans cure constipation without causing griping, cure piles, biliousness, indigestion, sick headache, and give strength and energy to run-down systems. All druggists sell at fifty cents a box, or post free from the Bilean Co., Toronto, on receipt of price.

PRESENTATION TO MR. KAY.

By His Employer and Fellow Workmen.

A pleasant event took place at Creelman Bros' Knitting Machine Works on Saturday when Mr. Adam Kay sr., who has been a faithful and trusted employee of the firm for the past twenty-five years, was presented by his employer and fellow workmen with a handsome easy chair and the following address:

Mr. Adam Kay Sr.,

Dear Mr. Kay,—Associates: We, your fellow-workmen, having become aware of the fact that you had decided to sever your connection as employee of Messrs. Creelman Bros. with whom you have been associated for so many years desire to show our sympathy and appreciation of your long service, both as foreman and associate workman. We, therefore, would ask you to accept this easy chair as a slight token of our continued esteem and interest in your welfare. We would also ask you to reserve a warm spot in your heart for the boys with whom you have been working so long. Wishing you every success in your new venture, and hoping you may be spared many years to enjoy prosperity, good health and happiness,

Sincerely yours,
J. M. MERRYDAY,
on behalf of Staff and Proprietor.

The address was read by M. Merryday and the presentation made by Mr. E. Benham.

Mr. Kay made a suitable reply, thanking all concerned for their gift and kind words.

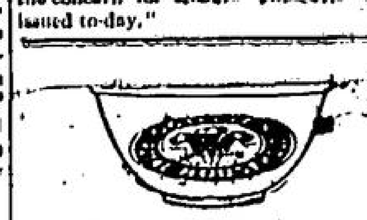
Mr. Creelman also spoke a few words, and while he felt sorry to lose the services of so old and trusted an employee, he wished Mr. Kay long life and happiness and every success in his new venture.

BABY'S GOOD DAYS.

One of baby's good days means that your child is thriving and well. Baby's Own Tablets brings all good days into your child's life, for they make little ones well, and keep them well. Mrs. Jos. Verland, St. Tite des Caps, Que., says:—"Since giving my little one Baby's Own Tablets she has been in splendid health, is growing plumper every day and has beautiful rosy cheeks." These Tablets cure indigestion, colic, constipation, simple fevers, teething troubles, and all the minor ailments of little ones. They do not contain one particle of the poisonous opiates found in all soothing medicines and most liquid preparations. The Tablets can be given with absolute safety to the babe just born, as well as the child of advanced years. Sold by all medicine dealers or sent by mail at 25 cents a box by writing The Dr. Williams Medicine Co., Brockville, Ont.

MORE BANK TROUBLES.

Toronto, Oct. 23—Eleven subscribers of the Farmers' Bank of Canada, one of the newest financial enterprises, have begun an action asking that the court set aside their subscriptions to stock on the ground that they were secured under false pretences. The court is asked to appoint a receiver for monies paid into the concern for stock. The writ was issued to-day."



Only part of the wheat berry is fit for food. Yet much that isn't often gets into flour. You cannot see it or taste it, but it's there. It is simply a case of the miller getting more flour from his wheat and your getting less nourishment.

Royal Household Flour

is so milled that nothing goes into it except the part of the wheat that is food. You get just what you pay for—the best and purest flour made. It goes farther because it is all flour. Your grocer can supply you.

Read The HERALD

A FOOD AND A TONIC

What the leading Medical Journal of the world has to say about FERROL.

After making a thorough test of FERROL in its own laboratory the London (England) *Lancet* published an article from which the following is taken:

FERROL

"This is a successful combination of the well-known valuable remedies, Cod Liver Oil, Iron and Phosphorus. The formula is not secret, and our analysis showed the presence and amount of constituents as described. The preparation is a good one and of distinct therapeutic value. The association of an easily assimilable oil in a fine state of division, with a phosphatic salt of iron which does not disturb the digestive functions and which is easily tolerated, determines its success as a food and tonic in wasting diseases."

What the London *Lancet* recommends as a food and a tonic in all wasting diseases must have very special qualities.

No higher endorsation is possible. The results following the use of FERROL for the past ten years have proved that this endorsation is well deserved.

FERROL is not a patent mystery. The formula is freely published. It is prescribed by the best Physicians. It is endorsed by the most eminent Medical Journals. It is used in prominent Hospitals, Sanitariums, etc.
