A LAY OF THE TIMES.

The mud, the mud, oh the beautiful mud
Producing the flowers out of the bud,
Bearing along in your sombre train
The tic doloreux, and the toe aching pain;
Slipping and sliding, and gracefully gliding
Off the round kerbstones upon the soft mud.

The mud, the mud, oh! black slimy mud,
How it raises the feeling and heats up the blood,
As it splashes around on the high and low,
The offspring that's born of the Beautiful Snow!
The long trailing garments the ladies will wear
Bespatted enough to make a saint swear.

How the lords of Creation will bluster and fret
When they think of the damage that's caused by the wet;
Their faces with frowns will be black as the night,
When the little bills come, to be paid for "at sight;"
And the ladies all wish to be out of the way,
For they dread as the plague that ill-fated day.

The mud, the mud, oh! the beautiful mud,
Much better on pastures where kine chew the cud,
Than gathered to lie in a little round heap,
As soft as a cushion. 'Twould make a pig weep
That a couch that was soft as the famous "Canoe"
Should be empty except to the "all favored few."
—*Grip.*

Bears.—Since Messrs. Perry Davis & Son commenced the manufacture of Bearine, the Canada trapper has found a lucrative business in capturing old Bruin. Messrs. Davis & Son pay a good price for the grease, and the skins are always sought after. Messrs Davis & Son have a mode of refining the grease, perfuming it, &c., making it superior to any others we have ever seen.

An Old Traveller.

There is now lying in the port of New York the American ship Agra, in connection with which vessel there is an eventful history of an American piano. The vessel was owned by Capt. Miller, who sailed her, and the companion of his long and adventurous voyages was his wife, an accomplished pianiste. In the month of April, 1871, an American upright piano was placed in the cabin of the good ship Agra by her captain, for the use of his wife, to beguile the tediousness of the long sea voyage intended to be taken. It the latter part of the month the vessel sailed from New York direct for Melbourne, Australia; thence to China, Japan, and India, returning to New York after an absence of fifteen months. In September, 1873, she left again for another voyage round the world, going first to Melbourne a second time; thence direct to London, England, then to Norway, whence she returned directly to Melbourne; then to San Francisco and China, and then back to New York, after an absence of two years and five months, having travelled over 11,000 miles, having crossed the equator ten times and passed the Cape of Good Hope five times, and Cape Horn nearly as many, while enduring, as a matter of course, innumerable storms, and every vicissitude of climate change. During the entire period this American piano has remained on shipboard, screwed down to the floor of the captain's cabin, and has never left the ship until recently, when, the vessel being sold, it was landed. During the whole time the instrument has been played upon by the captain's wife every fair day.

—The Paris correspondent of the Arcadian tells the following droll story about Blanche d'Autigny and her nigger:—Poor Blanche wanted to be very fashionable, and so she got unto herself a nigger waiter, and black as a crow and as shiny as a new hat was he. He suited her admirably for a time, but at last they quarrelled. He was dismissed; but before taking leave he went into the butler's pantry and presently emerged thence with a basin full of black water, but with his face quite white. The basin he deposited solemnly before his quondum mistress, saying, 'Madam, I have the honor of depositing my complexion at your feet." He had only been skilfully dressed.

Cure Your Horses.—It is to the interest of all who own horses to keep them in a healthy and sound condition; experience has proved that "Darley's Condition Powders and Arabian Heave Remedy" is the most efficacious, and has been used by thousands who will cheerfully confirm this statement. For heaves, coughs, colds, and all diseases which affect the wind of horses it has no equal, nor is it equalled as a condition medicine, it purifies the blood, corrects and improves the appetite, and softens the skin; in fact, so great is the improvement in the condition and appearance of the animal as to have led many to doubt if it could be the same horse. Remember the name and see that the signature of Hurd & Co. is on each package. Northrop & Lyman, Toronto, Ont., proprietors for Canada. Sold by all medicine dealers.

WHAT THEY SAY OF IT! A FEW FACTS FOR THE PEOPLE.—There are but few preparations of medicines which have withstood the impartial judgment of the people for any great length of time. One of these Dr. Thomas' Eclectric Oil. Read the following and be convinced:—Thos. Robinson, Farnham Centre, P.Q., writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Eclectric Oil, and since then have had no attack of it.
