Fire Proof Roofing.
THE BEST FIRE PROOF ROOFING ever introduced is said to be that of Mica, Soapstone and Plumbago, combined with other ingredients, which has been patented by the Brockville Mica and Plumbago Company, and which is now introduced into almost every city and town in this Province.
It is warranted to be perfectly proof against fire and also against frost as far as it has been tested during the last two years.
All parties wishing to get a good Fire Proof Roof are invited to my Foundry, corner of Union and Ontario Streets, in this city, where they can see for themselves the ravages made by fire close to my Moulding Shop, while strange to say, it came off comparatively unhurt from the flames.

Daily British Whig
FRIDAY EVEN'G, APRIL 2, 1875.

APRIL DAYS.

Twice in the year the maple tree
Grows red beneath our northern skies;
Once when October lights the lea
With splendid flames and Tyrian dyes;
And once when April and the bee
First greet us with their glad surprise,
And on the building twigs we see
The first faint color rise.

These morning hours blend joy with grief,
That draw the fuller spring time near,
And hint the tender opening leaf,
And pour the robin's carol clear;
For not the time of ripened sheaf,
And rainbow woods, is half so dear
As this, the boyhood, bright and brief,
The earliest of the year.

Learning to Walk.

Only beginning the journey,
Many a mile to go;
Little feet how they patter,
Wandering to and fro.

Trying again so bravely,
Laughing in baby glee;
Hiding its face in mother's lap,
Proud as a baby can be.

Talking the oddest language
Ever before was heard;
But mother (you'd hardly think so)
Understands every word.

Tottering now and falling,
Eyes that are going to cry;
Kisses and plenty of love words,
Willing again to try.

Father of all, O! guide them,
The pattering little feet,
While they are treading the up hill road,
Braving the dust and heat!

Aid them when they grow weary,
Keep them in pathways blest,
And when the journey's ended,
Saviour, O! give them rest.

To Housekeepers.—The attention of heads of families is respectfully invited to the superior quality of Burnett's Flavoring Extracts. They are entirely free from the poisonous oils and acids which enter into the composition of many of the fictitious fruit flavors now in the market. They are highly concentrated, have all the freshness and delicacy of the fruits from which they are prepared, and are less expensive. Meats, soups, etc., may be greatly improved by Burnett's Extract of Celery.

CURRENCY.

(Newspaper Reporter.)

—The father of all corns—pop corn.

—Almanacs are ten cents a piece in Nevada.

—Alderman Beecherchuck helps to govern Cairo.

—Sure to produce short crops—the barber's shears.

—Signs of spring—the lightning-rod men are on the road.

—Order is heaven's first law, and it has never been repealed.

—To make a tall man short—try to borrow five dollars of him.

—If you are out in a driving storm, don't attempt to hold the rains.

—Chicago intends to have a botanical garden. It already has a beer garden.

—Detroit has a poet worth $1,000; but it is superfluous to say that he isn't a good poet.

—A puppy and an accordeon was the marriage fee offered to a Cedar Springs clergyman, the other day.

—At the spelling school in Indianapolis all the lawyers, editors, clergymen and teachers went down on "ipecacuanha."

—"There! that explains where my clothes-line went to!" exclaimed an Iowa woman as she found her husband hanging in the stable.

—It is no harm to shoot a cat in Vermont, but if you happen to miss the cat and kill a boy, the authorities make an awful fuss over it.

—In a case in a Detroit court last week, a hack-driver's testimony was impeached. As Washington said of Arnold's treason: "Whom shall we trust now?"

—A New Orleans paper says the dollar stores in that city are places where you may buy a twenty-cent article you don't want, for four times its value.

—"One fortunate thing in being a king," says the Detroit *Free Press*, "is that kings never have to get up nights and lug the potatoes in beside the coal stove."

—A lady at Memphis says she doesn't want any jewelry, hasn't a looking-glass in the house, and wouldn't take a silk dress as a gift. Memphis has another living curiosity—a cross-eyed cat.

—An Ohio youth is to be hanged next March for killing a small boy to obtain possession of a pound of brown sugar. It was the principle of the thing, not the sugar, which influenced the jury.

—Above all things, learn your child to be honest and industrious: if these two things don't enable him to make a figure in this world, he is only a cypher, and never was intended for a figure.—*Josh Billings.*

—One of the girls at Vassar keeps up her studies, keeps track of eight love stories in weekly papers, writes twice a week to five young men, sews for a charitable institution and finds time to ride and skate and practice for a concert.

—A country pastor said to one of his female congregation: "Are you happy?" "Yes, sir," she replied; "I feel as though I were in Beelzebub's bosom." Not in Beelzebub's!" "Well, some of the Patriarchs; I don't care which."

—Phenia Epps, of Hamilton, Ohio, asked her mother to take a note for her to a friend of the family living in a near street. The note when opened was found to read: "This is a little ruse of mine to get me ther out of the house. Before she can get back I will be on the cars with dear Lorenzo, and before night will be married."

—A party who was looking at a house in the Sixth Ward the other day, said he couldn't afford to pay so much rent. "Well, look at the neighborhood," replied the woman. "You can borrow flatirons next door, coffee and tea across the street, flour and sugar on the corner, and there's a big pile of wood belonging to the school-house right across the alley!"

—In the office of one of the hotels recently a gentleman snapped his fingers to a boot-black, and as he put his foot on the box he said: "You look like a good, smart boy." "See here, mister!" replied the boy as he rose up, a brush in either hand, "I've had that game played on me a dozen times, and now I want to know whether this is a cash shine or whether you're going to pat me on the head when I get through and tell me I'll be Governor some day!"

—One of Mr. Byrdges' daughters is to be married to Mr. Stewart, a wealthy Montreal lawyer, on the 6th of April. The ceremony will be celebrated at St. Martin's Church, and will be a very grand affair. There will be twelve bridesmaids, &c.

—The session of the Local Legislature of Manitoba was opened at Winnipeg yesterday. Hon. Mr. Dubuc was elected Speaker.

Caution.—Purchasers of the Peruvian Syrup (a protected solution of the protoxide of Iron) are cautioned against being deceived by any of the preparations of Peruvian Bark, or Bark and Iron, which may be offered them. Every bottle of genuine has Peruvian Syrup (not Peruvian Bark) blown in the glass. Examine the bottle before purchasing.

Hemorrhoids (or Piles) are permanently cured by Mathieu's Pile Ointment, or money refunded. Price $1 per Pot, or 6 Pots for $5. Sold wholesale and retail by the Wingate Chemical Company, Montreal, and retail by all druggists, or will be forwarded to any address on receipt of price by Dr. E. Mathieu, 198 Notre Dame Street, Montreal.

Hair Restorers, &c.—All sulphur and lead compounds have nearly disappeared; their poisonous mixtures having been found both ruinous to the public health and death to the human hair. Messrs. Perry Davis & Son, Proprietors of the celebrated Pain-Killer had lately introduced the Bearine which is rapidly taking the place of all other hair preparations, being an elegant health giving dressing perfectly delightful to use, prepared from the pure grease of the Canada Bear.

A Good Horse.—There is much pleasure and profit in the service of a good horse; and but very little of either in a bad one; no person from choice will retain a bad horse; many however, are in possession of such who need not be. We think there are few horses so bad but that their condition can be improved and rendered more valuable and useful for their owners, to effect which, there is nothing equal to "Darley's Condition Powders and Arabian Heave Remedy;" it has effected astonishing results in thousands of cases. Remember the name and see that the signature of Hurd & Co. is on each package. Northrop & Lyman, Toronto, Ont., proprietors for Canada. Sold by all medicine dealers.

Health is Strength.—To prevent or conquer disease is one of the grandest attainments ever aimed at by man; and "Bryan's Pulmonic Wafers" will as sure cure coughs, colds, tickling in the throat and pulmonary complaints, as war and pestilence would destroy. Severe colds if not attended to sooner or later lead to incurable consumption, and the strength of the strongest soon fails if neglected. The readiest and best means known for the cure of these complaints is Bryan's Pulmonic Wafers, which have been thoroughly tried for the last twenty years, and have never been known to fail. Singers and public speakers will also derive great benefit from the use of them. Sold by all medicine dealers and country stores, at 25c per bx.

ELECTRICITY!

Thomas' Excelsior Eclectric Oil.—Worth Ten Times its Weight in Gold.—"Pain cannot Stay where it is used."

It is the cheapest medicine ever made. One bottle does cure common sore throat. One bottle has cured Bronchitis. Fifty cents worth has cured an old standing Cough. It positively cures Catarrh Asthma and Croup. Fifty cents worth has cured Crick in the back and the same quantity Lame back of eighty years standing. The following are extracts from the few of the many letters that have been received from the different parts of Canada which we think should be sufficient to satisfy the most sceptical. J. Collard, of Sparta, Ontario, writes: Send me 6 doz of Dr. Thomas' Eclectric Oil, have sold all I had from you and want more now, its cures are truly wonderful." Wm Maguire of Franklin, writes "I have sold all the agent left, it acts like a charm it was slow first but takes splendidly now." M. Cole of Iona writes: "Please forward 6doz. Thomas Eclectric Oil. I am near out: nothing equals it. It is highly recommended by those who have used." J. Bedted, Thamesville, writes, "send at once a further supply of Eclectric Oil. I have only one bottle left. I never saw any thing to sell so well and give such satisfaction." J. Thompson Woodford, writes: "Send me some more Eclectric Oil. I have entirely sold out. Nothing takes like it." Miller and Rye, Ulverton, P.Q., writes: "The Eclectric Oil is getting a great reputation here and is daily called for, send us a further supply without delay—Leymoue, Gibb & Co., Buckingham, P.Q., writes: "send us one gross Eclectric Oil—we find it to take well."

☞ Sold by all medicine dealers. Price 25 cents.

Prepared by S. N. Thomas, Phelps, N.Y., and Northrop & Lyman, Toronto, Ont., sole Agent for the Dominion. Note.—Eclectric—Selected and Electrized. Sold in Kingston by E. H Parker, J.G. King, Heath and Gunn, G S. Hobart McLean & Co, and all medicine dealers.

BEARINE!
Prepared from the Pure Grease of the Canada Bear.
This delightfully perfumed preparation imparts a soft glossy finish to the Hair inclining it to remain in any desired position. It gives the Hair not only a luxurant growth, but arrests greyness, baldness, and other diseases of the head and scalp. Genuine Bear's Grease has long been held in high esteem as a valuable article for Dressing the Hair. It has been highly commended and used by eminent Chemists and Physicians of every country. Each bottle is enclosed in a card board box surrounded by a finely engraved wrapper, forming a package both ornamental and useful on every Ladies' Dressing Table.
