The Women's Association of the Presbyterian Church held their regular meeting on Thursday evening, Nov. 29th at the home of Miss Rutherland. There was practically a full attendance with the president in the chair.

We congratulate Mr. Olven upon securing first prize on his horse at the Royal Winter Fair last week. It is particularly creditable in view of the fact that there was such an unusually large number of entries this year from all parts of Canada and United States.

Miss Evelyn Johnson left on Saturday to take a position in Toronto. We wish her every success in her undertaking.

Miss Jean Olven, who has been with her aunt and uncle, Mr. and Mrs. H. Betcoby in Toronto for the past three weeks, returned home on Saturday.

Messrs. Wm. and Ralph Marshall and Mrs. Porter of Toronto visited Mr. R. Marshall on Sunday.

The Girls' Lookout Club held their monthly meeting at the home of Mrs. Harvey Norton on Saturday, Dec. 1st. In the absence of the President, Miss Olive Olven took the chair. The scripture was read by Miss O. Olven and Miss Beatrice Lane led in prayer. After the business period, and a session of community singing, the speaker of the afternoon, Mrs. Wm. Gowdy was introduced by the acting president. Mrs. Gowdy brought a splendid message on "Manners in the Home," which was greatly enjoyed and appreciated by the girls. At the close of the meeting Mrs. Norton served lunch.

The Women's Association of the United Church held a ten cent tea and sale of baking at the home of Mrs. Arthur Hill on Saturday afternoon last. Although the attendance was not all that it might have been the ladies felt they had had a successful afternoon.

It was literary and social night at the Harmony Club on Monday night. Mrs. Stephenson opened the meeting with a lesson in music. The president then led the business session, after which the meeting was given over to Mr. Denis Hill, literary vice-president. Miss Gladys Packer read the scripture lesson and Mrs. A. Meredith led in prayer. Denis Hill gave a splendid paper on the life and work of Dr. Drummond, one of the outstanding writers, after which there was a contest on poems and authors which was won by the Blossoms. Lunch was served by the social committee.

The Public School concert is to be held on Wednesday night, Dec. 19th, and the United Church concert on Dec. 17th.

Rev. Mr. Ellison occupied the pulpit of the Presbyterian Church on Sunday last, in the absence of Dr. Howard. He brought a wonderful message based on the first part of Gal. 6-10. A message full of pleading that we do not pass up the opportunity now of seeking God and preparing ourselves, by building according to the fruits of the Spirit.

Mrs. H. Devereaux, who underwent an operation about two weeks ago, is improving satisfactorily, but slowly.

Mr. and Mrs. John Kenney of Acton were visitors with Mr. and Mrs. John Newton on Sunday.

We are pleased to report that Mr. O. Lucas has greatly improved in health and returned to his home on Sunday. He expects to take up his work again shortly.

Burning Stubble

When stubble has been burned off and the land again seeded, after a minimum amount of cultivation, the yields of grain have proven this method to be superior to any other treatment. Objections to the burning of stubble are loss of nitrogen, loss of moisture, and some loss of soil fertility; while supporting the practice are weed control, clean crop and convenience.

Why Burn Straw Stacks?

When with the use of suitable chemicals they can be converted into manure the question "Why burn straw stacks?" is really pertinent. Straw is worth something more than as a bedding material, and not the least valuable is its use for the making of artificial manure. The use of 100 pounds of ammonium sulphate and 100 lbs. of lime to each ton of straw, and this thoroughly soaked with water produces a manure of distinct fertilizer value. From three to six months are required for the organic changes to become effective and the resultant substance has much of the appearance and practically the same value as barnyard manure.
