The Great Problem.

OF SUCCESS IN LIFE confronts every young man and woman. How to be successful, how to make money, how to gain business and social success, are the serious problems our young people have to solve.

THOROUGH BUSINESS TRAINING constitutes the one way. Good paying positions are open to every graduate of the Guelph Business College. Young men and women have in our diploma a guarantee of proficiency that business firms and employers everywhere recognize.

ALL BUSINESS COLLEGES are not alike. The men at the head are not alike in temperament, education, experience, or professional standing. The College whose graduates are most sought after by thinking, responsible employers, is good enough for you to patronize.

Erin Fair.

The World's Fair was this year up against perhaps the most adverse circumstances against which its directorate has ever had to contend. Held on Thursday and Friday, the fine weather of the first day brought perhaps the largest number of entries in the indoor classes in the history of the show. But Friday morning opened with a downpour of rain that had continued all through the night, and the order of hundreds of life long attendants and supporters of the fair was sufficiently dampened to keep them from going. The programme was carried out as per schedule, however, under the direction of President A. J. Lindsay, Vice-President Alex. McKinnon and Secretary Peter McGill. Quite a number from Georgetown took in the fair as usual and report a good time.

Epworth League.

A pleasant evening was spent by the young people of the Methodist church on Monday evening. A good program was rendered and was heartily enjoyed by all, after which refreshments, consisting of coffee and cake, were served. All those who were present pronounced it one of the most pleasant occasions yet held.

The New Livery Here.

It is a question if there is at the present time a finer livery barn in western Ontario than that just about completed by Reeve Willoughby. It is built entirely of stone and has a private and private office. The equipment of the stable is the most up-to-date and there is room for any number of horses and vehicles.

Thanksgiving Thieves.

Early on Thanksgiving morning some party or parties, who were unable to get a turkey for their annual Thanksgiving dinner, broke into the hen house of Mr. Wm. Munn, Guelph street east, and removed fourteen of his finest chickens. It is supposed that it was the same parties who took away a wagon load of Bert Heartwell's cabbage as they disappeared the same morning. Detective Coleman has the case in hand and we would advise any one who has more chickens and cabbage around his premises than he can readily account for, to dispose of them at once.

Acton Wedding.

A quiet but very pretty wedding took place at St. Joseph's church, Acton, on Monday, when Mr. P. J. Gibbons, son of Peter Gibbons, Esq., lot 17, con. 9, Esquesing, was joined in holy wedlock with Miss Agnes Mallon, daughter of the late Rodger Mallon of Shiloh. Rev. Father Feeny performed the ceremony and at the conclusion of the sacred rites wished the bridal pair rich blessings for all their future life. The bride looked handsome indeed as she was given away by her brother, Mr. John Mallon of Toronto. The bridesmaid was Miss Jennie Dunn of Acton. The groom was assisted by his brother, Mr. John Gibbons. After the service the party drove to the home of the groom's parents where a sumptuous wedding breakfast awaited them, and where they received the congratulations of many friends.—Free Press.

An October Wedding.

The home of Mr. Robert McCullough, Main st. north, was the scene of a quiet but pretty wedding on Wednesday last, when the eldest daughter of the home, Miss Lillie, became the wife of Dr. R. J. Norton of Owen Sound. The ceremony was performed at 5 o'clock by Rev. R. F. Cameron. The bride was unattended and wore a gown of white taffeta chiffon over cream, trimmed with Irish baby lace. Only immediate friends and relatives were present from Toronto, Owen Sound, Thamesford and Georgetown. After partaking of a sumptuous wedding dinner the happy couple left on 6.30 train for Buffalo amid showers of rice and good wishes. The bride's travelling suit was of blue broadcloth with hat to match. The wedding presents were numerous and very pretty. On their return from their wedding tour Dr. and Mrs. Norton will reside in Owen Sound.

Why Stay Rheumatic?

NOTHING SHORT OF FOLLY WHEN CURE IS GUARANTEED WITH FERROZONE.

Rheumatism can't be cured so long as your system is weak and run down.

You must first build up and get strength to fight off the disease.

Ferrozone cures because it builds up, because it renews the blood and dissolves the Uric Acid and the poisons that cause rheumatism.

It is proved right here that Ferrozone does cure. Col. H. M. Ross, of Edwards, St. Lawrence Co., one of the fine old heroes of the Civil War, was completely restored by Ferrozone. Read his statement:

"I couldn't go around without a cane, and then only with difficulty.

"Rheumatism took complete control of my limbs.

"The suffering was more intense than hardships on the battlefield.

"When my doctor had done his best I got Ferrozone.

"Then came a quick change.

"Ferrozone gave me comfort at once, eased the pain and took the stiffness out of my muscles.

"I am well to-day. Ferrozone cured me completely. I can jump and run like I did forty years ago."

Be sensible about your case. If your present medicine is useless give it up.

Don't experiment again. Ferrozone is known on all sides to be a cure that does cure. Why not get a supply to-day. The sooner you begin Ferrozone the quicker you'll get well. Price 50c per box or six for $2.50, at all dealers.

AMPUTATION AVOIDED.

Zam-Buk Cures Extraordinary Case of Chronic Ulcer.

Kingston Lady Cured After Having Bad Leg For Five Years.

A powerful example of the healing virtue of Zam Buk is provided by the case of Mrs. Lizzie Gilmour, who resides with Mrs. Watkin in Princess Street, Kingston, (Ont.): "Five years ago," she says, "I bruised my left leg just above the ankle, causing an ulcer which developed into very serious wound. There was soon an ulcerated sore around my limb like a bracelet. The foot and ankle were swollen to nearly three times the normal size, and I had to give up wearing a shoe. The pain was terrible. I had medical attendance, and was also treated by a New York doctor, but I got no ease. Then I went into a hospital and was there for nine long months. While there it was at one time thought advisable to amputate the limb, but this was not done, and at the end of 9 months I left the Hospital. Soon afterwards the ulcer was as bad as ever, and as I thought of all the pain and suffering I had gone through I felt absolutely discouraged.

At this stage I read in the newspaper about Zam-Buk. I determined to make one more attempt to get a cure. The first few applications brought me the only relief from agony I had had for a long time. The swelling went down as I persevered with the Zam-Buk treatment and the ulcer took on a cleaner and more healthy appearance. All the poisonous matter was cleaned out by the balm, and the ulcer then began to heal. Now pink flesh has now grown where before was a raw and inflamed sore. Eight boxes of Zam-Buk have done the work for I can now walk about, and go up and down stairs, and I cannot feel too grateful for what Zam-Buk has done for me. I deem it my duty to let others who suffer as I have suffered know of this excellent preparation."

Zam-Buk cures eczema, abscesses, ringworm, scalp sores, and all skin diseases by a process of clearing out the poisonous secretions and building up new healthy tissue. It is also a cure for cuts, burns, bruises, sore feet, chafing sores, chapped hands, etc. It stops bleeding, eases the itching and smarting of piles, and in a hundred ways is the handiest and best household balm. All druggists sell at 50 cents a box or direct from the Zam-Buk Co., Toronto on receipt of price. (6 boxes for $2.50). Send one-cent stamp and full name and address and a free sample box will be mailed to you.
