Local Intelligence.

☞ The examination of the school at the Sixteen, under the charge of Mr. Neil Thompson, will come off on Saturday next

☞ Messrs Willmott & Magurn have a nice selection of Wall paper, which they offer at low rates.

☞ Mr. Thomas Boylon, of this County passed a very creditable examination before Col. McKinstry, at the Toronto Military School, and obtained a 2nd Class Certificate from that Institution.

☞ The next Regular meeting of Burlington Lodge at Wellington Square, will be on Wednesday, 17th inst. The St. Clair Lodge, Milton, will meet on the following day.

☞ On Tuesday afternoon, as James Michie was sawing wood at Kennedy's Mills Esquesing, has hand came in contact with the circular saw the palm was severely lacerated and the little finger so injured that it had to be removed by Dr. Robertson of Milton. Fears are entertained that amputation may be required.

☞ Mr. William Bryant was the informer against Henry Tost and Elias Smith for counterfeiting. They were all three sent to Milton Jail the two latter for trial, and the informer for finding securities that he would appear to prosecute. Their trial will come off at the next assizes, on 29th inst Great interest will be taken in the result.

☞ The presentation of a suit of Full Dress Uniform to Ensign J. D. Matheson, took place at Wallace's Hotel, on Friday last, in the presence of No 6 Com'y and a large number of guests, to the number of 70 or 80. The chair was occupied by Capt. Bastedo, and the vice chair by Lieut. John White. After discussing the oysters, the various loyal and volunteer toasts were proposed, and the company remained until a late hour. It is pleasing to notice these presentations to Drill Instructors evincing as it does appreciation of their services, and the pleasure that the men take in in their Drill. All that Company No. 6 requires, is a little larger muster roll to make them inferior to no Company in the Province.

School Concert.

The concert given by the pupils of the Milton Common School came off on Tuesday evening in the Court House, before a densely packed audience. The whole performance passed off well; all doing their parts well. Between the 1st and 2nd parts the prizes obtained by the pupils at the recent examination were presented to them. The list was given last week. The object of the Concert was to obtain funds for School purposes, and the amount taken at the door was $22 50 Votes of thanks were cordially given to Jas. McGuffin, Esq, for his services as Chairman and to Mrs. Dr. Robertson, for her services as Pianist, and the audience dispersed after singing "God save the Queen."

Commitments.

A boy named John Roach McGillicuddy, was brought before W. Spence and Edward Thomas, Esqs, of Nelson, accused on the information of his father of having set fire on the 6th inst, to his two barns, by which they were totally consumed with three horses and five hundred bushels of grain. The boy was committed or trial, and was brought to jail yesterday, under the charge of Constable James B. Zimmerman. He is a little fair haired boy, apparently about 12 or 13 years of age.

On the 8th inst., Barney Dolan was brought before A. Campbell, Esq, of Nassagaweya, accused of beating his wife Bridget, for which he was bound over to keep the peace, and in default of sureties was committed until the next Quarter Sessions

The headquarters of Governor Van Allan seem to be quite popular now as he has ten boarders, which is more than he has had for some time. These are the two above mentioned, H. Tost, E. Smith, W. Bryant, James Fallis, the boy Shepherd, Dr Perry, Brown and Boomer. The next Assizes will witness a very heavy criminal docket. There will be one person tried for arson, one for rape, two for counterfeiting, one for manslaughter, and one for perjury.

The season may be late in presenting its smiling countenance, but not so Demorest's Monthly. It is on hand for May, exuberant with Novelties, Brilliant Ideas, Fashions, in their multitudinous forms, Illustrations, Poetry, Music, Braid Patterns, Architecture, and a host of other valuable matter useful and indispensable to every household $2 per year. W. JENNINGS DEMOREST, 473 Broadway, N Y.

☞ Is health worth having? If it is protect it—it is a jewel as easily lost as virtue, and in many cases as difficult to recover. In this climate and more particularly at this season of the year, people are very apt to take cold and suffer from sore throat, coughs, spitting of blood and pulmonary complaints generally, which if not checked immediately lead to serious consequences. The question arises - which is the quickest and most effectual remedy? Bryan's Pulmonic Wafers have been before the public for twenty years, and have always given perfect satisfaction, and invariably effect permanent cures when taken in season. Sold by all medicine dealers and country stores generally throughout the Province, at 25 cents per box.

The Gold Region.

The only new discovery of gold reported this week, is that on the farm of Mr. Hugh McLeod, Bannockburn. This shaft is now about 25 feet deep. The men have been much troubled with water, which materially retarded their progress. Yesterday, however, Mr. McLeod crushed some quartz and extracted from them a good show of gold. It was thoroughly tested, and proved to be the precious metal. I understand that your townsman, Dr. Lister, has an interest in this mine. Several very good offers have been made to Mr. John Cook for his mine. One party offered him for the 100 acres of land $3,000 cash down—six acres in front of the lot, and one twentieth part of the mineral discovered. If, however, the purchasers should sell, Mr C to receive one-third of the amount realized. Another party from Kingston, offered him $10,000 cash. Mr Cook is not at liberty to sell at present, as negotiations are in progress with parties in Boston. I have seen some very fine specimens of gold from the Cook mine, and have no hesitation in saying that it is equal to the Richardson mine. When gold was first discovered on Mr. Cook's farm by some gentleman from Peterboro', who acknowledged to have taken from it, in a few night's washings $300, dame rumour, the busy creature, declared that the mine was "salted." A Mr. Sanderson, an old California miner, and a very respectable gentleman, informed me that he went to examine for himself; he accordingly procured a shovel and pan, and arriving at the mine, pushed his shovel in as far as he could, under a ledge of rock projecting over the stream, and drew out a shovel full of earth, washed it, and found one lump of gold as large as a bean, and several smaller pieces. Mr S. thought, "well, if this mine is salted, it must have been done by some old grey headed salt." The Cooks are not old salts—no other party would be fool enough to do it—therefore the mine is "orthodox." Good logic that. Property is continually changing hands here. The "Eldorado house," in the city of Eldorado, not yet incorporated, has been sold by Mr. Conlin for $1,500 One day last week there were five new buildings raised in Eldorado. Mr. Maitland sold his tavern in Bannockburn last week to a gentleman from near Toronto, for $2 500; $1.500 cash down, and the remainder in a year. —*Belleville Chronicle.*

We understand that the long closed Richardson mine is about to be opened again and worked forthwith, Mr. Lombard, of Chicago, having paid over the sum of $15 000 to Messrs Richardson and Powell, and deposited the balance of the purchase money for their interest in the mine. A Receiver in Chancery is in the meantime appointed, until the suit with the other claimants to the property is decided, which it is expected will be in October next Mr. J. B Fox, of Huntingdon, exhibited in the village a small nugget of gold which has been obtained from his claim on lot 16 in the 6th concession of Madoc. As the season advances the stream of travel continues to increase. On Wednesday nine stages crowded with passengers arrived from Belleville. Conspicuous among them was Mr. Blanchard's new "Picton, Belleville and Madoc" stage, which made its entry into the village drawn by four horses and preceded by a band of music. An agent of the "Madoc Gold Mining Company of Toronto," was here one day this week, and stated that the company would soon have one hundred men at work on their claims, which are in the vicinity of the Richardson mine.—*Madoc Mercury.*

Holloway's
WORM LOZENGES

ARE a certain and safe remedy for worms in children and adults. It is a well known and melancholy fact that one great cause of death among children is from worms alone. It cannot be too deeply impressed upon the minds of parents the necessity of closely watching their children. By so doing and understanding the symptoms and true cause of the disease, thousands of children might be saved from early graves.—SYMPTOMS OF WORMS.—The following are a few of the very numerous symptoms and diseases which are caused by Worms: deranged appetite, emaciated extremities, offensive breath, frequent picking at the nose, grinding of the teeth during sleep, and sometimes convulsive fits, pain in the head and stomach, unquiet sleep, faintings, tremblings, coughs, indigestion, low spirits, frightful dreams, and a gradual wasting away of flesh. They are palatable and self-administered to the child—drive out the worms thoroughly without pain and completely cleanse the stomach—thereby doing away with the necessity of administering gas or oil or other unpleasant cathartics.—Each box contains the fac simile signature of Northop & Lyman, Newcastle, C. W., who are the sole proprietors. N. B. Ask for Holloway's Worm Lozenges, and take no other. Sold by all the Druggists in Milton and medicine dealers everywhere. 2?
