Sergt. T. H. Corrie, who is taking a similar course at London for a first class certificate, was here on Monday and Tuesday on leave, and returned to the Forest City on Tuesday evening. MRS. LAIDLAW DEAD.—Mrs. Laidlaw, wife of Rev. Dr. Laidlaw, pastor of St. Paul Presbyterian church, Hamilton, died a week ago last night. Deceased had been an invalid, suffering from heart disease, for fourteen years, and her death was not unexpected. She was the daughter of the late Hugh McColl, whose death took place a few weeks ago at Georgetown. Three sons and a daughter survive to mourn their mother's loss. Dr. Laidlaw is in poor health, having been unable for some time to attend to his pastoral duties.

FOR Gent's gold tan kid and leather gloves, English collars and cuffs, ties, scarfs, shirts, socks and underwear go to Treble's, corner King and James streets, Hamilton.

NO PLACE LIKE HOME.—Two small boys of the town, tiring of quiet home life, determined to see the wonders of Toronto. One was aged 11 and the other 15, both small for their ages. They wandered about the streets of Toronto most of the night, but finally found shelter in a lodging house where they had been piloted by a newsboy. On Sunday the littler one concluded he had had enough of life in the city, and announced his resolve to return home. The little fellow started and the other one followed. It was pretty late Sunday night when the prodigals reached the home tree, and wasn't that 11 year old boy tired? He had just about as bad an attack of "that tired feeling" as any kid ever had. And talk about eating! the cavity that had formed in the interior of those youngsters was enormous. It can now be safely said that there are at least two boys in Brampton who have tasted the joys of running away and found them exceedingly bitter.—Brampton Banner.

To obtain satisfactory results in gardening see that you get fresh and reliable seeds. We have just opened up a fine assortment of choice, fresh Garden Seeds in bulk, also a stock of Garden and Flower Seeds in packages. —J. H. McCollom, Medical Hall. 48-4.

A SERIES OF ACCIDENTS.—On Monday morning William Perryman, employed at W. H. Storey & Sons' tannery, met with a very painful accident. In descending from the drying loft he caught his hand on a tenter hook, tearing it badly from the ball of the thumb to the centre of the palm. A dozen stitches were put into it.....One day last week Mr. C. Moffatt, of the fifth line, slipped on the ice in his yard and broke one of the bones in his arm. He is able to be about again.....On Tuesday evening Dr. Lowry, of Guelph, and Dr. McKeague were driving out into the country to see a patient and while coming down a hill one of the axles of their buggy broke and they were thrown out. Neither were badly injured but they were both considerably bruised and scratched. Dr. Lowry took a black eye home with him and had several ugly scratches on his face, and Dr. McKeague sustained a severe gash across the forehead. The horse ran home to his own stable with the shafts of the buggy.—Acton Free Press.

MILTON, Ont., Sept. 18, '91.

WORTMAN & WARD, London, Ont.

Dear Sirs—I have tested one of your Drader Spade Harrows. I had a field that was matted with twitch grass where the Spring Tooth would choke up, and having also other implements that would not plow it down and make a job of it. I got your Spade Harrow to see what it would do, and I must say it cut up the grass and made a splendid seed bed. I would advise any farmer to try the Spade Harrow before purchasing any other Harrow.

Yours truly, [illegible]

RYSHAWK.—Mr. J. H. Harrison, of Tilsonburg, formerly of Milton, having been requested by many of the breeders of Halton to allow Ryshawk to make his season in the county, has consented to do so. The horse will be here next week.

WHITE CROSS MOVEMENT.—To men only, a lecture, by Prof. C. A. Dyke, on the "Transmission of Life," in the town hall, Milton, on Tuesday evening, 11th inst. Silver collection at close of lecture.

WITH this from Hamilton paper we heartily agree: A Berlin negro was arrested the other day for theft, and being found guilty was sent to jail for seven years. In telling of the occurrence one of the Berlin papers speaks of the criminal as "Mr." Frank Green, alias John Smith. Don't we get a little too much "Mr." in this country? What is "Mr." for, anyhow? Are newspapers afraid that if they don't say "Mr." John Smith people will think Miss John Smith or Mrs. John Smith is referred to? When a man's given name is not used, the prefix Mr. may be required. Otherwise it is distinctly unnecessary.

For Wall Paper, Borders and Ceiling papers, go to Hollinrake & Son, who are showing the largest stock ever shown in Milton.

THE ESQUESING GUN CLUB.—At a meeting of the gun clubs of the villages of Acton and Georgetown, held at the latter place Good Friday, it was decided to amalgamate, as neither club is sufficiently strong to put a team in the field alone. The new club will be known as the Esquesing gun club, and is composed of residents of the two villages. The officers are Frank J. Barber, president; J. Sutton, captain, and W. Stark, secretary. The latter's address is Acton, Ont.

SUDDEN DEATH.—The death of Mrs. Bradford Clements on Saturday was sudden and unexpected, and was due, it is thought, to a clot of blood having formed on her brain. She had been ill for only a few days and it was thought had nothing worse than a heavy cold. She was the daughter of Mr. H. Butcher, of Creemore, formerly of Trafalgar, but having lost her mother in her childhood she was adopted, brought up and educated by Johnson Harrison, Esq. She was an earnest and consistent member of the Methodist Church. Great sympathy is felt for her bereaved husband, to whom she was married only five months ago.

GIVE the boy a fair chance. Put him where he can do the most for himself. To find out how to do the best for him consult Prof. C. A. Dyke, Bennett House.

MUSKRATS MAY BE TRAPPED.—By an amendment of the law last session the open season for trapping muskrat was limited from the 1st of November to 1st of April, instead of to 1st May, as previously. There has been much complaint about this alteration, and it is intended that the open season shall be changed back to 1st May, and probably it was by inadvertence that the old season was altered. It is understood that circulars have been sent out from the chief warden's office to the deputy wardens not to prosecute or take cognizance during the present month of April of any trapping of muskrat which may take place, but that this does not apply to shooting or using guns in the taking of muskrat.

GENTLEMEN'S dress shirts, ties, gloves and vests. Shirts made to order on shortest notice at Treble's, corner King and James streets, Hamilton.

REMINISCENCES.—We had a call this week from Mr. Alex. Wright, of Streetsville, who gave us some of his recollections of Walkerton of over 30 years ago. He claims that he was the first person in Walkerton to make an entry in dollars and cents, all accounts previous to this having been in pounds, shillings and pence. This was in January, 1860, and in November of the same year he introduced coal oil as an illuminant, having lit the first lamp in Waterson's hotel. He also claims to have got up the first petition for sports and games at the 24th of May celebration in 1861. In the races he rode the winning horse, owned by Bill Ritchie and won first prize, a saddle, which he presented to Mr. Ritchie. The race strikingly illustrated that the race is not always to the swift for Mr. Archie Todd will, no doubt, remember that though his horse had a considerable advantage in the start the old mare had better staying powers, and distanced all competitors. —Walkerton Herald.

Gentlemen's fine all-wool underwear at $1.50 to $2 a suit. Heavy ribbed underwear at $1 to $1.50 a suit at Treble's, corner King and James streets, Hamilton.

If you want to buy a Trunk or Valise go to Hollinrake & Son's.

VESTRY MEETING.—There was a good attendance of members of Grace church at the annual vestry meeting on Monday. It was adjourned until next Tuesday evening at 7.30, when the financial report will be presented and the officers for the coming year elected.

SCHOOL BOARD.—At a meeting of the school board yesterday Mr. W. F. Inman, of Wallaceburgh, was engaged as head teacher at a salary of $700.00 per year. Miss Maclean was granted leave of absence for the remainder of the term, Miss McPhail to take her position and another teacher to take Miss McPhail's present room.

S. D. PAGE, of Toronto, will be at Wallace House, Milton, on Wednesday, April 12th, to buy all kinds of light and heavy horses.

A LECTURE, under the auspices of the W.C.T.U., was given in the Methodist church on Tuesday evening by Rev. J. H. Hector (the Black Knight), the subject being "The Story of My Life." The lecture was largely attended and much enjoyed. Mr. Hector preached in the Presbyterian and Methodist churches and delivered an address on temperance in the town hall on Sunday.

In our Boot & Shoe department we are showing a fine range of goods. Our Ladies' Lace Shoes at $1.25 and $1.50 are worth buying. A superior line of Men's fine laced and Elastic Boots at $2.00 are a wonder for value.—Hollinrake & Son.

CHEESE AND BUTTER FACTORY.—A company has been formed under the name of the Milton Cheese and Butter Factory Co., with Geo. Gaslle as president, E. Dixon, vice-president, and C. Wilson, treasurer; directors, John Cudmore, D. M. Harrison, J. E. Harrison, W. Featherstone, D. Hartley, G. Irving and W. N. Scott. They have purchased an acre of ground from Mrs. Nichol, part of lot 11, con. 2, N.S., Trafalgar, and have let the contract for the building to W. J. Armstrong, of Milton.

Do you want the latest style in Felt Hats, Gents' Ties, Collars and Cuffs? Call and see Hollinrake & Son, who are showing a most extensive assortment in the newest styles.

DEPUTY-SHERIFF CLEMENTS and his brother left with Chas. H. Davidson, the Burlington forger, for Kingston on Friday evening. Davidson was glad to get off with five years and hopes to go back to Mexico when his sentence has been put in. By good conduct he may get it reduced by about a year. Though there is no excuse for the crime of forgery, still it is the opinion of many that Davidson hoped to pay off his forged notes when they fell due and did not intend to rob anyone. The clemency shown the prisoner by His Honor Judge Snider is generally approved of.

Have you seen those Ladies' Kid Gloves at 50c. per pair? They are only half price; we bought 3600 pairs; they are a special bargain at Hollinrake's.

CHRISTIAN ENDEAVORERS.—An executive meeting of the Halton County Union of C. E. will be held in the Presbyterian Church, Milton, on Wednesday, April 12th, to commence at 11 a.m. All societies are urged to see that their representatives are present, as the business to be transacted is very important. A mass meeting will be held in the evening, to be addressed by Rev. S. S. Craig, of Oakville, and others, on Young People's Work, and Rev. Jas. VanWyck, of the First Methodist Church, Hamilton, will speak on the New York Convention. Mr. VanWyck spoke on this subject at the Haldimand county convention to the great delight of his hearers. Don't miss it. Everybody welcome.

TOWN COUNCIL.—On Monday evening a regular meeting of the town council was held. The Mayor in the chair. Members all present, with the exception of Councillor Peacock. Minutes of last meeting were read and confirmed. The town hall committee brought in a report recommending the purchase of the bell, now on trial. An amendment was carried that an extension of time be asked from the Blymer Company to further test its qualities. The street and sidewalk committee reported that in their opinion they had no right to take any steps as asked for by Mr. Deforest, in having an obstruction removed from causing the backing of water on his lot. They also recommended that Mr. Dalton, P. L. S., be engaged to make an estimate of the cost of the best means to get rid of the surface water that comes from the G. T. R. station grounds and overflows the western portion of the town. This was objected to, and an amendment was carried that the G.T.R. be requested to have their engineer give an estimate of the cost. A by-law to define the duties of nightwatchman was read the first time, and a notice given for leave to introduce a by-law to increase the officers' salaries. The mayor's attention was called at the last meeting of the council that he had not laid the shoe factory by-law agreement before this council so that proper steps could be taken to see that the spirit of the agreement was carried out. The agreement was again asked for, when the mayor stated that it had been mislaid and could not be found. This had the effect of producing some sharp words between the mayor and Councillor Campbell. The waterworks committee reported that meters be placed in the tannery and shoe factory and that they be charged 10c. per 1,000 gallons, which was adopted. The finance committee recommended the payment of a number of accounts. The council then adjourned.
