Moby Dick One Whale Of An Economy Run

GT Motor Sport Club held its second annual economy run over a 200 mile route Sunday that passed through some of the most scenic views in southern Ontario. Ten cars covered the route through Terra Cotta, Forks of the Credit, Hockley Valley, Devil's Glen, Blue Mountain, Georgian Peaks, Beaver Valley, Eugenia Falls, Hickory Falls and Limehouse.

Navigation was simple. Divers followed a highlighted map and speeds were below those posted. The intent was to provide a relaxing scenic drive in the country for the entire family, after which gas mileage would be computed.

Unfortunately the weather was very poor and visibility restricted by rain and fog.

The 10 cars contained some 27 people. They stopped for lunch at a restaurant on Georgian Bay then proceeded to Duff's weigh scales near Limehouse and back to Georgetown for the finish.

TON MILES

In order to equalize all sizes of cars, the object was to achieve the best "ton-miles per gallon". With this formula a heavy car using more gas would compete favourable with a smaller one using less gas.

There were prizes for first and second in ton-m.p.g. and best actual miles per gallon. The Captain Ahab Moby Dick Memorial Trophy went to Rick Leslie and Christine Hamilton.

The results were very close, especially between the same car models. A slight change in weight or gas consumption would alter the results considerably.

All were invited to the home of Mr. and Mrs. Neil Young afterwards for spaghetti and wine.
