
DONATION TO ROTARY CLUB (Herald Photo)

Cheque from the Col. Sanders charitable foundation has been turned over to Georgetown Rotary Club for its service activities. From the left are E.D. Go-Goff, president, Dobray Foods Co. (Chicken Villa); T.H. Briggs, Rotary Club president, and R. B. Bleiler, general manager, Dobray Foods (Chicken Villa).

Cooling System Problems Can Mean Car Problems

If your car is more than a year old, you're in line for cooling system problems or trouble. Could be a simple thing like a worn or cracked V-belt, a hose that's getting soft or brittle, a radiator cap that's not holding pressure. But, one thing's sure—when one part is about to give way, you can count on others needing attention, too.

So, don't stop your winter cooling system protection with just an anti-freeze check-up. Ask your service technician for a Tune-Up No. 2.

Here's what he'll do:

He'll thoroughly inspect and check all cooling system components—hoses, V-belts, water pump, thermostat, radiator caps, hose clamps. Then he'll replace worn or malfunctioning parts and set you up for carefree driving in any weather.

COOLING SYSTEM

Why is a cooling system tune-up so important? Remember, the cooling system of your car plays a vital role. It keeps the operating temperature of your engine at a level at which it performs at top efficiency.

To do this, automotive engineers came up with a pressurized cooling system. This permits the coolant to rise well above the normal boiling point without "boiling over." Modern engines, for example, are engineered with cooling systems that must withstand pressures in excess of 17 pounds plus underhood temperatures ranging as high as 278. Keep in mind that the boiling point of water at sea level is 212.

Halton Region Staff Will Be Known Soon

Halton regional council may have the permanent regional staff chosen by the end of the month.

Allan Masson, Halton chairman, said last week, he expects council to take only about two weeks to review the applications that had been received by the Oct. 3 deadline.

Mr. Masson revealed that there had been a large number of applications for each position and that not all of them came from within Halton

"We've had applications from people located all the way from Newfoundland to B.C.," he said.

The inaugural meeting of the council will be in Burlington Central High School, tonight.

Bridge Club

Sixteen tables were in play at the Tuesday meeting of the Georgetown Duplicate Bridge Club. Winners were North-South, first, Sue Sullivan and Harry Arbic; second, Art Norris and R. Prust; third, Ron Glide and Enid Ashworth; fourth, Leo and Gundy Kistemaker; fifth, Jim White and F. Lefebvre, and sixth, Lyanne Kwei and Nancy Beecroft. East-West first, R. Dickson and Duke Wilson; second, Jane Reynolds and Bart Fisher; third, Phyliss Campbell and D. Rosendale; fourth, Paul Lessard and Fred Allen; fifth, Bina Adams and Arthur Kwei, and sixth, Lois Barbour and Margery Mackenzie.

DID YOU KNOW?

A hydrologist is a scientist involved in the study of problems related to water consumption.

THE DISTRICT AT A GLANCE

BURLINGTON—A proposal to build a new hospital in northeast Burlington has received the encouragement and support of the board of governors of the Joseph Brant Memorial Hospital. A letter will be sent to Halton regional chairman Allan Masson bringing the need for a new hospital to his attention.

OAKVILLE—An Oakville school trustee has called for an evaluation of Halton high school graduates in the wake of a controversy about the quality of education in Halton schools sparked by an editorial in the Oakville daily newspaper. Trustee Judy Alexander will ask the board to set up a committee to get opinions from business, industry, and post-secondary institutions on how well Halton graduates have been meeting their needs.

MILTON—Victoria Wood Ltd. will build 605 single-family homes and 278 semi-detached homes in Milton. The new development will be created to the south and east of the Ontario School for the Deaf. Plans were approved by Milton's planning board, last week. The new homes will add about 5,630 people to Milton's population.

ACTON—Acton council has thrown its weight behind Acton Lions Club's plans for a $200,000 swimming pool and endorsed it as a worthy centennial project. Consequently a resolution dissolving the project half of the town's centennial committee received unanimous endorsement last week. The centennial committee will be restructured to concentrate on a centennial program.
