AYER'S HAIR VIGOR,

—FOR—

Restoring Gray Hair to its Natural Vitality and Color.

Advancing years sickness, care, disappointment and hereditary predisposition all turn the hair gray and either of them induce it to shed prematurely. Ayer's Hair Vigor by long and extensive use, has proven that it stops the falling of the hair immediately, often renews the growth and always surely restores its color when faded or gray. It stimulates the nutritive organs to healthy activity, and preserves both the hair and its beauty. Thus brashy, weak or sickly hair becomes glossy, pliable and strengthened, lost hair regrows with lively expression, falling hair is checked and established, thin hair thickens, all faded or gray hairs resume their original color. Its operation is sure and harmless. It cures dandruff, heals all humors, and keeps the scalp cool, clean and soft—under which conditions, diseases of the scalp are impossible.

As a dressing for ladies' hair, the Vigor is praised for its grateful and agreeable perfume and valued for the soft lustre and richness of color it imparts.

SAFE BLOWING.

Burglars Robbed a Railway—Watchmen Locked in a Closet—Poor Results.

One of the most daring safe robberies ever perpetrated in Detroit occurred at the Michigan Central Stock Yards, one mile west of the Grand Trunk RR. Junction, on Sunday, the burglars having all their work and worry for the paltry sum of $50. Three men were in the office about 2 o'clock, Sunday morning, when four masked men walked in at the door, and presenting revolvers to the heads of the watchmen, demanded obedience to their commands on pain of instant death. They were made to sit down on the floor and remove their shoes, after which all three were hustled into a closet and securely locked in. The burglars then proceeded to the cashier's office, where they began operations upon the safe. They had not been at work more than ten minutes when the foreman of all the watchmen between Third street and the Stock Yards came along on his nightly round of inspection. He was whistling as he approached the building, so that the burglars heard him for some time before he arrived. As he entered the door his hands were seized by two of the intruders. Supposing the men were drovers who mistook him for a robber, he called out, "It's all right, gentlemen, I am one of the watchmen here." He at once saw his error. After reviling him of his revolver the men locked him up in the closet with the other watchmen. Work on the safe was resumed, and in the course of an hour the imprisoned men heard a dull explosion, like the firing of a cannon at a distance. Soon after the robbers left, taking the watchmen's shoes, which they threw about in all directions in the snow in order to prevent their being immediately followed. As soon as it was apparent that the burglars had left the building, the men in the closet broke down the door, and after finding their shoes started in pursuit of the fugitives, who came towards the city. The chase had finally to be given up as hopeless, and the men returned to the Stock Yards. The door of the safe was found to have been blown about six feet, a hole having been drilled at the side of the combination lock, into which the powder had been introduced and exploded. A careful examination made later in the day showed that $50 in Canadian money had been taken, while cheques for $1,600 and several envelopes containing money to the amount of $70 had been overlooked. The money in envelopes belonged to drivers, and had been paid in for disabled stock left at the yards for sale. It is probable that the burglars supposed the envelopes contained mere business letters, and that they threw them aside as not worth taking.

Given Away.

We can not help noticing the liberal offer made to all invalids and sufferers by Dr. King's New Discovery for consumption. You are requested to call at J. Geo. King's drug store, and get a trial bottle free of cost, if you are suffering with consumption, severe coughs, colds, asthma, bronchitis, hay fever, loss of voice, hoarseness, or any affection of the throat or lungs. It will positively cure you

DEPRESSION of mind and body, and all diseases due to insufficient or impaired nutrition, are at once arrested and cured by the early use of Puttner's Emulsion of Cod Liver Oil with Hypophosphites, etc.

W. W. McLELLAN, Lyn, N.S., writes; "I was afflicted with rheumatism, and had given up all hopes of a cure. By chance I saw Dr. Thomas Eclectric Oil recommended. I immediately sent (fifty miles) and purchased four bottles, and with only two applications I was able to get around, and although I have not used but one bottle, I am nearly well. The other three bottles I gave around to my neighbors, and I have had so many calls for more, that I feel bound to relieve the afflicted by writing to you for a supply."

PERSONS of weekly constitution derive from Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda a degree of vigor obtainable from no other source, and it has proved itself a most efficient protection to those troubled with a hereditary tendency to consumption. Mr. Bird, druggist, of Westport, says; "I knew a man whose case was considered hopeless; and by the use of three bottles of this Emulsion his weight was increased twenty pounds."

Thousands bear witness to the positive curative powers of the GREAT GERMAN INVIGORATOR, the only remedy that has proved itself a specific for general debility, seminal weakness, impotency, etc., and all diseases that arise from self abuse or overtaxed brain, finally ending in consumption insanity and a premature grave. Sold by all druggists, or will be sent free on receipt of $1 per box, or six boxes for $5. Address F. J. Cheney, Toledo, Ohio, sole agent for the United States. HENRY V. KISS.

A New Style of Stage Osculation Which has Caused Serious Trouble.

St. Louis, Dec. 10.—Mrs. Melville, an actress known on the stage as Miss Carlyon, has just separated from a travelling company and joined one of the theatres in this city. The reason she gives is that she did not like the play which the company was acting, but gossip states that both she and her husband objected to the manner in which the leading man (one of the most successful stars) kissed her. Miss Carlyon admits that she did enjoy the way she was kissed, and called the operation "the Henry V. kiss." She said to a reporter of the *Post-Dispatch* this afternoon:

"It's the kiss that Rignold uses in 'Henry V.' As he does it is not so bad, but every one is not the actor that Rignold is and the consequence is that every time the kiss is used the whole house titters, and there is a suggestion of indelicacy about it that is very annoying. Now don't imagine that I am a prude, for I am not. I delight in love scenes on the stage, but there is art and there is awkwardness. What we call the Henry V. kiss in England is this: The gentleman comes behind where the lady is standing and puts both his hands over her shoulders on her cheeks, so that the fingers of both meet just beneath her chin. Then he pulls her head back to his shoulder and kisses her fairly on the lips, keeping his mouth to hers for fully two minutes. After he kissed me that way once I always afterward moved my mouth so that he kissed me on the chin and not on the lips, but it was unpleasant in the extreme. It is stage etiquette that no gentleman should kiss a lady on the lips. My husband never spoke about it, and it would be absurd to ask him to kiss my ear or to kiss me behind the ear. Of course, I wouldn't mind about the kiss if he didn't put me in such an absurd light. The idea of wanting to be kissed on the ear is positively dreadful. I don't know how people can imagine such things."
