ANEXATION, or as the St. Paul Pioneer-Press more delicately puts it, "union" with Canada, is now receiving a good deal of attention from politicians and the press on the other side of the line The Pioneer-Press says, "By the people of the United States it would be welcomed, we are convinced with more than common enthusiasm. * * * * The consummation of the dream of a truly continental republic, the exact assimilation of all the English race in North America, the extension of absolute freedom of traffic, and the moulding into oneness of all the vast interests between the frozen ocean and the tropic gulf, it is an idea worthy of the century and of the race to which it appeals. Both nations might well afford to lay aside the minor issues of the hour, that this grand conception should have free way to the realization in which, come it soon or late, they both believe." The "continental republic" idea may awaken enthusiasm in some quarters, and there are those in Canada who favor it. A union of two peoples who have so much in common as those of Canada and the United States and who are at present divided by only an imaginary line might be a success, but the great body of Canadians are not particularly impatient for it at present. Neither are they sighing for the consummation of that chimerical and impossible scheme, imperial federation. They don't want a federation of peoples separated by half the girth of the globe, whose interests would be widely different, and who would have little sympathy with each other, and they want to keep what they have now, representative government. Canada is making satisfactory progress as it is, and her people will be content to leave matters as they are, at least for some time to come, rather than try any rash experiments.

It is stated in governmental circles that the proposal of the Northwest legislature to submit the liquor question to a vote of the people is unconstitutional.

Mrs. Ramsey, who keeps a hotel at Parker, declined to pay a Scott Act fine and has been taken to Guelph jail to serve a term of two months' imprisonment.

The South Norfolk Railway Company, whose road from Simcoe to Port Rowan was opened on Thursday, is sued for $50,000 by the old Port Rowan & Lake Shore Railway Company.

During the past week there have been several marriages of people of different colors in Kingston. A white man married an octoroon and a colored barber wedded a girl of Anglo-Saxon blood.

A carvall load of men returning home to Guelph from a pigeon tournament on Thursday night were upset into a ditch. Several sustained severe cuts and bruises. Ex-Mayor Chase had his collarbone broken.

Paper is to be made from sawdust in a factory which is about to be established in Ottawa. If all the sawdust in the country could be turned to account in this manner, there would be less complaint about the filling up of streams and the killing out of fish.

Cariboo, B.C., in which an election was held on Wednesday, is the smallest constituency in the Dominion. There are 489 voters on the list. The late member, Mr. Reid, obtained 145 votes, and his opponent 105. A few weeks ago an election was held in the largest constituency in the Dominion, Montreal East, which contains 15,352 voters, thirty-one times as many as Cariboo.

The scheme for establishing a Church of England college for the theological training of boys at St. Catharines is about perfected under good auspices. The management have secured a lease of the well-known Springbank hotel and property, which with a few changes will be admirably adapted for such an institution. Rev. J. O. Miller, B.A., one of the graduates of the Toronto University, will be appointed principal.

OREGON AND WASHINGTON.

No section of the country is to-day attracting as much attention as Montana, Oregon and Washington; Montana, because it now ranks first in the production of precious metals; Oregon, because of its rich valleys, and Washington Territory by reason of its mild climate, timber, coal, minerals and wonderful production of fruits and cereals. The rapid growth of Spokane Falls, with a water power exceeding that of Minneapolis; Tacoma, on Puget Sound, the terminus of the Northern Pacific Railroad, with 12,000 inhabitants; Seattle, 30 miles distant, an energetic and thriving city, mark this section of the Pacific Northwest as one that offers peculiar inducements to those seeking new homes.

By writing Chas. S. Fee, General Passenger Agent, Northern Pacific Railroad, St. Paul, Minn., he will send you illustrated pamphlets, maps and books giving you valuable information in reference to the country traversed by this great line from St. Paul, Minneapolis, Duluth and Ashland to Portland, Oregon, and Tacoma and Seattle, Washington Territory. This road, in addition to being the only rail line to Spokane Falls, Tacoma and Seattle, reaches all the principal points in Minnesota and Dakota, Montana, Idaho, Oregon, and Washington, possesses unequaled scenic attractions, as well as superior train equipment, such as dining cars, and colonist sleepers for the use of intending settlers, neither of which conveniences are to be found on any other line ticketing business to the States and Territories named. 47-10ms.

WM. ANDERSON (Dr. Tanner) was arrested on Wednesday, last week, by Constable Harley and locked up. The charge against the "Dr." this time was wife (?) beating. Mr. T. Ruston, J. P., fined Anderson $10.00 and costs. He skipped.—Herald.

A CURIOSITY.—Mr. Wm. Ross, of West Flamboro', has an oleander tree which bloomed in the past summer, the blossoms being of a rich scarlet color. It is in full bloom at the present time, which is considered marvellous. The color of the present blossoms is a delicate pink.

COURT OF APPEAL.—On Saturday before Judge Osler, Hamilton & Milton Road Co. vs. Township of East Flamboro' (two cases). Kerr (Bain & Co.), for the respondents, moved to dismiss two appeals from the judgment of Galt, C. J., for want of prosecution. W. M. Douglas, for the appellants, contra. Order made dismissing the appeals with costs.

PHOTOGRAPHY.—W. C. Adair wishes to inform the people of Milton and the public generally that he has decided to remain here for some time yet. He would also remind all those wishing to have their Photos furnished by Xmas to leave their orders at their earliest opportunity. Family groups and bromide portraits a specialty. 21-4t

HORSE STEALING.—Last Friday night a valuable horse and buggy belonging to Mr. Stephen Elliott, of Esquesing, were stolen from the driving shed of the Commercial Hotel. So far there is no trace of the thief or the stolen property. No suspicious looking strangers were noticed in the town on Friday, and though messages were sent in various directions nothing has come of them.

ARM BROKEN BY SHOT.—While hunting a squirrel around a bush heap near Campbellville Junction, on Thanksgiving Day, the gun carried by a youth named Haines got caught, and went off, the charge striking the young fellow in the arm and breaking it. The doctor had to extract some 60 or 70 grains of shot before he could set the arm. It was fortunate for Haines that his arm got the charge instead of his body.

DRESS-MAKING.—Miss Baker wishes to inform the ladies of Milton and vicinity that she is prepared to do any dress-making which she may be favored with, either at the residence of Mrs. W. R. Glasby, Mary St., or at their own homes. Work warranted to give satisfaction. Terms reasonable. 16-3m

"CANADA'S CHRISTMAS" is the name of a handsome holiday publication issued by Mr. Wm. Bryce, Toronto. It is beautifully illustrated, is accompanied by a fine lithograph of the new Ontario Parliament buildings at Toronto, and will be particularly interesting to Haltonians as it contains a clever story, "A Romance of the Rockies," written by Mr. Campbell Shaw, of Oakville. Sold by all newsdealers. Price 30 cents.

THE sneak thief is still abroad in Streetsville. Two weeks ago he went through the premises of Mr. N. W. Hall and Mr. Congdon and secured boodle to the extent of $30. That occurred on a Sunday evening when the inmates were all at church. Sunday evening last the sneak thief spied out the land and discovered that Mr. Robt. Alexander and family had gone to the Methodist church, leaving no one in charge. This suited him and his pal and they accordingly attended to the business in hand with their usual promptness and despatch. After securing Mrs. Alexander's gold watch, the cash box and certain articles in the jewelry line, they helped themselves liberally to the best in the house in the way of refreshments and then took their departure.—Brampton Banner.

HOLLINRAKE & SONS are giving away a Fancy Cup and Saucer with every pair of Boots, Shoes, Rubbers or Overshoes. See new advt.

MR. GEORGE LAVERY is still confined to his house by an optical disease which threatens to deprive him of his sight, but it is to be hoped that it will not end so seriously as that, and that he may soon be able to be out and at work.

THE EFFECTS OF NOVEL READING.—Amy Young, aged 15, daughter of Francis Young, Glenwilliams, in this county, some days ago set fire to a closet in Mr. E. McCrone's house, St. Thomas, where she was employed as a servant, for the purpose of revenging herself on a guest of Mrs. McCrone's by burning her sacque. She has been committed for trial. The prisoner, who is only 15 years of age, stated to the police that novel reading had so affected her mind that she did not realize what she was doing when she committed the rash act.—Acton Free Press.

A LONG FELT WANT.—Mr. Jas. A. Frazer, Milton, has made arrangements with Mr. F. A. Green, of Carlisle, to carry on a first-class undertaking business in connection with his furniture store. Mr. Green has had considerable experience in this line, having a thorough knowledge of the process of embalming dead bodies, by means of which they may be kept for weeks if necessary, their complexions retaining the appearance of persons having fallen asleep; the deathly pallor is thus taken away and the natural appearance restored. Mr. Green will lay out and embalm the body, and arrange for funerals whenever his services may be required. Funerals will be conducted in first-class style and at moderate rates.—See Adv. 22-tf.

WE are sorry to say that Rev. James Lavery, who has been in weak health for some months, has developed symptoms of consumption. He has been advised by his physicians to go to Bermuda and spend some time there and he arrived at his old home here a few days ago to get ready for the journey. Mr. Lavery has been a close student in his preparations for the Methodist ministry and his illness has probably been caused by overwork. We trust that he may return in due time with his health restored and that he will be spared to take the high place among his fellow ministers for which his talents qualify him.

MR. COMINS, of Trafalgar, who is confined to his house, caring for a broken leg, was visited on Thanksgiving Day by a number of the members of the "Thistle Club" and "Sons of Scotland" among whom was Mr. Harrison, the Australian champion Highland dancer. Three pipers accompanied the party, and the shrill notes of the pipes, together with the flash and glitter of the gay tartan costumes, suggested a "gatherin' o' the clans." Music, songs and dancing were for a time indulged in, after which "the kilties" repaired to the spacious grounds and demonstrated that their education in athletic sports had not been neglected. The party returned to the city by a late train, declaring that no other place on earth afforded such facilities for perfect enjoyment as "The Willows.'—Star.

LOVELL'S Gazette and History of Canada will shortly be issued. It will contain maps from latest surveys of and a concise history of every county, district, parish, township, city, town, village, island, lake or river in the provinces of the Dominion of Canada. It will combine the features of an ordinary gazetteer with those of a historical and statistical work. Every point of interest for scenery or historic association, the population and prevailing industries, manufactures, business features, banks, churches, convents, colleges, schools, charities, newspapers, &c., will be laid fully and accurately before the inquirer. The work will be the finest and most complete of its kind ever produced on this continent. There will be nine volumes, possibly eleven, costing $75. The Ontario volume alone, with map, will cost $12.50. Published by John Lovell, Montreal.

KNOX CHURCH.—Rev. Robert Haddow, B. A., was inducted as pastor of Knox Church last Thursday, and the occasion was a notable one in the history of Presbyterianism in Milton. The services commenced at 3 p. m., and the attendance was so large that many persons were unable to find seats and had to stand throughout it all. Rev. J. H. Milne, recently inducted into the pastorate of the Boston Church, Esquesing, preached an able sermon, his text being "Grow in grace," taken from the last verse of the 3rd chap. of II. Peter. After the sermon Mr. Haddow having answered the usual questions, put to him by Rev. Alex. Gilray, Moderator of the Toronto Presbytery, was duly inducted into the pastorate. He was then addressed by Rev. D. J. Macdonnell, of St. Andrew's Church, Toronto, who based his remarks on St. Paul's advice to Timothy, "Take heed to thyself and to thy teaching." Mr. Macdonnell's address was all that might have been expected from that eminent pulpit orator, and produced a marked impression upon his hearers. Rev. John Neil, of Charles Street Church, Toronto, followed, with the final address (that to the congregation), to whom he pointed out their duty to co-operate heartily with their pastor in church work and not leave him to labor unaided. Mr. Neil's address was an eloquent one and was listened to with great attention. In the evening a social welcome was tendered Mr. Haddow at the town hall, which was crowded by an audience much too large for the seating capacity. Tea was served by the ladies of the congregation from 6 to 8 o'clock, and at the latter hour the chair was taken by Rev. W. G. Wallace, of Bloor Street Church, Toronto, and the Moderator of the congregation during the vacancy. The following gentlemen were also on the platform: Rev. Alex. Gilray, Rev. D. J. Macdonnell, Rev. Dr. Laidlaw, of St. Paul's Church, Hamilton, Rev. John Neil, Rev. Rural Dean Mackenzie, of Grace Church (Anglican), Milton, Rev. Geo. Clark, pastor of the Methodist Church, Milton, Rev. D. M. McKenzie (Methodist, Suptd.,) Rev. W. Murray, Hamilton, Rev. A. Blair, Rev. J. H. Milne, Rev. R. J. Frazer, Bowmanville, Prof. McCurdy (Mr. Haddow's uncle), Toronto University, and John Waldie, Esq., M. P. Nearly all of the above gentlemen delivered addresses, the local ministers uniting in welcoming Mr. Haddow to Milton. A cablegram, signed "Logan," was received from Abington, Lanarkshire, Scotland congratulating Mr. Haddow and his flock on his induction. Knox College Quartette, of which Mr. Haddow was a member for eight years, sang a number of selections in excellent style, generally without accompanyment, which made their work all the more remarkable. Mr. Haddow occasionally assisted and his musical and well-trained voice blended harmoniously with those of his old companions. The proceedings of the day and evening could not have been more successful than they were, and the prospects of Knox Church appears bright indeed.

C. R. Casey has resigned as the prohibition candidate for the Commons in Cumberland, N. S., and Capt. E. B. Elderkin has been chosen in his stead.
