Daily British Whig

TUESDAY EVEN'G, SEPT. 14, 1875.

BY THE RIVER.

For the Whig.

The tint of September was on the grove,
The sun shed down his golden light
On waters—returning his kiss of love
In wanton rays of silver bright,
From the sparkling river.

The turbulent town I had left behind,
To seek some fair secluded dell—
Where lovers of nature can only find
The varied charms—they love so well,
Near the enchanting river.

The chosen spot was a beautiful bay,
Laved by Ontario's Northern tide,
Where his waters commence their seaward way
To swell the rolling besom wide,
Of the thousand-gemmed river.

Admiring I gazed on the fairy shore
That unfolded its beauties to view!
Longing to taste the enjoyment yet more
With one who'd be worthy and true,
By the noble river.

From out a light skiff there stepped on the strand:
The loveliest girl I've ever seen,
Unequalled in dignity in this land,
Her stately mien, became the queen—
Of the royal river.

Her form was moulded in elegant grace,
Her wealth of hair—a sunny hue—
In wavelets parting o'er the fairest face,
And purest brow—with eyes of blue
As pure as the river.

Twen hope and despair, before her I bent,
And begged her my pleasures to share
With a sweet calm smile she gave her consent
To trace the bank and breathe the air
Of the zephyr-fanned river.

Upon a throne-like rock we choose a seat,
The south wind sighed through her rich hair:
The stream ripples softly towards her feet
Paying court to his mistress fair,
Like a gallant river.

As her sweet prudent words ravished my ear
And hope from her modest eyes shone,
I felt that without her, life would be drear,
And its course both cheerless and lone—
As the dark est river.

Many adventures and ploids I've known,
And passed through twenty fields of strife,
Those I'd all leave again—to call my own,
Her, whose bright smile has entwined my life
By our beautiful river.

WATERTOWN DAIRYMEN'S BOARD OF TRADE, SATURDAY, SEPT. 11.—Two or three factories offering a small amount of cheese were registered, and no transactions whatever were effected on Saturday. A large number of salesmen were present, however, looking around to see what the future prospects are to be. They are unwilling to accept the prices offered, and are patiently waiting for a revival in the trade to keep them out of the rut that they have so foolishly been running into of late. The present deplorable condition of the cheese markets both at home and abroad is very discouraging at the best, and the indications are that what old cheese there is in this section, if disposed of this fall, must be sold at the present prices. However, a good, flavored, firm, well made August cheese promises better in the curing-house at present than in the market.

A *Despatch* reporter, in company with a prominent Canadian cheese buyer, visited a large number of factories in the southern part of the county recently, and he found that a great many factories had their June cheese on hand, and about all of them had July make in store. Some of the stock was found to be "huffy" and porous, and with but a few exceptions all the June and July make were slightly off flavor. The recent hot weather has been exceedingly bad for cheese, and some of the factories are so filled up that the stock is being boxed or removed to the private residences of the patrons. It was a noticeable fact that the poorest cheese was found in the poorest built curing-houses—those in which there were cracks that would allow the wind to blow through, so that no control whatever could be had of the elements. Almost all the cheese-makers are satisfied that they have made a great mistake in holding over, and say that another year they will not be so foolish.—*espatch.*

New York, 3:35 p. m.—Gold 116¼, cheese nominal; fancy 10¾, good to prime 10¼. Butter plenty and dull; best creameries 34 to 35, firkins and tubs 30 to 32c.

London, cheese 52s; Liverpool 59.

THE GUIBORD CASE.—A second letter appears from Archbishop Lynch, in which he says:—"it appears to me that the Church in the case of Guibord, who manifestly interfering in matters not of its jurisdiction, and consequently need not be judged for conscience sake. But this interference is rather to be tolerated to avoid a greater evil. If Guibord's case happened here, I could hold myself neutral—I would order the grave or plot to be fenced in, and I would reconsecrate the rest of the cemetery."

The Catholic paper, the *True Witness*, has the following sensible remarks on the attempted burial of Guibord, which are in bold contrast to the inflamatory tone of English Catholic journalism in other quarters:—We cannot but deplore the scenes that occurred in front of the Catholic cemetery on Thursday last. For this violence there can be no excuse; religion is neither profited or honored thereby, and the Catholic Church does not require the aid of rowdies and stone-throwers. We therefore, as Catholics condemn without reserve, all attempts to oppose by physical force or threats of violence, the carrying out of the judicial sentence in the case of Guibord. * * * Up to the time of going to press we know not what steps have been taken to carry out the burial of Guibord; even the date is uncertain; but it is to be trusted that when again it is attempted to remove the remains they will be attended with such a display of force as shall make even the semblance of resistance impossible.

'Success is never achieved without merit. A man may make a poor article and sell it once, and there being 40,000,000 people in the United States, the sale to each one would be enough to make a decent fortune. But an article that holds the field year after year, and the sales of which increase regularly and raptdly, must have absolute merit.

Dr. R. V. Pierce, of Buffalo, N. Y., occupies our entire eighth page to-day with his various articles. We admit it, because we know the Doctor, and know of his articles. We know him to be a regularly-educated physician, whose diploma hangs on the wall of his office, and we know that he has associated with him several of the most eminent practitioners in the country. We know that parties consult him, by mail and in person, from all the States in the Union every day, and that they are fairly and honestly dealt with.

This grand result has been accomplished by two agencies—good, reliable articles—articles which, once introduced, work easily their own way—and splendid business management. They have succeeded because they ought to have succeeded.'

If you would patronize Medicines, scientifically prepared by a skilled Physician and Chemist, use Dr. Pierce's Family Medicines. Golden Medical Discovery is nutritious, tonic, alterative, and blood-cleaning, and an unequaled Cough Remedy; Pleasent Purgative Pellets, scarcely larger than mustard seeds, constitute an agreeable and reliable physic; Favorite Prescription, a remedy for debilitated females; Extract of Smart-Weed, a magical remedy for Pain, Bowel Complaints, and an unequaled Liniment for both human and horse-flesh; while his Dr. Sage's Catarrh Remedy is known the world over as the greatest specific for Catarrh and 'Cold in the Head' ever given to the public. They are sold by druggists.

20 YEARS A SUFFERER.—CURED BY THE GOLDEN MEDICAL DISCOVERY.

Dr. R. V. Pierce:

Dear Sir.—Twenty years ago I was shipwrecked on the Atlantic Ocean, and the cold and exposure caused a large abscess on each leg which kept continually discharging. I was attended by doctors in Liverpool, Havre, New York, and at the hospital on Staten Island (where the doctors wanted to take one leg off.) Finally, after spending hundreds of dollars, I was persuaded to try your 'Golden Medical Discovery,' and now, in less than three months after taking the first bottle, I am thankful to say I am completely cured, and for the first time in ten years can put my left heel to ground. I am at home nearly every evening and shall be glad to satisfy any person of the truth of this information. I am, sir, yours respectfully,

WILLIAM RYDER,
87 Jefferson Street, Buffalo, N. Y.

Caution to purchasers of the Peruvian Syrup (a protected solution of the protoxide of iron.) Beware of being deceived by any of the preparations of Peruvian Bark, or bark and iron, which may be offered to you. Every bottle of genuine has Peruvian Syrup not Peruvian Bark, blown in the glass. Examine the bottle before purchasing.

The first approaches of consumption are so insidious that thousands remain unconscious of its presence until it has brought them to the verge of the grave. The immediate use of "Bryan's Pulmonic Wafers" upon the first appearance of the cough, pain or soreness of the throat or chest, would generally preclude a fatal result; therefore when you take a cold use "Bryan's Pulmonic Wafers," and thus prevent the necessity for taking them in more dangerous complaints. To be obtained of all druggists and country dealers. Price 52c per box.

Carelessness.—Many persons neglect their horses' health and condition until it is too late, when at a trifling expense and no trouble the horse might have been saved if attended to in time. To all who may have occasion to use an article of the kind we would confidently recommend "Darley's Condition Powders and Arabian Heave Remedy." It is a great public benefit.—A. M. Hamilton, Warkworth, writes, "For weeks I was troubled with a swelled ankle, which annoyed me very much. Mr. Mayhee of this place induced me to try Eclectric Oil, and before one bottle was used I was cured. It is a most remarkable medicine."

Sold by all medicine dealers. Price 50 cents.

Prepared by S. N. Thomas, Phelps, N.Y., and Northrop & Lyman, Toronto, Ont., sole Agent for the Dominion. Note—Eclectric—Selected and Electrized. Sold in Kingston by E. H. Parker, J. G. King, Heath and Gunn, G. S. Hobart, Jas. McCammon, and all medicine dealers.

Dr. Howe's Testimony.—Pittsfield, Me., March 1872.—Mr. James, I. Fellows. Dear sir: During the past two years I have given your Compound Syrup of Hypophosphites a fair though somewhat severe trial in my practice, and am able to speak with confidence of its effects. In restoring persons suffering from emaciation and the debility following diptheria, it has done wonders. I constantly recommend its use in all affections of the throat and lungs. In several cases considered hopeless it has given relief, and the patients are fast recovering. Among these are consumptive and old bronchial subjects, whose diseases have resisted the other modes of treatment. For impaired digestion, and in fact for debility from any cause, I knew of nothing equal to it. Its direct effect in strengthening the nervous system renders it suitable for the majority of diseases. I am, sir, yours truly, WM. S. HOWE, M.D.

WHAT THEY SAY OF IT! A FEW FACTS FOR THE PEOPLE.—There are but few preparations of medicines which have withstood the impartial judgment of the people for any great length of time. One of these Dr. Thomas' Eclectric Oil. Read the following and be convinced:—Thos. Robinson, Farnham Centre, P.Q. writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Eclectric Oil, and since then have had no attack of it. I would recommend it to all." —J. H. Earl, Hotel Keeper, West Shefford, P.Q., writes, "I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Eclectric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried on my horses in cases of cuts, wounds, etc., and think it is equally as good for horse as for man."—A. Maybee, merchant, Warkworth, writes, "I have sold some hundreds of bottles of Eclectric Oil, and are pronounced by the public, one of the best medicines they have never used; it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence."—Joseph Rusan, township Percy, writes, "I was persuaded to try Thomas' Eclectric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a great public benefit."—A. M. Hamilton, Warkworth, writes, "For weeks I was troubled with a swelled ankle, which annoyed me very much, Mr. Maybee of this place induced me to try Eclectric Oil, and before one bottle was used I was cured. It is a most remarkable medicine."
