Local Intelligence.

DIVISION COURT at 9.30 a. m. to-morrow.

PERSONAL.—Jasper Martin, Esq., of Hillsdale, was in Milton on Tuesday.

FARM FOR SALE.—James Hume, of Nelson, will offer his farm in Nelson for sale at Wallace's Hotel, Milton, on Saturday, 17th Feb. next.

THE regular annual meeting of the Milton Branch of the Canada Bible Society will be held in the Town Hall, Milton, on Friday evening, the 2nd of February. The agent of the Society, Rev. J. G. Manly, and others, will address the meeting.

LICENSE COMMISSIONERS.—His Honor, the Lieutenant-Governor, has been pleased to re-appoint Messrs. Henry Williams, of Bronte; William Hardbottle, of Nelson, and John Ramsay, of Eramosa, License Commissioners for the County of Halton.

CHURCH BAZAR.—The ladies of Knox Church, Milton, will hold a bazar in the Town Hall, here, on Wednesday, the 14th of February next. Proceeds to be applied towards the payment of the manse building fund. All persons willing to contribute are invited to attend.

MR. JACKSON has sold to Mr. W. J. Bussell, of Hornby, Halton Co., three imported ewes and a ram lamb, all successful prize winners at the late fairs, and they will be likely to give somebody trouble next season in the show rings.—*Canadian Farmer.*

ROBBED WHILE SLEEPING.—Early on Saturday morning last burglars entered the dwelling of Dr Webster, of Norval, took his clothes from beside the bed where he was sleeping into the kitchen, and succeeded in getting off with a gold watch and chain, also about $100 in money. As yet there is no clue to the burglars.

"EX-MOUNTAINEER" has sent us a reply to "Nelson's" letter of last week, but has neglected to give us his name. We make it a rule to insert no correspondence unless we know the names of the writers, and we are therefore compelled to refuse to insert the letter referred to above until its writer lets us know who he is.

AN OLD RESIDENT GONE.—It is our mournful task to announce the death of Henry P. Zimmerman, Esq., of Nelson, which took place on Saturday last. Mr. Zimmerman was very popular in Nelson, and represented that municipality for some years in the county council. He became an invalid some time since, and retired from public life.

PERSONAL.—It is with pleasure we notice that in the returns made of the Manitoba elections the name of Mr. Joseph Martin is in the list of the successful Reform Candidates. Mr. Martin was born in Milton, and son of Mr. Edward Martin. He is only a young man, and from reports received of his stand in the election contest, he will be one of the leading members in the House. May success award his efforts.

RONAY. WATSON.—Judgment. *Certiorari* to remove a conviction for selling liquor in the county of Halton contrary to the provisions of the Canada Temperance Act refused, the learned Judge being of opinion that the conviction was not open to any of the objections taken. No view expressed upon Sec. 111 of the Canada Temperance Act, which imposes a restriction on the granting of writs of *certiorari*. W. J. Nelson for the motion. F. Fenton contra. Toronto January 23 1883.

OBITUARY.—We are sorry to have to announce the death of Mrs. David Dewar, which occurred on Sunday morning last. Mrs. Dewar resided in Milton and vicinity for a number of years, and her kindly, genial disposition secured her a great many friends who will sincerely mourn her loss, and sympathise with her bereaved husband and children. Her funeral took place on Tuesday afternoon, and, though the weather was bitterly cold, was very largely attended.

ANTI-ATHEISTICAL SERMON.—On Sunday evening last the Rev. W. J. Mackenzie preached an able sermon at Grace Church on the subject of "Darwinism and Evolution." He treated his subject largely from a scientific standpoint, and brought forward a number of convincing arguments to prove the truth of the Bible and the untruthfulness of the assertions of many of the leading atheists, falsely called scientists, of the present day.

TEMPERANCE.—About forty of the members of the Carlisle Lodge of Good Templars paid a visit to the Milton Lodge last Thursday night, and after the closing of the meeting the Miltonians entertained their Carlisle friends at the Temperance House, where a lunch was partaken of. Toasts were drank, (in tea and coffee), and speeches, principally on the Scott Act, were made by Messrs. T. J. Stewart, Duncan McKay, Jos. Pedlar, Mrs. Wm. Anderson, and a number of the visitors, whose names we were unable to procure.

A CANADIAN EDITOR.—The managers of the Chicago *Guardian*, a large and ably conducted weekly journal published in the interest of the Independent Order of Odd Fellows, have engaged Mr. Robert Matheson, formerly High School Teacher at Milton, and also editor of the Canadian, as editor in chief. We congratulate Mr. Matheson on his engagement, and predict that the *Guardian* will not be found to degenerate while conducted by him. The *Guardian* costs only $2 per annum, and is published at 38 South Clark street, Chicago, Ill.

WE notice that Mr. Geo. Dempsey, of Hamilton, has lately undergone a very severe operation in getting a large *polypus* extracted from each nostril, which have caused him a great deal of annoyance and suffering for some years past. They had grown to such an enormous extent that they had occasioned a disturbance of circulation which caused him to suffer from attacks of vertigo, which, if they had not been removed, would have eventually been attended with fatal results. The operation was skilfully performed by Dr. Geo. Rigger, assisted by Dr. Wilson, although extremely painful and protracted, Mr. Dempsey feels great relief from it.

ALMOST A FIRE.—Considerable excitement was occasioned in Milton on Tuesday afternoon by the ringing of the fire-alarm bell, and a large crowd soon gathered at Messrs. Hunter & Ezard's sash and door factory, its smoke-stack having become red hot, and set that portion of the roof which was near it on fire. As the long talked of steam fire engine, which Milton is to get some time in the dim vista of futurity, hadn't arrived yet, the only means available for extinguishing the fire on Tuesday were water-buckets, which, fortunately, proved efficient, and, we are happy to say, that all the loss Messrs. Hunter & Ezard sustained was the price of a new smoke-stack, as the old one was ruined, and a few shingles to patch the roof.

Yesterday two rinks from Georgetown, played two rinks from our club here, and were successful by 16 points, as will be seen by the following score:

Campbellville Items.

Campbellville, 23rd January, 1883.

Owing to being very busy during the last three week's I have been unabled to send the usual correspondence to the CHAMPION, which I trust you and your readers will excuse.

Chas. Reid has left for the North-west *via.* C. V. R.

The Rev. Jno. Neill has been made the recipient of a handsome buggy as a present from his congregation at Campbellville.

Miss Menzies and Mr. Ironsides, from St. George, paid a flying visit to our village a short time ago.

Archie, son of P. Reid, west of the village, is confined to his bed with a species of fever, the result of a bad cold.

F. Beck, of the village, is also sick with Typhoid fever.

The weather, during the last three days, has been severe in the extreme, the thermometer standing considerably below zero all the time.

The fancy ball comes off in Easterbrook's Hall on Monday evening next, but as my invitation has not come to hand yet, I will say no more about it.

ZERO.

Waterdown.

The Rev. J. Mutch, M. A., Toronto, preached in Knox Church on Sunday last.

Rev. Mr. Kettlewell, Hamilton, preached a sermon to the Lodge of A. O. U. W. in the Methodist Church.

D. D. G. M. Thos. Clarke, Dundas, visited Waterdown Lodge 357, A. F. & A. M., on Tuesday evening. He was accompanied by other brethren from Dundas.

The Rymal flour mill was for a short time in the anomalous position of having no owner, the late purchaser having thrown up the property and the old owner being likewise determined to have nothing to do with it. The matter, however, has been got into shape, Mr. Geo. Rymal still holding on to the property.

The cold snap of Sunday, Monday, and Tuesday almost stopped trade. Our streets were deserted save by those whom dire necessity forced out.

The Waterdown High School Literary Society elected the following officers at the meeting on Friday evening; President, Mr. Kennedy, Woodbane; Vice-President, Mr. Aikins, Binbrook; Sec.'y, Mr. Wood, Hamilton; Assist. Sec.'y, Miss Frazer, Kilbride; Councillors, Miss Cleaves and Mr. J. Stewart, Waterdown; Mr. Bell, St. George, and Mr. Lee, Woodbane. While the ballots were being counted, excellent musical selections were given by Misses McMonies and Fortier and readings by Miss Read, Copetown, and Mr. Young, Barton.

The name of Miss Alice Gallagher has been added by the Central Committee to the list of passed candidates of the Waterdown High School. Miss G. was entered from Mr. Watson's school, Nelson. This makes the whole number of passed candidates twenty-one.

Lowville.

The missionary sermons were preached in this place last Sabbath morning and evening by the Rev D. L. Brethour, of Milton. The sermons were both powerful and practical, but on account of the severity of the weather the congregations were small.

The Monday night meeting held in the same place was not as large as usual. The chair was filled by Mr. John Peer. The speeches of the Revs. Messrs. McKenzie and Maitland were excellent and to the point. On account of a very sudden cold the Rev. Mr. Brethour was unable to put in an appearance. The singing of Mr. O. Morse, who kindly consented to assist the church choir on this occasion, was well received; "wish he would remain in it."

Mr. John W. Colling was the recipient of a very nice present one evening last week; and the "boy" is thriving nicely.

A very serious accident happed to John Foster, Esq., of this place, lately. While assisting to boom a load of logs, the chain broke and he was precipitated to the ground; but we are glad to state that he is able to go about again.

Any persons in need of coal stoves would do well to consult the agent in this place. MARCUS.

Walt. H. Butler is a man of courage and honestly. For years he has unflinchinly stood up and fought for prohibition. He has never claimed to be any less a democrat but he has insisted that democracy should become prohibitory. We always admire his pluck while we have regretted his views Wednesday in the caucus Mr. Butler rose to his feet and stated that he had a personal matter to touch upon. "I am a member of the Methodist church," he said, "and it is one of the customs of our church when a man experiences a change of views for him to use and announce it. You gentleman know that I have always been considered one of the few extreme prohibition democrats, side by side with Charlie Monger, I fought for it because I then believed I was right I now see my mistake. I am converted. *Now that I am any less a temperance man,* for my views are still as firm as ever. But I am disgusted with the prohibition campaign, and do not think it is the right method to reach true temperance. For the first time in years I attend a democratic meeting where I am thoroughly in accord with its views. I am in favor of judicious restraint of the liquor traffic." Of course, at this subsequent writing we can not give the extract language of Mr. Butler, but the foregoing are in substace his remarks. They were greeted with loud applause, and Prof. Butler was warmly congratulated on his frank and honest remarks. We are glad to welcome him to the stand of true temperance. We all want to see the evils of the liquor traffic abolished, but we do not want unlicensed drunkenness and paternal incompetency.—

Enormous Increase in Sales at the Right House Lately.

From the 1st of June to the 1st of December the increase in the sales at this favorite house over the corresponding six months of last year was $27,245.17. This vast advance has been caused by buying for cash from the very best houses, and selling for cash at the smallest possible profits, always bearing in mind that small profits, with the confidence and good-will of the pulic are much better than large profits and small sales. The great size of his stores enables him to keep about twice the stock of goods that any other house in town has room to keep, and also to hold a much larger variety of goods for customers to select from. Then the immense amount of his sales enables him to sell at much lower profits than if the sales were quarter as much, for four cents nett profit on each dollar of $250,000.00 pays nearly as well as sixteen cents nett profit on each dollar's worth sold would pay if only $62,500.00 were sold. There are enormous reductions made on goods at this favorite house lately, so as to clear out the stock before the new goods arrive for the spring trade, to purchase which Mr. William T. Watkins will sail for Europe on the 6th January. To enable him to get the best value that can be obtained from the best European manufacturers the cash will be forwarded to London next week to pay for the enormous supplies required for the spring and summer trade. A lot of Ulster Cloths marked down from 50 to 37½ cents. Another lot of Ulster Cloths reduced from 70 to 50 cents. Mantle Cloths put down $3 to $1.50. Other Mantle cloths greatly reduced. An immense reduction made in Dress Goods. A very large lot of Dress Goods marked down from 18 to 12½ cents. Beautiful fine all wool French Serges down to 25 cents.
