Report $48,084 Increase

Announcement was made Monday that Dr. Robt. Laird, treasurer for the Presbyterian Church of Canada, had reported that the budget receipts of the Church up to September 20, at the Toronto and Halifax offices, the two receiving points, had totalled $487,308. This was an increase of $48,084 over the receipts to the corresponding date in 1922. On the other hand, it was reported by the treasurer that the expenditures up to September 30 totalled $1,025,087, or $57,708 more than the expenditures one year ago. The advance in expenditures is stated to be due to the fact that the greater part of the home mission grants for the quarter-year ending September 30 were included in the amount expended in the yearing 1923 and not in 1922.

There was a full representation of the Council members and the meeting was presided over by Reeve Morden. Councillor James Walbrooke was the moving spirit in connection with the proposed police protection scheme and it was on his motion, seconded by Councillor Galbraith, that Reeve Morden and Councillor Walbrooke be empowered to appear before the Oakville Municipal Council with a request that police protection be provided in the southerly section or old survey area of Trafalgar Township by the Oakville police department at a cost not to exceed $500 per annum. All members of the Township Council were unanimous in the need for immediate police protection.

To Secure Repeat Orders

Re-ordering goods by Long Distance is one of the most popular uses made of it.

One enterprising Ontario merchant says "We distribute our product to a considerable number of surrounding towns. To increase sales we send a circular to all our customers requesting them to use Long Distance when re-ordering. The plan has worked very well."

Such orders come in on Station-to-Station calls, which makes it inexpensive. Try it.
