Cemetery Memorial Service Planned as Annual Event

A Memorial Service planned for June 11th in Greenwood Cemetery, will become an annual event, if Chairman Aubrey Grant has his way. He has pushed the idea for some time and now has the co-operation of the Odd Fellows and the Canadian Legion.

The Odd Fellows and the Legion plan to build a Memorial cairn out of quarry stone, in memory of Odd Fellows, Rebekahs and Legion comrades.

The actual memorial service is being planned by John T. Armstrong.

All organizations and service clubs are welcome to join in the service and parade to the Cemetery. The Legion is handling the parade and hope to have the Girls' Pipe Band and Lorne Scots.

The Committee is hoping everyone will put flags on the graves.

Council Votes "Confidence" In Cedarvale Board Actions

A letter from Chris Walker, a member of the board of Cedarvale Community Centre, sparked a further exchange between Reeve Hunter and Cr. Wm. Smith at council Monday.

In his letter, Mr. Walker said he objected to slurs on the board made at recent council meetings, and said the town by-law which established the board provided that books, minutes and audited statements are available to council and the public.

Reeve Hunter has been pushing for a financial statement and list of rental fees charged by Cedarvale.

After the letter was read the reeve repeated that he had cast no slurs on the board.

"I asked for a financial statement, a list of organizations renting the building and the fees they pay. Surely I'm entitled to that" he said.

Cr. Smith, who is a member of the board, reiterated that the information is available at any time.

"It's unfortunate there has has been such a controversy over a group which has a $4000 budget," he said.

The matter was ended when all members voted to write the Cedarvale board, saying that feelings expressed by some council members did not reflect council opinion, and that council is in full support of the board.

"I'll vote 'yes' to that" said Reeve Hunter. "I'm not trying to condemn anyone. There have been lots of slurs thrown at me but I've thrown none. Surely any ratepayer has the right to know what I've been asking."

Discuss Colour Movie as County Industry Booster

Halton County may be the star of a colour movie depicting its own assets, if County Council approves $9,000 for the production of the film and $1400 for extra prints. The movie will be industrial promotion to be shown over a wide area.

Mr. J. Hurst, Chairman of the committee stated that first impression is the most important, and felt this movie would give not only a favourable first impression but a lasting one.

The movie will show existing industrial buildings, proposed ones, parks, recreation areas, golf courses, schools, little theatre groups, musical societies, all aspects of living in Halton. All musical background will be local talent, and the Georgetown Girls Pipe Band may be used, according to Mr. Hurst.

The request will be considered in the Budget discussions.

No Jam - Ups as Motor Licence Deadline Passes

But for a brief flurry of last minute customers over the week end, the Dept. of Transport office was reasonably quiet during the last few days allowed to obtain plates.

"Although a very great part of the car owners obtained their plates during the last two weeks of the licensing period, there were no real line-ups," Mrs. B. Clark, local registrar, said. Last Friday (the 24th) was our busiest day with well on to 500 obtaining plates. However this was not overly difficult, and there was very little waiting," Mrs. Clark said. "Naturally, when fifteen or twenty people arrived together, it's inevitable that a few minutes holdup occurs, but it was no real hardship, as we had two of a staff on the last few busy days."

Monday of this week was also fairly busy, but by Tuesday afternoon, (the deadline) most people had obtained their plates and business was described as 'very quiet.'

As in the past few years no last minute lineups occurred, and the last customer was taken care of by 5.45.

Although the car owners have licensed their vehicles, it now becomes the trucker's turn.

They are now in the last 'quarter' of their licensing year and yearly truck plates went on sale March 1st. For the past several years, and this year, again, truckers have been able to obtain plates for a varying period of time . . . three, six or nine-month periods, as well as yearly. Their first quarter begins April 1st.

For the past several weeks, the office has been open six days a week to accommodate the public, but with the main licensing period over, hours will revert to normal.
