EACH DAY BRINGS its new rumor of food regulations and changes in the food controller's department. The policy seems to be to get the people expecting the worst so that they will accept with equanimity something not quite so bad.

THE ONTARIO Department of Agriculture has raised the grant towards standing field crops competitions from fifty to seventy-five dollars where spring wheat is the grain selected for the competition. The growing of spring wheat is urgently called for by the department and all those who are acquainted with the food problem of the day. Grow all the wheat you can.

CAUTION MUST BE exercised hereafter to see that "moonshiners" do not get a foothold in Canada. With the whole country rapidly coming under "bone dry" prohibition there is a liability of illicit stills springing up, especially in isolated districts, where low grade whiskey will be manufactured that will do more harm than the good grades now being sold. Cardinal Gibbons, of Baltimore, has issued a warning along these lines, and his advice should be heeded. The Government that is prohibiting the sale, manufacture, and importation of alcoholic liquors must provide special and adequate machinery for the enforcement of the law against illicit stills. The conduct of an illicit still in Canada is going to be a very profitable business—while it lasts—and there will be, doubtless, bold fellows willing to dare for the high returns of such illegal enterprise.

Milton

On Wednesday an old man who had been put off a G.T.R. train at Georgetown was brought to Milton and lodged in jail. He was supposed to be insane, but this is a mistake. For some reason he became excited and could not give his name nor any account of himself. He is Frank Farin, of Carlaw Ave., Toronto, and is well off. This morning his son in-law, Mr Jones, came here, indentified him and took him home.

When the Toronto crooks, Enright and Smith, assaulted Goverpor McGibbon and Turnkey Reid and broke jail last summer ther were under sentence of six months each, imposed by Police Magistrate Shields in connection with the Bronte burglary. Judge Elliot sentenced Enright to two years in penitentiary, to begin at the expiration of the other sentence, and Smith to an additional twenty months in the Central Prison. The men were taken to Burwash. Enright has completed his term and yesterday Constable Chapman took him to Kingston. About three weeks ago Smith escaped from Burwash. Later Mr McGibbon heard from the jailer at Sudbury that he had been recaptured there and sent back to Burwash. Whether he had any time added for his second escape or not has not been learned here—Champion
