Fire Proof Roofing.

THE BEST FIRE PROOF ROOFING ever introduced is said to be that of Mica, Soapstone and Plumbago, combined with other ingredients, which has been patented by the Brockville Mica and Plumbago Company, and which is now introduced into almost every city and town in this Province.

It is warranted to be perfectly proof against fire and also against frost as far as it has been tested during the last two years.

All parties wishing to get a good Fire Proof Roof are invited to my Foundry, corner of Union and Ontario Streets, in this city, where they can see for themselves the ravages made by fire close to my Moulding Shop, while strange to say, it came off comparatively unhurt from the flames.

Daily British Whig

MONDAY EVENING, MARCH 8, 1875.

KINGSLEY.

BY MARGARET J. PRESTON.

I.

One voice the less to plead with men
For God's down-trodden poor;
One hand the less to wield the pen
With aim so bold and sure;
One heart the less to pity when
The ill was past his cure!

II.

Through Britain's length of island strand,
From bald Ben Lomond's head
To Devon's reach of silver sand—
The sudden tidings spread,
And there was shadow on the land
Because this man was dead.

III.

How had that active brain been stressed,
That tender heart been wrung!
What eloquence had poured its zest
Through that persuasive tongue,
That hoary wrongs might be redressed,
And Work's true idyl sung!

IV.

With life scarce past its equinox,
Its shortening days still fair,
We stagger at the blow that mocks
The deeds he yet might dare.
Who now will bid the "Alton's Lockes"
Rise from their grim despair?

V.

What arm will fling the banner high
On which the legend ran:
"Room in the lists to fight or die!
Let conquer him who can!"
What lips take up his tilting cry:
"The Brotherhood of Man!"

VI.

Full fairly has he won his prize—
A prize the proud may scorn—
That thousand honest English eyes,
Once hopeless and forlorn,
To-day lift brighter to the skies
Because this man was born.

VII.

Too busied with his ends to weigh
The charm or cheat of fame,
While routed wrong maintained the fray—
Unsought, the guerdon came:
The wires that coil the world to-day
All vibrate with his name!

How seldom we see a splendid head of hair! From sickness, excessive labor or neglect, thousands find their hair gradually wasting away. Burnett's Cocoaine is a perfect Hair Dressing—a promoter of the growth of the hair—a preparation free from irritating matter. It has great affinity for the human skin—is rapidly bsorbed and imparts lustre and strength.

Something New in Weddings.

The English fashion in conducting weddings has become universal in Washington. Groomsmen are done away with, and ushers take their place. As these last are essential to the number of eight, the supply of suitable and available young men would be exhausted if eight more were necessary as groomsmen. Besides, the effect around the chancel is finer if the girls' pretty dresses are not marred by the intermingling of black coats. Gentlemen ought to rejoice that they do not have to go through the trying ordeal of kneeling around a chancel in full view of hundreds of eager, curious eyes behind them—girls who attend a wedding just for sake of the scenic effect. The floating drapery of the bridesmaids appears to even greater advantage when the fair wearers kneel in graceful postures, but the men look ridiculous with their coat-tails touching the steps and the soles of their boots turned upward. At a glance the observers can easily tell if those boots are old or new, and the numbers worn. So groomsmen are the things of the past, and the best man has only to stand by the groom until he receives the bride. The ushers after seating the guests, walk up the aisles of which they have charge, after the bridal party enters, and take side seats. All passes off smoothly as these affairs nowadays are always rehearsed in church before hand, the minister giving instructions in regard to the times for standing or kneeling.—*Washington Letter.*

Puzzle.

A MYSTERIOUS PROPHET—WHO IS HE?—A strange and wonderful prophet has arrived in Kingston. He is not a wandering Jew, nor John the Baptist, nor the old Levite, as some may think, for before they were, he was. The scriptures make mention of him. He is no imposter. He knows not his parents. His voice is shrill and powerful, his beard is red. He goes bare-footed like a grey friar, he wears no hat, his coat is not knit, woven, or spun—it is not hair, woolen, or linen—yet of a fine color. He cares not for the pomp and vanity of this wicked world. He lets all men alone with regard to religion. He would rather live in a barn than a King's palace. He never sleeps on a bed; but sitting or standing, he cries unto all the world, with outstretched arms. Doors and windows open at his prophecy. He riseth from his slumbers by proclaiming that the day of the Lord is at hand. He walks not with staff or sword; but marches on in the face of all his foes. Both men and women who follow his example, live to good old age. He was with Noah in the Ark, and with Christ before he was crucified. He is neither Grit nor Tory. He once preached a sermon, which convinced a good man of his sins, and drew tears from his eyes. All who see him say he is no imposter.

CURIOSITIES OF LANGUAGE.—The Hindoos are said to have no word for 'friend'. The Italians have no equivalent for our "humanity." The Russian dictionary gives a definition of which is, "not to have enough buttons on your footman's waistcoat;" a second means to "kill over again;" a third "to earn by dancing." The Germans call a thimble a "finger hat," which it certainly is, and a grasshopper a "hay horse." A glove with them is a "hand shoe," showing that they wore shoes before gloves. The French, strange to say have no verb "to stand" nor can a Frenchman speak of "kicking" any one. The nearest approach he, in his politeness, makes to it is to threaten to "give a blow with his foot," the same thing, probably, to the recipient in either case, but it seems to want the directness, the energy, of our "kick." The terms "up stairs" and "down stairs" are also unknown in French.

NOT PARTICULAR.—Detroit Free Press: A very tall darkey entered the rooms of the Relief and Aid Society the other day and inquired: "Does you give out provisions heah?" "Yes, we aid the poor here," replied the agent, "what do you want most?" "Wall, my heart is sot on Spring chicken," replied the darkey, "but if the chicken is out, I'll take a can of isters and two pounds of butter, I isn't gwine to be capshus, cause it's hard times."

—A New Haven man, seventy-five years old, who has been a habitual ginguzzler for more than sixty years, figures out the amount and value of his potations to be fifty barrels of thirty-one gallons, at a cost, with interest at six per cent., of $10,000.

It is an established fact, that Consumption can be cured, but it is far better to prevent the cruel disease from fastening itself on the system, by the timely use of a remedy like Dr. Wistar's Balsam of Wild Cherry. This standard preparation will speedily cure a cough or cold, and even Consumption often yields to its great power.

Hemorrhoids (or Piles) are permanently cured by Mathieu's Pile Ointment, or money refunded. Price $1 per Pot, or 6 Pots for $5. Sold wholesale and retail by the Wingate Chemical Company, Montreal, and retail by all druggists, or will be forwarded to any address on receipt of price by Dr. E. Mathieu, 198 Notre Dame Street, Montreal.

Isaac R. Doran, M.D., of Logan Co., Ohio, says "Allen's Lung Balsam not only sells rapidly, but gives perfect satisfaction in every case within my knowledge. Having confidence in it and knowing that it possesses valuable medical properties, I freely use it in my daily practice and with unbounded success. As an expectorant it is most certainly far ahead of any preparation I have ever yet known."

☞ The first approaches of consumption are so insidious that thousands remain unconscious of its presence until it has brought them to the verge of the grave. The immediate use of "Bryan's Pulmonic Wafers" upon the first appearance of the cough, pain or soreness of the throat or chest, would generally preclude a fatal result; therefore, when you take a cold use Bryan's Pulmonic Wafers, and thus prevent the necessity for taking them in more dangerous complaints. Sold by all medicine dealers and country stores, at 25c per bx.

A Beautiful Horse.—There is nothing that can contribute so much to render the horse beautiful and elegant; to improve his condition and make him all that is desirable, as "Darley's Condition Powders and Arabian Heave Remedy;" it has been used by many persons who own valuable carriage and other horses with decided success, and so well pleased are they with it that they always keep it on hand in case of emergency; it may be given at all times with perfect safety. Remember the name and see that the signature of Hurd & Co. is on each package. Northrop & Lyman, Toronto, Ont., proprietors for Canada. Sold by all medicine dealers.

Caution to Housekeepers.—Owing to the increasing cost of vanilla beans used in the manufacture of Extract Vanilla, spurious compounds are being thrown upon the market, purporting to be pure vanilla, but prepared principally from Tonqua beans. This nauseating substitute costs one manufacturer less than one-twentieth part as much as the genuine vanilla bean. It can readily be detected by its odor. It is used principally by tobacconists for perfuming snuff and cigars, and was never intended to be used as a flavoring for the various compounds prepared for the human stomach. Burnett's Extract of Vanilla is prepared from selected vanilla beans, and is warranted entirely free from Tonqua, or other deleterious substances.

Letter from Rev. J. Salmon, M.D.—Chipmad Queen's County, N.B. Mr. Jas. I. Fellows.—Sir, In the practice of medicine I have recommended your Compound Syrup of Hypophosphites, and have invariably the following results: Greater freedom in the action of the Lungs, increased and more easy expectoration in cases indicated by dry cough, and decided augmentation of tone to the whole nervous system. I can safely and consistently recommend your invaluable preparation in a variety of cases, especially for chest diseases, having successfully prescribed it in Bronchitis, Asthma, Debility from liver complaint, debility from impoverished blood. I am, sir, yours truly, JAMES SALMON, Practicing Physician and Surgeon.

ELECTRICITY!

Thomas' Excelsior Eclectric Oil.—Worth Ten Times its Weight in Gold.—"Pain cannot Stay where it is used."

It is the cheapest medicine ever made. One bottle does cure common sore throat. One bottle has cured Bronchitis. Fifty cents worth has cured an old standing Cough. It positively cures Catarrh Asthma and Croup. Fifty cents worth has cured Crick in the back and the same quantity Lame back of eighty years standing. The following are extracts from the few of the many letters that have been received from the different parts of Canada which we think should be sufficient to satisfy the most sceptical. J. Collard, of Sparta, Ontario, writes: Send me 6 doz of Dr. Thomas' Eclectric Oil, have sold all I had from you and want more now, its cures are truly wonderful." Wm Maguire of Franklin, writes "I have sold all the agent left, it acts like a charm it was slow first but takes splendidly now." M. Cole of Iona writes: "Please forward 6 doz. Thomas Eclectric Oil. I am near out; nothing equals it. It is highly recommended by those who have used." J. Bedford, Thamesville, writes, "send at once a further supply of Eclectric Oil. I have only one bottle left. I never saw any thing to sell so well and give such satisfaction." J. Thompson Woodford, writes: "Send me some more Eclectric Oil. I have entirely sold out. Nothing takes like it." Miller and Rye, Ulverton, P.Q., writes: "The Eclectric Oil is getting a great reputation here and is daily called for, send us a further supply without delay—Leymone, Gibb & Co., Buckingham, P.Q., writes: "send us one gross Eclectric Oil—we find it to take well."

ALLEN'S LUNG BALSAM.

Is warranted to break up the most troublesome cough in an incredible short time. There is no remedy that can show more evidence of real merit than this Balsam, for curing Consumption, Coughs, Colds, Asthma, Croup, &c. It excites expectoration, and causes the lungs to throw off the phlegm or muscus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whol system. It is introduced to the suffering public, after its merits for the positive cure of such diseases have been fully tested. The formula from which it is prepared is referred to by the leading medical journals as being equal to any prescription that can be made up for such diseases by the medical faculty. The Balsam is consequently recommended by physicians everywhere.
