It is thought probable that in the near future the entrance examination to the High schools will be abolished, and the leaving examination connected with the Public schools, which is much more severe, made to serve in its stead.

At the district meeting of the Methodist church held lately in Merrickville the question of "Holiness" was discussed, and an emphatic "No" was given to the question "Can a man live without sin?"—Press.

Some business men try advertising as the Indian tried feathers. He had heard a great deal about white men sleeping on feathers and so took two or three feathers, laid them carefully on a board and slept on them all night. In the morning he soliloquized, "White man say feathers heap soft; white man heap fool. Ugh!"

The meetings of the Society of Friends held here last Sabbath were attended by large congregations. In the speeches that the different Friends were moved to deliver, the distinctive tenets of their faith were clearly and succinctly stated, the eternal principle that God is love pervading all their remarks. Several Friends were present from a distance.

If your uncle has an aunt who has a nephew whose wife has a cousin that is a friend of your wife's sister, whose grandfather used to live in the same town with an old schoolmate of yours, whose son-in-law is now in Chicago, you should at once renew the acquaintance with a view of saving hotel bills while attending the World's Fair. This scheme can be worked successfully in many instances.

The following paragraph, which we clip from the Kingston News, will interest our Delta readers: "Some time ago the Brockville Recorder stated that about twenty-two persons left Delta last Fall for the United States, giving as a reason for their removal, the statement that those people were not satisfied with the N. P. Twenty of the twenty-two have returned to Canada to live in Delta. They were not satisfied with the wages in the States, and can do better in Canada."

An Elgin correspondent says: The village was very much startled on Sunday last, 2nd inst., by the news that Mrs. Davis was dead. She had been in ill health for years but her death was nevertheless quite sudden, and was a great surprise to her two daughters, who were with her. They could not believe her dead for some time. It is sad indeed for them. They have for years ministered to her wants and have lived very hapily with her. Mrs. G. W. Baker, another of her daughter is here, and so is R. S. Davis, a son. The family has the sympathy of many friends.

Not Total Abstainers.

In addressing a W. C. T. U. deputation at Quebec, the Countess of Aberdeen, after congratulating the members on their good work, said: "Let me frankly admit, ladies, that whilst we have always earnestly striven to uphold temperance amongst the people, yet we cannot claim to be total abstainers, and I suppose that we should not always find ourselves in accord with all the methods used in the endeavors to attain the object of your union."

Wanted to Die.

A young woman named Lane, who figured prominently in a breach of promise trial about three years ago at Perth, and who resided on the Wilton farm, Montague, just below Atironto, attempted to commit suicide on Tuesday last by taking a dose, first of laudanum and then of Paris green. The woman who has had a most unfortunate career, and has had two or more children to support, became disheartened with life's trials and the world's cruelty, and concluded thas the easiest way to escape her troubles was to commit suicide.

A Pot of Money.

Last Sunday a daughter of Thomas Williams, who lives in Drummond, near Perth, walking in the bush near the house, caught her foot in something which attracted her attention. Looking closely at it she found it was an old tin pail embedded in the earth, and pulling it out of the ground it proved to be full of silver coin. The treasure was taken into the house, and on being counted was found to foot up between three and four hundred dollars. The coin was mostly American silver, principally half-dollars, and was well rusted up; and as none of the pieces were dated after 1854, it is thought that the money had lain in its sylvan hiding place for forty years. It is also surmised that the treasure was placed there by Mr. Williams' father for extra safe-keeping, and that he died before he could divulge the secret, or perhaps when memory failed him.

Village Council.

The regular meeting of the village council was held on Wednesday evening last. Present: the reeve and councillors J. Cawley, Irwin Wiltse, W. Karley and Arza Wiltse. Minutes of former meeting read and approved.

On motion, the clerk was authorized to obtain legal advice regarding the extension of the sidewalk on Wellington to Elgin street and the removal of fence on right of way.

A by-law was introduced, duly read and passed to levy and assess for county, debenture, village and school purposes for the year 1893, the blanks in said by-law being filled as follows: county purposes, $252; village, $1,000; railway debenture, $801.25; high school debenture, 280; high school, $431.25; S. S. No. 6, $1,500.

On motion a by-law was introduced and passed appointing Joseph Kerr collector for 1893 at a salary of $90.

On motion, it was resolved to grant the Reporter office $25 for advertising the village in the illustrated Christmas number of the paper.

For The World's Fair.

On Friday last the following Athenians started for Chicago: Mrs. Dr. Hart, Miss Bertha Loverin, Mrs. W. H. Taplin, Irwin Wiltse, Wm. Parish, Curzon Bamb, E. Clow. From other places were H Rowsom, Walter Lee, Miss Ella Lee, Miss M. Gardiner, G. W. Gardiner and wife, Mrs. A. H. McLean, Lyn; J. H. Morrison, Spring Valley; W. Coon and Mr. Dwyer, Elgin; B. O. Leggett, Newboro; John Leggett, Portland.

Death of Fred Landers.

On Wednesday last Mr. J. P. Lamb received a telegram conveying the sad intelligence of the death of Mr. Frederick Landers at Anthony, Kansas, on the previous Monday. He had been ailing for about a week, but as he was able to attend to business, no serious apprehensions were felt. His sudden death, therefore, was a grievous surprise to his friends there as well as here. Preparations were immediately made for conveying the remains to the family burying plot in the Baptist cemetery, Athens, and the funeral procession reached here at 11 a.m. on Friday last, the hearse being followed by Mr. Geo. Landers, of Kansas, Mrs. Enoch Marshall, of Chicago (brother and sister of deceased); Mrs. W. Landers and daughter, of Potsdam, N. Y.; Mrs. Lew Landers and son, of Belleville, Ont.

Deceased was a member of the Masonic order and the burial service was conducted by the brethren of Rising Sun lodge, under the direction of Mr. J. P. Lamb. The pall-bearers were Messrs. G. W. Beach, J. H. McLaughlin, Jno. Cawley, M. B. Holmes, W. G. Parish and Jas. Ross. Rev. J. Grenfell and Rev. J. Ferguson read portions of scripture, after which the Masonic service was conducted by Rev. Wm. Wright, rector of Christ church.

The notice of the funeral was short, but, notwithstanding, a large number of his old school mates and friends—those who knew him best and loved him most—assembled at the grave to pay the last tribute of respect and esteem to his memory and to testify their sympathy with his bereaved relatives.

Deceased was 27 years of age and passed the early years of his life in this village. About twelve years ago he went to Potsdam, N. Y., where he engaged in mercantile business with his brother, Will, now deceased, and was a successful merchant. Two years ago he joined his brother George who is a prosperous, landowner, banker, etc., at Anthony, where he died. He was a Royal Arch Mason, a member of Potsdam lodge, and coupled with his desire that his body might be brought to the old home for interment was the wish that his funeral should be conducted under Masonic auspices. May he rest in peace.

Preparing for the Plebiscite.

In view of the plebiscite vote to be taken in January, 1894, a convention of the temperance workers of Leeds County was held in the hall of the R. T. of T. Athens on the 5th inst.

After the formal opening of the convention and the invoking of God's blessing, the officers of the day were chosen as follows: Chairman, P. Orser, D. G. C.; secretary, F. Wood; committee on resolutions: M. Arnold, Rev. Mr. Perley, N. Howard, M. Sexton.

The following resolution was presented by the chairman, considered by the committee, and, on motion by Rev. Mr. Knox, seconded by Rev. Mr. Roadhouse, was received and adopted: That, whereas this convention believing that the time has come that the temperance people of this country should be more united on the great question of the prohibition of the liquor traffic, and that the success of the plebiscite vote for this Province will be a stepping stone to the same result for the Dominion, Resolved—1st, That this convention pledges its support and its united effort for the success of the plebiscite vote for prohibition for this province next Jan.; 2nd, That this convention organize itself into a county prohibition association and elect officers and that a committee for work be appointed for public meetings to be held any time before the vote; 3rd, That we appoint vice-presidents for each municipality, and that they call a convention to appoint working committees.

Suggestions with regard to methods of work were given by Rev's Mr. Grenfell, Knox and Roadhouse. Pledge-card canvas was suggested by Rev. Mr. Roadhouse.

Moved by Rev. Mr. Perley, seconded by Rev. J. Grenfell, that this association be called the "Leeds County Temperance Alliance."

Moved by Mr. Perley, seconded by Mr. Knox, that M. Arnold, C. Wood, J. Anderson, J. W. Kerr and J. Purvis recommend officers of association.

Committee recommended: President, Rev. Mr. Saunders; vice presidents, Rev. T. Murduck, and Rev. Mr. Gracey; secretary, Rev. John Grenfell; treasurer, Geo. Sharman. Convention unanimously selected Judge McDonald as honorary president.

Matrimonial Chances.

A woman's chance to marry at from 15 to 20, is said to be 15½ per cent. From 20 to 26 the chance is increased to 52 per cent.; from 25 to 30 it diminishes to 18; from 30 to 35 to 15½ per cent.; from 35 to 40 the chances of an unmarried woman sinks to 3½ per cent.; from 40 to 45 a still further diminution is seen, her chances being but 2½. From 45 to 50, the old maid's chance of getting a husband is but ½ of 1 per cent of a chance. It should, however, be added that the average table does not apply to widows. Accurate statisticians affirm that a widow of any age has at least, 76 spinster drawing power and some place her figure up to 82. The widow's chance at any age, are therefore, 76 times better than those of a spinster.

How Peace Officers.

The new criminal code, which came into force on July 1st, gives prisoners a right to testify in their own behalf. Wardens, sheriffs, mayors, reeves, councillors, justices of peace, etc. are made peace officers by this act, and have the same rights to make arrests. A person refusing to assist such officers when commanded to do so is liable to six months' imprisonment, and a person who wilfully resists or obstructs any peace officer in the execution of his duty is liable to two years imprisonment. The new code is severe on garden thieves. It enacts that any person stealing fruit or other articles from a garden, orchard or pleasure ground, is guilty of an offence, and liable on conviction to a penalty not exceeding twenty dollars over and above the value of the articles stolen or injury done, or to two months' imprisonment with or without hard labor. For a second offence the penalty is three years' imprisonment.

Dark-lantern Revelations.

The word "larceny" does not appear in the new criminal code, the word "theft" being used to cover all kinds of stealing, large or small. Notwithstanding this fact, there have been several peculiar occurrences in the vicinity of the "avenoo." The orchard of a non-resident landlord had been repeatedly pillaged, and on making enquiries a lady (an untutored child of nature) informed him that a certain citizen, whose reputation for honesty had hitherto been above reproach, was the thief. This charge was brought to the ears of the citizen aforesaid, and, being innocent, he felt deeply grieved that his probity had been brought in question, and resolved, if possible, to discover the identity of the thief. A few nights after, he heard a noise in the landlord's orchard and providing himself with a dark-lantern he stealthily invaded the premises. Arrived at the spot from whence the noise proceeded, he flashed the lantern around and soon focussed it upon a well-known and wealthy citizen of the west end, who was up in the branches of an apple tree. But a sweeter satisfaction awaited him, for as he lowered the lantern its brilliant rays revealed the presence of two women, one of whom was the person who had falsely accused him. The trio, though in no way related to each other, were acting in perfect accord and gathering the forbidden fruit in fine style, when the lantern was introduced and the performers called off. Verily, the way of the transgressor, illuminated with a dark-lantern, is not pleasant to contemplate. No action at law has yet been taken to punish the thieves.

A Farmer's Experience.

Well, this is the written testimony of Mr. Hudson Brotherston, of the township of Smith, Peterborough Co. If you are a sufferer, write him, and hear what he has to say for himself.

Buy the favorite brand of Machine Oil, viz:

Peerless Machine Oil

ALL general dealers and Hardware men keep it. Does not gum or corrode and wears better than castor oil. Ask for it, insist on having it, and when you have given it a trial you will be delighted with the wearing qualities.
