Local News.

If you want a Sideboard go to Jas. A. Frazer's.

The Board of Health held meetings on Tuesday and Wednesday.

Cricket.—The Burlington cricket club defeated Brampton Wednesday on the latter club's ground by five wickets.

Postponed.—The Ladies' Aid of Knox Church, have decided to postpone the garden party that was to be held on the Manse grounds to-morrow evening *sine die*.

The Rifle.—The Milton riflemen have been distinguishing themselves in the Dominion matches at Ottawa this week. Particulars will be given in next issue of the Champion when the full returns for the matches can be had.

The Turf.—At Woodbridge, on Tuesday, Minnie May, owned by Mr. T. Williamson, of Trafalgar, won the 2.40 trot or pace in three straight heats, and in the free-for-all, Baby Girl, owned by Mr. Thos. Campbell, of Georgetown, won the race.

Grace Church Concert.—The town hall has been engaged for the evening of Oct. 7th, the second day of the fair, when a concert will be given for the benefit of Grace Church. Particulars *will be given when further arrangements* have been made.

Pulpit Supply.—In the absence of the pastor, the pulpit of the Methodist Church on Sunday next will be occupied by F. W. Hollinrake, of Milton. Mr. Hollinrake has officiated in like capacity, and always gave practical discourses that were much enjoyed.—*Oakville Star*, Aug. 25.

Afraid of Bicycles.—Mrs. John Saunders was driving her family to church near Ballinafad on Sunday of last week when they met two young men on bicycles and the horses taking fright ran away, throwing out and injuring the occupants of the buggy and smashing the vehicle.

Lawn Party.—On Monday evening, Sept. 5th, a lawn party, in aid of the Methodist Church at Zimmerman, will be given at the residence of Mr. John Wilson, town line, Trafalgar. There will be a musical programme. Milton band will be present. Tea served from 7 to 8. Admission 25c.

Luncheon Counter.—The Young Ladies of the Methodist Church will have a Lunch Counter on the Fair Grounds, Milton, Oct. 6th and 7th. Hot tea and coffee, sandwiches, pies, cakes, etc., will be provided by the young ladies, who will be pleased to serve all who come. Tell your friends to patronize the counter.

Football Match.—A match will be played on the Agricultural Grounds on Saturday afternoon between the football teams of Campbellville and Sayers' Mill for the championship of the County of Halton. These teams have each defeated the other in one match and great interest is taken in the coming contest. Time of game, 3.30 p.m.

Successful Garden Party.—A large number of Miltonians attended the garden party given at the residence of Dr. Buck, Palermo, last evening, and report one of the most pleasant and successful affairs of the season. The sweet music of the Bronte band was one of the most prominent features of the occasion. The receipts amounted to about $125, an amount especially large when the unpleasant state of the weather is considered.

Stolen Property Recovered.—The Champion of a couple of weeks ago contained an account of the stealing of a horse, harness and buggy from Felker & Esson's livery stable here by a man named Gordon and of his trading the horse and buggy to Messrs. Triller and Bailey respectively. After making the trades, Gordon proceeded to Eglington and drove the outfit into the stables of a hotel, leaving it there. The property was all recovered last week by Constable Bradley.

Toronto's Great Fair.—The Toronto Industrial Exhibition opens on Tuesday next, the 6th Sept., and closes on the 17th. With the enlarged grounds, new half-mile track, new grand stand 700 feet long, many other improvements, and the large number of excellent special attractions provided, the coming Fair will undoubtedly be away ahead of all that preceded it. The entry list in all departments is larger than ever, and the space in all the buildings has been taken. The usual cheap fares and excursions will be given on the railways. The attendance of visitors from all parts of the country will undoubtedly be great.

Serious Accident at Campbellville.—An accident of a very serious nature occurred at Campbellville Junction Monday night which may result fatally. It happened in this way. Mrs. Ann Hea, an old lady about 70 years of age, was on her way from Strathroy to Guelph to visit her son, Mr. Chas. Hea, who lives on Suffolk street. At Campbellville she had to change cars for the city, and was in the act of boarding the junction train. On account of the darkness (there being no lights near) she missed her footing and fell between the platform and the cars, breaking her left arm close to the shoulder, two ribs and injuring one of her hips very severely. Besides these injuries the old lady sustained several nasty bruises and cuts about the body and head. She was assisted into the coach and brought on to Guelph, and taken to her son's residence, where medical aid was at once secured. Mrs. Hea is doing as well as could be expected under the circumstances, but little hope is entertained that she will recover, on account of her advanced years. The unfortunate lady buried her husband only a short time ago and was on her way, as before stated, to visit her son and see if the change of surroundings would not in some measure cheer her up.—*Guelph Herald.*

If you want a Parlor Suit go to Jas. A. Frazer's.

The Champion returns thanks to some unknown friend at Duluth, Minn., for copies of Minneapolis papers.

The Cholera.—Cholera has obtained a firm hold in France and Germany and during the last week a few cases have been reported in England and Scotland. So far, no cases have occured in North America.

Struck by Lightning.—During the thunderstorm of Friday afternoon last, lightning struck the barn of Henry Turner, Trafalgar. The building immediately took fire and burned to the ground, together with part of this year's crop and many implements and vehicles. A horse was also burned to death. Efforts were made to loosen the animal but this was impossible owing to its plunging so fiercely. At last when it was untied it jumped madly into the fire.—*Star.*

Everybody going to Toronto during the Industrial Exhibition should visit the Cyclorama of the Battle of Gettysberg, and see the Stereoptican Views on the "Life of Christ," with Lectures daily at 11 a.m., 3 p.m. and 8 p.m. Admission to all 25 cents, Children 10 cts. Next Sonth-west corner of Front and York Streets.

Presentation.—On the departure from Milton of Mr. J. Butterfield, late agent of the Bank of Hamilton here, some of his friends conceived the idea of making him a farewell testimonial as a token of the esteem in which he was held by the business men of the town and others doing business at the bank. A canvass of the matter met with liberal responses and a fund of over $150 was soon realized. This has been invested in a handsome set of solid silver forks and spoons which have been on exhibition this week in the window of White's jewelry store and which will be presented to Mr. Butterfield at an early date.

Strayed—Strayed from the premises of the subscriber, lot 7, 5th line, Trafalgar, on or about the 18th August, a large Cotswold ewe with two ewe lambs. Any person giving information that will lead to the recovery of above property will be suitably rewarded.—Geo. Robinson, Omagh.

Matrimonial.—A pretty and interesting wedding took place last Wednesday at St. Stephen's church, Hornby, when Mr. R. R. Wilson of Winnipeg and Miss Sarah Bussell, eldest daughter of Mr. James Bussell, of Cedarhurst, were made one, Rev. Canon Tremaine, of Mimico, assisted by Rural Dean McKenzie, of Milton, performed the service. the church being beautifully decorated with flowers. Miss Bussell wore a handsome gray tweed tailor-made gown and hat to match, her bridesmaid, Miss Belle Bussell, being similarly attired. Mr. Peters, of Toronto, was the best man. Little Miss Hazel Ellis, of Toronto, was the maid of honor, and was escorted by her small brother, Master Edwin Ellis, as page. Over a hundred guests from Toronto, Hamilton, Cobourg and other cities swelled the number of congratulating friends, and many handsome presents were offered. The wedding breakfast was held at Cedarhurst, after which Mr. and Mrs. Wilson left for Montreal and the leading American cities. They will reside in Winnipeg.

For Gent's Spring Underwear in Cotton, Balbriggan and Natural Wool, go to Treble's. He carries the largest and best assorted stock in the county. —Cor. King & James Sts., Hamilton.

Garden Party.—We respectfully wish to remind our readers of the garden party to be held at the residence of W. A. Lawrence, Esq., Milton, on Tuesday evening next, in aid of the band of the Milton Musical Association. About two years ago a number of the gentlemen of the town formed a musical association for the purpose of assisting and keeping our band together. Officers and directors were appointed and a conductor for the band has been continuously engaged at a salary of $300 per year. New instruments, music and a wagon have been purchased, besides the erection of a band stand, the expenses of which so far have been all paid. The officers and directors (and we may say all others) are satisfied with the improvement and progress that our band has made and are justly proud of their success in securing the first prize at the Acton band tournament on Tuesday last under the able leadership of Mr. Richard Gollins, who has spared neither pains nor time to bring the band up to the proficiency that they have attained at the present time. Mr. Lawrence having given his grounds for this benefit, we trust that the boys will have no cause to complain that their efforts to give us good music are not appreciated by the public generally and that the most successful party of the season may be the result.

Notice.—We would be much obliged if all who owe us accounts would call and settle same before 1st Sept., as we are giving up business.—G. Williams & Co., Williams's Shoe Store.

OBITUARY.

Mrs. J. W. Elliott died at her residence on Mill St. on the evening of Monday, the 28th inst.

Mrs. Elliott was the third daughter of the late John Jarvis, of Trafalgar, and was married in December, 1890, to Mr. J. W. Elliott, Barrister, of Milton. Some years previous to her marriage Mrs. Elliott taught school in Milton, and as her family was in the habit of attending Knox Church, she was well known and highly esteemed in the community even before coming here to live. Since taking up her residence in Milton, Mrs. Elliott greatly endeared herself to all who had the pleasure of an intimate acquaintance with her by her amiability and kindness of heart. In the church of which she was an earnest and consistent member, and in the various ladies' organizations connected therewith, her loss will be greatly felt. To her sorrowing husband and relatives the sincere sympathy of the whole community is extended, and many an earnest prayer will be offered that He whose pity is like a Father's may pity and strengthen and comfort them in their sorrow.

Gent's English Waterproof Coats, the New Medium Waterproof Coats, Silk and Alpaca Tweedies, Gie, Umbrellas at Treble's, Cor. King & James Sts., Hamilton.

PERSONALS.

Mr. Jas. Downey, of Perth, is spending a week in town.

Mr. Charles McClelland, of Belgrave, late of Hornby, is in town to-day.

Mr. Henry E. Willmott, of Chicago, visited relations in this neighborhood last week.

Miss Maggie Mitchell has returned from Guelph where she has been spending the summer.

Mr. John F. McCallum, of Owen Sound, came down to attend the funeral of Mrs. J. W. Elliott.

Misses Brown and Peel, of Paris, are the guests of Mrs. Wm. Vanallen, who is Miss Brown's aunt.

Dr. J. B. Willmott and Thos. Willmott, Esq., both old residents of Milton, were visitors to town last week.

Mr. and Mrs. Chas. E. White returned from their wedding trip on Tuesday evening, having visited Detroit and other cities in the West.

Mrs. E. C. Mosher and Mr. James and Miss P. Fallis have been the guests of Mr. J. S. Heatherington for the past week. They returned home on Saturday.

Rev. J. Pickering is expected to return from his vacation this week and will occupy his pulpit next Sabbath. Rev. Mr. Terrybery, who has officiated in his absence, returned home on Tuesday morning.

The Winn Employees' Picnic.

The picnic held here last Saturday by the employees of Messrs. Geo. Winn & Son was a very successful and pleasant affair.

The excursionists arrived on the early train from Hamilton and, having been met at the station by the Milton band, formed in procession and marched to the agricultural grounds, the ladies and children occupying carriages in the rear. The party, about 150 strong, was made up entirely of the employees and their families, the threatening state of the weather having prevented others from accompanying them. The forenoon was spent by the visitors in looking over the town, in which proceedings they took the more interest as nearly all of them will soon make it their home. The afternoon was spent at the agricultural grounds, where a long and interesting programme of athletic sports and games made the time pass very pleasantly. The bicycle races, jumping, etc., were well contested, and when it came to sprinting, some of the factory boys and girls, too, proved themselves very fleet of foot. A number of local athletes took part and figured among the prize-winners. A marked feature of the sports was the entire absence of the bickering and jarring so often prominent on such occasions, and the day passed off without an unpleasant incident.

The programme was wound up by a dance in the new factory, cleared for the occasion, after which the visitors were escorted to their train by a large number of townspeople, among whom they had made many friends during the day and who all agree that Milton is to be congratulated on the prospect of such a desirable addition to her population.

The firm will bring its plant and machinery to town as soon as the new factory is ready for occupation, which is expected to be in a little over a month.

LOWVILLE.

Mrs. Hugh McNair is visiting friends on the Mountain.

Miss Minnie Inglehart has been visiting friends at Niagara.

Chas. Wetherall is laid up with malarial fever at Jas. Tassie's. Dr. A. C. Jones is in attendance.

The Rev. E. B. Stevenson was attending camp at Grimsby on Sunday week. His place was taken here by Geo. Harbottle in the morning, and S. Kenney in the evening.

The gossips around town have been having an unusually interesting time for some time past. We thought they would be going off on a vacation and taking a rest this summer; but they are apparently too industrious to waste valuable time in that way.

John Flynn, of near Dacota, narrowly escaped having his barn burned on Friday week. It was struck by lightning, and the roof caught fire, but fortunately the men were in the barn at the time and by hard labor succeeded in extinguishing the fire.

There was not a very large representation from Lowville to the District Div. S. of T., which was held at Nelson on 23rd inst. Those who were present, however, report having spent a profitable and enjoyable time. We believe the next meeting is to be held at Omagh about Jan. 15th.

There is considerable grain out in this neighborhood yet, although the majority of our farmers are through and everybody is now busy preparing for the fall seeding. The abundant harvest has kept our threshers exceedingly busy. Wheat is the principal grain threshed thus far, and will probably average 25 or 26 bushels to the acre.

The funeral on Wednesday week, of Master Willie Erwin, eldest son of Geo. Erwin, which took place to St. George's cemetery, was very largely attended. The last sad rites were performed by the Rev. J. Seaman, who also preached a very able and eloquent sermon. Willie was about 16 years of age, and had been an invalid the greater part of his life, suffering from dropsy. Some of the best doctors in the province were called in, but the disease had got such a firm hold on his delicate constitution that it could not be rooted out. He bore his suffering, however, without a murmur as a true little Soldier of the Cross, and death was indeed to him a happy release from pain, and an entrance into eternal rest and peace. Despite his illness he was of a very industrious disposition, and being unable for much study or manual labor he had learned to knit, and the greater part of his time when he was better than usual was passed in this way. The bereaved parents have the entire sympathy of the community.

A View of the World's Fair Buildings, in the form of a large-sized lithograph, in eight colors, with key to same, can be had by sending your address with twenty cents in postage stamps, to Geo. H. Heafford, G. P. A., Chicago, Milwaukee & St. Paul R'y, Chicago, Ill. As the supply is limited, applications must be made early. Should the supply become exhausted the postage stamps will be returned to applicant.

If you want any kind of Furniture go to Jas. A. Frazer's.

Money to Loan at 6%, on first-class mortgage of farm property.—D. W. Campbell.

The newspapers of Hamburg describe the sanitary machinery of the city as in a terribly disordered state.

Death Valley in California is the hottest region on earth.

ACTON BAND TOURNAMENT.

The people of Milton had already good reason to be proud of their band and their performance on Tuesday at Acton, where they were awarded first prize, shows that they were fully justified in their opinion.

At the tournament there on Tuesday they played against the Citizens Band of Galt, one of the best bands in the country, and that they were successful must be very gratifying to the conductor, the town and the musical association, under whose management, they have lately been playing. Under the leadership of Mr. R. E. Gollins they have arrived at a state of perfection seldom heard in a town of the size of Milton. Their playing in the contest won for them a reputation of which they may well be proud. Their tune, time and phrasing were alike excellent, and the marks awarded by Mr. John Bayley, bandmaster of the Queen's Own, and which appear below, show that they took an exceedingly high stand. As the marks show fully the musical qualities, we shall not enter into any criticism. The fact that they played before such a competent and impartial judge is especially gratifying and also reflects credit on the management in Acton in securing such a qualified man. While Milton band was successful, its honors were not lightly won, as the Citizens Band of Galt is one that will do credit to any town, and their selections were of a very high class. We hope our band boys will keep on in the way they have begun and achieve still greater honors.

We think that an special word of praise is due the conductor, Mr. Gollins, whose talents either as a bandmaster or as a competent musician in almost any line have not yet been fully appreciated.

The citizens of Milton also owe a debt to the musical association, under whose wise management the band has emerged from the condition of an ordinary country band to take a position in the front ranks of the musical organizations of the country. We noticed the genial and popular secretary, Mr. W. A. Lawrence, present in Acton and it seemed an even thing who took more pleasure in the victory—himself or the conductor. The boys are having a garden party given for their benefit on the evening of Sept. 6th and the people should see that is a good one. Below are the respective marks of each band.—

J. Bayley, Judge.

Campbellville Jottings.

Mrs. M. Beattie is at present visiting in Wiarton.

Mr. A. E. Colbran visited in Burlington last week.

Frank Scott spent Sunday with Toronto friends.

Mr. Geo. Atkinson is making preparations for the erection of a dwelling on Temperance street.

Quite a number of our villagers took in the shoe-factory picnic in Milton on Saturday last and report a good time.

Report says that before long one of our prominent village girls is to be married. This is leap-year, you know.

Mr. John Dean, who has been managing the Colbran House for the last fifteen months, intends moving to Milton shortly, having purchased the Dewar property in above town.

Mrs. Sharkey, who has been visiting at her mother's, Mrs. Blacklock, returned to her home in Buffalo on Saturday last. Her brother Tom accompanied her and intends remaining some time in Buffalo. Tom will be missed in the village, as he was a general favorite.

Foot-ball is the chief topic of conversation among the boys, as on Saturday next they intend too meet the club from Sayers's Mills for the championship of Halton. The boys, having no field to practice in, are at a disadvantage, but intend to do their utmost to sustain their good record.

As we were coming up through Lowville one night lately, hearing some noise as if some one were singing, we stopped and was horrified to find a party of young people amusing themselves by singing that old-time chestnut "Ta-ra-ra-boom-de-ay." We think the Lowville scribe can hardly say anything more about Campbellville singing chestnuts.

—Com.

THOS. BOUSFIELD,
Lot 1, Con. 8,
11-3t. East Flamboro'.

NOTICE.

Court of Revision

Notice is hereby given that a Court will be held pursuant to "The Voters' List Act," by His Honor the County Judge of the County of Halton, at the Court House, Milton

—on—

Monday, Sept. 19th, 1892,

at 9 o'clock a. m.,

to hear and determine the several complaints of errors and omissions in the Voters' Lists of the Municipality of the Town of Milton for 1892.

All persons having business at the Court are required to attend at the said time and place.

R. COATES,
Clerk.

Dated at Milton, Sept. 1st, 1892.

SEPTEMBER 15TH TO 24TH, 1892.

The above cut represents the large fair poster issued by the Western Fair Association of London, which is being posted up throughout Ontario, calling the attention of the public generally to the dates on which this greatest of Canadian Live Stock, Agricultural and Industrial Exhibitions will be held this year, namely. September 15th to 24th. One of the principal objects of the Directors being to educate the masses and stimulate them to higher aims and nobler efforts, and make this Fair bigger, grander and better than any of its predecessors, which is possible if the proper interest is taken by the Breeders and Agriculturists of this highly favored country.

They enjoin upon intending exhibitors to begin early to prepare for the Fair, and make their exhibits as comprehensive as possible.

Champion specimens of every pure breed of animals, for which Canada is noted, will be at the Exhibition. Well arranged stables, stalls and pens have been provided for their accommodation.

The commendable zeal of the Directors and others, together with the increase of $2,000 in this year's Prize List, is an assurance that the Western Fair of 1892 will beat all former exhibitions.

The Directors recognize the fact that the Western Fair should always be in the lead as an Agricultural show, at the same time look to it that the amusements and Special Attractions for the pleasure of exhibitors, should not be lacking and have at great expense secured some of the best that can be had. Among which we notice Madam Marantette, the lady equestrain of the world, and her horse, Filemaker, known far and near as the king of high jumpers, having won this title by beating all competitors, including Roseberry, the Canadian favorite, at the Live stock show in Chicago, last year, at the enormous height of 7 feet 4½ inches, a sight of itself worth the trip to London. Woodlawn, her sensational park and saddle horse, which has been taught 12 distinct gaits, is very interesting to witness. The little pony Jupiter, weighing only 450 pounds, has earned for himself the title of light weight champion, having a record of 4 feet 6 inches. The Madam also has the world renowned Four Horse Tandam Team, which she drives over hurdles to the amusement and astonishment of the crowd.

Professor E. W. Lyons's herd of the greatest Trick Oxen on earth, educated beyond anything before equalled in the brute creation.

Smith's Imperial Palace of Illusions is an exhibition well worthy of patronage, proving conclusively as they do how easily it is for us to be deceived in thinking we see things which in reality do not exist.

Specially Artists, Equilibrists, Japanese Wire Experts will give daily exhibitions.

The attractiveness attending balloon ascensions and parachute leaps, has been materially increased this year by the engagement of Madam Mandell, to the daring trips accompanied by her wonderful dog, who is supplied with a smaller parachute for making his decent.

Secretary Browne here adds, if you wish to behold the greatest of great things, the biggest of big things, the choicest of choice things, the most useful things, the most instructive things, the most attractive of attractive things, in fact much of everything and the climax of all the great and good things worthy of visiting, and studying, the Western Fair is the place to go.
