The building was ignited by sparks from the smoke. Mr. Bradbend has now lost three mills by fire and says he will not rebuild the last one.

Stewart Underwear and Hosiery, immense stock, imported from the largest manufacturers in Europe, at prices that defy competition.—Treble's, cor. King and James Streets, Hamilton.

Last week the Acton Free Press copied, word for word, our local of the previous week on the Shannon bigamy case. The Free Press evidently knows where to go for the latest and most interesting county news, and is welcome to all it can to clip from our columns, but it might be as well if when it does so it would give the CHAMPION credit. It takes a deal to do this in the above case.

Successful Entrance Examination Candidates.—Of those candidates who passed at the last entrance examination at Oakville, the following were successful:—Fred Alexander, W. Dale, T. Emerson, E. Joyce, R. Lusk, F. McCraney, M. Secord, A. Wilkes, M. Anderson, M. Bonnsall, Mary Ganton, G. Laces, M. Moore. These are recommended:—C. Carrique, F. Sutton, M. Dawler, A. Garman, E. Giles, K. McKay, A. Regan, A. Shaw.—Independent.

A Big Reception.—Last week was notable for the many splendid receptions given at Toronto and elsewhere to the returning heroes of the North-west campaign, and that tendered on Friday evening by the people of Oakville to their fellow townsman Bugler McGiffen of the 90th, was well worthy of the old town. The citizens turned out in great numbers, headed by the band, met Mr. McGiffen at the Grand Trunk station and escorted him down town, where there was a general ovation. Bugler McGillin served on the personal staff of Gen. Middleton at Fish Creek and Batoche's. Messrs. Harold Schofield and Harry Bredin, of Oakville, who went to the North-west with the Governor-General's body guard, did not return with their comrades, but will probably remain where they are for some time.

About a dozen Salvationists from Acton visited their brethren here on Monday evening, and the racket made by the combined forces was something tremendous.

Deserve the alleged general dullness of trade at present, that each to Colin McRae's mammoth boot and shoe establishment, 30 & 32 King st west, Hamilton, is as great as usual. McRae's stock is the largest and best selected in the city, and is constantly replenished with the newest and most fashionable goods, which are offered at prices to suit the times. Hallonians visiting Hamilton should make it their business to call at McRae's Great Clearing Sale being now and big discounts offered.

Base Ball.—There were two base ball matches in Milton on Saturday. The first was between the Cardinals and Cayuga Belle clubs. The Nassagaweyans put a strong team in the field and played a very good game. Their opponents, except the pitcher, catcher and first and second base men were all new players to us. Weaver's pitching was so good to his nine was so well supported behind the bat by Robertson that runners were pretty well equalized, and at the end of the seventh innings the score was a tie. At this stage of the game Robertson's hand was badly hurt, and as the Cardinals had no spare man to take his place, the Campbellville men, though they might according to the rules of the game have insisted on playing the match out, generously consented to allow it to be called a draw, and agreed to play it over on some future day. The following is the score:

The other game was between the St. Ann's and Independents of Milton. The Milton team was weakened by the absence of two of its best men, but made up for fielding errors by heavy batting, Baker, who hit safely five out of the six times he went to the bat, particularly distinguishing himself. The Independents won by eleven runs with an inning to share.

The umpiring of Messrs. Duff and Robertson was first-class, and satisfied all parties.

We had a call yesterday morning from Major Kerns, M. P. P.

A Lacrosse match took place here yesterday between the Hemlocks, of Toronto, and the Olympics, of Milton resulting in three straight games for the home team.

Sudden Death.—Mrs. Ford, widow of the late Mr. Andrew Ford, and for some years past a respected resident of Milton, went to Wawanosh a short time ago to visit some friends. Yesterday her family received a telegram conveying the sad intelligence of her death.

Protection Wanted.—Now that the Hagsey Fire Engine scheme has fallen through, wouldn't it be well that some steps should be taken for the protection of the town from fires? A fire starting anywhere on Main street between the Commercial hotel and the Wallace House would be liable to make a clean sweep of the business part of the town.

LOWVILLE.

A fire broke out last Friday about 2.30 o'clock in a sawmill belonging to Mr. John Readhead, consuming mill and contents. Loss about $8,000; no insurance. The fire is supposed to have caught from the engine. He is not going to rebuild, but intends to repair the mill on his farm and will be ready to commence business after harvest.

There is to be a roller skating rink built here this fall where the old foundry used to stand.

The Kilbride tug of war team are not satisfied with the pull which came off between them and Lowville, and wish to pull again. The Lowville men will not pull unless for a stake of $100 or more.

One of the village cows tried to commit suicide last Sunday evening by hanging herself on a neighbor's gate. Had it not been for the skillful use of an axe by a party who happened to see her she would have been successful.

It is rumored that Young Chicago is about returning home. The report that he was shot in the first battle in the Northwest is false.

Conney Jim proposes getting up a lacrosse team, as he has got the G. B. from the base ball club.

Charles Thomas is now teaching music. Any person wishing to learn could not do better than employ him, as he has devoted a great length of time to qualifying himself for that business.

Jackson Agnew is now home from college. He is spending his holidays in the harvest field.

Mr. John Foster and wife have been away visiting their friends in Michigan.

Jacob Colling has left home and has gone to the States.

John Peadham, agent for A. Harris, Son & Co., Brantford, has done a large business this summer. He has sold about eighteen self-binders. Jo Jo.

Reception Number of the War News.

The Grip Printing & Publishing Co. have issued their Reception-Number of the Illustrated War News. This number is one of unusual interest. It contains sixteen pages, and the illustrations are entirely composed of scenes in connection with the return of the Volunteers from the North-West. The Publishers sent special artists to Winnipeg and other principal points to report and illustrate the proceedings, and have gone to considerable expense in getting authentic sketches of the various demonstrations all over the Dominion.

A racy account of incidents and experiences of the troops returning home is written by Captain C. W. Allan, who accompanied some of them from Port Arthur, and it is illustrated by J. W. Bengough in his best style.

This number is, in every respect, the best which has yet been issued, and is worthy of being sent away to friends all over the world, as a representation of the reception tendered our returning heroes.

We understand there has been already an enormous demand for this issue, and the publishers have had great difficulty in filling orders. Certainly everybody who appreciates the work done by our brave volunteers should have a copy.

The publishers will mail copies post paid to any address on receipt of the price, 15c., or it can be obtained from all news-dealers. The Toronto News Co. are the wholesale agents.
