I H T W E L. & T. KILBRIDE. Co., L. & W E H T I

To Messrs. Chamberlain & Sills, Conway P. O., County Lennox, Ontario, Canada.

MADOC, County of Hastings,
Province of Ontario, Feb. 9th, 1869.

This is to certify that during the winter of 186- I was taken with a weakness of the ancles, which gradually, during the spring of 1867, extended to my knees, and on up to my hips, and I became so weak that I could not walk, but was confined to my chair. For about two years, while this weakness was coming on me, and afterwards, I sought medical advice, employing, at different times, three doctors, and medicines of different kinds, prescribed by friends, but of no avail I continued to get worse and worse, until the summer of 1868, when I was induced to try the Great Shoshonees Remedy by reading the cures performed, in a pamphlet. At this time I had begun to feel the weakness in my hands—in fact I was getting almost helpless. I have taken two bottles of the Shoshonees Remedy and two boxes of the pills, and I am entirely restored to health. I never expected to get better, but simply tried the medicine as a sort of forlorn hope This case of mine was not a private one but was known to all my neighbors and friends; and to any one afflicted as I was, I have only to say try the Shoshonees Remedy; I believe it will cure you

MARY ANN DOUGHTY.

Sworn to before me at Madoc, County of Hastings, this ninth day of February, 1869

A F WOOD, J. P., &c

I hereby certify that I have known Mrs. Mary Ann Doughty for the last fifteen years; she is a woman of probity and truth. I have known her before, during, and since her illness. I believe her certificate to be true in every particular. I know that while ill her case was declared hopeless; and I know that she has, since her recovey, always attributed her recovery to the Shoshonees Remedy. Whatever may be the peculiar properties of this medicine, one thing is certain, that in her case, it has acted almost like the performance of a miracle.

PERFECTION

REACHED AT LAST!

THE

LOCKMAN

Patent Family Shuttle

SEWING MACHINE,

MANUFACTURED BY

Wilson, Bowman & Co,

HAMILTON, ONTARIO,

Is without doubt one of the

MOST PERFECT,

As well as the

Cheapest First-Class

FAMILY SEWING MACHINE

Manufactured anywhere. This is abundantly proven by the

Unprecedented Popularity!

To which it has attained in the short time it has been before the public.

In adaptability, capacity for various kinds of work,

STRENGTH,
BEAUTY OF FINISH,
EASE OF MANAGEMENT,

And Every Other Essential Quality,

Required to make

A PERFECT FAMILY SEWING MACHINE,

The Lockman stands equal to any of the high-priced machines. Its

Extraordinary Simplicity,

Enables any one to learn its use in a very short time. Those who have spent weeks and months over the intricacies of ordinary machines will appreciate this advantage.

Everything useless and cumbersome having been dispensed with in the construction of this machine, it has a much neater and more compact appearance, and has less weight than any other first-class machine made. The

Automatic Thread Regulator,

Is one of the most useful appendages lately added to the sewing machine. Being patented, it can be used on no other machine, without infringing on our rights.

☞ This machine will sew the heaviest and the lightest fabrics, with coarse linen, fine cotten and silk threads, with equal ease.

W. J. STEARN,

TIN AND STOVE DEALER, MILTON,

BEGS to announce that he is prepared to manufacture any quantity of

NORTH'S PATENT DRUM HEATER,

Which are the best in use as proved by certificates from parties in all parts of the Dominion. For simplicity of construction, efficiency in heating and economy in Fuel, it cannot be surpassed. It is no new thing but has been before the public for some years, and undergone some very severe tests, but has always been triumphant.

They are peculiarly adapted for Churches, Schools, Halls, &c. Their effects are quickly felt in a more striking manner in large rooms that have been difficult to heat without a very large amount of fuel. They can be used on every description of Stove, cooking as well as others, and the sizes are adapted to rooms in which they may be required.
