DISTRACTIONS WHILE DRIVING

You have probably heard recently, that legislation has been passed that will target drivers using cell phones while operating a motor vehicle. We all know that distractions are a dangerous combination and common part of driving on today's congested roadways. Any way to lessen the number of distractions faced daily would greatly help one to focus on the task at hand, and get on with their day. At the Georgetown Hearing Clinic, we do not condone the use of cell phones while driving, but when absolutely necessary, a hands free device, such as a speaker phone, Onstar™ or a bluetooth connected earpiece can be very useful and help reduce distraction - not to mention allow the driver the use of both hands.

At The Georgetown Hearing Clinic, we provide a wide variety of custom fit and non custom fit bluetooth hands free devices.

What's Cookin': The convenience of ready-made puff pastry

In case you haven't worked with puff pastry before, let me tell you a little bit about it. Puff pastry is made by layering the pastry dough with fat (either butter, shortening or lard) many times until it ultimately has about 80 layers. It is the melting of the fat and evaporation of water between these layers when in the office that causes air pockets to rise and the pastry to rise.

Most puff pastry comes in a frozen block. You must thaw it in the fridge overnight, then assuming you have quite a large counter, you then sprinkle with flour and roll it out— but don't roll it too thin or it won't work. And, if you make a mistake, you can't just scrunch it up in a ball and start again, otherwise, the integrity of the layers will be

compromised and it won't rise properly in the oven.

The solution? Buy President's Choice Butter Puff Pastry. It is the only brand that I know of that is made this way and is, in my opinion, one of the best products they've ever come out with. It comes frozen (in the section where you find frozen pie shells), but it is already rolled out for you. So, you can thaw overnight in the fridge or on the counter for a short while. Then open the package— inside you have two rolls of pastry that you simply unroll and use.

Ingredients

- 1 pkg President's Choice Butter Puff Pastry, thawed

Ham and Scalloped Potato Supper:

on Friday, Sept. 20, 6 p.m., hosted by St. John's Anglican Church, Stewarttown. Adults \$15, children (6-10 years) \$6. To order tickets, call Joan, 905-877-5797 or Barb, 905-873-6280. Take-outs are available.

- 3 tbsp melted butter
- 1 pint blueberries
- 3 tbsp sugar
- 1 tbsp flour
- 1 tsp fresh lemon juice
- 1/4 tsp ground cinnamon
- Garnish with icing sugar if desired

Method

1. Unroll puff pastry sheets and cut each sheet into four rounds, about 5" in diameter. Place on a baking sheet and brush with melted butter.
2. Mix remaining ingredients, then divide among the centres

There is no flour, rolling pin and no error as to the correct thickness of the dough. So simple! And, as a little bonus, the pastry is rolled in parchment paper, so you can actually use that same parchment paper to bake your creations on— no need to buy it separately from the store.

Once thawed, this product only lasts in your fridge for a short while and does not re-freeze well. So, I would suggest considering whether you need both rolls in the box or just one and taking only what you need out of the freezer.

Or, if you do end up with a little leftover, cut in strips and roll in cinnamon sugar, then bake— what a yummy treat to go with a cup of tea.

Have fun and keep cooking!

of the pastry rounds.

3. Bring pastry edges up and over the berries, leaving a toonie-sized opening.

4. Brush pastry with any remaining butter.

5. Bake in 400 degree F oven approximately 20-25 minutes until puffed and golden. Garnish with icing sugar sprinkled through a strainer if desired.
