Dr. J. Collis Browne's Chlorodyne

THE ORIGINAL AND ONLY GENUINE.

ADVICE TO INVALIDS—If you wish to obtain quiet, refreshing sleep, free from headache, rest from pain and anguish, to calm and assuage the every sinking of protracted disease, invigorate the nervous media, and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by Dr. J. Collis Browne (late Army Medical Staff) to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis and Asthma.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Lumbago, &c.

From Bynes & Co., Pharmaceutical Chemists, Medical Hall, Simla, January 30, 1866. To J. T. Davenport, Esq., 33 Great Russell Street, Bloomsbury, London. Dear Sir,—We enclose this opportunity of congratulating you upon the wide spread reputation this justly esteemed medicine, Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility we must question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other towns, we are happy to say, are now relegated to the native bazaars and judging from their sale, we fancy that their sojourn there will be but evanescent. We could multiply instances of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhœa, and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy and as a general sedative, that have occurred under our personal observation. In Cholera, Diarrhœa, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of the opinion that the substitution of any other than Collis Browne's is a criminal act, on the part of the vendor, to say the least of it, as it can only be regarded as an attempt to palm off on the unsuspecting public a spurious article. We are, Sir, faithfully yours, Bynes & Co. Members of the Pharmacy Society of Great Britain; Hs Excellency the Viceroy's Chemists.

CAUTION.—The Chancellor Sir Page Wood stated that that Dr. J. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defendant Freeman was deliberately untrue, and that he regretted to say, had he an enemy he—See Times, July 13, 1864.
