NEVER GIVE UP.

Never give up! It is wiser and better
Always to hope that once to despair;
Fling off the load of doubt's cankering fetter,
And break the dark spell of tyrannical care.
Never give up! or the burden may sink you;
Providence kindly has mingled the cup;
And in all trials or troubles bethink you,
The watchword of life must be, Never give up.

Never give up! There are chances and changes
Helping the hopeful a hundred to one!
And, through the chaos, high Wisdom arranges
Ever success, if you'll only hope on.
Never give up! for the wisest is boldest,
Knowing that Providence mingles the cup;
And of all maxims, the best, as the oldest,
Is the true watchword of—Never give up!

Never give up! Though the grape-shot may rattle,
Or tha fall thunder-cloud over you burst;
Stand like a rock, and the storm or the battle
Little shall harm you, though doing their worst
Never give up, if adversity presses,
Providence wisely has mingled the cup;
And the best counsel, in all your distresses,
Is the stout watchword of—Never give up!

The new Pacific Railway Terms.

We have heard a good deal lately about the iniquity of the new terms proposed by the Dominion Government to British Columbia, some of our Conservative contemporaries going so far as to intimate that they will probably produce rebellion and secession in that Province. If the British Columbians act on the cue that Ontario Tories have given they may rebel; but the following which we copy from the Dominion Pacific *Herald* shows that the Columbians understand their own business and know what is good for their Province better than we do our Conservative secession-mongers. Says the *Herald*:

Recent utterance of leading men in the Dominion Government have brought the Railway question, which had been crowded out of its place by election excitement once more to the front rank in men's minds. The aspect of the question has altered very materially within the past few months. No one can now pretent to believe that there exists the slightest intent on the part of the Dominion Government to build the Esquimault-Nanaimo Railway. The point is settled beyond dispute; and there are few reasonable, thinking men in the Province who will not rejoice that it is so. We have been told by Mr. Mackenzie that the compensation to be offered to British Columbia for the non-construction of the Island line, or rather, in lieu of the Island line, will satisfy all reasonable men within the Province, and we have been told by Mr. Blake that it would be better for both Province and Dominion that the latter should, instead of building a railroad a long a shore-line indented with harbors, grant to the Province aid in the prosecution of necessary public works. There can be no doubt that Mr. Blake is quite right here; the only point of consideration is the amount to which the Province is entitled. We express ourselves pretty fully upon that point some months since—for we never believed that this Island line would be built—and it is not necessary that we should go over the whole ground again now.

How Women are to get Married.

In most countries on the other side it is the general rule for the family to put by something every year, perhaps half the income, for the future establishment of the children, and particularly the girls, who as such are less capable of making their way than their brothers. Here, we know, as a rule, the parents improvidently live up to their income, bring up their children in luxurious habits, and thus unfit them for that life of trial to which they are destined. They are, in a word, softened instead of hardened. A common reply of the head of the family to the suggestion that the future of the children should be looked after is that they will begin life under the same circumstances as he did—that is with nothing—forgetting that the conditions of life are changed, and that it is now impossible for them to live as he once did. If a helping hand is given, singular to say it is oftener to the man than to the woman either in being admitted to the business of the father or in being started on his own account. The sister must look out for herself. If she be handsome and attractive, she may find a husband. If she be plain, the chances are that she will remain a spinster. Now, it is the experience of the new as well as the old world, that a marriage settlement does facilitate the marriage of such as one. The plumbs of beauty are only for the favored men; in other worlds all men cannot marry pretty women. Nor can all girls marry an Antinous. Few probably marry their beau ideal in either sex. Many longing women wait in vain for Almaviva with his guitar and moon song; many bachelors make bootless search for her "who was created for them." Hence the need of philosophy. The man must make his nest with what he has in hand. The age is unpoetic and unheroic; he must count the cost of the matrimonial venture if he be an honest orderly man, desiring to pay his way, and if he cannot get the ideal Juliet, he must content himself with the more prosaic Mary.

A WILL CASE.—The will of Miss Ann Eliza Baker, a widow about forty years of age, who died a year ago leaving an estate of $10,000, was yesterdy set aside and refused admission to probate by the Surrogate of New York city. By the terms of the document nine-tenths of the property was bequeathed to Dr. W. B. Searles, in whose family the testator had resided for some months leaving only $10 each to two favorite neices, who contested the will. It appears that the deceased, though a lady of culture had an incurable thirst for intoxicating liquors, and the Surrogate found that while under such influence, she made the will giving to alien to her blood the main portion of her estate, and excluding her nearest relatives.

UNLIMITED REMEDIAL RESOURCES.—People sometimes suppose that Dr. Pierce's Family Medicines represent the entire extent of his resources for curing disease. This is an error. Experience proved that while the Golden Medical Discovery, Favorite Prescription, Pleasant Purgative Pellets, Compound Extract of Smart-Weed, and Dr. Sage's Catarrh Remedy, would, if faithfully used, cure a large variety of chronic complaints, there would be here and there a case which, from its severity, or from its complication with other disorders, would resist their action. These exceptional cases required a thorough examination into their symptoms, to ascertain the exact nature and extent of the disease or diseases under which the patient was laboring, and the use of specific remedies to meet and overcome the same. This led to the establishment of the World's Dispensary, at Buffalo, N.Y., with its Faculty of Physicians and Surgeons, each of whom is skilled in the treatment of chronic disorders in general and those belonging to his own special department in particular. To one is assigned diseases of the throat and lungs; to another, diseases of the kidneys and urogenital organs; to another, diseases of the digestive system; to another, diseases of the nervous system; and to another, diseases of the eye and ear. Thus the highest degree of perfection in medicine and surgery is attained. The establishment of this institution enables the Doctor to meet a longfelt want in the treatment of the more severe chronic affections. By a careful consideration of the symptoms as given in writing, he successfully treats the sands of cases at their homes. Others visit the Dispensary in person. The amplest resources for the treatment of lingering affections are thus placed at the disposal of every patient, and those on whom the proprietary medicines do not have the desired effect can procure a more thorough and efficient course by a personal application to the proprietor of the World's Dispensary.

large volume would not contain the mass of testimony which has accumulated in favor of Dr Wistar's Balsam of Wild Cherry as a sure, efficient and reliable remedy in curing safely the colds and pulmonary disease. Many of the cures are truly wonderful.

Hemorrhoids (or Piles) are permanently cured by Mathieu's Pile Ointment, or money refunded. Price $1 per Pot, or 6 Pots for $5. Sold wholesale and retail by the Wingate Chemical Company, Montreal, and retail by all druggists, or will be forwarded to any address on receipt of price by Dr. E. Mathieu, 198 Notre Dame Street, Montreal.

A CARD—To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood &c. I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, *Station D, Bible House, New York City.*

Incomparable.—Buffalo, N. Y., Feb. 1873.—Jas. I. Fellows, Esq.—Dear Sir: Please forward another lot of your Syrup of Hypophosphites. I have used other preparations of Hypophosphites (not being able to procure this,) but they do not compare with yours, which I think is the best medicine for the nervous system I ever used. I will aid you all I can personally and through the press, as I believe it cannot be too generally known. Yours truly, W T HORNER, Editor and Publisher of Buffalo Express.

Questions Easily Answered.—Why should men wear beards? Because they are a great protection to the throat or lungs, and add much to their personal appearance. Why should we use Bryan's Pulmonic Wafers? Because when used for coughs, colds, tickling in the throat, hoarseness, &c.; they act like a charm. Ministers and lawyers use them, physicians recommend them and singers and public speakers say they are the very best medicine in existence for the cure of such complaints. Sold by all druggists and country dealers. Price 25c per box.

Caution to Housekeepers.—Owing to the increased cost of vanilla beans used in the manufacture of extract Vanilla, spurious compounds are being thrown upon the market, purporting to be pure vanilla but prepared principally from Tonqua beans. This nauseating substitute costs the manufacturer less than one-twentieth part as much as the vanilla bean. It can readily be detected by its odor. It is used principally by tobacconists for perfuming snuff and cigars, and was never intended to be used as a flavoring for the various compounds prepared for the human stomach. Burnett's Extract of Vanilla is prepared from selected vanilla beans and is warranted entirely free from Tonqua or other deleterious substances.

Horses Saved.—The lives of thousands of horses have been saved during the past year, and the credit is due to "Darley's Condition Powder and Arabian Heave Remedy." This preparation is being extensively used, and comes from all the highest praise. Nothing of the kind has ever before been half as successful or given such universal satisfaction; it cannot be equalled. We can confidently recommend it, and would advise all who own horses to keep a supply of it on hand—it may be the means of saving your horse's life. Remember the name and see that the signature of Hurd & Co.'s on each package. Northrop & Lyman, Toronto, Ont., proprietors. Sold by all medicine dealers.
