MARRIAGE.—Miss Gillespie was presented with a purse of $40 the other day by the members of her father's congregation.

MR. Isaac Johnston of Derry West, Peel County, fell from a pear tree last Saturday evening and got severely injured. He fell a distance of ten feet and struck the ground head first.

TREBLE'S great Shirt and Furnishing House removed from 8 King Street to corner of King and James Streets, Hamilton.

SOCIAL.—A social will be given at the residence of Mr. Jos. Sherwood, 1st Line, Trafalgar, on Tuesday evening, 18th inst. Proceeds in aid of Bowes's Church. A good programme, etc.

PERSONAL.—Mr. Thomas White, formerly of the CHAMPION and now of the St. Mary's Argus, was in town on Monday last on his way homeward after a trip down the St. Lawrence. He is looking hale, stout, and hearty.

RUNAWAY.—Mr. B. Corrigan's horse ran away one day last week in Milton, making a complete wreck of the buggy. Another horse that was tied to a tree on Saturday last, ran down Main street carrying the tree with him.

EQUESTRIAN EXHIBITION.—Judging from the tone of the Acton Free Press there is bad blood between Georgetown and Acton, each of which villages wanted the Equesting fall show, and the latter of which got it. It will be held on Oct. 3rd.

BASE BALL.—The Britannia base ball club of Toronto came here on Saturday and played a match with the Independents, beating them by a score of 31 to 15. The game was called on the seventh innings on account of darkness.

BASE BALL.—A meeting of the Milton B. B. C. will be held at Wallace's Hotel to-morrow evening, (Friday) at 7.30, for the purpose of selecting a team to play against the Toronto clubs. A full attendance is requested. By order.

GRACE CHURCH.—Rev. W. J. Mackenzie left on Monday last to attend the Provincial Synod of the Church of England, which is being held at Montreal. He will be away for about two weeks. Rev. A. Bonney, of Palermo, will hold services here on Sunday next, and Rev. Mr. Locke will fill the pulpit of St. Stephens' Church, Hornby.

Mr. McDade, of Lowville, was visiting some friends in Nassagaweya a few days ago, and wished to find out whether the potatoes were on the "rot" or not. He dug five hills, and in them found four potatoes weighing 8½ pounds, besides a number of smaller ones, the largest weighing 2½ pounds. They were the new kind White Elephant. (Jumbo).

LOST.—We have been informed that two residents of Nelson, who were wending their way to Milton a few days ago, lost their bearings and turned up at the Boyne. We refused to publish their names, out of compassion towards them, as we believe they were raised in the township. It was broad day light, and Anti-Scott Act was not the cause of the mistake.

THE RIFLE.—At the matches of the Dominion Rifle Association, which were held at Ottawa last week, the 20th Lorne Rifles were represented by Capt. Panton, who won four prizes, one in each of the following matches: Nursery Stakes, 500 yards; Rideau Match, 500 yards; Macdougall Challenge Cup, 400 and 600 yards, and Dominion of Canada Match, 200, 500 and 600 yards. Nearly 400 competitors took part in the matches.

SCOTT ACT.—Mr. Jas. A. Fraser, License Inspector, laid an information against Mr. J. C. Bell, of Milton for keeping intoxicating liquor, and on Saturday evening last, under a search warrant, made a search and found in his stable twenty cases of bottled ale and three cases of porter. The P. M. arrived on Tuesday morning to hear the evidence, and two of the witness not putting in an appearance, the hearing was adjourned for one week.

SUNDAY NIGHTS' FROST.—Reports from all parts of Canada and the Northern States say that the frost of Monday night was very destructive to crops and fruit; corn, cucumbers, tomatoes, tobacco, &c., being completely killed, and grapes badly injured. In this neighborhood all tender vegetables were killed, but while grapes have suffered greatly, no other fruit as far as we can learn is much the worse. Plums are a very heavy crop here and the frost does not seem to have affected them.

ROWDYISM.—We regret to be compelled to remark on the growing rowdyism of our town, night is made hideous by the yells of a few who seem to imagine that there is some honor in being considered inebriate, and some gallantry in insulting respectable persons. On the night of Wednesday a simpleton was to be heard on Colborne street cursing most hideously, and later on a cry of fire was raised by the same party, whose name is known and which we shall publish if again requested to do so. A free application of the horsewhip might prove beneficial to a few of such.—[Oakville Independent.

We were under the impression that the Independent was in favor of the Scott Act, and are surprised that it should "give it away" in the above style.

GRAND CONCERT.—Rev. Father O'Reilly has made arrangements for a grand concert to be held at the Town Hall, on Monday 17th inst., and has secured the services of the following singers: Miss Aimee Laidlaw fo Oakville, whose singing has recently received a great deal of favorable criticism, Mr. F. Filgiano of Hamilton, Misses A. Williams and Kate Walsh of Oakville, Miss Kate Leary of Toronto, and Messrs. D P. Sheerin and J. Weir of Oakville. Miss L. Wright, of the Ottawa Conservatory of Music, will preside at the piano. Such an array of talent ought to draw a full house.

SAD ACCIDENT.—On Monday last, about noon, as Mr. Thos. Bennett, of Erin, was leaving Acton for home, having in his buggy four young ladies; Misses Zimmerman, of Beamsville, and Misses McKetrick, of Orangeville, who had been paying friends in this vicinity a visit, his horses became frightened at the cars, and were almost uncontrollable. They ran at quite a lively speed for several hundred yards, and when turning the corner of Mill and Young streets one of the party, Miss Jane Zimmerman, was thrown out of the rig, fracturing both her legs at the ankle. She was at once taken to the Rossin House where, under the careful treatment of Dr. Lewry, she is during as well as could be expected. Her cousin Miss Jennie Zimmerman, noticing what had happened, jumped from the buggy, but now received slight injury. The other occupants remained in their seats until the horses were quieted. We have on various occasions noticed the recklessness of farmers in trying to cross the track when there are engines close up, and trust that this and previous warnings will induce a change in their tactics.

The floater found in the St. Clair River at St. Clair on Monday has been identified from papers found on the body at the inquest as John McCall, of Brampton, Ont., and was probably a sailor drowned from some vessel.

DANIEL MCLAREN,
Township Clerk.

In the State of Kansas there is a sternly prohibitory liquor law. The intoxicating fluid cannot be manufactured, sold, given away or imbibed in that State except under heavy penalties. This sort of Arcadian puritanism has prevailed there for more than two years and to the great exasperation of nineteen-twentieths of the citizens thereof. The State with utmost intensity and regularity gave huge majorities to the Republican tickets until last fall—when the people rose *en masse* and elected a Democratic Governor. This official in a recent interview gave some solid facts and figures concerning the disasters that prohibition has brought upon this state. Among them he graphically enumerated these: "Diversion of immigration to other states; engendering of strife in every neighborhood; increase of litigation; clandestine use of intoxicating liquors in club rooms and in the homes of the people; drinking to excess, caused by the purchase of liquor in large quantities; and loss to the cause of temperance of thousands of good and sincere temperance people through the meddlesome interference by authorities with the habits and customs of so many worthy and useful citizens." This severe recapitulation is merely a bit of history repeating itself. But it will have no deterrent effect upon the well-meaning but misguided people who are so zealously endeavoring to similarly afflict Oregon.—Portland (Or.) *Welcome.*

QUICK TRANSIT from a state of feebleness, bodily languor, and nervous irritability induced by dyspepsia—to a condition of vigor and physical comfort, follows the use of the standard regulating tonic and stomachic Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, which speedily conquers Indigestion, Constipation, Bilious Complaints, and Fevrish Complaints, purifies the Blood, and reinforces the vital energy.

WATCHES—JEWELLERY—J. W. FRAZER has ordered a large, new stock of Watches, Clocks and Jewellery, which he expects to arrive next week, and which he will sell at prices which will defy competition. Look out for them.

A Chinese mob has attacked the houses of the merchants at Canton, and compelled the foreign residents to seek refuge on the vessels. Troops dispersed the mob and gunboats have been sent to protect the foreign merchants. Ching Tudwi, it is said, will receive the Grand Cordon of the Legion of Honor.

REMOVAL.—Treble's great Shirt and Gentlemen's Furnishing House removed to the corner of King and James Streets, Hamilton. An immense stock of Ties, Scarfs, White and Colored Dress Shirts, Summer Underwear, Hosiery, Hats, &c., opened up. Prices lower than ever. Remember Treble's great Shirt House, corner of King and James Streets, Hamilton.

MARRIED.

BOYNE—GOUT.—At the Manse, on Martin st., Milton, by the Rev. M. C. Cameron, B. D., on Sept. 10th, John Walter Battie to Catherine E. Gout; all of Nelson.

SUCCESS IS DESERVED

THE GREATNESS OF A NEW JERSEY CITIZEN, DANIEL F. BEATTY.

Success is business is undoubtedly the result of a combination of circumstances. It is said that the Rev. Daniel F. Beatty, of Washington, N. J., began business in 1870 without one dollar. Since that time he has built up a business in Pianos and Organs trade all over the civilized world by his remarkable pluck and enterprise. His attention was early turned to music, and in this way he became interested in the sale, and finally in the manufacture of musical instruments at Washington, New Jersey, which bear his name. His first experiment was upon an a small scale, but his active and progressive mind saw wide fields open to energy and enterprise. He has never quivered or faltered in this project. By his shrewd, skilled, and persistent newspaper advertising he has attracted wide attention everywhere, to that of the present his instruments are in use in all parts of the civilized world. He believes in the free use of printer's ink, and it has paid him a thousand fold.

Mr. Beatty was the man who first conceived the idea of reducing the prices of Pianos and Organs. He saw the agents were making entirely too much profit on them, the same as was being done on sewing machines. He at once began to expose the deception practiced by leading manufacturers, who asked $450 for an Organ that could be sold for $60, and still have a fair profit, or $1,000 for a Piano that $297 is sufficient for. Then the war began. He was ridiculed and misrepresented in a shameful manner by the monopolists, whose large profits were in danger. No stone was left unturned to defeat and ruin him. Circulars were printed and sent out, and circulated by their agents, articles were published in music trade journals, and many other dirty tricks were resorted to. But, by the course of right and justice, Mayor Beatty has succeeded in reducing the Prices of Pianos and Organs, so that he is said to be by far the most successful man that has ever engaged in the music business.

On the 12th of Sept., 1881, a fire destroyed his immense factory, employing at the time about 600 hands. The indomitable will of the man immediately asserted itself, and a new factory, covering 4 acres, combining all the improvements in manufacturing, which had suggested themselves, was erected, and in 120 days was in running order, and turning out 50 completed organs daily. The new factory is one-third larger in size, with facilities for manufacturing that are not equalled by any Reed Organ works on the Globe. It is equipped for running all night, having a complete Edison Electric Lighting system, with 300 lights. A special Railroad Track was built to the factory door, for saving all the expense of cartage on lumber, coal and organs, thus saving a large per cent in cost of manufacture. He offers as an inducement to come and visit his works and select an organ, a reduction from $5 to $15, according to distance travelled. This includes a free ride upon Beatty's Switch-Back R. R., connecting his establishment with the Delaware Lackawanna and Western Railroad.

But amid the rush and hurry of a vast business Mr. Beatty never forgets the duties of a man and a citizen.

He has four times been elected Mayor of Washington without his own seeking, which office he now holds. His fellow citizens chose him. He conducted no campaign whatever, and was not even at home on election day. His generous donation of organs upon the largest local school to supply four to the needy during the past winter, and his liberal contributions to the various religious organizations, without regard to denomination, are indicative of but a few of the many incidents that are continually transpiring, and which have made him exceedingly popular among his fellow-citizens.

Men who have won for themselves honorable distinction in their particular vocations in life, and which we denominate as the successful self-made men of the day, are apt to possess all the qualifications necessary for the high position of public trust, and form the nucleus from which the Nation draws its best supporters. Mayor Beatty's career, thus far has been marked by untiring perseverance, indomitable will, acute perception, and good, sound common sense.
