McDONALD—In Carbon Hill, Alabama, on Saturday, May 18th, 1935, John McDonald, in his 73rd year. Dearly beloved husband of the late Mary Cole, Georgetown.

OBITUARY

JOHN McDONALD

While visiting his brothers at Carbon Hill, Alabama, John McDonald was taken suddenly ill and passed away on Saturday, May 18th. Mr. McDonald was born near Ballinafad 73 years ago, and when a young man went to Alabama where he was in business for a number of years. In 1901 he returned to Georgetown with his wife and family and opened coal yards here which he carried on successfully up to the time of his death. His wife whose maiden name was Mary Cole, predeceased him on Oct. 18th, 1918. He is survived by one son Harvey of Toronto, and three daughters, Mrs. Harold Cleave, Georgetown; Mrs. Charles Muddy in Texas, and Mrs. Thomas McMurchy, Georgetown. Two brothers Duncan and Daniel of Carbon Hill, Alabama, and one sister, Mrs. O. Freuze of Georgetown, also survive. Deceased was a member of the United Church and a Liberal in politics. He was an honorable man and one of our best citizens whose death is deeply regretted by the entire community. The remains arrived at his home in Georgetown on Monday evening and the funeral will take place this afternoon to Greenwood cemetery.

Georgetown Win Opening Ball Game from Brampton

Brampton's newly formed baseball team went down to defeat before Georgetown's snappy 1935 squad in the first game of the Tri County League, by a 16 to 6 score. This is Brampton's first team entry in the O.B.A.A. for about 12 years, and although taken by surprise by the local team, showed a fair brand of ball.

The game was very close for the first four innings and it seemed anybody's game from the fans standpoint, but Georgetown put on the pressure at this stage to pull the game out of the fire. The play started by Georgetown netting two runs in the first innings, and two more to Brampton's one in the second. In the third frame, however, Brampton turned the tables and scored four runs and leaving the locals blank. In the last of the third Walters for Georgetown went to the mound to relieve Wilcox, who is a new recruit to the local team, and who is showing up splendidly for his first start with the club. Walters pitched a bang-up game from this stage and they scored 8 runs and blanked the visitors in the fourth. Wheeler of Brampton was also replaced by Kitchen who held the local boys to a lower scoring average for the rest of the game. Both teams failed to score in the fifth, and each netted one apiece in the sixth. Georgetown again rallied in the seventh innings and scored three runs. There was just one more run scored in the remaining two innings, Georgetown getting that in the eighth. This left the score 16 to 6 in the local's favor, and their first win, to start off the season on the right foot first.

In the other league game at Guelph, Acton lost to the homesters by a 14 to 13 score.

Georgetown at Acton next Saturday.

The May meeting of the W.C.T.U. was held at the home of Mrs. W. O. Marshall, Friday afternoon last, and presided over by Mrs. Vanatter.

A helpful devotional period was conducted by Mrs. Winfield assisted by Capt. Howells and Mrs. Harding.

It being the annual meeting the session was given over mainly to a review of the year's work of the different departments, followed by the election of officers.

The report from the superintendents of Scientific Temperance Education and of the Oratorical Contest work were most encouraging, showing gains in number of contestants, and quality of work done. Limehouse school again leading in general proficiency. The poster work of this year was given special commendation. The Union wishes to thank the teachers, judges, pupils and all others who aided our capable superintendents, Mrs. Marshall and Mrs. A. O'Neill in making this work for 1935 such a success.

The L.T.L. Superintendent reports that in addition to the maintenance of the Loyal Temperance Legion work in Georgetown, branches were formed in Glen Williams and Norval during Miss Duff's visit in February.

The Press Secretary told of the publishing of reports of ten regular meetings and three other gatherings of temperance interest, space kindly given by the Herald. Two of these reports have also been sent to White Ribbon Tidings and Toronto papers.

A pleasant interlude in a rather long program of business was made through Miss Ruth Giffen's kindness in bringing to us a very beautiful and heartening message in song:

"Keep on trustin' in the cause of right,
Keep on lookin' to the dawn of light;
Keep on fightin' till you've won the fight,
And you'll get there in the morning."

The social time spent over the cheering cup of tea served by our hostess made a much appreciated close to the afternoon's work.

The June meeting will be held at the home of Mrs. Vanatter.

The officers for the ensuing year are as follows:

President—Mrs. Vanatter.
1st Vice-president—Mrs. C. B. Dayfoot.

CLOSING MEETING OF Y. P. S.

About thirty young people attended the closing meeting of the Young People's Society of the United Church on Monday evening, May 20th.

The meeting opened with the singing of hymn 510—"From ocean unto ocean," followed by a short business period. Madeleine Erwin, Evelyn Stockford and Bernice McDonald conducted the worship service, which had as it's theme "Thanksgiving for Educational Opportunities." The president, Isabel McDermid, then gave a brief address on the value of education and the project of the Hamilton Conference Young People's Union concerning the proposed scholarship fund to assist young men of this conference to attend Albert College.

Two piano solos, "Rustle of Spring" and "Hungarian" played by Jane Rumley were much enjoyed.

During the evening an address and presentation were made to Reina McEnery who has been a member of the Society for a number of years, and who is being married next month.

Games under the direction of Jack Maclaren, refreshments and the singing of God Save the King brought to a close a very pleasant evening.

NORVAL

Rev. N. D. MacKinnon will preach to members of the Masonic Order in the United Church, Norval, next Sunday afternoon at 2.30.

The Norval Junior Farmers and Institute held a successful meeting at the home of Mr. and Mrs. W. Reid. Mr. Elsworth Arnott was elected president for the boys' club, and Miss Mary Hunter, president of the girls' club.

Mrs. Crowdy was the Institute's guest speaker, her subject "Junior Institute Work."

Mr. Whitelock gave an interesting and instructive lecture to the boys on "Balanced Rations for Livestock." It will be of material worth to farmers if they will apply to their county representative for literature regarding this subject.

Members of the Rifle Club are quite enthusiastic in club competition. The Rapid Fire Match is quite a novelty with the members and looked forward to on club nights. Five shots to be fired in 45 seconds (single load). Mr. N. A. Robinson's team won the match last week. In the handicap event Mr. N. A. Robinson was the winner. The scores for the week are as follows: T. Howden, 99; W. G. Browne, 98; H. Nurse, 98; F. Johnson, 96; W. Robinson, 96; W. Wilson, 96; G. H. Hall, 95; E. W. Hall, 95; E. J. Gollop, 94; W. Mr. John D. Kelly, chairman of the School Board, was the very capable chairman.

CORRESPONDENCE

Dear Mr. Editor:-

The time has come when I must ask you a question, the contemplation of which has caused me many a sleepless night, bitter tears, anguish and corresponding days of anxiety.

This is a subject of which I hesitate to speak to you or anyone about. Do you know the whole world is asking this same question which agitates me. Many a home has been broken up by this same cause and I too, though young must share the burden of this wicked and uncouth world.

I dare not even communicate my state of mind to my folks, you know now old fashioned they are about such things. In my distress I turn to you for sympathy. It may surprise you that I would consult you on such an important subject, which only my own heart should know.

But like the morning dawn the whole affair must come to you friendly advice. I am asking a great favor and while you are considering this, I wish you would set aside all cares and social joys and properly consider this question.

I hate to ask it but must come to the point.

Do you think it is too early to change my underwear? After considering the question closely let me hear from you.

Thanking you for an early reply, I am.

Yours truly,
Miss—

Dear Miss—

Don't take 'em off yet. The first of June will probably be soon enough this year.—Ed.

ADOPT A CHILD WEEK

Mounting public interest in the "Adopt a Baby Week" inaugurated in connection with the celebration of the first birthday of the Dionne quintuplets has roused widespread curiosity as to the initial steps to be taken by prospective adoptive parents.

"It's simplicity itself," said Hon. David Croll, Minister of Welfare yesterday. "The first thing anyone wishing to adopt a child should do is to go or write to the nearest Children's Aid Society. An application form will be provided. Both this application and the subsequent negotiations are treated in the strictest confidence."

"Of course it is the bounden duty of the societies and the department to see that children are adopted into suitable homes. This involves certain friendly and confidential enquiries. The financial stability of the prospective parents is of course considered. It is not a matter of wealth, but simply a provision that the child can be looked after. The other main considerations in these enquiries are the health and character of the adoptive parents, and a decent home environment."

"The other side of this picture is the baby. And quite as great pains are taken to assure prospective parents as to the qualities of the child. The children are passed upon by competent baby specialists and psychologists and these opinions are available to the adoptive parents, as well as all records as to the background and heredity."

"The whole idea is to reach an adjustment whereby the adopted child and the new parents and home will be as mutually harmonious as possible."

"To insure that this new relationship is at least approximated the home is visited by representatives of the aids and the department from time to time over a period. But this is not in any sense an officious investigation." On the contrary, experience has shown adoptive parents are eager to talk, and as bubbling over with news of their "child's" exploits as any proud mothers and fathers."

In the Counties of Peel and Halton during the year 1934 there were eleven children legally adopted into splendid homes, and this year we are hoping that many more will be removed from the care of societies and given the much needed love and care of homes. At the present time in the Home at Milton there are a number of very attractive children waiting for someone to take them into their hearts and homes.

One attractive baby girl a year old, fair hair, brown eyes; another lovely fair-haired, blue-eyed girl two and one-half years of age, Roman Catholic; two baby boys of fair complexion, one eight months and the other eighteen months old; and two lovely boys with dark hair and eyes, one two years and the other four years old. A number of older boys and girls of school age, who are worthy of some opportunity in life, not necessarily adoption.

If you have ever felt the need of a child in your home why not at this time at least make some enquiries. Particulars of above gladly given on request by the Superintendent, G. F. Thompson, Milton.
