SPECIFIC MEDICINE
Cures all Nervous Diseases, such as Tremors, Debility, Prostration, etc., which in many cases are produced by over indulgence in the use of tobacco and alcoholic spirits; but the specific Medicine is more especially recommended as an unfailing cure for Seminal Weakness, Spermatorrhea, Impotency, and all diseases that follow as a sequence of Self Abuse, as loss of Memory, universal Lassitude, Pain in the Back, Dimness of Vision, Premature Old Age, and many other diseases that lead to insanity or Consumption and a premature grave, all of which, as a rule, are first caused by deviating from the path of nature and over indulgence.
The Specific Medicine is the result of a life study and many years of experience in treating these special diseases. Full particulars in our pamphlet, which we desire to send free by mail to every one.

Daily British Whig

FRIDAY EVEN'G, NOV. 12, 1875.

Royal College of Physicians and Surgeons
KINGSTON, ONTARIO

Glory of Ontario, dome of classic lore,
Far in the past thy records had their birth,
Poet and patriot, statesman, medical and divine
In man and boyhood's pride, on merits wings to soar,
The realms of mind and nature to explore.
Have knelt for half a century at thy sacred shrine,
And fired with fervour to proclaim thy truth,
Have shed the light of knowledge o'er the earth,
And made our honoured name for ever thine
Illustrious structure, venerable pile,
Thy halls are hallowed by the good and great
Then why should ruthless ruin thy despoil,
Aproot thy walls, thy temple desecrate,
And every trace of thee obliterated.
Oh! Alma Mater, doomed to fall at last,
Still shall thy daughter, on her fairest site,
Be Cataraqui and St. Lawrence winding streams
Stand forth in beauty's splendour unsurpassed.
With nature's treasures richly round her cast
The fairy precincts of poetic dreams;
Alluring themes aspirant youth invite
To mould the mind by truth and wisdom's light.
While queenly radiance over all shall beam,
Hope of the future, be thy wide domain,
The field for rivalry of mind with mind—
That Canada's sons new honors may attain,
And with the gems of greatness confined:
Behind the world to elevate mankind.

BASE BALL.

A rather singular fact in connection with the professional base ball campaign of 1875, was that not a single team which entered for the whip pennant, escaped a "Chicago"—the Boston "champs" and all.

The Star base ball club of Syracuse made arrangements last night for an organization for next season. A stock subscription was drawn, and nearly half the amount necessary subscribed on the spot. They have the refusal of first class players enough to make up three tip top good nines. From these will be selected so as to put on the field a rattling team.

BE CONTENTED, EVEN IF POOR.—The following clipping of the statistical, suggestive kind is in all love and kindness submitted to the workmen who have turned up their noses at good wages on the city drain and K. & P. Railroad, and many more who live on half rations sooner than cut wood at eighty cents per cord:—

"Sixty cents a day is considered good wages for working men in any of the European countries except Great Britain where wages are somewhat higher. In Tryol silk region and in Italy, they often do not get more than ten cents a day. In the country in Germany ten cents a day is the common pay. Women there often get but five cents. In Sweden men often work from four in the morning till nine in the evening and do not get any more. The profits of the poor who keep petty shops, sell trinkets in the streets, or act as settlers, do not average more than three or four per cent. Barbers in Berlin, since the raising of prices, get five cents for hair cutting and two and a half cents for shaving. Servants in hotels get from three to eight dollars per month. Servant girls in private families often get but ten dollars a year. Sometimes these classes cannot get work at any price.

RIVALRY.—There is great rivalry between Barrie and Orillia, and it is not soothed any by the fact that Barrie is the county town and Orillia suggests that certain townships in its district should chip in, form a new county and make Orillia the county town. Whenever the one town catches a man drunk they put him on the railway cars and ship him off to the other. It is said, too, that visitors to either place take their provisions with them and sit out on a fence and gorge themselves just to make their rivals mad. They would turn a paper collar twice and then chalk it, rather than spend a cent in the rival town for a new one. People from Barrie have been chased four blocks just for winking when passing an Orillia store on the ground that they were making faces at the clerks. And an Orillia man was put in jail when endeavoring to reach for his tobacco in his back pocket on a charge of attempting to draw a revolver on the town constable. This is not so bad. But when a sick man from Barrie gets up and steals a ride home on a freight car simply to cheat the Orillia coroner out of a job it is time to raise a gentle protest.—*Sun.*

APPOINTMENT.—The Imperial Government has appointed Captain Sandford Freeling, late of the Royal Artillery, and Governor of Grenada, to be Governor of Newfoundland, vice Sir Stephen Hill, whose term of service expires. The salary of the new Governor will be £3,000 a year. Twenty years ago this salary was settled at £2,000 per annum, and so continued at that figure for the twenty years ending the last session of the Newfoundland Legislature.

A RELIC.—In hauling a fishing seine near Telegraph Island a year ago, the blade of what appears to have been a richly ornamented sword of antique shape, was rescued from a *deep* obscurity. It has excited speculation as to how the blade became deposited in the Bay of Quinte. Some believed it to have been lost there by a Chinese mandarin of the 12th century. Others incline to the belief that it dropped there by a stray officer of the Spanish Armada.

No use of any longer taking the large, repursive, griping, drastic and nauseous pills, composed of crude and bulky ingredients and put up in cheap wood or pasteboard boxes, when we can, by a careful application of chemical science, extract all the cathartic and other medicinal properties from the most valuable roots and herbs, and concentrate them into a minute Granule, scarcely larger than a mustard seed, that can be readily swallowed by those of the most sensitive stomachs and fastidious tastes. Each of Dr. Pierce's Pleasant Purgative Pellets represents, in a most concentrated form, as much cathartic power as is embodied in any of the large pills found for sale in the drug stores. From their wonderful cathartic power, in proportion to their size, people who have not tried them are apt to suppose that they are harsh or drastic in effect, but such is not at all the case, the different active medicinal principles of which they are composed being so harmonized, one by the others, as to produce a most searching and thorough, yet gently and kindly operating cathartic. The Pellets are sold by dealers in medicines.

☞ Thousands of people are now carelessly allowing themselves to drift through the preliminary symptoms of consumption, under the fatal delusion that they are troubled with nothing but a slight cold. How necessary is it, then, that a cold should be cured for from its incipiency and every exertion used to get rid of it. "Bryan's Pulmonic Wafers" will stop the hacking cough in a few minutes, and by their influence on the bronchial and pulmonary organs all fears of dangerous results will soon be dissipated—but they must be taken in time. Sold by all druggists and country dealers. Price 25c per box.

No organ of thought or action can be employed without the assistance of the blood, and no organ can be employed safely or with impunity without a supply of healthy blood. With healthy blood the exercised organs become well developed, whether they be muscular or intellectual. By the use of Fellows' Compound Syrup of Hypophosphites the blood is speedily vitalized and purified, and so made capable of producing a sound mind and a sound body. Persons suffering from impure blood or whose health is giving away, either as ministers or those who study closely, will find the Syrup the material to build them up and the tonic to keep them there. A Really Good Article.—We would call the attention of all interested to an article of undoubted merit, and which we would advise all in want of it give a trial. We refer to "Darley's Condition Powders and Arabian Heave Remedy" now being extensively used by many of the largest horse dealers in the country; these men have discovered that it improves the condition of the horse by purifying the blood, and removes from the lungs and liver all that prevents their healthy action; its effect is soon apparent in the improved appearance of the animal, which is one great reason why horse dealers use it, as they are thus enabled to get better prices and at the same time give their customers sound and healthy horses. WHAT THEY SAY OF IT! A FEW FACTS FOR THE PEOPLE.—These are but few preparations of medicines which have withstood the impartial judgment of the people for any great length of time. One of these Dr. Thomas Eclectric Oil. Read the following and be convinced:—Thos. Robinson, Farnham Centre, P.Q. writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas Eclectric Oil, and since then have had no attack of it. I would recommend it to all." —J. H. Earl, Hotel Keeper, West Shefford, P.Q., writes, "I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas Eclectric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried on my horses in cases of cuts, wounds, etc., and think it is equally as good for horse as for man."—A. Maybee, merchant, Warkworth, writes, "I have sold some hundreds of bottles of Eclectric Oil, and are pronounced by the public, one of the best medicines they have never used; it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence."—Joseph Rusan, Township Percy, writes, "I was persuaded to try Thomas Eclectric Oil for a lame knee which troubled me for three or four years, and I now find anything like it for curing lameness. It is a great public benefit."—A. M. Hamilton, Warkworth, writes, "For weeks I was troubled with a swelled ankle, which annoyed me very much. Mr. Maybee of this place induced me to try Eclectric Oil, and before one bottle was used I was cured. It is a most remarkable medicine." ☞ Sold by all medicine dealers. Price 50 cents.
