SANFORD'S RADICAL CURE For CATARRH
INSTANTLY RELIEVES.
6,000 FEET ABOVE THE SEA.
The following testimonials are from Messrs. J. O. Bosworth & Co., Denver, Col., large and influential druggists. They report unprecedentedly large sales and universal satisfaction. No other disease is so alarmingly prevalent in that region. They speak of the following gentlemen as among their best citizens:
SORELY AFFLICTED.
J. O. Bosworth & Co., Denver, Col.: Gentlemen,—Prompted by a fellow-feeling for those afflicted with Catarrh, I wish to add my testimony in behalf of SANFORD'S RADICAL CURE for CATARRH. I have been sorely afflicted with the fearful disease for four years, and have tried every known remedy without avail; until I bought a bottle of the above CURE from you, which gave me almost instant relief. It being a constitutional as well as a local remedy, I believe it to be all that is claimed for it, a Radical Cure for Catarrh.
Very truly yours, WM. AMETIVE.
Denver, Sept. 28, 1877. with Jenson, Bliss & Co.
GREATLY AFFLICTED.
Messrs. J. O. Bosworth & Co., Denver: Gentlemen,—I take pleasure in recommending SANFORD'S RADICAL CURE FOR CATARRH to all who are afflicted with this disease. I was greatly afflicted with it for a long time, and cured it with two bottles of the above CURE. About a year afterwards I was again taken with Catarrh quite severely, and immediately sent for another bottle, which freed me all right, giving me relief from the first dose. I am confident that this remedy will do all that is claimed for it, and more too. Wishing you success in its introduction, I am very truly yours,
A. W. SMITH,
Denver, Oct. 4, 1875. of Smith & Doll.
TRIED EVERYTHING.
Messrs. J. O. Bosworth & Co., Denver, Col.: Gentlemen,—I have used SANFORD'S RADICAL CURE FOR CATARRH, and it has given perfect satisfaction. I have tried almost everything, and it is the only thing that has given me relief. I therefore take pleasure in recommending its use to all afflicted with Catarrh of any kind, and offer this as my testimony to its benefits.
Verytruly, W. S. DECKER
Denver, Oct. 1, 1875.
REV. J. H. WIGGIN SAYS:
One of the best remedies for Catarrh, say the best remedy we have found in a lifetime of suffering, is SANFORD'S RADICAL CURE. It is not unpleasant to take through the nostrils, and there comes with each bottle a small glass tube for use in inhalation. It clears the head and throat so thoroughly that, taken each morning on rising, there are no unpleasant secretions and no disagreeable hacking during the entire day, but an unprecedented clearness of voice and respiratory organs. —*Rev. J. H. Wiggin, in Dorchester (Mass.) Beacon.*
Each package contains Dr. Sanford's Improved Inhaling Tube, with full directions for use in all cases. Price, $1.00. For sale by all Wholesale and Retail Druggists and Dealers throughout the United States and Canadas. WEEKS & POTTER, General Agents and Wholesale Druggists, Boston, Mass.

THE LATE TWELFTH.

IMPORTANT CORRESPONDENCE BETWEEN PREMIER MACKENZIE AND MAYOR BEAUDRY.

The following correspondence speaks for itself,—

Office of the Minister of Public Works, Canada,
Ottawa, June 18, 1878.

DEAR SIR,—I feel very great anxiety about the maintenance of the peace in Montreal on the occasion of the Orange celebration in that city on the 12th proximo, and would be glad to know what measures you propose to adopt to secure the preservation of order on that day.

Of course, I am quite aware that the maintenance of order is in the hands of the local authorities, but I am desirous of aiding as far as the law permits the Federal Government to do so; and perhaps you will not seriously object to my expressing my opinion to you personally as to what I think it would be advisable to do.

I have observed lately a communication in the public newspapers from the authorities of the Orange Societies in Montreal, which states that if you would guarantee them protection on their march through a portion of the city to church, none of the organization referred to would go to the city from a distance. It is to be regretted that any portion of the community should feel it desirable to have party processions, and, of course, I would much prefer in this case if the parties interested felt disposed to dispense with their procession. They, however, are disposed to claim the right which all persons possess of appearing in this way in the public streets; and I cannot help thinking that it would be a wise course for the authorities of the city to let it be understood that in the exercise of such right they will be protected.

I had communication with some representatives of the Orange body when lately in Toronto, and I pressed upon them the advisability of their remaining at home, instead of going to Montreal on the 12th of July. I feel quite certain that if you felt at liberty to adopt the course I have indicated, you would have no strangers in your city on that day, and the intensity of the public interest which centres upon the possible events of the day would be relaxed, and the proceedings would be looked upon as the ordinary proceedings which often take place on such occasions in other localities.

In any case I will be glad to hear from you at your earliest convenience, if you are disposed to consider my representations or advice.

Yours faithfully,
A. MACKENZIE.
His Worship Mayor Beaudry,
Montreal.

Montreal, 21st June, 1878.

DEAR SIR,—Your letter dated the 18th inst., reached me only this morning on my return from Quebec, where I had to attend the Legislative Council. This will explain the delay in answering it.

In view of the imminent danger which seems to threaten our city, I cannot conceal my satisfaction at hearing of your desire to aid, as far as the law permits the Federal Government to do, in the maintenance of order, and allow me to add that your suggestions are received by me with all the respect and the consideration they deserve. I shall, therefore, avail myself of this opportunity to submit to your kind attention a few observations.

The local authorities have the necessary power to preserve the peace within limits of the city and amongst its own citizens, but the real danger comes evidently from the large number of persons who declare their opinion of coming from other Provinces into Montreal to impose upon a large portion of its citizens a demonstration which is most distasteful to them. Last year thousands of men fully armed, invaded our city, and this year the newspapers of a neighboring Province have intimated that we should be again visited by a much larger number. In such an emergency, I would ask, have we not a right to be protected by the Federal Government against attacks coming from outside, not only of our city but of our Province? If we judge by our sad experience of last year these men will certainly come all armed, in violation of the Federal Act promulgated during last session. Whose duty it is to see that the law in that respect be rigorously enforced? I would humbly submit that this is not a mere municipal affair, and that it is incumbent upon the Federal authorities to take all the necessary measures to prevent a violation of the law.

Now, dear sir, allow me to offer a few remarks on the desirability of protecting, with all the power vested in the municipal authorities, the Orange Association in the intended demonstration.

If, as they pretended, they form a legal society like any other who is in the habit of walking in the streets, of course are entitled to the fullest protection; but if they have not the same character, if on the contrary they are prohibited by a positive Statute, then what would be the justification of magistrates or the justice of the peace or other officials who would undertake to countenance their proceedings?

In connection with this question be kind enough to allow me to refer to the following Statutes: 2nd Vic. (2), chap. 8; 36; Consolidated Statutes L.C., chap. 10 29 Vic., chap. 46.

The first Statute above mentioned is based nearly word for word on the Imperial Statute 39th George III., chap. 79.

I am advised that in section 6 of 2nd Vic. (2), chap. 8, several of the distinctive features constituting "an illegal combination or confederacy" are applicable to the Orange Association. Should that interpretation be the correct one, what do you think I ought to do?

Did I not fear to trespass upon your kindness, I would respectfully suggest that the opinion of the law officers of the Dominion be solicited on the Statutes quoted; thus the pretensions of parties could be settled, and the present difficulty greatly lessened.

In conclusion, allow me to assure you of my determination to do my duty within the limits of legality, and that I will receive with gratitude and very sincere thanks any observation you may please to address to me in answer to the above. I have the honor to be, sir,

Your most obedient servant,
J. L. BEAUDRY, Mayor.
The Hon. Alex. Mackenzie,
Premier, Ottawa.

Office of the Minister of Public Works, Canada,
Ottawa, July 3, 1878.

DEAR SIR,—Your letter of 21st June, in reply to mine of June 18th, respecting the anticipated proceedings on the 12th July, was received during my absence from Ottawa. I now propose to refer to one or two points which you mention in your letter as having given you some trouble.

You state that "the local authorities have the necessary power to preserve the peace within the limits of the city and amongst its own citizens, but the real danger evidently comes from the large number of persons who declare their intention of coming from other provinces into Montreal to impose upon a large portion of its citizens a demonstration which is most distasteful to them;" and you ask if in such an emergency you have not the right to be protected by the Federal Government against attacks coming from outside.

In reply I have to say that it makes no difference whatever, in regard to the legal or moral obligations imposed upon the local or provincial authorities, if there should be any rioting, where the rioters may come from, as the magistrates of another province cannot follow their citizens into the Province of Quebec, and the Federal Government have no power whatever under the law to interfere with the execution of the laws in the provinces relating to the preservation of the peace.

In this connection you refer to the Act of last session, entitled "An Act for the better prevention of crimes of violence in certain parts of Canada." But you will observe by reading this Act that it confers no power whatever upon the Federal Government, though in any district which is proclaimed under the Act by the Federal Government, extensive powers are conferred upon the magistrates, constables and peace officers for the disarming of any parties, and the summary dealing with offenders against the provisions of the Act. As you are aware, the city of Montreal and the county of Hochelaga were some time ago proclaimed under this Act, and therefore the local authorities are entrusted with all the powers which that Act confers.

The next matter to which you refer is the legal existence of the Orange Association, and you state you are advised that the Act 2nd Vic., Chap. 8, Sec. 6, and the Consolidated Statutes of Lower Canada, Chap. 10, and 29 Vic., Chap. 56, should be construed as showing that the Orange Association is an "illegal combination or confederacy," you ask me, should that interpretation be a correct one, what I think you ought to do. You suggest that the opinion of the law officers of the Dominion be solicited on the statutes quoted. With regard to this, I have to state that the law officers of the Dominion have no right to give advice to the Provincial authorities. That rests with the Attorney-General of the Province interested. But I do not think it is material whether your interpretation of the statutes in question be the correct one or not. Even in the event of the Orange Association being, as you designate it, an illegal confederacy, that would in no way relieve you, as Mayor, and the magistrates and peace officers of the city, from the protection of them individually as citizens. Individuals who happen to belong to the Association in question have the same right to assemble together for the purpose of walking in public in procession that any other parties have. This would not interfere with any prosecution instituted by the local authorities for belonging to an illegal combination, and the imposition of any penalty provided by such acts. Their general rights as citizens, remain, however, intact, and it is the absolute right of every person to walk the public streets. This may be exercised by them individually or together, and the mere fact that every person in a collection of persons walking together happens to belong to an illegal association or to several illegal associations, does not render unlawful his act of walking the public streets alone or in company, and there is no Act that I am aware of prohibiting such processional walking.

I cannot help therefore urging you with all the energy I possess to lose no time in making the most vigorous preparations in your power for maintaining the public peace. I feel confident that if you, or yourself and the other magistrates combined, intimate in some way to the public that parties in the exercise of their rights will be protected, you will have no irruption from a distance; and you have the power, under the Act, to require all parties coming by trains to the city some days before the 12th, to be searched and disarmed, as well as to disarm all parties in the city itself who are likely to cause trouble. If it is known that such vigorous steps will be taken by yourself and the magistracy of the city, I have no doubt you will get over the occasion without any difficulty.

I have also to ask that you should consider what force may be necessary, and make a requisition either upon the Lieutenant-General in command at Ottawa or upon the Deputy-Adjutant-General, as you deem best, at as early a day as possible, and I will see that the troops immediately in the pay of the Dominion as well as some other Volunteer regiments, are available for the preservation of the peace.

I am, your obed't serv't,
A. MACKENZIE.
His Worship Mayor Beaudry, Montreal.
