Kingston, June 30, 1831.

LANDS IN UPPER CANADA,
TO BE DISPOSED OF BY
THE CANADA COMPANY.

Offices of the Canada Company, York, Guelph Goderich.

THE CANADA COMPANY have for sale lands in every part of the Province of Upper Canada, on terms which cannot fail to prove advantageous to the Emigrant; as from taking payment in six instalments, the first payment being only one fifth of the purchase money, and the remainder in five annual payments, with interest at six per cent., the industrious settler is enabled to realize the greater part of the money required, out of the profits arising from the cultivation of his farm.

THE LANDS OF THE CANADA COMPANY are of different descriptions: viz.—

1st, Scattered Reserves; 2nd, Blocks or Tracts of Land, from a Thousand to Forty Thousand Acres each; and 3dly, the Huron Territory, being a district of land containing

1,100,000 ACRES,
situated on the shores of Lake Huron.

SCATTERED RESERVES.

1st. The Scattered Reserves are Farms or Lots of Land, from one hundred to two hundred acres each, which are spread over nearly every Township in the Province, and in many instances are desirable, not only on account of their Soil, and other intrinsic advantages, but their value is much enhanced, to the British Emigrant especially, by their proximity to neighbors or to Mills, Stores or General shops, Schools, and Churches.

The prices at which Lands are now selling are from 8s. 9d. to 20s. per acre, depending upon the situation or location.

BLOCKS OF LAND.

2nd. The Blocks of Land lie entirely in that part of the Province situated to the westward of the head of Lake Ontario, and contain lands, which for soil, climate and powers of production, are equal, and perhaps superior to any on the continent of America. These are worthy the attention of communities of Emigrants, who, from country, relationship, religion, or any other bond, wish to settle together.

The largest block of this kind in the Company's possession is the Township of Guelph, containing upwards of 40,000 acres, of which the greater part has been already sold, and in the short space of five years, a town has been established in the wilderness, with churches, schools, stores, taverns, and mills; where there are mechanics of every kind, and a society has been formed of a highly respectable description. Property has improved in value from 250 to 1,000 per cent., thus showing, beyond the possibility of a doubt, the advantages which the plans adopted by the Canada Company in the settlement of their lands have conferred upon the Emigrant. The same plans being adhered to on the Huron Tract, there is every reason to expect similar results.

THE HURON TERRITORY.

3d. The Huron Tract.—This is a Tract of the finest land in America, through which the Company have made two roads of upwards of 100 miles of extent, of the best construction of which a new country admits. It comprises already a village of fifty inhabited houses and various other settlements, containing in all nearly 1500 inhabitants, whose numbers are rapidly increasing. The town of Goderich, bordering on Lake Huron, at the mouth of the River Maitland, contains stores (or general shops), and most of the different classes of working mechanics are established there, but not so many as the settlement requires. There is a saw and grist mill in the immediate vicinity, and three more of each are in progress in different parts of the tract. There is also a saw mill, on a large scale, on the River Aux Sables, in the southern part of the tract. It would be superfluous to state, that where such an extent of good land is open for purchase, an Emigrant, or a body of Emigrants, however numerous, would have no difficulty in selecting a location suited to their circumstances, however various these might by.

The Company, to encourage settlement in the Huron Tract, have determined to continue for this year to allow to all *families, Settlers* in this district, purchasing 160 acres or more of the Company, the expenses of conveyance at a stipulated rate from Quebec or Montreal to the head of Lake Ontario, allowing each family to consist of two adults and three children, by deducting those expenses from the second instalment of the purchase-money of their farm. The present prices of lands in the Huron Tract are from 8s. 9d. to 10s. provincial ccurreny, that is, from a dollar and three-quarters to two dollars per acre.

The class of persons chiefly required in Upper Canada, and who, of course, will find it best suited to their purposes, are small Capitalists, Farmers, Mechanics, and Laborers; people of large capital can find profitable and safe investments for their money in the Stock of the Banks, &c. and in the Public Securities, the latter being invested at 6 per cent. and the former at a rate considerably higher. Mortgages at 6 per cent. also, on lands and tenements, can be had on unexceptionable security, as a Register Office in each county prevents the possibility of fraud or deception being practised, by obtaining money on encumbered properties.

The Company's Commissioners at York, the Managers at the Offices of Guelph and Goderich, or the Agents throughout the various parts of the Province, will treat with Emigrants for the purchase of lands, in quantities of 100 acres or upwards; but should less than that quantity be wanted, there are in almost every Township smaller lots; and in the Township of Goderich the lots are laid out in 80 acres each; and a settler, if he should wish to purchase more than one lot, is only limited in the extent of his purchase by his ability to pay the first instalment, and to comply with the other conditions laid down by the Company for the settling of the Huron Territory.

All further information may be obtained from the Company's Commissioners, York, Upper Canada.
