COMPOUND SYRUP
—OF—
SPRUCE GUM
TRADE MARK

AS PREPARED BY THE
SISTERS OF PROVIDENCE,
Montreal and Burlington, Vt.
IT is thirty years and upwards since we commenced preparing this Syrup under the present name and during this time we have given away to the poor and sold many thousand of bottles. It has been only at the earnest solicitation of our friends, of all classes and denominations, that we have considered it our duty to put it up in a shape suitable to be sold on the market, by this means reaching all who may need it. The formula of the remedy is well known to medical gentlemen of this city, and approved of by them as one of the best remedial agents known to the medical faculty for the cure of Coughs, Colds, Hoarseness, Pains in the Chest, Disease of the Lungs, and all Pulmonary affections.
Its pleasant taste renders it peculiarly adapted for children, and if carefully administered, according to the directions, may be given to a child of a month old with perfect safety, and will afford immediate relief.
It excites expectoration and causes the lungs to throw off the Phlegm or Mucous, heals the irritated parts and creates a healthy action.
One of our eminent city physicians, Dr. E. H. Trudel, Professor in Victoria Medical College, Montreal, and Head Physician at the Dispensaries of the Sisters of Providence, etc., etc., who has used it extensively in his practice for nearly twenty years, speaks of it as follows:
375 DUBORD ST., MONTREAL.
"It is now eighteen years and upwards that I have been attending physician to the Reverend Sisters of the Providence Asylum. During that period I have prescribed this 'Compound Syrup of Spruce Gum,' not only to the inmates but also to outside patients.
"The valuable properties this Syrup possesses induce me to place it in the foremost rank amongst the remedies known to the Therapeutist in all cases of Coughs, Bronchitis and Consumption, affording those troubled with these complaints the most wonderful relief.
"E. H. TRUDEL, M.D."
In placing this remedy before the public, we trust you will believe we are not actuated by any selfish motive. Our object is not gain for ourselves, but that we may increase our means of doing good. We presume you are aware that our House is supported by voluntary contributions, and any increase to our means derived from our industry is devoted to alleviating the wants and sufferings of the afflicted, the aged, the infirm, the incurables, homeless and orphans of all classes and creeds.
We visit the sick and assist the needy to the utmost extent of our means, and we are sure that all will bear testimony of our desire to do good. To be ill or in want is sufficient to enlist our sympathy and receive our care.
Trusting to receive your hearty co-operation and support,
We have the honor to be, etc.,

THE FLOWERS.

BY GEORGE HERBERT.

How fresh, O Lord! how sweet and clean
Are Thy returns! even as the flowers of Spring
To which, besides their own demean
The late past frost tributes of pleasure bring.
Grief melts away
Like snow in May,
As if there were no such cold thing:

Who would have thought my shrivelled heart
Could have recovered greenness? It was gone
Quite under ground; as flowers depart
To see their mother root, when they have blown,
Where they together
All the hard weather
Dead to the world, keep house unknown.

Oh! that I once past changing were,
Fast in thy Paradise, where no flower can wither!
Many a Spring I shoot up fair,
Offering at Heaven, growing and groaning thither;
Nor doth my flower
Want a Spring shower,
My sins and I joining together.

And now in age I bud again,
After so many deaths I live and write;
I once more smell the dew and rain,
And relish versing, oh! my only light.
It cannot be
That I am he
On whom thy tempests fell all night.

These are thy wonders, Lord and love,
To make us see we are flowers that glide:
Which when we once can find and prove
Thou hast a garden for us, where to hide,
Who would be more
Swelling through store,
Forfeit their Paradise through their pride.

Beers—Sauce Messrs. Perry Davis & Son commenced the manufacture of Bearine, the Canada trapper has found a lucrative business in capturing old Bruin. Messrs. Davis & Son pay a good price for the grease, and the skins are always sought after. Messrs Davis & Son have a mode of refining the grease, perfuming it, &c., making it superior to any others we have ever seen.

WHAT MEN SHOULD WEIGH.—Of course there is no rule without an exception, can be no positively fixed weight for a for a certain number of inches; but the experience of a medical practitioner—the late Dr. Hutchinson—is worth having, it for nothing but its peculiarity. The doctor studied the weight of his healthy patients, and, after some thousands of trials, come to the conclusion that the folllowing was about the correct thing:—

	Height.	Weight.
5 feet	1 inch	120 pounds.
5 "	2 "	126 do
5 "	3 "	133 do
5 "	4 "	139 do
5 "	5 "	142 do
5 "	6 "	145 do
5 "	7 "	148 do
5 "	8 "	155 do
5 "	9 "	162 do
5 "	10 "	169 do
5 "	11 "	174 do
6 feet		178 do

It would very much simplify the doctor's table by saying that, as a rule, a man's weight increases at the rate of five pounds for every inch of height, and this rule holds good for all practical purposes.

THE AMERICAN LAKES.—There is a mystery about the American lakes. Lake Erie is only sixty or seventy feet deep; but Lake Ontario, which is 590 feet deep, is 230 feet below the tide level of the ocean, or as low as most parts of the Gulf of St Lawrence; and the bottom of Lakes Huron, Michigan and Superior, although the surface is much higher, are all from their vast depths on a level with the bottom of Ontario. Now, as the discharge through the River Detroit, after allowing all the probable portion carried off by evaporation, does it not appear by any means equal to the quantity of water which the three upper lakes receive, it has been conjectured that a subterranean river may run from Lake Superior, by the thirsty, to Lake Ontario. This conjecture is not impossible, and accounts for the singular fact that salmon and herring are caught in all the lakes communicating with the St. Lawrence, but no others. As the Niagara Falls must have always existed, it would, puzzle the naturalist to say those fish got into the upper lakes without some subterranean river; moreover, any periodical obstruction of this river would furnish a not improbable solution of the mysterious flux and reflux of the lakes.

CHINESE PROVERBS.—The following are a few curious Chinese proverbs: The ripest fruit grows on the roughest wall. It is the small wheels of a wagon that come in first. The man who holds the ladder at the bottom is frequently of more service than the one who is stationed at the top of it. The turtle, though brought in at the back gate, takes the head at the table. Better be a cat in a philanthropist's family than a mutton pie at a king's banquet. The learned pig did not learn its letters in a day. True merit, like the pearl inside an oyster, is content to remain quiet until it finds an opening. The top strawberries are eaten first. He who leaves early gets the best hat. Pride sleeps in a gilded crown, contentment in a cotton nightcap.

Symptoms of Catarrh.

Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometime profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak, watery and inflamed; there is a ringing in the ears, deafness, hacking or coughing to clear the throat, expectoration of offensive matter, together with scabs from ulcers; the voice is changed and has a nasal twang, the breath is offensive, smell and taste are impaired; there is a sensation of dizziness, mental depression, hacking cough, and general debility. Only a few of the above named symptoms are, however, likely to be present in any one case. There is no disease more common than Catarrh, and none less understood by physicians.

DR. SAGE'S CATARRH REMEDY,

is beyond all comparison the best preparation for Catarrh ever discovered. Under the influence of its mild, soothing, and healing properties, the disease soon yields. The Golden Medical Discovery should be taken to correct the blood, which is always at fault, and to act specifically upon the diseased glands and lining membrane of the nose. The Catarrh Remedy should be applied warm with Dr. Pierce's Nasal Douche—the only instrument by which fluids can be perfectly injected to all the passages and chambers of the nose, from which discharges proceed.

Eminent men of science have discovered that electricity and magnetism are developed in the system from the iron in the blood. This accounts for the debility, low spirits, and lack of energy a person feels when this vital element becomes reduced. The Peruvian Syrup, a protoxide of iron, supplies the blood with its iron element, and is the only form in which it is possible for it to enter the circulation.

Dr. Earle's Testimonial.—Mr. James I. Fellows, Manufacturing Chemist—Sir: For several months past, I have used your Compound Syrup in the treatment of incipient phthisis, chronic bronchitis, and other affections of the chest, and I have no hesitation in stating that it ranks foremost amongst the remedies used in those diseases. Being an excellent nervous tonic, it exerts a direct influence on the nervous system, and through it it invigorates the body. It affords me pleasure to recommend a remedy which is really good in cases for which it is intended, when so many advertised are worse than useless. I am, sir, yours truly, Z. S. EARLE, Jr., M D;
St. John, N.B., January, 1869.

A Good Horse.—There is much pleasure and profit in the service of a good horse, and but very little of either in a bad one; no person from choice will retain a bad horse; many, however, are in possession of such, who need not be. We think there are few horses so bad but that their condition can be improved and rendered more valuable and useful for their owners, to effect which, there is nothing equal to Darley's Condition Powders and Arabian Heave Remedy; it has effected astonishing results in thousands of cases. Remember the name and see that the signature of Hurd & Co. is on each package. Northrop & Lyman, Toronto, Ont., proprietors for Canada. Sold by all medicine dealers.

It is strong testimony to the popularity and usefulness of Burnett's Cocoaine that it has a host of imitators. Consumers will do well to observe that the full name, "Burnett's Cocoaine," is printed on the wrapper, and is blown in the glass. Our legal success in dealing with infringements upon our name and rights will protect the public, if only a little care is used. This tribute of imitation is paid to all meritorious and successful preparations.

Be Wise.—Too often a cold or slight cough is considered a very ordinary, trifling affair, just as well left to go as it come, and hence systematically neglected until a simple curable affection is converted into a serious pulmonary disease. The more prudent, aware that a cough or cold should never be trifled with, promptly use Bryan's Pulmonic Wafers, which have sustained their reputation for over 30 years. They are always efficacious, and exert a most beneficial influence on all the bronchial and pulmonary organs. Sold by all druggists and country dealers. Price 25 cents per box.

WHAT THEY SAY OF IT! A FEW FACTS FOR THE PEOPLE.—There are but few preparations of medicines which have withstood the impartial judgment of the people for any great length of time. One of these Dr. Thomas' Eclectric Oil. Read the following and be convinced:—Thos. Robinson, Pickham Centre, P.Q., writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Eclectric Oil, and since then have had no attack of it. I would recommend it to all." —J. H. Earl, Hotel Keeper, West Shefford, P.Q., writes, "I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Eclectric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried it on my horses in cases of cuts, wounds, etc., and think it is equally as good for horse as for man."—A. Maybee, merchant, Warkworth, writes, "I have sold some hundreds of bottles of Eclectric Oil, and it is pronounced by the public, 'one of the best medicines they have ever used;' it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence."—Joseph Rusan, Township Percy, writes, "I was persuaded to try Thomas' Eclectric Oil for a lameness which troubled me for three or four years, and I never found anything like it for curing lameness. It is a great public benefit."—A. M. Hamilton, Warkworth, writes, "For weeks I was troubled with a swelled ankle, which annoyed me very much. Mr. Maybee of this place induced me to try Eclectric Oil, and before one bottle was used I was cured. It is a most remarkable medicine." ☞ Sold by all medicine dealers. Price 25 cents.
