Had Narrow Escape

On Saturday night Phares Vannatter had a narrow escape from injury when his car was badly damaged in a collision with a truck of the Harris Co. of Toronto. The accident took place at Silvercreek hill, on No. 7 highway. Poor visibility is blamed for the accident by Chief Marshall who investigated. It is reported the truck sideswiped the back of the car.

Why Potatoes are Cheap

One reason why potatoes are now so cheap may be found in the fact that the acreage of potatoes in Ontario this year increased from 157,000 in 1930, to 190,774 this year. Add to this the fortunate circumstances of an abnormally heavy yield and you can figure out why some farmers are giving away their "murphies" for the digging.

Ontario Minister of Agriculture Ill

Hon. T. L. Kennedy, Minister of Agriculture, has been confined to his home in Dixie for the past week, suffering from facial paralysis. His condition for a time is said to have been serious but on Monday it was stated at his home that he was "showing improvement." He is expected to be confined to his bed for at least another week. The attack is believed to have been brought on by old war wounds. The condition of paralysis is not expected to be permanent and will clear up in time, it is stated.—Banner.

Ontario's 1932 automobile markers are now being turned out in a special machine shop at the rear of the Ontario Reformatory. There will be more than 700,000 pair and the background will be grey with the figures black. The job is said to take 350 tons of sheet metal and 1360 gallons of paint. There are 32 men working steadily on the job and they turn out over 6000 pairs a day. It takes a 950 lb. pressure to raise the letters on the plate which after printing are baked at 225 degrees. Shipment will commence about the 15th day of November.

Auto Accident

What might have proved a serious accident occurred last Thursday night when Mr. E. A. Benham, Mr. Clarence Benham and Mr. I. P. McEnery were returning from a business trip to Elora. When between the 6th and 7th lines on the highway coming from Acton the driver, Mr. Clarence Benham, being blinded by the heavy rain and glaring headlights of an approaching car, got a little too close to the edge of the wet pavement and the car skidded into the ditch. Mr. E. Benham had some ribs broken and has since been confined to his room. Mr. McEnery had no bones broken but was badly bruised and shaken up and he also has been confined to his bed. Mr. Clarence Benham escaped with a few minor cuts and bruises. Both Mr. McEnery and Mr. Benham are improving nicely and we hope soon to see them around as usual.

STEWARTTOWN

The St. John's A.Y.P.A. held a Hallowe'en social in the town hall Friday evening last. A goodly number were present and a very enjoyable time was spent amongst the members and community. A splendid program was arranged for the evening and the fact that nearly everyone was in costume added a great deal to the life of the party. Mr. Boyd acted as chairman for the occasion. After the judging of the costumes which proved quite a task for the judges, it was decided that Marguerite McMaster and Mary Bladd were well deserving of the prize for fancy dressed couple, and Masters David Hodge and Harold Wilson for the comic prize. Games and contests were then tried out, Mr. Sam Milligan was successful in winning the apple-eating and also the bun throwing contest. A short play was one of the main features on the program which was given by the younger members of the A.Y.P.A. Refreshments were served and the meeting came to a close by singing God Save the King.

Bignell; a debate, "Resolved that an apple is more useful than a potato; boys chorus followed by a hymn. Lunch was then served and the balance of the evening spent in games which were much enjoyed.

SHE HAD TO CRAWL TO BED

One stair at a time—on her hands and knees—that was how she had to do it. And when she did get to bed, her troubles were not over.

"Twelve months ago I could not sleep on account of the terrible pains in my knees, and I might say in all my joints. At night I could only crawl up to bed, one stair at a time. But since taking Kruschen Salts regularly, I have entirely lost all pains and stiffness, and, if needed, could now run upstairs two at a time. In fact, I feel 10 years younger. I shall never be without Kruschen Salts."—Mrs. A. R. D.

Do you realize what causes these troubles? Nothing but sharp-edged uric acid crystals which form as the result of sluggish eliminating organs. Kruschen Salts can always be counted upon to clear those painful crystals from the system. The six salts in Kruschen are bound to dissolve away all traces of uric acid. And more! They cause such perfect internal regularity that no such body poison as uric acid are ever able to accumulate again. Prove this for yourself by buying a bottle of Kruschen.

That's what a Leghorn earns while a heavy breed bird is getting ready to lay. Leghorns are a faster maturing bird and though they lose a little in size, they make it up in speed of maturity and eggs laid.

Our birds are bred to lay good sized eggs from the start, not pee-wees.

Whiting, who originated this strain and has bred birds for 35 years, has accomplished this.

"What is re-fluffing?"

When blankets come off the looms in woollen mills they are put through a machine that raises the surface so that it becomes soft and cosy to the touch. This adds materially to the warming properties. In this laundry blankets, after their soft water washing, are put through the same kind of machine, with the result that they are given exactly the same soft surface they had when purchased. This applies also to motor rugs. There is no other cleaning method as thorough as laundry washing by the soft water method, and in this laundry every drop of water used is rain-soft. Phone to-day—stop any one of our courteous driver salesmen—or use our cash and carry department.
