ASSEMBLY.—The assembly at the Town Hall on Friday evening was a great success, notwithstanding the unfavorable weather. About fifty couples attended it and spent a very pleasant evening. Great credit is due to the committee for their excellent management.

Largest stock of Hats, latest styles, lowest prices at Treble's, the leading Hatter, 8 King & James Street, Hamilton.

AN EYE TOOTH.—A very painful accident happened to Mr. T. T. Harris, dentist on Saturday last. While engaged at his profession a piece of tooth flew into his right eye, penetrating the ball, and causing him terrible pain. It was afterwards successfully extracted.—Oakville Independent.

Great job in Silk Ties, all the latest styles at below the original cost. See our special lines at 15c., 25c. and 35c., in every shade and pattern,—Treble's, cor. King and James Sts., Hamilton.

CHEAP AND CHOICE LITERATURE.—We direct attention to the advertisement of Messrs. J. Eastwood & Co. Their establishment has long been the leading one of its kind in the City of Hamilton, and all who want good solid reading for the coming long evenings should give it a visit.

Order your Shirts now. 6 white dress Shirts for $7.50, 6 English Cambric Shirt for $7.50, made to your measure and guaranteed to fit. This is a special offer and lasts for a short time only.—Treble's, cor.

BIG TRADE IN WHISKEY.—We are informed that no less than fifty bottles of whiskey were sold on Saturday night in a Milton shebeen inside of four hours. Whether this is true or not, and we have no reason to doubt its truth, the number of drunks seen on the streets during the evening indicated that there was plenty of whiskey to be had somewhere in the town.

You can have your Shirts made to order at Treble's lower than you can buy them readymade elsewhere. 6 Shirts white or colored for $7.50, perfect fit and best value in the trade guaranteed.—Treble's, cor. King and James Sts., Hamilton.

THE horse stolen from Mr. John McKay, of the Middle Road, Trafalgar, two weeks ago, was found by its owner on Friday, in the stable of Mr. Goodderham, distiller, of Toronto. It appears the thieves had turned the animal loose into Mr. Gooderham's yard after they had driven him almost to death. The phaeton of Mr. Randall, of Grimsby, was found there also. Both are badly used up.—Independent.

PECK'S SUN, published at Milwaukee, Wisconsin, is the most humorous paper in America to-day. Geo. W. Peck, its editor and proprietor, stands without an equal as a humorist. He believes in making people happy, and no one can be otherwise who reads his most excellent paper. Our readers are invited to read the prospectus of Peck's Sun, in another column. Sample copies mailed free to any address.

I had been for years a miserable sufferer from Dyspepsia, and tried all known remedies and the best medical skill of my acquaintance, but still grew worse, until unable to eat anything without great suffering, or do any kind or work. I began to think there was no hope for me, and that I must surely die; when, like a drowning man catching at a straw, I determined to give McGregor's Speedy Cure a trial. I at once began to improve so rapidly that in two months I was as well as I had ever been in my life.—WM EVANS, HAMILTON. Sold by J H McCollom, Druggist. Free trial bottles.

Go to Treble's, the leading Hatter, for your Hats, all the latest styles in Hard and Soft Felt Hats at prices ranging from 50c. upwards, the best value in Canada.—Treble's, cor. King and James Sts. Hamilton.

Go to Colin McRae, 30 & 32 King St. West, Hamilton, for ladies', gentlemen's and children's boots, shoes, shippers, rubbers and overshoes. He has purchased a large stock in the best market and does business on such a large scale that he can afford to undersell smaller dealers.

SPECIALTIES FOR FARMERS.—The best article of the kind in the market is the celebrated Union Churn, and the establishment of Mr. George Allen, of Burlington, is the best place to get it. He has purchased a large number of these churns and offers them at very low rates. Farmers' scales, tinware, hardware, lamps, lanterns, &c., at bottom prices. He is prepared also to supply customers with all kinds of coal oil, coal and wood in large or small quantities.

THE BAIRNSFATHER CONCERT on Monday evening, under the patronage of the Mechanics' Institute was largely attended and was a financial success. Nobwithstanding the bad state of the roads many lovers of Scotch music were attracted from considerable distance. The songs, anecdotes and ventriloquism of Mr. Bairnsfather, and the singing and dancing of the other members of his talented family, were fully appreciated and were greeted with numerous encores. We understand that the company will probably visit Milton a second time during the coming winter.

BAND CONCERT.—The bills are out for the concert which is to come off on the evening of Thursday, 12th inst., and the proceeds of which are to be given to the Milton brass band. A number of talented amateurs have promised their services, and the programme, with their contributions and the music of the band, will be an attractive one. The young men who compose the band have devoted a great deal of time and some money to perfecting themselves in the use of their instruments and have attained a proficiency in this that is very creditable to them. We trust that the citizens of Milton will give them the encouragement they deserve by turning out in force to their benefit.

REMOVAL.—Remember G. A. Hemstreet will open his new store and Photo Studio on Tuesday, Nov. 3rd, where he hopes to meet with all his old customers and as many new ones as possible. New scenery and all the latest improvements. All work guaranteed. 19-2t.

THORO-BRED BULL.—Messrs. J. & H. Fisher, Willowbank Farm, Trafalgar, have purchased from Mr. Geo. Thompson, of Orillia, the thoro'-bred Durham bull, Lord Raglan, bred by J. & W. Watt, of Salem, from that fine strain of cows, "The May Flowers." Lord Raglan received the red tickets as a calf at the Industrial (Toronto), Western Fair (London), Central Fair (Hamilton), Simcoe Fair, and at a number of other places. Latterly he has been kept for stock purposes, and has given first-class satisfaction among the thoroughbred and grade stock Messrs. Fisher are to be congratulated on adding such a grand animal to their herd. They intend keeping him only for one season, at reasonable fees—$1.50 for grade and $5 for thoroughbreds.

A USEFUL INVENTION.—Among the most useful of late inventions is the Australian (Walker's Patent) Wire Fence Stretcher and Permanent Fastener. It has gained diplomas at the Dominion and Provicial Exhibition at London, and the Industrial Fair and Agricultural Exposition, Toronto, 1885, and is universally approved by all farmers who have seen it as completely securing the avoidance of all the existing objections to wire fencing, while it costs a mere trifle and is everlasting. By its use one man can stretch and fasten much more fencing than two men can do in the same time by the ordinary method, and it also effects a great saving in posts. For further particulars apply to C. S. Racey, Agent for the County of Halton.

A HIGH CLASS ENTERTAINMENT.--Milton will be favored on Saturday evening with a visit from the famous Telgmann Soptette Club, composed of Miss Doretta Telgmann, first violin; Miss Louisa Telgmann, second violin; Master Ferdinand Telgmann, violin; Master Henry Telgmann, flute; Master Otto Telgmann, violincello, and Mr. Oscar Telgmann, piano and violin. They will be assisted by Mr. Charles Kelly, the well known and popular basso of Collingwood, whose reputation is so well established throughout the Province that his presence alone should ensure a full house. Miss Doretta Telgmann, who is styled "The Little Canadian Patti," and who is as talented a vocalist as she is an instrumentalist, will sing several selections. The following are chosen from the numerous favorable notices received by the Telgmann family from the Canadian press:

Their rendering of Scotch and Irish airs called forth a perfect hurricane of applause.—*Guelph Daily Herald.*

The playing of the Telgmann family was very fine. Little Dorotta is truly wonderful. We are informed that they intend making a tour through Canada and do not hesitate in recommending them to the public.—*Toronto Mail.*

Fluid Lightning is simply a marvellous Rheumatic Remedy. I was for two months a cripple, unable to get out of the house for Sciatica. One bottle gave me instant relief, and placed me on my feet again. I have driven fourteen miles to-day (something I could not possibly have done were it not for Fluid Lightning) for the express purpose of procuring another bottle. So says Wm. Dixon, Jamanoque. Only 25 cents per bottle at McCollom's Drug Store, Milton.

THE SALVATIONISTS.—The Milton contingent of the Salvation Army is not in a particularly flourishing condition, and the three officers sent here by the main organization, being unable to make sufficient noise, with the little assistance they receive, have invested in a bass drum, which is pounded lustily every evening. They had a big demonstration on Wednesday evening of last week. A number of male and female soldiers from Brampton, Waterdown and Acton were on hand and the motley crew marched through the streets carrying torches and headed by their drum and a cornet. They made a most unearthly din and obstructed the sidewalks not a little. They should be compelled to keep the center of the streets in future. It is quite enough for the people of Milton to have to put up with their drum pounding and discordant howling without being crowded off the sidewalks by them.

SPORTSMEN'S LUCK.—There are more ducks on Nicklin's pond this fall than for some years. As a consequence it is quite a rendezvous for sportsmen. It is not always "pot-pio" ducks they get though. About a week ago, early one morning, one of the genial counter-hoppers of a local dry goods store was out in a canoe, and in his eagerness for the game overbalanced himself and was precipitated into the cool and frosty waters of "Lake Nicklin," and having his overcoat on and being alone had great difficulty in gaining *terra firma* safely. George is minus a breech-loader, which now reposes quietly on the sandy bottom of the pond. And he won't go ducking in a boat again. On Saturday morning last a certain photo-artist, with whose smiling countenance our citizens are rapidly becoming familiar, was on the pond in quest of the coveted game, and a flock appearing he became so excited that he forgot it was not a city pavement he was standing on instead of a sensitive water craft, and actually plunged headlong out of the bow and was immediately immersed in *aqua pura.* He went home a wetter, and possibly a wiser man.—Acton Free Press.
