Mr. R. O. Horner closed a period of five weeks labor in Wolford, near Irish Creek, on Sunday last. He is said to have been much more kindly treated than during his former visit. This week his tent is being moved to Frankville.

Yesterday Mrs. R. D. Judson was so unfortunate as to fall from the platform of a clothes-reel and severely injure her knee. Her medical attendant speaks hopefully of the injury not proving dangerous.

Two straight goals and a doubtful third were registered against the Athens football team in their match with Brockville Coll. Inst. club on the grounds of the latter on Saturday. We don't wish to appear to be making excuses, but the Athens team was certainly greatly weakened by the absence of four of their best players. Should a return match be kicked the game will be looked forward to with great interest.

Consult your own interests by giving me a call if you want to purchase a piano, organ or sewing machine. I am sole agent for this district for Canada's high class piano, the Mason & Risch, also the Mason & Risch vocalion, the great modern musical achievement, suitable for parlors, halls and churches, and the renowned D. Blacksmithing.

A. James has leased the premises formerly occupied by Abel Stevens for a term of three years and has engaged the services of a first-class blacksmith. All his work is guaranteed and will be cheap as the cheapest. Special attention will be devoted to horse-shoeing. Mr. James is well known to the people of this section as an energetic, reliable business man and his shop can be counted on to do good work. Give him a call.

Brockville Cheese Board

Brockville Cheese Board had its last meeting for the season on Thursday last. The cheese offered totalled 3,528 boxes, two-thirds of which were white. The highest offer was 9 11-16c. and this was for colored goods. The salesmen declined to sell at this figure, and so the board closed without a single box changing hands.

Just before the close of the board, Sec.-Treas. C. J. Gilroy read an address (which was accompanied by a purse of money) to ex-President R. G. Murphy, to which Mr. Murphy made a suitable acknowledgement. A vote of thanks was then tendered to President Singleton, who closed his reply by extending an invitation to all present to dine with him at the St. Lawrence Hall. Accordingly there was a great gathering of those interested in the important cheese industry of this section in the spacious dining room of the hall at 9 o'clock when ex-President M. K. Everitts took the chair. The customary toasts were proposed and ably responded to, and thus passed away very pleasantly the closing hours of the last business day of the Cheese Board for 1891.

You cannot make a mistake if you buy your Overcoat at G. W. Beach's.

There are a large number of counterfeit fifty cent pieces in circulation in Kingston and storekeepers are being deceived every day. The counterfeit is a splendid one, bearing date of 1896. One was analyzed and found to be made of aluminum, which gives it a splendid ring. It is short in weight by twenty-six grains.

A Hallowe'en party was held on Friday evening, which was conducted in a somewhat novel manner. The young men assembled at a certain house, the identity of which was unknown to the young ladies, who were supposed to hunt till they found it. Of course the hunt was successful, but the game was not found till several houses had been visited.

Gananoque had a sensation last week, the facts being, as told by the Chief Constable, that Wm. Corboy suspecting his wife to be too intimate with a bachelor storekeeper, watched her on Sunday evening and discovered her in the merchant's private quarters, and shooting through the door nearly made an end of him, the ball going through his shirt collar and making a flesh wound in his neck.

Last week Mrs. Chamberlain and Miss Jennie Hartwell returned from their trip to Toronto and Parry Sound. While in Toronto at the residence of her son, Dr. Theo. Chamberlain, Mrs. Chamberlain celebrated the anniversary of her 87th year. The trip from Toronto to the Sound is a long day's journey and we congratulate Mrs. Chamberlain on having stood it so well, and upon her safe return to Athens.

On Sunday evening Rev. J. Grenfell preached a sermon on "Boodlers" in the Methodist church to a large congregation. His discourse stripped boodling of such little concealment and justification as partizans in Ontario and Quebec are prone to accord it, and showed conclusively that stealing from the public treasury is just as bad as stealing from an individual. The stand that many ministers have taken on this question, and their fearless words of condemnation will do much towards stemming the tide of corruption that seems to be flooding our fair Dominion.

We are pleased to republish the following from the Winnipeg Free Press, and congratulate Mr. Fisher on his preferment: "In the transfer of Mr. C. D. Fisher from the agency of this station to a more lucrative position at Moose Jaw, the C. P. R. has given to the people of Saskatoon and neighboring places a grievance that not even the recent liberal reduction in freight rates from Winnipeg will remove. Mr. Fisher, besides being a thoroughly competent station agent, possessed personal qualities that made him a favorite with all classes, and it will be difficult for the company to find another who will enjoy in so large a measure both the confidence and esteem of the general public as he did.

Horses Dying at Smith's Falls.

The Record says: Last week we noted the death of one of Mr. Jas. Shanks' horses, and since then another belonging to the same gentleman has died and two others in town, besides one close by. Dr. Manhard pronounced the trouble to be spinal disease, and when the second horse of Mr. Shanks' died he made an examination and found his diagnosis of the case to have been right. Both of Mr. Shanks' horses have been driven a little while before they died, one of them the same evening. The third one to die was a fine large black one owned by Mr. James McMillan and Mr. Wm. Miller. Mr. McMillan drove it Sunday afternoon and home that evening and during the night it died. One belonging to Mr. John Miller lingered a little longer but it too died Monday night. M. B. Ballantyne lost one Saturday night that had worked that day. At present there are no other cases in town.

On Wednesday last a warrant was placed in the hands of Constable Brown for the apprehension of Geo. Barnes, a charge of assault having been made against him by Samuel Denby before Geo. P. Wight, Esq., J. P. The warrant was promptly executed and "Tony" shortly appeared before the door of the lock-up. But just here the trouble commenced. While the constable was unlocking the door the prisoner was meditating deeply, and suddenly made a bolt for fresh air and freedom. The constable gave chase and a lively race ensued, but Tony proved to be somewhat of a sprinter, and soon left the constable, the cooler, and law and order far in the rear. But the race is not always to the swift, and so it proved in this case. The constable, thinking that the bird would return to its nest, continued on to Guzzlers' Junction, only to find that the prisoner had not yet arrived. He was returning somewhat discomfited when the unmistakable tones of Tony's voice came to him from a wayside dwelling. He effected the recapture of his prisoner and this time presented him with a pair of bracelets. He was placed behind the bars without further mishap, and in the morning was brought before Justice Wight and Cawley. The assault took place in Barnes' house concerning which the evidence differed very materially—to such an extent, in fact, that the magistrates disagreed, and the evidence has been sent to the County Crown Attorney for his verdict.
