**COMPOUND SYRUP —OF— SPRUCE GUM**
TRADE MARK

AS PREPARED BY THE
**SISTERS OF PROVIDENCE,**
Montreal and Burlington, Vt.
IT is thirty years and upwards since we commenced preparing this Syrup under the present name and during this time we have given away to the poor and sold many thousand of bottles. It has been only at the earnest solicitation of our friends, of all classes and denominations, that we have considered it our duty to put it up in a shape suitable to be sold on the market, by this means reaching all who may need it. The formula of the remedy is well known to medical gentlemen of this city, and approved of by them as one of the best remedial agents known to the medical faculty for the cure of Coughs, Colds, Hoarseness, Pains in the Chest, Disease of the Lungs, and all Pulmonary affections.
Its pleasant taste renders it peculiarly adapted for children, and if carefully administered, according to the directions, may be given to a child of a month old with perfect safety, and will afford immediate relief.
It excites expectoration and causes the lungs to throw off the Phlegm or Mucous, heals the irritated parts and creates a healthy action.
One of our eminent city physicians, Dr. E. H. Trudel, Professor in Victoria Medical College, Montreal, and Head Physician at the Dispensaries of the Sisters of Providence, etc., etc., who has used it extensively in his practice for nearly twenty years, speaks of it as follows:
"75 Dubord st., Montreal.
"It is now eighteen years and upwards that I have been attending physician to the Reverend Sisters of the Providence Asylum. During that period I have prescribed this 'Compound Syrup of Spruce Gum,' not only to the inmates but also to outside patients.
"The valuable properties this Syrup possesses induce me to place it in the foremost rank amongst the remedies known to the Therapeutist in all cases of Coughs, Bronchitis and Consumption, affording those troubled with these complaints the most wonderful relief.
"E. H. Trudel, M.D."
In placing this remedy before the public, we trust you will believe we are not actuated by any sorbid motive. Our object is not gain for ourselves, but that we may increase our means of doing good. We presume, you are aware that our House is supported by voluntary contributions, and any increase to our means derived from our industry is devoted to alleviating the wants and sufferings of the afflicted, the aged, the infirm, the friendless, homeless and orphans of all classes and creeds.
We visit the sick and assist the needy to the utmost extent of our means, and we are sure that all will bear testimony of our desire to do good. To be ill or in want is sufficient to enlist our sympathy and receive our care.
Trusting to receive your hearty co-operation and support,
We have the honor to be, etc.,

Nothing is permitted to be said or done that will offend the most refined mind. Careful attention is bestowed upon ladies and children; seats are reserved for them, and courteous ushers are always in attendance. Commodious exits and entrances are provided, and in deference to the feelings of that very large class in every community who are opposed to visiting a circus, but who would feel gratified to inspect the largest collection of wild animals and rare birds anywhere to be seen outside the London Zoological Garden, we erect a mammoth Tent far from the circus exhibition, for our vast menagerie and museum, and a visitor to the animal exhibition and museum neither sees nor hears anything relating to the circus, nor would know there was one in the vicinity, unless he was specially desirous of attending it.
☞ One price and one ticket for 50 cents—children 25 cents—admits to all the tents however), and it is entirely at the visitor's option to attend the circus or not.

### A SONG OF THE COUNTRY.

BY JOHN STUART BLACKIE.

Away from the roar and the rattle,
The dust and the din of the town,
Where to live is to brawl and to battle,
Till the strong treads the weak man down!
Away to the the bonnie green hills
Where the sunshine sleeps on the brae,
And the heart of the greenwood thrills
To the hymn of the bird on the spray.

Away from the smoke and the smother,
The veil of the dun and the brown,
The plush and the plash of the pother
The wear and the waste of the town!
Away where the sky shines clear,
And the light breeze wanders at will,
And the dark pine-woodlands near
To the light plumed birch on the hill.

Away from the whirling and wheeling,
And the steaming above and below,
Where the heart has no leisure for feeling
And the thought has no quiet to grow.
Away where the clear brook purls,
And the hyacinth droops in the shade,
And the plume of the fern uncurls
Its grace in the depth of the glade.

Away to the cottage so sweetly
Embowered beath the fringe of the wood,
Where the wife of my bosom shall meet me
With thoughts ever kindly and good;
More dear than the wealth of the world,
Fond mother with fairnies three
And the plump arms of babe that has curled
Its lips sweetly pouting for me.

Then away from the roar and the rattle,
The dust and the din of the town,
Where to live is to brawl and to battle,
Till the strong treads the weak man down.
Away where the green twigs nod
In the fragrant breath of the May,
And the sweet growth spreads on the sod,
And the blithe birds sing on the spray.

—*Sunday Magazine.*

*Bears.*—Since Messrs. Perry Davis & Son commenced the manufacture of Bearine, the Canada trapper has found a lucrative business in capturing old Bruin. Messrs. Davis & Son pay a good price for the grease, and the skins are always sought after. Messrs Davis & Son have a mode of refining the grease, perfuming it, &c., making it superior to any others we have ever seen.

SILENT ROMANCE OF A CONDON STREET.—Norfolk street, Strand, has a curious commemorative monument. An observant spectator will notice that the first floor windows of a large house at the corner of Howard street present a peculiar appearance. The shutters are up, and they are covered thickly with dust, whilst through the chinks can be seen the blinds also thick with dust, and mouldering away with age. Those shutters and blinds having been in exactly the same position, untouched, for about fifty years. During that time no human foot, it is believed, has entered the room. And the reason is this:—Fifty years ago a certain nobleman was engaged to be married, the day was fixed, the wedding morning arrived, the breakfast was laid out in that spacious and handsome room, the bridegroom was ready to proceed to church, when it was discovered that the bride was missing; a note in her handwriting was found addressed to the bridegroom, briefly informing him that she had eloped that morning with his "best man," a gay and gallant Captain of Dragoons. The jilted bridegroom did not say much, but he went along to the room in which the wedding breakfast was laid out, with his own hands put up the shutters and drew the blinds, locked the door and took the key. He gave orders that the door should be nailed up and barred with padlocked bars, and that no one should enter the room again. When the house was let, it was stipulated that the room in question should remain untouched, and a sum of £200 per annum was paid to the tenant to compensate him for the deprivation of the room, and it has never been entered since the day he closed it, and there are the "wedding meats" mouldering silently away, and the ornaments crumbling into dust in the general gloom.

**For the Blood is the Life.**

See Deuteronomy, xii: 23. The blood being the source from which the system is built up, and from which we derive our mental as well as physical capabilities, how important that it should be kept pure: If it contain vile, festering poisons, all organic functions become enfeebled. Settling upon important organs, as the lungs, liver, and kidneys, the effect is most disastrous. Hence it behooves all to keep their blood in a perfectly healthy condition, and more especially does this apply at this particular season of the year than at any other. No matter what the exciting cause may be, the real cause of a large proportion of all diseases is bad blood. Now, Dr. Pierce does not wish to place his Golden Medical Discovery in the catalogue of quack patent nostrums, by recommending it to cure every disease, nor does he so recommend it; on the contrary, there are hundreds of diseases that he acknowledges it will not cure; but what he does claim is this, that there is but one form of blood disease that it will not cure, and that disease is cancer. He does not recommend his Discovery for that disease, yet he knows it to be the most searching blood-cleaner yet discovered, and that it will free the blood and system of all other bloodpoisons, be they animal, vegetable, or mineral. The Golden Medical Discovery is warranted by him to cure the worst forms of Skin Diseases, as all forms of Blotches, Pimples, and Eruptions; also all Glandular Swellings, and the worst form of Scrofulous and Ulcerated Sores of the Neck, Legs, or other parts, and all Scrofulous Diseases of the Bones, as While Swellings Fever Sores, Hip-joint and Spinal Diseases,—all of which belong to Scrofulous diseases.

CONFIRMED.—HIP-JOINT DISEASE CURED.
W. Grove Station, Iowa, July 14, 1872.
Dr. Pierce, Buffalo, N. Y.:
*Dear Sir*—My wife first became lame nine years ago. Swellings would appear and disappear on her hip, and she was gradually becoming reduced, and her whole system rotten with disease. In 1871, a swelling broke on her hip, discharging large quantities, and since that time there are several openings. Have had five doctors, at an expense of $125, who say nothing will do any good but a surgical operation.
July 16, 1873, he writes thus: My wife has certainly received a great benefit from the use of your Discovery, for she was not able to get off the bed and was not expected to live a week when she commenced using it, a year ago. She has been doing most of her work for over six months. Has used twenty bottles, and still using it. Her recovery is considered as almost a miracle, and we attribute it all to the use of your valuable medicine. I can cheerfully recommend it as a blood-purifier and strength-restorer.

*Very Sensible.*—Horse dealers who are supposed to know what affects their interest, purchase "Darley's Condition Powders and Arabian Heave Remedy" by the dozen, and feed it to their horses for the purpose of improving their condition, which it always does—others should profit by their example. Remember the name and see that the signature of Hurd & Co. is on each package. Northrop & Lyman, Toronto, Ont., proprietors for Canada. Sold by all medicine dealers.

It is strong testimony to the popularity and usefulness of thee Cocoaine that it had a host of imitators. Consumers will do well to observe that the full name, "Burnett's Cocoaine," is printed on the wrapper, and is blown in the glass. Our legal success in dealing with infringements upon our name and rights will protect the public, if only a little care is used This tribute of imitation is paid to all meritorious and successful preparations.

*Nervousness.*—It affords me great pleasure to bear testimony to the benefits I have received from using Fellows' Compound Syrup of Hypophosphites. I have recommended it to many of my friends, and it has proved an excellent curative for nervousness and general debility. It is also a first-class tonic, enables a person to take flesh rapidly, and is free from the constipating effects characteristic of other tonics I have tried.

*Bryan's Wafers*, (the great public remedy,) have now been in use over twenty years, hence it cannot be said that they are in fault. They have been thoroughly tried, and pronounced on the authority of those whose lives and health they have preserved to be a cure harmless, and eminently salutary preparation, and if taken in season will invariably cure coughs, sore throat, and all bronchial affections. One fair trial will convince the most sceptical. Sold by all medicine dealers, at 25c per box.

*Brain Invigorator.*—Lancaster, Pa., July 31, 1871.—Mr. James I. Fellows—Sir, I am pleased to inform you that my health is improving under the use of your Hypophosphites. Excessive tax of the brain had so exhausted my body that I could neither work nor enjoy myself, and it was with difficulty that I could sleep at all. I tried rest, and active exercise, various medicine remedies, and the most popular physicians, and accidently heard of your Syrup in New York. I purchased three bottles at Caswell & Hazard's, and until I used that nothing relieved me. Now I can eat well, sleep well, work well and feel well, and have good reason to consider your Syrup a most surprising and capital restorer of the mind and nervous system, and advise all who have much brain work to take it. You are at liberty to use this as you may. Yours very truly,
JEROME SHENK, Insurance Agent.

What They Say of It! A Few Facts for the People.—There are but few preparations of medicines which have withstood the impartial judgment of the people for any great length of time. One of these Dr. Thomas' Eclectric Oil. Read the following and be convinced:—Thos. Robinson, Farnham Centre, P.Q. writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Eclectric Oil, and since then have had no attack of it. I would recommend it to all." —J. H. Earl, Hotel Keeper, West Shefford, P.Q., writes, "I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Eclectric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried it on my horses in cases of cuts, wounds, etc., and think it is equally as good for horse as for man."—A. Maybee, merchant, Warkworth, writes, "I have sold some hundreds of bottles of Eclectric Oil, and it is pronounced by the public, 'one of the best med
