Ayer's Hair Vigor.

FOR RESTORING GRAY HAIR

TO ITS NATURAL VITALITY AND COLOR

Advancing years, sickness, care, disappointment and hereditary predisposition all turn the hair gray, and either of them incline it to shed prematurely.

AYER'S HAIR VIGOR by long and extensive use, has proven that it stops the falling of the hair immediately, often renews the growth; and always surely restores its color when faded or gray. It stimulates the nutritive organs to healthy activity, and preserves both the hair and its beauty. Thus baldness, weak or sickly hair becomes glossy, pliable, and strengthened; lost hair regrows with lively expression; falling hair is checked and stubbed; thin hair thickens; and faded or gray hairs resume their original color. Its operation is sure and harmless. It cures dandruff, keeps all humors, and keeps the scalp cool, clean and healthy—while other compositions, this class of the scalp are impossible.

As a dressing for ladies' hair, the VIGOR is praised for its grateful and agreeable perfume, and valued for the soft lustre and richness it imparts.

IMPOSITION RESISTED.

Lord Lorne's Costly Magazine. A Unlucky Circumstance, but Very Amusing Nevertheless.

(New Hamburg Mercury.)

"Would you like to buy that Harper's Magazine?" asked the soft-voiced and timid peanutter on the east-bound Union Pacific train the other day to a middle aged passenger who was looking over the October Harper, and reading Judge Goodwin's article on the Mormon situation.

"No," said the middle-aged party. "It is my own magazine, and therefore I do not care to buy it."

"Excuse me," said the poor little frightened peanutter, while the tears came into his eyes. "I fear you want to cheat a poor orphan boy out of his books. Please pay me, sir, or let me have the magazine back again. Ah, sir, you would not rob me of my goods?"

"No," said the stern stranger, "I do not wish to rob you of your book, my boy, but I bought this on the Utah Nor' thern road and paid for it. When I went into the eating house for breakfast the train butcher took it out of my seat and sold it to me again in the afternoon.

"I was in the middle of an article when we got to the dinner station, so I turned down the leaf and left it again in my seat. I had to buy it once more. Now, the magazine has cost me $2, and you want me to give it to you so that you can sell it through Nebraska, no doubt. No, my poor little orphan lad, you may go and soak your head for an hour or two and bathe your tear-bedimmed eyes, but I cannot give you my $2 magazine.

"Peddle out your bead moccasins, made by the hostile Indians of Chicago, sell out your little stock of nice eating apples at $17 per barrel, with two prize worms in each and every apple, but do not disturb me while I read my expensive periodicals.

"I will not bother you while you sell your fancy mixed candies that have been running back and forth over the road since '69. I will not interfere with you while you sell your Indian curiosities made in Connecticut. Go ahead and make all the money you can, but give me a chance to pursue this article without the regular assessment."

The hurt and grieved orphan boy went to the sleeping car conductor and asked who that sarcastic old cuss over yonder might be; and the conductor said it was the Marquis of Lorne.

And it was, too!

Toronto & Ottawa Railway.

Work on the division between Perth and Sharbott Lake is still progressing and other contracts have been let. Mr. Charles has taken the precaution to place his men at all points where it is necessary to divert creeks or water courses, as owing to the unusually dry season work can now be done for a minimum cost. As soon as chopping and clearing is more advanced grading gangs and rock workers will be put on. A large gang of men are now at work on the shore of McGowan's Lake. Mr. Campbell, the right-of-way agent for the Toronto & Ottawa, was in town last week, and deposited money with the company's solicitor to pay for the land purchased in this vicinity.—Perth *Expositor.*

A Never Failing Source of Wealth!

It can be proved, the world over, that the grower of live stock, whether poultry or animals, who mixes HARVELL'S CONDITION POWDERS with their feed, realize twenty per cent. on their value more than he who foolishly ignores these great specifies.

Charlatans and Quacks.

Have long plied their vocation on the suffering pedals of the people. The knife has pared to the quick; caustic applications have tormented the victim of corns until the conviction shaped itself,—there's no cure. PUTNAM'S PAINLESS CORN EXTRACTOR proves on what a slender basis public opinion often rests. If you suffer from corns get the Extractor and you will be satisfied. Sold by all Druggists in Kingston and by N.C. Polson & Co., Agents for Ontario.

Among the Follies of the Age

which the introduction of SOZODONT long since exploded, was the use of abrasive and corrosive tooth preparations, which either contained minerals which scratched their enamel, or acids which dissolved it. Sozodont, a health promoting substitute for these empirical articles, is a botanical, skillfully prepared, highly sanctioned preparation, which not only beautifies, cleanses and invigorates saffron-colored and defective teeth, but divests the breath of an objectionable odor and restores to it that of health.

August Flower.

The most miserable beings in the world are those suffering from dyspepsia and liver complaint. More than seventy-five per cent of the people in the United States are afflicted with these two diseases, such as sour stomach, sick headache, habitual costiveness, palpitation of the heart, heartburn, weterbrash, gnawing and burning pains at the pit of the stomach, yellow skin, coated tongue and disagreeable taste in the mouth, coming up of food after eating, low spirits, &c. Go to the druggist and get a 75 cent bottle of AUGUST FLOWER or a sample bottle for 10 cents. Try it. Two doses will relieve you.

Holloway's Ointment and Pills.

Much watchfulness must be exercised at the present time, and the earliest evidences of ill-health must be immediately checked, or a slight illness may result in a serious malady. Relaxed and sore throat, diphtheria, quinsy, coughs, chronic cough, bronchitis, and most other pulmonary affections will be relieved by rubbing this cooling Ointment into the skin as near as practical to the seat of mischief. This treatment, so simple and effective, is admirably adapted for the removal of these diseases during infancy and youth. Old asthmatic invalids will derive marvellous relief from the use of Holloway's remedies, which have brought round many such sufferers, and re-established health after every other means had signally failed.

Puttner's Emulsion.

The medicinal properties of Cod Liver Oil have long been recognised as superior to any of the agents employed in the cure or arrest in the incipient stages of affections of the throat, lungs, etc. Modern science has taught that this valuable substance may be advantageously combined with phosphorus, iron, lime, soda and other medicinal articles in such a way as to make each and all more thoroughly effective than if employed alone. Dr. Puttner had made the matter of combining these elements a study, and has evolved from his studious experiments the combination which he denominates "Puttner's Emulsion of Cod Liver Oil." In another column will be found his advertisement, accompanied by certificates as to its merits which cannot be doubted. A careful perusal of these is invited. A trial of the Emulsion can be made through J. G. King Kingston, or other druggist.

TRICKS OF SCALPERS.

How Old Tickets are Freshened Up on Sold Again—Confession of an Expert Out of the Business.

Lamm, the ticket scalper, who hung out his shingle for a short time in Toronto, but who is now in goal at Detroit for crookedness has made a confession which contains some information of value to railroad men and the public generally. Lamm gives away his partners in crime, and explains the manner in which the business of "doctoring" tickets is conducted.

"The first crooked business I had any knowledge of," says he, "was the use of acid to erase ink. It would also erase words that are put on the face of the ticket with those ordinary rubber stamps, but it would not touch the ribbon stamp that agents used in stamping the back of a ticket. It was used very frequently. For instance the New York Central road issued tickets at Rochester and other places, but principally from Rochester. It issued tickets reading from Rochester to Suspension Bridge, and from Suspension Bridge to Detroit, and from Detroit to Chicago over the Michigan Central, and they would take a first-class form, and they had a rubber stamp reading 'second class.' It was just an ordinary stamp with 'second' at the top and 'class' at the bottom. These tickets were of a lavender or pink color, I forget which, but by putting them in the acid it would remove the stamp 'second class,' so the ticket would read first class. It would also change the color of the ticket and leave it a plain white. We used to sell these tickets for first class. We would give about $5,50 for them; and by changing them we would get $7,50. The same thing was done with tickets over the Grand Trunk. Then there was a plain white ticket issued at London, Ont., reading over the Great Western railroad to Detroit and from Drotroit a short distance out on the Michigan Central, such as Ypsilanti or Ann-Arbor. When the ticket came to Detroit there would be a coupon reading from Detroit to some other local station on the Michigan Central, the name of the station being written in. By using the acid it would erase the writing of the name of the local station, and then it would be from Detroit to—station. All we had to do was to fill in the station or destination. We used to fill in 'Kensington' (that is a suburban station outside of Chicago, and the fare is exactly the same as to Chicago), and that made the ticket worth as much as Chicago tickets. We would pay 25 or 30 or 35 cents apiece for them, and sell them for $7.50 apiece."

Lamm made various other disclosures, and "gave away" quite a number of his friends to his attorney. Their names will probably come out at some future day.

WE have no nervous tonic at once so reliable and convenient as Fellows' Compound Syrup of Hypophosphites, and we, therefore, gladly recommend it in the diseases of such organs as depend for health upon involuntary muscular action.

ACID Stomach, Headache, Heartburn, and Indigestion are quickly cured by using Perry Davis' Pain-Killer. Bathing the head freely in Pain Killer will usually relieve the most severe attacks of Headache.

Manning and McLeod are said to be among the lowest tenders for the Welland Canal aqueduct among the six parties invited by the Department to tender for that work.

BUCKLEN'S ARNICA SALVE.—The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all kinds of skin eruptions, and positively cures Piles. This salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by J. G. King.

IN THE MONTH OF OCTOBER Typhoid, Bilious, and Malarial Fevers are very prevalent. For a sure preventative take, according to directions, Dr. Carson's Stomach Bitters. They purify the System and cool the Blood. They are used to great advantage in Fever and Ague districts. In large 8 oz. bottles, at 50 cents. Sold by all Druggists.

A Methodist minister living at Emerson, Man., writes to a friend that he raised beets this year in his garden measuring three feet in length, and two feet one and a half inches in circumference, and it wasn't a good year for beets either. If anybody but a Methodist minister had told this story we should have asked for proof.

Worthy of Praise.

As a rule we do not recommend Patent Medicines, but when we know of one that really is a public benefactor, and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure Biliousness, Fever and Ague, Stomach, Liver and Kidney Complaints, even when all other remedies fail. We know whereof we speak, and can freely recommend them to all.—*Ex.*—Sold at fifty cents a bottle, by all druggists.

Given Away.

We can not help noticing the liberal offer made to all invalids and sufferers by Dr. King's New Discovery for Consumption, Severe Coughs, Colds, Asthma, Bronchitis, Hay Fever, Loss of Voice, Hoarseness, or any affection of the Throat or Lungs. It will positively cure you.

Dr. J. Collis Browne's Chlorodyne.

THE ORIGINAL AND ONLY GENUINE.

ADVICE TO INVALIDS.—If you wish to obtain quiet, refreshing sleep, free from headache, relief from pain and anguish, to calm and assuage the weary aches of protracted disease, invigorate the nervous system, and regulate the circulating system of the body, you should avail yourself with that marvellous remedy discovered by Dr. J. Collis Browne (late Army Medical Staff) to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis and Asthma.

CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Medicinally, &c.

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Sinda, January 8, 1866. To J. T. Davenport, Esq., 33 Great Russell Street, Bloomsbury, London. Dear Sir—We embrace this opportunity of congratulating you upon the wide-spread reputation this justly esteemed medicine, Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindoostan, but all over the East. As a remedy of general utility, we must question whether a better is imported into this country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are happy to say, are now relegated to the pantry and cupboard, from which, we fancy that their sojourn there will be but evanescent. We could multiply testimonials of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhœa, and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy, and as a general sedative, that have occurred under our personal observation during many years. In Cholera, Diarrhœa, and even in the more formidable forms of Cholera itself, we have witnessed its astonishingly controlling power. We have never seen any other form of this medicine than Collis Browne's, and feel conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and to the public, as one of the opinion that the substitution of any other Chlorodyne is a DELIBERATE SHAKING OF FAITH ON THE PART OF THE CH
