Born

KIRKPATRICK - At Lindhouse on August 15th to Mr. and Mrs. Sidney Kirkpatrick, a son.—James Sidney.

Died

COOK—In Glenwilliams on Tuesday, August 25th, 1925, Wilhelmine Hilda, dearly beloved daughter of Mrs. Lula and the late Frank Cook, in her 7th year.

STUART—Dr. Peter Stuart died at his late residence, 176 Woolwich Street, Guelph, Ont., on Tuesday, August 25th, aged 66 years.

Funeral service will be held on Thursday, Aug. 27, at 4.30 p.m. Interment at Milton. (Motors).

In Memoriam

GIFFEN—In loving memory of our dear mother, Mary Emmett Giffen, who died August 23rd, 1924 wife of Robert Giffen, Brampton.

A year has gone but still we miss her,
Never shall her memory fade.
Loving hearts will always linger
Round the grave where mother's laid.

More and more each day we miss her,
Friends may think the wound is healed;
But they little know the sorrow.
Lies within our hearts concealed.

Far beyond this world of sorrow,
Far beyond this world of care,
We shall meet our darling mother
In our Father's mansion fair.

—Son and Daughters.

Notes and Comments

UNLESS SAME ACTION is taken by Council along the line suggested by Chief Tost of the Fire Brigade, *serious accidents are bound to* happen at certain street intersections in town. There should be "Stop" signs on the pavement on Mill St. where it crosses Main, on John St. at Arnolds factory where it crosses Guelph, and at the intersection of Queen and Guelph Sts. All autos should come to a stop before proceeding to cross these main driveways. The handling of auto traffic is a big question at times even in the smaller towns and it is well to take action before a fatal accident occurs. A man with some white paint and a brush to line the pavement at the above mentioned corners would not be very expensive, and possible might be the means of averting some very serious accident.

THREE YEARS AGO Georgetown purchased an up-to-date motor fire truck; a year ago a new water works system was completed trebling our water supply; we have powerful electric and gasoline pumping equipments, in addition to the splendid gravitation waterworks system which has served our town for over 30 years; a volunteer fire brigade second to none in any town of like size; all combined we have protection for our property owners against fire which few towns if any equal in the province. Notwithstanding the above facts, there has been a big increase in the fire insurance rates in the business section of our town this last year. Why is it? Are we being penalized to make up deficiencies of other less fortunate municipalities, or has the fact of our splendid protection been overlooked by the underwriters? This matter should be looked into as it has every appearance of unjust treatment in the matter of fire insurance rates.

Obituary

MRS. ABRAM STARK

The death took place at her home, Lot 8, Concession 4, Esquesing Township, on Friday night, Aug. 21st, of Mary Wilson, widow of the late Abram Stark, and a life-long and active member in Boston Presbyterian Church, one of the oldest churches in Canada, erected nearly 110 years ago. Her husband died twelve years ago. She is survived by five sons, two daughters: William, Robert and John, of Esquesing Township; George in Detroit Mich.; Abram of Trafalgar Township, and Misses Mabel and Molly, at home. The funeral took place on Sunday afternoon from the homestead to Boston Church Cemetery.

INTERESTING ANNOUNCEMENT

Word comes from Montreal that that great family and farm paper, The Family Herald and Weekly Star has been enabled to reduce its subscription price to $1.00 a year. This certainly will be interesting news in every Canadian home where the family Herald is known and to many who will avail themselves of the offer. At $2.00 a year the Family Herald and Weekly Star was generally admitted to be good value, in fact big value, but when reduced to $1.00 a year it will certainly be the marvel of the newspaper world.

Canada is proud of that great Weekly, and has every reason to be so, as it has no superior and few equals in the world to-day. The Publishers announce that notwithstanding the change in price every feature will not only be maintained but improvements will follow. The Publishers are fortunate in being in a financial position to do this, and Canadian homes will have the advantage. When the new rate is made known it certainly will bring a rush of subscribers to the Family Herald. One Dollar is a small amount for such a great paper.

—Special piano offer—Exhibition model piano, made by Mason & Risch, $895. Bench and delivery free. Easy payments. Player pianos $675. Used pianos $175 and up. Write for photographs. "Mason & Risch, Factory Branch, Guelph." 1t.

Pic-nic At Eldorado

Oddfellows, Rebekahs, Wives and Friends Enjoy Outing

Over one hundred members of Orion Lodge I.O.O.F. No. 109 and their wives, and members Verdun Rebekah Lodge enjoyed an old fashioned basket picnic at Eldorado Park last Thursday afternoon. While a large number went by Indian car, many motored, and it was a happy bunch when they all got together in the Park.

The afternoon was spent in games, boating, bathing, etc., and a tug of war which resulted in a draw. Then when all had participated in sports to their hearts content, the many baskets filled with choice edibles provided by the ladies were given special attention and a delicious repast partaken of by the gathering.

A number of brethren and sisters were present from Milton.

All returned home early in the evening after having had a most delightful outing.

The sport events resulted as follows:—

1. Boys under 14 years—1 Joe Hall, 2 Herman Cole.
2. Girls under 14 years—1 Ethel Hall, 2 Irene Hall.
3. Men's 100 yds., 35 years and under—1 P. Blackburn, 2 C. Ruddy
4 Single ladies—1 Miss G. Tost, 2 Miss M. Vannatter.
5. Married ladies—1 Mrs. Blackburn, 2 Mrs. Walsh.
6. Married men over 40—1 Joe Hall, 2 Arthur Norrington.
7. Three-legged race—1 Miss G. Tost and C. Ruddy, 2 Mr. and Mrs. P. Blackburn.
8. Peanut race, ladies—1 Mrs. Kentner, 2 Mrs. Walker.
9. Running broad jump—1 Harry Goldham, 2 P. Blackburn.
10. Coat race—1 Miss Edna McDonald, 2 Mrs. Blackburn.
11. Throwing soft ball—1 Mrs. McNickel.
12. Thread needle—1 Miss Andrews, 2 Mrs. Kentner.

Baseball

Hillsburg Wins First Game of the Play-Off Series 14-12 in Ten Innings.

Hillsburg defeated Georgetown in a hard fough 10 innings game in which base hits and errors were plentiful. The veteran Sargeant was not so good as usual but with the help of the breaks of the game managed once more to be on the right side. Our boys hit him freely and feel that they can redeem themselves next Saturday at Hillsburg, so come along and give your support. Any team that plays like ours did on Saturday, even in the face of so many errors deserve a lot of credit. Proof of this was in the 10th innings when they scored 2 runs and had a man on 2nd and 3rd with one out and only a fluke double play ended the game. The boys want support on Saturday as they are bound they are going to even up the series, so help them along. Alibi—Too much sun last Saturday.

Norval

The young people of the United Church were entertained at the parsonage on Monday evening.

The services in the United Church next Sunday will be in the form of a special service for the young people with a young peoples' choir.

The Norval Presbyterian Sunday School will hold their annual picnic to Eldorada on Thursday afternoon.

The Ladies' Aid of the United Church were entertained at the home of Mr. Robert McLaughlin on Tuesday afternoon. There was a large attendance and a very enjoyable time was spent.

The Ladies' Aid of the United Church are holding their annual corn roast and pie social at the church on Monday evening, Aug. 31st. Good program. Admission 25c.

Glenwilliams

The farmers are busy completing the reaping of a bountiful harvest.

The members of the Orange Order will parade to the United Church on Sunday evening. Service at 7 o'clock.

Miss Amy Beaumont of Galt is visiting Glen relatives.

The sympathy of the community is extended to Mrs. Lula Cook in her sad bereavement caused by the death of her little daughter, Wilhelmine.

Mr. and Mrs. M. Williams, daughter and neice of Toronto visited at the home of Mr. and Mrs. John Wheeler on Sunday.

Don't forget boys and girls to pack up your troubles in your old school bags next Tuesday.

—Many factories all over Ontario are closing all day Saturday, September 5th, to give their employees a chance to visit the Canadian National Exhibition over Labor Day.

Killed at Crossing

Wm. Weaver Loses Life When Train Hit Auto at Dolly

A sad and fatal accident occurred last Saturday morning at the 3rd line crossing just above the Dolly lime kilns. William Weaver, fireman at the Dolly Lime Kilns, his son Bruce, and a friend Mr. Olson of Cobourg who was visiting with the family, started in the latter's new car from Acton and had only proceeded to the third line crossing when the car was struck by the 10.23 passenger train going west on the C. N. Ry. William Weaver who was severely injured about the head and body was immediately removed to Guelph Hospital on the train, but died shortly after arrival. The other two occupants of the car had a miraculous escape with minor cuts and bruises. The auto was badly damaged.

Deceased had been a faithful employee of the Lime Company for the past five years. He leaves a wife and family of eight children who have the sympathy of the entire community in their sad bereavement.

Halton Rifles

The first annual shooting competition of D. Co., Halton Rifles Regiment. Association was well attended on Monday night. Several high scores were counted. Those who won prizes were as follows:—

Nelson Tuck	"possible"	45
Floyd Varey		38
Martin Cummins		33
George Cooper		28

Cooper and P. Graham were tie for fourth place but in the shoot-off Cooper won by one point.

The Halton Rifles Regiment have arranged for a week-end camp at Long Branch from the evening of September 4th to September 7th. A very interesting program on the ranges with rifles and machine guns has been arranged for Saturday and Monday. The local officers are asked to take in 25 N.C.O.'s and men. As Monday is Labor Day no one need lose more than half a day's work in order to attend. Those interested are asked to hand in their names to Major Kennedy or Capt. Cummings or be at the Armories on Monday evening, August 31st, when another shooting competition will be held.

Here and There

More than 100 persons joined the ride of the Trail Riders of the Rockies on their horseback journey from Banff to Wapta Camp, via Marble Canyon and Lake O'Hara. The ride started on August 8.

Grain figures issued by the Harbor Commission of Montreal show that on August 1st all grain shipment records were broken by one day's delivery of 2,277,712 bushels of grain to outgoing ships. Harbor officials state that this is the first time that grain shipments in one day have topped the two million bushel mark.

Installation of machinery at the new annex of the Dominion Textile Mill at Montmorency Falls, Quebec, will be started by January first next. About 300 additional employees will be required to operate the plant. At present there are about 1,300 employed at the mills.

A prophecy that the Orient would become in the very near future a really large importer of Canadian wheat was made recently by Hon. Dr. J. H. King, Minister of Public Works. In predicting increased Orient trade in grain, Dr. King pointed out that imports of wheat from Canada for 1923-1924 increased by 400 per cent.

Over fifteen thousand men left the west on the first harvesters excursion from the east to the wheat fields in the middle of August. Four other excursions are to follow from Toronto later in August and September, when it is expected that the majority of the remainder of the 50,000 men required for the harvest will travel west.

British teachers touring Canada under the auspices of the Overseas Educational League, are now enjoying all the various forms of entertainment to be found in the Canadian Pacific Rockies. They have been riding trails, hiking, fishing, motoring, bathing in the sulphur springs at the Banff Springs Hotel and were the guests at a dinner there given by J. M. Gibbon, secretary of the Trail Riders of the Canadian Rockies.

Confidence of United States capital in the Dominion, optimistic preparations for the new Canadian financing, prospects of a good crop, large United States purchasing in Canada, and heavy expenditures of American tourists in the Dominion, were some of the reasons offered by New York financial experts for the consistent above par stand of the Canadian dollar on the New York exchange. The Canadian dollar is now at a premium on the New York exchange.

The total number of students in Canadian universities and colleges in 1924 was 52,639, or nearly one in eighteen of the total population, according to a bulletin issued by the Dominion Bureau of Statistics. Under the category of colleges, the total number in 1924 was 83. Of this total six are agricultural, two technical, two law, one dental, one for pharmacy, one for veterinary science, 28 theological, 39 affiliated, one school for higher commercial studies, one college of art and one military college.

FIRE BLIGHT CANKER

A BACTERIAL BLIGHT OF APPLE, PEAR AND QUINCE TREES.

Appearance of Affected Trees—How the Disease Develops — Destroy Blighted Twigs—Insects Carry the Disease—How to Control Trouble.

(Contributed by Ontario Department of Agriculture, Toronto.)

"Fire Blight," a most destructive bacterial disease of apple, pear and quince trees, is prevalent in many parts of Ontario, particularly in apple trees.

Appearance of Affected Trees.

Trees affected with this disease frequently present the appearance of having been scorched by fire, hence the common name, Fire Blight. The leaves will become a reddish brown and die and mummify. In some trees a few twigs only may be affected, in other cases practically every twig will be killed off.

Trees that are affected in this way in the early part of the season are either hold-over cases of the blight from the previous season or have been freshly inoculated through the blossom with the bacteria that cause the disease, by bees or other blossom visiting insects that have previously become contaminated by visiting trees that are hold-over cases from the previous season.

How the Disease Develops.

When a contaminated bee or other insect visits a blossom for nectar or pollen, it leaves behind it some of the bacteria that cause the disease, and these multiply in the nectaries and pass on down the blossom pedicel into the bark of the fruit spur, where they produce a canker and kill the spur with other blossoms on it, then continue their progress within the bark of the twig causing canker and death as they go. The leaves on the twig then shrivel up, turn brown, and die giving the characteristic fire-blighted appearance to the tree.

Destroy Blighted Twigs.

If the blighted twigs are allowed to stay on the tree throughout the season the disease will continue to work on down the twigs, sometimes rapidly and sometimes slowly, until eventually it reaches the bark of the larger limbs, or the trunk of the tree, where it becomes apparent as a canker. In cases where the disease does not reach the bark of the thicker branches or trunk before fall there is a tendency for the trouble to die out during the winter. But where it has established as blight canker in the bark of the branches and trunk the probability is that it will live over the winter in a dormant condition and begin to extend itself the following spring when the sap flow commences. This in time brings about the death of the larger limbs and trunk as the blight canker spreads in the bark. We have known young trees to be killed out in one year with this disease, although older trees will sometimes live on for years with the canker slowly developing until finally the tree either dies or has to be removed for not giving a paying crop.

Insects Carry the Disease.

During mid-season other insects as aphids, hoppers and borers are common carriers of the disease from infected twigs to healthy twigs, either on the same or neighboring trees. In this way young suckers and water-sprouts get infected, and, as in the case of the blossom-infected twig, the disease will pass on down the bark of the sucker or watersprout until it reaches the trunk or large limb where a canker is produced leading to death of the affected part.

Where the disease is active during the growing season there is frequently a gummy brown exudate oozing out from the cankers. This exudate contains the causal bacteria in immense numbers. During rain storms this exudate may be splashed to other parts of the tree, thus leading to fresh infections.

How to Control the Trouble.

To control and stamp out this disease it is essential to cut out all affected portions of the tree. In doing this, care should be taken to cut well below the visibly affected portion four to six inches, if possible, as the bacteria are usually well advanced beyond the visibly cankered area in the bark. The saw, knife or shears used should be swabbed after each cut with a good disinfectant, e.g., corrosive sublimate 1-1000, formalin, or five per cent. carbolic acid. If the canker is in the trunk or larger limbs the affected part should be removed by cutting well around the canker, two or three inches at least beyond the visible extent of the canker. The wound should then be swabbed with the disinfectant and then painted over.

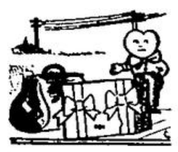
The best time to cut out the disease is the first time it is seen, as each infection, so long as it is allowed to stay, is a centre for continued spreading of the trouble. All material cut away should be carefully gathered and burned.—Prof. D. Jones, O. A. C., Guelph.

Shade Trees in Pasture.

A shade tree here, and a shade tree there,
Should be left in our pastures everywhere.
They comfort the cows in the heat of day—
And contented cows are the cows that pay.

If the prospective home orchardist prepares the soil where his fruits are to stand as thoroughly as he does his garden before planting vegetable seeds, the subsequent rapid growth of his fruit trees will amply repay him.

SWEETHEARTS at Norrington's



Candy for the week-end trip

Place a box inside your grip.

OUR name and the location of this store should be printed on every time table and road map in the district. The trip is not complete unless you take a box of our candy along. Come in and be refreshed by a cooling drink before you go.

Saturday Treat

Sweetheart Fudge is our treat for this week a most delicious chocolate fudge with nuts and cherries. This usually sold in city stores at 60c

Saturday Treat - 29c lb

Week-End Chocolates

Are you one of the many who buy our week end chocolates every week? If you are not get the habit you will certainly be surprised at the quality and value. Assorted Flavors.

Week-End Chocolates 32c lb

Brown's Potato loaf is in a class by itself. It certainly keeps nice and fresh so much longer than ordinary bread and it costs no more. Try some this week fresh from Toronto every day.

Norrington's Candyland Phone—89

A Wonderful Opportunity

WHEN any responsible store with stock of high grade merchandise reduces its prices 20 to 50 per cent. [one half] the public are bound to take an opportunity to save.

The balance of August will be your opportunity to make big savings to miss it would be a mistake.

A housekeeping opportunity that needs no argument—A big saving on Furniture and Floor covering, some at half price. Bedding at a big reduction; Beds, Mattresses and Springs complete $14.75

Comforters at half price; Blankets, some at half price; Spreads at greatly reduced prices; sheets and pillow cases at a very low price.

Just stop and think what the saving in childrens garments mean to you; the prices speak for themselves, we don't have to tell you how remarkable they are.

Frocks for women and misses that are perfect Jems of value, a value that is worth investigating.

Just a moment to consider these:—

97 piece high-grade english dinner-ware $55 values..... $39.00
" " " $40 values 24.95
10 piece chamber sets in a good decoration $11 values 4.95

Pure Aluminum cooking utensils, double boilers, Roasters, saucepan sets of 3 pieces, pudding sets of 3 pieces, $1.35 values 89c

7 piece fruit sets, cake plates, bread trays, bread and butter plates cups and saucers and many other articles in desired tableware at half price.
