50	55	70	60	68	65	68
55	60	75	65	72	70	71

* The Age at which Premium will cease to become payable in each division.

EXAMPLES.—1. A Policy holder entering 1871-72, at age 25, having now (1886) 15 years of age, would, on completing his 30th year, be free of all further ordinary payments of premiums.

2. A Policy-holder entering at the same time, at age 35, and being now (1886) 30 years of age, would, upon completing his 51st year, be free of all further ordinary payments of premiums.

When the premiums become thus extinguished, the profits will be paid in cash, in the form of a reduction of the annual premium, or, if the policy holder prefer, may be left to accumulate at compound interest, at 3 per cent. per annum, and will form a fund, which, at the end of 15 years, will amount to upwards of $1,000 for every $100 of profits, and the policy will then be worth $1,500 in addition to the original sum assured.

The 4th year of the Canada Life Company will shortly close, and those joining before then will share in three years profits, at the division in 1891.

Ayer's Cherry Pectoral

FOR DISEASES OF THROAT AND LUNGS, SUCH AS COUGHS, COLDS, WHOOPING COUGH, BRONCHITIS, ASTHMA AND CONSUMPTION

The few compositions which have won the confidence of mankind and become household words, among not only one but many nations, must have extraordinary virtues. Perhaps no one ever secured so wide a reputation, or maintained it so long as Ayer's Cherry Pectoral. It has been known to the public about forty years, by a long continued series of marvellous cures, that have won for it confidence in its virtues, never equalled by any other medicine. It still makes the most effectual cures of Coughs, Colds, and Consumption, that can be made by medical skill. Relief, the Cherry Pectoral has rendered, about those dangerous diseases of their nurses to a great extent, and given a feeling of security from their painful effects, that is well founded, if the remedy be taken in season. Every family should have it in their closet for the ready and prompt relief of slight or severe sickness, suffering and even life is saved by this timely protection. The greatest health not consist it, and the wish will not. Keep it by you for the protection it affords by its early use in sudden attacks.

WEBB'S DARING SWIM.

The Great English Swimmer to Stem the Niagara Rapids—His Object $10,000.

Captain Matthew Webb, who swam the English Channel in 1875, and now proposes to swim through the whirlpool rapids below the Niagara Falls, explained his plan a day or two ago.

"Yes," he said, "I am going to swim the whirlpool rapid, and I will say that it is about the angriest bit of water in the world. I came from England two weeks ago to make the trial, and I went to the rapids last week and made a critical examination. The people at Niagara Falls tell me that I will be committing suicide. A year or two ago a boy who was paddling around in the shore water was drawn into the rapids and had his head cut off. A girl fell into the river last summer from the Suspension Bridge, and when the dead body was picked up at the other end of the rapids it was bereft of all clothing but a pair of stockings. In twenty-three years they say that eighty persons have lost their lives in the rapids."

HIS OBJECT AND HIS PLAN.

"But what is your object in attempting such a terrible feat?"

"Ten thousand dollars."

"How do you propose to pass through the rapids."

"The current is thirty nine miles an hour and the river is ninety-five feet deep. It is wide just below the falls and narrows at the rapids. I am only afraid of two awful ledges of pointed rocks which jut out from the shores into the whirlpool. The water fairly shrieks and hisses as it boils over them. Now, I want to avoid the sides, and yet I dare not go into the middle, for there lies the vortex, and that means death. I will go out in the middle in a small boat just above the Suspension Bridge. The only clothes I shall wear will be the silk trunks I had on when I swam the English Channel. At the time appointed I will jump into the river and float into the rapids. Of course I will make no attempt to go forward, for the fearful speed of the water will carry me through. When the water gets very bad I will go under the surface and remain beneath until I am compelled to come up for breath. That will be pretty often, I wager. When I strike the whirlpool I will strike out with all my might and try to keep away from the such hole in the centre. I will begin with the breast strokes and then use overhand strokes. My life will then depend upon my muscles and my breath, with a little touch of science behind them. It may take me two or three hours to get out of the whirlpool, which is about a quarter of a mile long. When I do get through I will try to land on the Canadian side, but if the current is too swift, as I think it is, I will keep on down to Lewiston on the American side.

PUBLIC INTEREST IN THE PROPOSED FEAT.

The feat will probably be performed on the 21st July. The various railway companies which run to Niagara Falls have subscribed $1,000 for Captain Webb, and it is expected that a hundred thousand persons will witness the undertaking. Preparations are being made to have special excursions from every town and city within reach of the railways.

Captain Webb was born in Stroup shire, England, and is the son of a physician. He took to the sea early and became the captain of a merchantman. Many years ago he jumped from the deck of the Cunard Mail Steamer Russia during a storm to save a sailor who fell overboard. For this act he received from the hands of the Duke of Edinburg the first gold medal ever given by the Royal Humane Society. So daring was he as a ship captain that he could never get a crew to go to sea with him the second time. After his thrilling swim across the Channel the Twenty fourth Regiment, which was almost annihilated in Zululand, gave him a Burmese cup taken in battle. He has a trunk full of decorations and trophies.

DEATH TO LIFE.

A Happy Bride in Baltimore Who about Three Years Ago Lay in Her Coffin.

A dispatch from Baltimore says: It seldom happens in real life that a young lady three years after being enveloped in her burial shroud and placed in a coffin as dead becomes a bright and happy bride, yet such a singular romance has just been developed here. Last evening the Immaculate Conception Catholic Church, in this city, was thronged with society people to witness the nuptials of Miss Mary Griffith, a daughter of the late John J. Griffith, a former prominent merchant of the city, and Mr. Vivian Neal. The bride is a beautiful young lady of about twenty-one summers, and for the last two seasons a belle in Baltimore society. The Rev. John A. Mahoney performed the marriage ceremony, and the altar and sanctuary were magnificently decorated with flowers. After the wedding reception the young couple left on the Western express for Chicago.

Several years ago when the young lady was residing in Cincinnati she had a terrible fall down a flight of stairs and received injuries which were considered fatal. Several prominent physicians called to see her, and pronounced her case hopeless. One day the young girl grew much worse, fell into a comatose state, and, as it was thought, died. The body was prepared for burial and exposed for two days in a casket to the view of friends. The day of the funeral arrived, and, as the appointed time, the carriage and hearse drove up to the door. Just as the coffin was being closed it was noticed that the life-like appearance of the supposed corpse became more pronounced, and there were slight signs of returning vitality. A physician was called, and after an hour or so Miss Griffith returned to consciousness. The solemn gathering was turned into one of joy. The young girl recovered rapidly, and has since been in better health than ever before.

A Fine Hit.

When the proprietors of Burdock Blood Bitters put this renowned medicine on the market they hit it exactly. They hit dyspepsia, indigestion, and liver and kidney complaints a hard blow from which they will never recover.

Holloway's Ointment and Pills will be found the best friend to persons afflicted with ulcerations, bad legs, sores, abscesses, fistulas, and other painful and complicated complaints. Printed and very plain directions for the application of the Ointment are wrapped round each pot. Holloway's alterative Pills should be taken throughout the progress of the cure, to maintain the blood in a state of perfect purity, and prevent the health of the whole body being jeopardized by the local ailments, bad legs, old ages great grievances, are thus readily cured without confining the patient to bed or withdrawing from him or her the pecuniary first and generous support so imperatively demanded when weakening diseases attack advanced years or constitutions evincing premature decrepitude.

Davis' Pain Killer.—From the reports of dealers in this city we think no proprietary medicine has had a larger sale. Its valuable properties as a speedy cure for pain cannot fail to be generally appreciated, and no family should be without it, in case of accident, or sudden attack of dysentery, diarrhœa or cholera morbus. Montreal Transcript.

Mr. Thos. Glen, carpenter, St. Thomas, says my wife has long been troubled with Constipation. She has used a great many so called cures, but without doing her any lasting good. Dr Carson's Stomach Bitters cured her and she thinks it the best medicine ever made. For sale by all druggists everywhere, in large bottles at 50c.

2. Prevost has great success this year in fine coloured worsted and Scotch tweeds for suitings. His expectations have been more than realized, he having been obliged to re-order the above. Anyone in need of a suit would do well to call on him as he guarantees a good fit and uses first-class trimmings.

Be Advised in time, and do not allow what may appear to you as a simple back ache now, to run into a disease of the kidneys, which invariably proves fatal in the end. Dr. Van Buren's Kidney Cure will at once ease your pain and positively prevent those unfortunate results. Take it at once. Any druggist will have it.

The Most frightful scourge of humanity is Bright's Disease of the Kidneys. Commencing with a little pain in the back, it hurries the sufferer to a premature grave. Dr. Van Buren's Kidney Cure is the only known remedy that prevents the fatal result. Take it in time.

Schumann Johnston, a Sarnia druggist, has sold an enormous quantity of Dr. Carson's Stomach Bitters. He says they give splendid satisfaction. They act promptly in relieving all disorders of the Stomach, Liver or Kidneys and are the "Best Blood Purifier." For sale by all druggists at 50c a bottle.

Mr. J. R. Seymour Druggist, St. Catharines, writes that he finds an ever increasing sale for Burdock Blood Bitters, and adds that he can, without hesitancy, recommend it. Burdock Blood Bitters is the grand specific for all diseases of the Blood, Liver and Kidneys.

Samson lost his strength with his hair. Thousands of men and women lose their beauty with theirs, and very large numbers restore the ravages of time by using the famous Cingalese Hair Restorer. Sold at 50 cents per bottle by all druggists.

Cingalese.—A name well known in connection with the Hair Renewer, which restores grey hair to its natural color by a few weeks use. Sold at 50 cents a bottle by all druggists.

The well known strengthening properties of iron, combined with other tonics and a most perfect laxative, are found in Carter's Iron Pills, which strengthen the nerves and body, and improve the blood and complexion.

Insanity is in almost all cases the outgrowth of an over wrought brain. Dr. E. C. West's Nerve and Brain Treatment removes the cause and effects now.

Mental Depression, Loss of Memory, impaired Vision, Premature Decay, and Loss of Power cured by Dr. E. C. West's Nerve and Brain Treatment. Sold by W. J. Wilson.

Edison's Electric Light is a wonderful discovery, but not as wonderful as Hall's Catarrh Cure. Sold by all druggists.

SULPHOLINE LOTION.

An External Means of Curing Skin Diseases.

There is scarcely any eruption but will yield to "Sulpholine" in a few days and fade away from off the surface, leaving the skin clear, healthy, soft and velvetlike, though as if by magic, this marvellous skin disinfectant, that have puzzled the leading lights of the profession for years, is now easily obtained, and its use is attended with no risk, being a clear, inodorous, harmless lotion, free from all injurious ingredients, and entirely free from the offensive smell of the sulphur. Sulpholine lotion should be in every household. Bottles, 1s. 6d., of all druggists, or post free for 18 stamps from the proprietors, PEPPER & CO., London, Eng.
