MARRIED

JONES—BARRACLOUGH—At Dewsbury, Yorkshire, England, on Tuesday, October 7th, 1930, Oswald E. Jones, to Miss Louie Y. Barraclough, sister of Ernest Y. Barraclough, Esq., J.P., Chenwilliams, Canada.

HILLIER - ALCOTT — On Monday, October 20th, 1930, by Rev. R. W. Rumley, Edith May, third eldest daughter of Mr. and Mrs. George Alcott, to Wm. Hillier.

DIED

HOLMES—On Tuesday, October 21st, 1930, at the General Hospital, Guelph Violet May Ruddy, wife of Frank E. Holmes, Acton, and only daughter of Mr and Mrs. Joseph Ruddy, Georgetown, aged 36 years.

THE attendance at the Gregory Theatre was not what it should have been on Monday evening when Georgetown Citizen's Band put on the first of their series of entertainments. Counter attractions and bad weather was somewhat to blame, but not altogether. If the citizens of Georgetown want a Band in town they must give it their support. The boys are doing their part splendidly and deserve every consideration at the hands of our citizens. You not only missed an opportunity to show your appreciation of a very worthy organization, but you missed a splendid musical program. You will have another opportunity shortly and don't forget to do your part, please.

OBITUARY

MRS. FRANK E. HOLMES

A little home was indeedly sadly bereft and the community grieved by death on Tuesday of Mrs. Frank E. Holmes, at the age of thirty-six years. Mrs. Holmes had not been in good health for several weeks and a week or so ago was removed to the hospital for care. Her condition gradually grew worse, however, and she passed away on Tuesday at the General Hospital in Guelph. Mrs. Holmes was, before her marriage, Miss Violet May Ruddy, a daughter of Mr. and Mrs. J. S. Ruddy, of Georgetown. She was a bright little woman, always interested in the activities about town. She was a member of the I.O.D.E., and of Knox Church choir. Her fine soprano voice was freely given to solo and choir work in the choir when her time would permit. In many circles Mrs. Holmes will be missed and regret felt at her early death, but in the home, where the tender care of a wife and mother are lost, she will be missed most, by her sorrowing husband and little Billy, Jack and Helen. Her parents, Mr. and Mrs. J. S. Ruddy of Georgetown, and two brothers, Mr. Fred Ruddy of Georgetown, and Mr. Charles Ruddy, of Amoris, Texas, are left to mourn the passing of a beloved daughter and sister. To all of these the community and a wide circle of friends join in extending their heartfelt sympathy. The funeral was held on Friday afternoon, with a private service at the home followed by a service in Knox Presbyterian Church It was conducted by her minister, Rev. H. L. Bennie. Interment was made in Fairview Cemetery, Acton.—Free Press.

Deceased was the only daughter of our esteemed citizens Mr. and Mrs. Joseph S. Ruddy, who with their family have the sympathy of many Georgetown friends in their very sad bereavement.

MRS. A. L. CHAMBERS

Alberta Priscilla Neville, wife of A. L. Chambers, passed away at her home, Queen St., Milton, Monday afternoon, after a lingering illness. Deceased, who was well known and highly esteemed, was an active member of St. Paul's United Church, and her death is regretted by a large circle of friends. She is survived by her husband and two sons, Lewis and Willmott, both at home.

HIGH SCHOOL BOARD

Meeting of September 30th. Present E. Y. Barrclough, chairman, H. L. Hutt, S. Kirk, W. T. Evans, F. R. Watson.

Accounts passed:

Georgetown Herald	$3.00
Murdock Stationery	9.50
L. W. Dann	.75
Provincial Paper	4.50
The T. Eaton Co.	27.00
Geo. Lumber Co.	1.40
R. H. Thompson & Co.	23.17

The report of Inspector Hooper was read.

High School Notes

Inspector Hooper visited the school and reported himself well pleased with conditions. The following are extracts form his report.

The Board has installed in the classrooms a protection against direct draught.

The caretaker is doing good work and the school building and grounds are well looked after.

Division of duties among teachers, satisfactory.

Provisions for teaching the courses, satisfactory provisions have been made

Discipline, good.

Registers, properly kept.

Literature texts in Lower School, very satisfactory.

Supplementary Reading, satisfactory

Sight translation in Latin and French a good arrangement has been made.

Class-room decorations, the school has a goodly number of excellent pictures.

All of the teaching which I observed was of a high order; in no case was there any evidence of poor methods or of weakness in dicipline. Under the present Principal and staff the results in examinations should continue to be satisfactory.

Art Portfolios—An excellent beginning has been made.

Records of Practical and Experimental work in science, satisfactory.

The school is in good hands and the work is progressing favourably. There is a good moral tone in the school. The pupils seem to be anxious to make progress and have proper attitude towards their work.

The lack of an Assembly Hall and a Gymnasium is still a serious handicap. At present satisfactory arrangements cannot be made for physical culture nor can the pupils all meet together in general assembly. I am glad to learn, however, that the Board is sympathetic towards these necessary additions, and I have no doubt they will be provided as soon as circumstances permit.

THE MODERN METHOD

The barrier of distance is a thing of the past. Now miles are no handicap, for the telephone is a lightning voice-bearer. Over 70,000 times a day the people of Ontario and Quebec place out-of-town calls. It is a constantly growing habit. And an inexpensive one.

The 78th Anniversary of St. George's Church

FITTINGLY CELEBRATED ON SUNDAY AND MONDAY—ELOQUENT SERMONS BY REV. J. T. ROBBINS, L. Th. OF ST. AUGUSTINES CHURCH, TORONTO

"AT HOME" AND PRESENTATION

Large congregations were present at St. George's Church last Sunday when the 78th anniversary of the founding of the church in Georgetown was fittingly celebrated. Eloquent and inspiring sermons were delivered by Rev. J. T. Robbins, LeTh., of St. Augustine's Church, Toronto.

At the morning service Lay Reader Joseph Beaumont read as the scripture lessons the 29th chap of 1st Chronicles, beginning at the 12th verse, and the 10th chap. of Paul's Epistle to the Hebrews, beginning at the 19th verse. Rev. Mr. Robbins chose as his text the 2nd verse of the 90th Psalm, viz: "Before the mountains were brought forth, or ever thou hadst formed the earth and the world, even from everlasting to everlasting, thou art God."

The speaker said in part: "The greatest message I can bring to you on this the occasion of your 78th anniversary is the reality of God. There are influences at work to-day denying the reality of God and endeavoring to put film out of the affairs of men as nothing. But persons responsible for such influences are in the small minority and they are not the more intelligent minds. Trashy literature, theatres, the talkies, etc., cause doubt in many minds as to the necessity of God and the sense of sin is largely destroyed. Deceivers have deluded many minds and there are men and women who pay but little attention to the word of God. We should remember that all sin bears fruit in our bodies and lives. Excitement and enjoyment of the comforts of life are to-day available to almost all, and comfort on one hand and excitement on the other helps us to forget God. Forty years ago it was thought there was no possibility of harmony between theologians and scientists but to-day theologians and scientists are really co-workers, with few exceptions, for the grand ideal of truth of God. Many scientists of recent days are christian men and seek divine guidance in their work through prayer. Don't forget God because a few of the lesser lights in science make a noise. The great tendency of science to-day is towards the gospel of truth and scientists and theologians are working to help make the world and society better. No one can accomplish the greatest in life without God's help. There are various groups in communities the world over, each wanting to be supreme. Nothing good can come of a divided state of society. There is need for unifying power to raise men and women to a new plane of life and there is only one power through which that can be accomplished, the power of Almighty God. There is abundant evidence of His power in this world where every planet works harmoniously with every other part of the universe. This could not be without the guidance of God. These marvellous works and splendid beauty assure us of a wonderful being behind it all who shows Himself full of love for man whom He has placed in charge of the universe he has made. All things had their origin in God and His wonderful works date back farther than science. When this universe comes to an end God will be there to guide His people to eternal everlasting light. Theology is supreme over science. We are all called to be preachers of the gospel in our daily life or by word of mouth. The world is waiting to see Jesus Christ in us, a master, teacher, healer, comforter and one who understands the realities of life. The world can only see Jesus if you and I reveal Jesus to the world. Let us give ourselves to God by carrying the spirit of Jesus Christ into the world and show that we are walking with Jesus, that others may join with us in the worship of God. Before the mountains were brought forth, or ever thou hadst formed the earth and the world, even from everlasting to everlasting, thou art God."

The special music rendered by the choir under the able leadership of Mr. Jack Thompson, and the organ voluntaries by Mrs. W. P. Bradley were much appreciated and enjoyed by the large congregation.

The chancel of the church was beautifully decorated with flowers.

There was a large congregation again in the evening and the service was fully choral. The choir sang "To Thee we call," by Rachmaninoff as a Introit, and "Glory to God the Father" for the Anthem. The Rev. J. T. Robbins preached another powerful sermon from the 40th chapter of Isaiah, verses 30 and 31, "Even the youths shall faint and be weary, and the young men shall utterly fall. But they that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run and not be weary and they shall walk and not faint."

He drew a wonderful picture of the inability of man by himself to fight the battles of life, even at the best time of his life, the time of youth, and went on to show that only those who "wait upon the Lord," can get the supernatural strength to enable them to soar up like eagles, to rise above the difficulties and trials of life, get the strength which will enable them to run the race of life withdut getting weary, and walk the daily path of duty without fainting. The Rector was in charge of the services all day and Mr. J. Beaumont read the lessons.

In connection with the 78th anniversary of the founding of St. George's Church, a delightful "At Home" was spent by the members of the congregation in the Parish Hall last Monday evening, Oct. 27th.

The Rector acted as chairman and welcomed the guests, after which a splendid programme was given by members of the church. Those taking part were, Mrs. Williams, The Girl Guides, St. George's Orchestra, Miss Joyce Stacey, The Boy Scouts, Mrs. J. Graham, Mr. Cecil Wyatt, Mrs. A. H. Peller and the Willing Helpers Bible Class. The Rector gave a short history of St. George's Church and Major Grant followed with some delightful reminiscences.

A presetnation to Mr. and Mrs. L. F. Denison was made by the Rector with the following address:

Dear Mr. and Mrs. Denison:

It was with sincere regret that we heard of the necessity of your removing to Toronto to live, because during the eleven years of your residence in Georgetown, you have made many good friends, especially in St. George's Church, where you and your family have so faithfully worked and worshipped. We are all losers by your going out from our midst.

We wanted to take this opportunity of just saying "thank you" for all your splendid efforts to aid and assist this Parish. Practically every organisation in the church is under a debt of gratitude to you, because you have undertaken work and given generously to nearly every department of our church's varied life. It was our intention at first to allow each organisation to say "thank you" in its own particular way, but on second consideration it was felt that it would be much nicer to have one corporate "thank you" from the whole Parish, which thank you we now proceed to give.

Will you, Mr. and Mrs. Denison, please accept on behalf of St. George's Church, Georgetown a very sincere and hearty vote of thanks for all your work here on our behalf We cannot express all our gratitude and we cannot begin to repay all that you have done here in our midst, because faithful service can never be adequately rewarded, that is, in this life, but we want you to know and feel that we do appreciate all that you have done for us.

In this connection we would ask you to accept with our best wishes for your future happiness, this silver tray, which we hope you will like and which we trust will be found useful.

We need hardly say that you will always be most welcome in our midst and we trust that you will always keep a warm spot in your heart for St George's Church, Georgetown.

Again thanking you for all your help and many kindnesses, we are

Yours very gratefully,
St. George's Congregation,
Per Fred H. Wase, Rector.

Mrs. S. Groat, President of the Women's Auxiliary very ably supported this on behalf of the W.A. with some cleverly written verses. The two Wardens, Mr. S. Kirk and Mr. W. V. Grant also spoke very feelingly of the good work done by Mr. and Mrs. Denison and their family, which Mr. and Mrs. Denison both acknowledged in an able and gracious manner.

The Rector announced that the special offertory on Sunday for the electric motor to pump the organ amounted to $123.70. The Women's Auxiliary of the Parish who had gone to so much trouble and expense in connection with the presentation, also provided and served the very dainty lunch at the close.

CLEARING

AUCTION SALE !

—OF—

FARM STOCK

The undersigned has received instructions from

CHRISTOPHER HOLLINGREEN

to sell by public auction at Lot 4, 7th Line, Esquesing, on

SATURDAY, NOVEMBER 1st, 1930

The same outstanding values and courteous service await you at all times.

D. BRILL & CO.

Corner Mill & Main Sts. Phone 167 Georgetown

Why you should buy a Majestic RADIO

A NEW Majestic Electric Radio actually costs you *less* to own and operate than many sets being offered at special bargain prices. First, because while you may buy some radio sets for less, the depreciation, service, performance and trade-in value wipe out this mythical saving and *more* before a season has passed.

Most people now buy radios on time, so the purchase of a Majestic means but a few dollars more outlay at the time of purchase and a few more monthly payments. At the end of that time the value of the Majestic as a "trade-in" is definite and *sure*. There is *always* a demand for used Majestics, whereas the loss you will take on nameless "stencils" or "specials" or cheap radios built to a price makes your original purchase an expensive one.

Majestic is the largest manufacturer of complete radio receiving sets in the world. It is fathered in Canada by the Rogers-Majestic Corporation Limited — the largest radio manufacturers in the British Empire. Were it not for this tremendous output Majestic prices would be 10% to 25% higher, if the same quality were maintained. Due to this enormous production Majestic prices are as low as most radios of much cheaper construction. Thus, every Majestic is really a *bargain*—extraordinary value for your money.

The 1931 Majestic Models with Super-Screen Grid and Super-Colotura Dynamic Speaker are now on display at our store. Come in, see them, and find out about our liberal terms . . . today.
