Josh Billings on Pigs.

Az the white rose wakens into butty, so daz the white pig cum tew gladden uz. His ears are like the lilac leaf, played upon by the yung zepherz at evantide, his figger is the outline of loveliness. His food iz white nectar, drawn from the fountain of affecshun. He waxes fatter and more slick evera da, and hangs from the buzzum of his muther like an image of alabaster. He laffeth at forms, and curleth hiz tale still cluser, az his feast still goeth on, then he rizeth with gladness, and wandreth with his kindred, beside the still waters. His brothers and sisters are az like him az flakes of snow, and all the day long among the red klover and beneath the white thorn, he maketh hiz joy and leadeth a life adadian. His words are low musick, and his language the uptutored freshness of nature. His pastime iz the histry of innersence, and his lezzures iz cleganse.

He walketh where grase leadeth, and gambles tew the dallience of dewn fragranse. He gathereth straws in his mouth, and hasteneth awa on errants ov gladness. He listeneth tew to the reproof ov his parent, his ackshuns are the laws politeness, and his lodgick iz pease, and his even is gentle forgetfulness. Az he taketh on years, he loveth kool places, and delveth in liquids, and stirreth the arth to a fatness, and painteth hisself in dark cullers, a refluge from flize, and the torments of life. He forgetteth his parent, and becummeth his own master, and learneth the mystery of food and groweth hagely. Men gaze at his porkyness, and kount his vallu by pounds, and lay in wateg for him, and sacrifise him, and give his flesh salt for its safety. * * This is pig life.

PHRENOLOGICAL KHARACTER OF MR. MARK MILBERRY, ESQ., given at the office of Proff. Josh Billings, praktikal phrenologis, prise $4. Amativeness—big. Sticks out like a hornet's nest. Yu ought tu be able tew luv the hole human familee with yur bump at onst. Yu will never be a widder long, not enny. Pollyticks—yu hev not the natural wa. A splendid bump. It feels like a dimocratic bump, too. Menny a man has got to be konstable with half yur bump. Kombatifness—Slightually, very much. Yu mite fite a woman, but tuff match. I shud like tew bet on the woman. This bump wants poultising. Vittles—Bi thunder, what a bump! I shud think yu cud eat a hoss and eart, and chase the driver three miles, without enny praktiss. Thunder & Lituing what a bump! what a bump! Let Barnum get his hands on this bump and yur fortun is made. What a bump! what a bump! Mucik—A sweet, purty bump. About the size of a lima bean. If I had this bump, I wud buy me a juise harp and wander among the Roky Mountains. Pon my word, Mr. Millberry, mi advice is, nuss this bump.—Greenbacks—Well developed. A gergeous bump. A fortun tew enny man. Yu kant help but dy rich, if this bump dont go back on you. Georgeous bump. Happee man! Dy when you feel like it. Deth wont hav enny sorrows for yur relashuns that this bump wont heal.

THE SANTIAGO DISASTER.—Two thousand one hundred corpes, extracted from the "Compania at Santiago, Chill," have been registered at the burying ground besides those, a number of single limbs and pieces of bodies have been found and not a few sufferers have died afterwards from the effects of burns, and about two thousand five hundred altogether, may be safely estimated to have perished.—On the 31st December a similar calamity had nearly befallen the worshippers of the San Isidoro Church. One of the numerous candless on the altar came in cotact with a pot of artificial flowers, and although the fire was immediately extiguished there was such a great confusion, rushing to the door, falling and crying, that the service had to be closed for the night.

Mrs. Partington remarked the other day that she had a presentment that she should eventually die in a trance; adding that the resentment troubled her a good deal, but that she expected finally to get immured to it!

A rich merchant named Hogg once requested a person to bring him a load of corn in a stated time, which he failed to do and brought the day after the one proposed. The merchant refused it. 'Well,' replied the waggoner, 'you are the only hog I ever knew to refuse corn.'

BEST TIME TO PAINT HOUSES.—Experiments have indicated that paint on surfaces exposed to the sun will be much more durable, if applied in Autumn or Spring, than if put on during hot weather. In cool weather it dries slowly, forms a hard, glossy coat, tough-like glass; while, if applied in warm weather, the oil strikes into the wood, leaving the paint so dry that it is rapidly beaten off by rains.

CEMENT FOR STOPPING LEAKS.—A good cheap preparation for stopping leaks around chimneys, in roofs, in wooden eave troughs where the water is not used, and for filling up all kinds of breaks and cracks which are exposed to the weather, may be made by mixing lime with coal tar until it is like putty. Apply it with a large knife, and fill up the chinks where Jack Frost will be getting into the buildings.

'Six feet in his boots!' exclaimed Mrs. Partington. 'What will the importance of this world come to, I wonder? Why, they might as well tell me he had six heads in his hat!'

Swift said that the reason a certain university was a learned place, was, that most persons took some learning there, and few brought any away with them, so it accumulated.

OLD
Doctor Davis!
Physician & Surgeon
OFFICE,
Corner of James and King William Streets,
(Up stairs,)
Directly opposite the Market, entrance on King William Street.

CAN be consulted at all hours, day and evening, on all Chronic Diseases, Diseases of Women and Children, Midwifery, &c., together with those of a private nature. He has devoted over thirty years to the treatment of the above named diseases, and the success, so far, has been without a parallel, as may be seen from the numerous testimonials in his possession.

Private Diseases.

It is well known that this branch of the medical profession has been much neglected from the fact that it is mostly represented by quacks, who invariably practice under an assumed name. Dr. D. has devoted much of his time to the various forms of this disease and by his improved remedies its worst stages are brought under subjection in from four to ten days. The many illsarising from SECRET HABITS in both sexes permanently eradicated.

No Mercury Used.

Patients at a distance can be treated by corresponding with the Doctor, stating the symptoms of their disease, age, length of time afflicted, etc., and receive his celebrated remedies by express or as otherwise directed securely packed from observation. A reasonable remittance on all such applications will be required.

Dr. Davis' Celebrated Female Pills.

For irregularities, Suppression of the menses Leucorrhoea or Whites, and all female difficulties, have been before the public for the past ten years, and are universally admitted to be the best remedy for which they are recommended of any now in use. Thousands have used them without one single instance of their failing, to have the desired effect. Printed directions accompany each box. Sent by mail to any part of the country on the receipt of one dollar.

The doctor can be consulted at all times with the utmost secrecy, as his office is so arranged that it is impossible for patients to see each other, unless by consent.

☞ No charge for advice when obtained at the office, if by letter, one dollar.

All letters must be addressed (pre-paid) to D. DAVIS, M. D., Hamilton, C. W., and to contain a P. O. stamp when an answer is required.

KENNEDY'S PAIN KILLER!

KENNEDY'S HAIR RESTORATIVE!

Will return any head of hair after becoming grey, to its natural color, and make it more beautiful than at the age of eighteen.

General Depot, Hamilton, C. W.

TO THE READER.

These Medicines are prepared with great care, and expressly for family use, and are so admirably adapted to preserve health and remove disease, that no family should be without them. If you doubt this, read the following Certificates:—

ERYSIPELAS CURED.

The testimony of a Sister of Charity as to the Medicine Properties of Kennedy's Liniment and Pain Killer:—

Mr. James Kennedy, Dear Sir,—I shall ever feel grateful I have been made acquainted with your valuable Liniment and Pain Killer, and availed myself of an opportunity to test their remedial virtues. During a period of two years, I had been a subject of much suffering, the result of an erysipelas sore upon one of my legs; the skin upon it became black and blue, it was at times swollen to twice its natural size, and very painful; I tried everything which I thought might relieve me; I consulted four physicians, but derived no benefit from anything which I applied till I commenced taking your medicines, which I am happy to say have entirely cured me. I feel as if it would be impossible to say too much in favour of your excellent medicine; and it will always afford me pleasure to recommend it, particularly to those who may be effectually relieved by its powerful agency.

Respectfully yours, VICTORIA HANDON,

SEWING MACHINES!

AND TO SELL THE SAME AT NEW YORK CITY PRICES!

The Singer Machines have been before the public for many years and have gained for themselves the reputation of being the

BEST & MOST RELIABLE MACHINES EVER MADE!

Which statement will be endorsed by nine hundred and ninety-nine of every thousand who have had them in use. We would invite especial attention and inspection of the SINGER LETTER A MACHINE, which for family use, is as much superior to all others made for that class of work, as the genuine Singer IMPERIAL No. 2 is to all others for heavy work.

The subscribers would also invite the attention of Harness Makers and Carriage Trimmers to SINGER'S HEAVY IMPERIAL No. 3 MACHINES, which must be seen to be appreciated.

For the information of those who have no practical knowledge of the Genuine Singer Machines, we would say, they use a straight needle and make the interlocked stitch, which is the same on both sides of the fabric and will not rip or ravel out; like the chain or knitting stitch, but when properly done will make a seam much stronger and more beautiful than can be done by hand. Please call and examine the Genuine Singer Machines before purchasing any other.

☞ Clergymen supplied at reduced prices. Machine oil, Needles, Thread, Silk, &c., &c. on hand. Agents, also, for Wax Thread Machines.

For Prices call at the Genuine Singer Machine Depots as above, or at the Office of the "CANADIAN CHAMPION," Milton.
