SAD DROWNING ACCIDENT.—On Friday as the wife of Mr. James Graham, who bought and took possession of the Burpee farm, Omagh, last spring, was washing, her little daughter, five years old, opened a trap door above a cistern and fell in. Her mother did not miss her for probably fifteen minutes after the fall, when she went to look for her, and finding the trap door open, called Mr. Graham, who drew the child's body up, but all attempts at resuscitation failed. The remains of the little one were buried on Sunday.

FATAL ACCIDENT AT SPEYSIDE.—A sad fatal accident occurred at Speyside on Tuesday forenoon. Joseph Haw, who for some time past has been doing a butchering business at Speyside, was driving along the road with an animal in the wagon for slaughter. The horses became frightened and ran off the road into a clump of trees when the limb of a beech caught the unfortunate driver below the chin, throwing him out of the wagon. In falling his head struck a stone and his skull was badly fractured and an ear bruised and lacerated. Medical aid was summoned, but to no avail. He regained consciousness for only a short time and died yesterday morning. Mr. Haw moved to Speyside last fall from Baysville, Muskoka. He leaves a wife and five small children.—Free Press.

Bastedo & Co. have just opened out a large shipment of Crockery, consisting of Dinner, Tea and Toilet Sets in latest designs. We would advise those wanting anything in the Crockery line to try Bastedo's.

IT WILL BE A BIG DAY.—The employees of Messrs. Geo. Winn & Son, shoe manufacturers, of Hamilton, who will remove to Milton as soon as their shop is ready for them, will be out here in force and will have a big day of it on Saturday next, when they will have a picnic at the agricultural grounds. They have prepared a most attractive programme of athletic sports for which handsome prizes will be given, and which include foot races, jumping, vaulting with pole, &c., twenty-seven events in all, besides bicycle races for men and boys for which particularly handsome and valuable prizes will be given. Professionals are barred, but no doubt there will be all the more amateur athletes to compete, and as admission to the grounds will cost nothing, as the Milton band will play at intervals and as there will be a first-class string band to furnish music for dancing, it may be taken for granted that the picnic will be one of the biggest and best ever held in Halton.

I will dispose of my late father's large stock of table cutlery, butcher knives, &c., at reduced prices during the coming week. As this stock is large and well assorted, and I am anxious to realize on it, intending purchasers cannot do better than call on me at my late father's drug store.—HARRY H. WATSON.

THE LATE JOHNSON ZIMMERMAN.—The funeral of the late Dr. Johnson Zimmerman from the family residence, East Hamilton, on Saturday afternoon, was largely attended by friends, relatives and neighbors. The pall-bearers were Reuben Zimmerman and Nelson Zimmerman, of Toronto, and Dr. Sol. Zimmerman, sons of the deceased; Henry White, of Rochester, son-in-law; Dr. G. H. Husband, brother-in-law, and Dr. R. J. Husband. The services at the house were conducted by the Hon. Reynolds Morston, Rev. Jas. VanWyck, pastor First Methodist, and the Rev. Ed. Lounsbury. Dr. Zimmerman, during his lifetime, was an active Christian worker and member of the First Methodist Church, and was also a staunch advocate of temperance reform. His happy disposition and cheering smile gained for him a large circle of friends by whom he will be greatly missed. The widow and family have the sympathy of their many friends in their bereavement of a thoughtful husband and a kind father.—Hamilton Times.

TORONTO INDUSTRIAL FAIR.—The great event in Exhibitions in Canada is the Toronto Industrial Fair, which opens this year September 5th and closes September 17th. It will be specially interesting on account both of the large and comprehensive prize list and because of the special attractions to be offered. So great has been the demand for space in past years and to such large proportions has the Fair grown, that more space became a necessity and after repeated efforts the directors have secured additional accommodation on the Garrison Commons. A large new grand stand and a new speeding ring will be ready by opening day. The plan for the stand shows a design of the most complete character, with offices and side rooms to meet the convenience and comfort of all who may wish to remain as spectators of the speeding and other attractive events. If you want a Parlor Suit go to Jas. A. Fraser's.

MR. JAMES BENNETT, proprietor of the Thompson House, is building an addition in which will be a commodious dining room.

HUGH WILSON built a straw stack at Mr. Geo. Anderson's yesterday and did it so evenly that it fell apart four ways and covered up the fence that was put around it.—COR.

MR. WILL. TYNDALL, while astride of bicycle on Main Street, Georgetown, was run into by a buggy driven by an Erin man and was knocked senseless and badly bruised.

MR. JAMES FLEMING, ex-M.P., of Brampton, who represented the County of Peel in the House of Commons from 1882 to 1887, has been appointed inspector of legal offices, to succeed Mr. Winchester. Mr. Fleming has been a barrister for over twenty years and understands the work which he will have to do. The appointment is a good one.

A SUCCESS.—The social on Tuesday evening at the residence of Mr. Finlay McCallum, Sr., Esquesing, under the auspices of the Ladies' Aid Society of Boston Church, was very largely attended and a great success in every respect. There was an excellent programme, including selections by the Knox Church quartette and the Milton band played at intervals, but the music of the bagpipes of Piper Smith, of Hamilton, probably gave rise to more enthusiasm among the old residents of Scotch Block than anything else. The receipts were $112.

FIRES AT THE GLEN.—On the 13th inst. a new bank barn, and contents, belonging to Mr. S. McMaster, of Glenwilliams, were burned. The fire occurred about 10.30 p.m. and is supposed to have been the work of an incendiary. The building was insured. A new buggy and fanning-mill were amongst the lost property.....At about 6 a.m. Tuesday, 15th inst., the house of Mr. Thomas Dukes, Glenwilliams, was burned. The fire had made considerable progress before it was noticed and some of the family had narrow escapes. The cause of the fire is unknown. The house, we are informed, carried some insurance. The household goods were all burned.—Herald.

THE wedding at 4 p. m. yesterday of Mr. Chas. E. White to Miss Berta Ezard, eldest daughter of John Ezard, Esq., attracted a great many Miltonians to the Methodist Church, where it took place. The bridesmaids were Miss Maggie White, sister of the broom, and Miss Taylor, of Toronto, and Misses Lulu Hall and Ina Ezard were maids of honor. Messrs. Harry Henderson and J. W. Bews were the groomsmen, and Messrs. R. E. Harrison, S. R. Bews, F. Deacon, W. F. Dewar, W. J. Dewar and D. Robertson were ushers. The ceremony was a very pretty one, and as the wedding was the first to take place in the new church the happy pair were presented with a handsome bible. The bride received a large number of valuable presents, including a piano from her father. Mr. and Mrs. White drove to Hornby in the evening and took the C.P.R. train for the east there.

Volunteer Gossip.

Last Friday's Empire says:—"A militia regulation issued to-day states that no further appointments will be made of regimental paymasters or assistant surgeons from this date. In corps where there are two majors the junior will be held responsible for the duties of paymaster. Where there is only one major he will be so held responsible."

It is not likely that the paymasters who now hold commissions as such will be removed from the force, but it is very unlikly that they will be allowed to go to camp henceforth. The assistant surgeons have been left at home for the last two camps.

Capt. W. Panton, of No. 7 Co. 20th Batt., returned home on Saturday evening, having finished a special course of instruction at the Royal School of Infantry at London and passed his examination for a first-class certificate.

The following marksmen will probably represent the 20th Batt. at the Dominion Rifle Association matches at Ottawa next week:—Capts. Shultz and Panton, Lieut. Robertson, Graham and Ross, Sergeants Rolston and Crosby and Privates Heaven and Ryan. It is to be hoped that Pte. Rymal may also be one of the team.

Result of the Educational Exams.

At the recent departmental and university examinations, about 6,000 candidates presented themselves. The examinations are known as university matriculation, both pass and honor, senior and junior leaving examinations and the primary examination. These technical designations, however, are not very familiar to the public, so it may be explained that the primary corresponds to the old third class certificate; the junior leaving takes the place of the old second-class, and is almost co-extensive with pass matriculation, while the senior leaving is the equivalent of the former first-class, and is practically identical with honor matriculation. The passing of any of these examinations does not entitle the student to a professional teacher's certificate; to become a pedagogue it is necessary to spend a term at the Model School or the School of Pedagogy, as the case may be. Pupils whose names do not appear in this list, and who think they have been unfairly omitted, may appeal to the Department of Education on or before September 15th. Below are the results of the examinations in Halton. Candidates must apply for their marks and certificates to the principals of the high schools they have written in, in other cases to the public school inspector.—

SEPTEMBER 15TH TO 24TH, 1892.

The above cut represents the large fair poster issued by the Western Fair Association of London, which is being posted up throughout Ontario, calling the attention of the public generally to the dates on which this greatest of Canadian Live Stock, Agricultural and Industrial Exhibitions will be held this year, namely, September 15th to 24th. One of the principal objects of the Directors being to educate the masses and stimulate them to higher aims and nobler efforts, and make this Fair bigger, grander and better than any of its predecessors, which is possible if the proper interest is taken by the Breeders and Agriculturists of this highly favored country.

They enjoin upon intending exhibitors to begin early to prepare for the Fair, and make their exhibits as comprehensive as possible.

Champion specimens of every pure breed of animals, for which Canada is noted, will be at the Exhibition. Well arranged stables, stalls and pens have been provided for their accommodation.

The commendable zeal of the Directors and others, together with the increase of $2,000 in this year's Prize List, is an assurance that the Western Fair of 1892 will beat all former exhibitions.

The Directors recognize the fact that the Western Fair should always be in the lead as an Agricultural show, at the same time look to it that the amusements and Special Attractions for the pleasure of exhibitors, should not be lacking and have at great expense secured some of the best that can be had. Among which we notice Madam Marantette, the lady equestrain of the world, and her horse, Filemaker, known far and near as the king of high jumpers, having won this title by beating all competitors, including Roseberry, the Canadian favorite, at the Live stock show in Chicago, last year, at the enormous height of 7 feet 4½ inches, a sight of itself worth the trip to London. Woodlawn, her sensational park and saddle horse, which has been taught 12 distinct gaits, is very interesting to witness. The little pony Jupiter, weighing only 450 pounds, has earned for himself the title of light weight champion, having a record of 4 feet 6 inches. The Madam also has the world renowned Four Horse Tandam Team, which she drives over hurdles to the amusement and astonishment of the crowd.

Professor E. W. Lyons's herd of the greatest Trick Oxen on earth, educated beyond anything before equalled in the brute creation.

Smith's Imperial Palace of Illusions is an exhibition well worthy of patronage, proving conclusively as they do how easily it is for us to be deceived in thinking we see things which in reality do not exist.

Specially Artists, Equilibrists, Japanese Wire Experts will give daily exhibitions.

The attractiveness attending balloon ascensions and parachute leaps, has been materially increased this year by the engagement of Madam Mandell, to the daring trips accompanied by her wonderful dog, who is supplied with a smaller parachute for making his decent.

Secretary Browne here adds, if you wish to behold the greatest of great things, the biggest of big things, the choicest of choice things, the most useful things, the most instructive things, the most attractive of attractive things, in fact much of everything and the climax of all the great and good things worthy of visiting, and studying, the Western Fair is the place to go.
